STATEMENT OF PURPOSE

The Florida Metropolitan University System is dedicated to the provision of a personalized teaching and learning environment designed to support the personal and professional career development of qualified undergraduate and graduate students. To achieve this, the University is committed to:

- The utilization of modern technology and teaching methods;
- The provision of innovative educational programs at conveniently located sites;
- Ongoing cooperation with business, industry, government, local communities, and other educational institutions in the design, delivery, and evaluation of effective and dynamic curricula; and
- The provision of career development support services to students and alumni.

HISTORY

The Florida Metropolitan University System, hereinafter referred to in this publication as the "University", is a private university system composed of colleges owned and operated within Florida by Phillips Educational Group of Central Florida, Inc. Tampa College operates the East Hillsborough County Campus in Brandon, the West Hillsborough County Campus in Tampa, the Lakeland Campus with an extension facility in Winter Haven, and the Pinellas Campus in Clearwater. Orlando College operates two campuses in Orlando and also the Melbourne Campus. Phillips College is located in Daytona Beach and in Melbourne. Fort Lauderdale College operates as a single campus in the Fort Lauderdale area.

Tampa Colleges' founding is traced to 1890 in Tampa, making that group the oldest business college in the state. Orlando College was established in Orlando in 1953 as Jones College, Orlando, and in 1981, the College adopted its present name.

The Melbourne campus was founded in 1961 as Aladdin Business College and became Phillips Junior College in 1986. A branch campus of Orlando College was established in June, 1994 at the Melbourne site. Phillips College, Daytona Beach, was established in 1988.

Fort Lauderdale College's roots date to 1940. During its five-plus decades in operation, the College has operated under the names Walsh School of Business, Broward College, and Drake College of Florida before changing its name to Fort Lauderdale College in 1976.

UNIVERSITY MISSION

The University maintains the belief that each student, regardless of sex, race, color, religion, wealth, age, disability, or background, must be prepared for effective living as a contributing citizen in a rapidly changing society where life-long learning must be viewed as a normal expectation. The University further believes that the life of an individual is enriched by the acquisition of knowledge and the attainment of useful skills.

The University believes that the educational programs must promote excellence based upon the optimum fulfillment of students' capabilities as determined by their experiences, needs, and incentives. It accepts the responsibility to provide the maximum opportunity for its students to acquire the basic skills and knowledge to be intellectually curious and aesthetically aware, to think and work creatively, to achieve self-discipline and economic sufficiency, to understand the obligations of democratic living, and to live in harmony with nature and others.

In the accomplishment of its mission, the University is constantly improving its educational programs; helping each student to develop into a well-adjusted, useful, intelligent, contributing citizen; maintaining constant involvement with all segments of the community; and providing effective management and utilization of human and financial resources. The ongoing success of the University, evidenced by its many graduates who are now employed in their chosen fields and who are contributing members of society, documents the realization of this mission.

In order to assure continued fulfillment of its mission, the University has established the following goals:

1. The University is committed to quality in teaching and excellence in education and to this means shall seek qualified faculty who will bring excitement to the classroom and stimulate enthusiasm and eagerness for learning in the student.
2. Through its academic progress, the University shall seek to impart essential skills, competencies, and attitudes that students need for successful careers and for continued study; to increase access for both traditional and nontraditional students; and to continually improve its educational process at all levels.
3. The University shall strive to develop in all students the intellectual potential that will lead them to realize their capacities for independent thinking, intelligent decision-making, and individual expression of opinions.
4. The University is committed to having its sites maintain a vital link to the communities they serve through inclusion of community and business leaders in survey and evaluation of its academic programs and graduate job performance. Fulfillment of this goal shall assure that the University, the community, and all citizens of the regions served will be better prepared for the social and economic developments of the future.

THE UNIVERSITY SPANS THE STATE

The University operates colleges in several areas of the state noted for a unique combination of progressive growth with an endowment of natural beauty.

With campus locations in Tampa, Clearwater, Brandon, Lakeland, Orlando, Daytona Beach, Melbourne, and Ft. Lauderdale, students enjoy ample employment opportunities and a wide variety of cultural and recreational facilities available in each area.

International and out-of-state students enjoy the pleasant year-round climate found in each area, as well as accessibility to major airports and a convenient interstate highway system.

ACCREDITATION

Accreditation for the University's campuses is by the Accrediting Council for Independent Colleges and Schools as follows:

Tampa College, West Hillsborough County and East Hillsborough County Campuses, hold accreditation as a Senior College of Business.

Tampa College, Pinellas and Lakeland Campuses, hold accreditation as a Senior College of Business.

Orlando College, North, Orlando College South and Melbourne Campuses hold accreditation as a Senior College of Business.

Fort Lauderdale College holds accreditation as a Senior College of Business.

Phillips College, Daytona Beach and Melbourne Campuses hold accreditation as a Junior College of Business.

The Accrediting Council for Independent Colleges and Schools (ACICS) has been designated as a nationally recognized accrediting agency by the United States Secretary of Education. Further information may be obtained by contacting ACICS at 750 First Street, N.E., Suite 980, Washington, D.C. 20002-4241, (202) 336-6780.

LICENSURE, APPROVALS, AND MEMBERSHIPS

Each college location of the University is listed as an institution of higher education in the Directory of Higher Education.

The University is a non-sectarian, coeducational institution with authority to confer associate, baccalaureate, and graduate degrees. The University holds Level II Provisional Licensure by the Florida State Board of Independent Colleges and Universities during which status the University may recruit and enroll students, collect tuition and fees, hold classes, and award credit or degrees. Further information may be obtained by contacting the State Board of Independent Colleges and Universities, Department of Education, Tallahassee, Florida 32399; telephone (904) 488-8695.

Undergraduate and graduate programs are approved by the Bureau of Immigration and Naturalization and by the Florida State Approving Agency for Veterans Training. Specific program approvals at individual campuses are by the American Association of Medical Assistants, the American Registry of Medical Assistants, and the National Court Reporters Association. For more information, contact the specific campus.

Certain campus locations hold membership in the Council for Adult and Experiential Learning, American Assembly of Collegiate Schools of Business (non-voting), and College Placement Council.

PHYSICAL FACILITIES

The combined campus facilities of the University total over 254,000 square feet and are designed to provide excellent learning environments, comfortable atmospheres, and convenience and accessibility.

Each site houses space for support staff, administrative and faculty offices, comfortable classrooms, libraries, and specifically equipped labs to support each site's programs of study. There is adequate lighted parking for students at each location.

Because the University spans the state with its member college sites, it is convenient to literally every major U.S. and state thoroughfare and to several of the most modern airports in the nation.

Facilities are accessible to and usable by disabled persons. Forms of special assistance available include ground level entry to the building, access ramps, elevators, telephones, reserved parking, tutors, and counseling.

HOUSING

The University does not provide on-campus housing at all campus locations; however, it does assist students in locating suitable housing off campus. For a list of available housing, students should contact the Admissions Office at their college location.

STATEMENT OF NON-DISCRIMINATION

The University does not discriminate in admissions, access to its programs, or any other of its activities on the basis of sex, race, religion, national or ethnic origin, handicap, or age.

FAMILIARITY WITH UNIVERSITY REGULATIONS

Upon or before entrance, each student is given the University Catalog and various brochures and other publications which set forth the policies and regulations under which the University operates. It is the responsibility of the student to become familiar with these policies and regulations and to comply accordingly. Ignorance of or lack of familiarity with this information does not serve as an excuse for noncompliance or infractions.

RESERVATIONS AS TO PROGRAMS AND CHARGES

The University reserves the right to modify its tuition and fees; to add to or withdraw members from its faculty and staff; to rearrange its programs from time to time as teaching policies make it desirable; and

to withdraw subjects, courses, and programs if registration falls below the required number. Any specific course requirements in any area may be changed or waived by the Academic Dean upon written request and for reasonable cause. Course substitutions may be made only by the Academic Dean or by the College Academic Committee. The total hours specified in each area of the degree or the program total are the minimum requirements for completion.

NOTE: Not all programs of study and/or courses are offered at all locations. Some programs may have limited enrollment.

STUDENT CONDUCT

Each student is held responsible for conforming to local, state, and federal laws and for behaving in a manner consistent with the best interest of the University and of the student body.

Students should not interfere with other students' rights, safety or health, or right to learn. Violations to conduct standards include, but are not limited to:

1. Theft
2. Disruptive behavior
3. Possession or use of firearms, explosives, or other dangerous substances
4. Vandalism, or threats of actual damage to property or physical harm to others
5. Possession, sale, transfer, or use of illegal drugs
6. Appearance under the influence of alcohol or illegal drugs
7. Harassing or abusive acts which invade an individual's right to privacy including sexual harassment, or abuse against members of a particular race, ethnic, religious, or cultural group.
8. Any activity that may be perceived as hazing which is defined as a situation or activity which intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of admission or initiation in to any affiliation or organization associated with the University.
9. Reckless or intentional use of invasive software such as viruses and WORMS destructive to hardware, software, or data files.

The University reserves the right to suspend or dismiss any student at any time for misconduct or when such action is deemed to be in the best interest of the student and the student body.

ALCOHOL AND SUBSTANCE ABUSE STATEMENT

The University does not permit or condone the use or possession of marijuana, alcohol, or any other illegal drug, narcotic, or controlled substance by students or employees.

Possession of these substances on campus is cause for dismissal.

Any individuals suffering from addiction to alcohol or controlled substances or having knowledge of others that may have a potential problem in this regard are urged to consult the Academic Dean for appropriate counseling and community services referral.

CLAST

All Baccalaureate students receiving Florida Student Assistance Grants are required to take the College Level Academic Skills Test (CLAST). This exam covers communication and computation knowledge and skills. It is administered 2-3 times per year and requires a fee. The registration deadline is approximately one month prior to the exam date. Florida students must participate in CLAST if they are to continue receiving the Florida Student Assistance Grant. Failure in any section of the exam requires enrollment in a College offered remediation program during the next term to prepare for retaking that portion of the exam, or Florida financial aid will be forfeited.

LIBRARY

The University libraries support the curriculum and provide information for students, faculty, and staff through on-site circulation and reference materials, and through electronic access with FLIN, the Central Florida Library Consortium, the Broward County Library Consortium, the Tampa Bay Library Consortium, and WestLaw. Although each site houses a collection of books and journals, students at each location have dial-up access to specialized indexes in CD-ROM format accumulated at the University library sites. Professional librarians are available to help students during the libraries' posted operating hours.

IMMUNIZATION POLICY

It is required that all international students enrolled at the University obtain and provide evidence of measles, mumps, and rubella (MMR) vaccinations by completion of their first academic term of attendance at the University. In addition, if an international student has demonstrated a positive tuberculosis test in the past, s/he must provide evidence of a negative tuberculosis test or chest x-ray before completion of the first term of attendance. Although not a requirement, all international students are encouraged to obtain a tetanus vaccination as well.

It is recommended that all students under the age of 40 obtain the MMR vaccination and that all medical/allied health students show proof of a negative tuberculosis test or negative chest x-ray if the student has had a positive tuberculosis test in the past. Although not currently a requirement, students are encouraged to obtain these immunizations and/or tests prior to entering the University.

PLACEMENT ASSISTANCE

The University maintains an active placement service to assist graduates in locating entry-level educationally related career opportunities. The Career Planning and Placement Office works directly with business, industry, and advisory board members to assist in each student's access to the marketplace and, as a by-product of this endeavor, assists employers in meeting their employment needs. This is accomplished not only by presentation of graduates as potential career professionals to industry, but also through aiding in the graduates' development of a positive self-image, and in assessing competencies, strengths and career expectations.

Although the University does not, in any way, guarantee employment, it is the goal of the Career Planning and Placement Office to help every student realize a high degree of personal and professional development and successful employment.

Current part-time and full-time employment opportunities are posted on the placement bulletin boards located at each University campus.

Specific information on job opportunities and basic criteria applicable to all students and graduates utilizing placement services is available in the Career Planning and Placement offices.

GRADUATION

Commencement exercises are held once a year. All students completing their course work are included in the graduating class of that year. All students upon whom degrees are to be conferred are encouraged to participate in the Commencement Exercises.

Graduates must fulfill all financial obligations, including tuition charges, fees, and other expenses before the degree is granted. Degrees may be awarded in absentia only after Commencement Exercises are held.

GRADUATION WITH HONORS

Students enrolled in degree programs who have earned the requisite credits for graduation with the following grade point averages are entitled to the appropriate honors: 3.50-3.75, cum laude; 3.76-3.89, magna cum laude; 3.90 and above, summa cum laude.

TRANSFER TO OTHER COLLEGES

The University neither implies nor guarantees that credits completed at the University will be accepted by other institutions. Since rules and grade requirements vary from college to college, each institution has policies which govern the acceptance of credit from other institutions. Transfer of credit is a privilege granted by the institution to which a student may seek admission. Therefore, if the student anticipates a transfer of credits earned at the University or enrollment in advanced studies, the student must have already inquired with those institutions from which recognition of academic work at the University will be sought and independently determined whether or not the program, course, or courses of study will be accepted by those other institutions into which future enrollment is intended.

DRESS

Students are expected to dress in a manner which would not be construed as detrimental to the student body and the educational process at the University. Students are reminded that the University promotes a business atmosphere where instructors and guests are professionals and potential employers. Students should always be cognizant of the first impression of proper dress and grooming.

TELEPHONES

No student will be called out of class for a telephone call, except in case of an emergency. It is suggested that family and friends be informed of this rule. Coin-operated telephones, including telephones equipped for the hearing impaired, are available for student use.

STATEMENT OF FINANCIAL OBLIGATION

A student who has applied, is accepted, and has begun classes at the University assumes a definite financial obligation. Each student is legally responsible for his or her own college expenses for the contract period defined as the academic year in which the student is attending.

A student who is enrolled and has made payments in full or completed other financial arrangements is entitled to all the privileges of attending classes, taking examinations, receiving grade reports, having official transcripts sent, securing course credit, being graduated, and using the placement services.

Any student who is delinquent in a financial obligation to the University including damage to University property, library fines, and payment of tuition and fees, is subject to exclusion from any or all of the usual privileges of the University. A student will not be allowed to re-enroll in the University, nor will grades or transcripts be released, as long as the student owes the University a balance for any past term.

PAYMENT POLICY

The University requires that arrangements for payment of tuition for all courses be completed in full at the time of registration. Students may choose to pay tuition and fees by check, cash, and, at certain locations, may pay by MasterCard or VISA.

The University offers the services of several private companies which offer an alternative method of paying for educational costs. The student finance officers at each University campus site will assist students in budgeting monthly payment for tuition using a wide range of financing alternatives. The best plan suited to individual needs should be selected early in order for the financial assistance office to certify to the business office that each student's financial package has been completed and approved.

Students eligible for employer-sponsored tuition reimbursement benefits also may request participation in a deferred payment plan.

Further questions regarding these payment plans should be directed to a student accounts representative in the business office.

Students qualifying for state or federal financial assistance programs are allowed to use certain types of loans and/or grants to satisfy their financial obligations at the time of registration, even though the aid may not have been physically disbursed to them or posted to their accounts. **Students seeking to meet their financial obligations in this manner must understand that it is their responsibility to provide all information and documentation necessary to obtain all forms of financial aid by the deadlines imposed by the University.** Failure to do so may result in the student's having to provide immediate payment of all applicable tuition and fees.

FEES AND TUITION

The education costs of the University are met by tuition. While every effort is made to limit costs to the students, the University reserves the right to set tuition and fees at the level necessary for the maintenance of a high quality of instruction.

Tuition is determined by the academic degree program and may vary among campus locations.

Information concerning tuition costs of programs available at specific college locations is shown on that college's Tuition Schedule insert to the University Catalog.

The tuition of students will not be increased during their enrollment provided:

- (1) Enrollment is continuous
- (2) Transfer to a program of greater costs does not occur; or
- (3) Additional coursework is not required in order to meet minimum standards for graduation.

In certain instances, students will have to assume special costs not covered by the payment of tuition, as listed below:

GRIEVANCE POLICY

In the event a student feels his/her rights have been violated, the following procedures should be followed:

1. The student must first try to resolve the issue with the college staff or faculty member involved.
2. If the matter is not resolved, the student should schedule a meeting with the department head of the involved department.
3. If the matter is still not resolved, the student should request in writing through the campus President/Director a grievance hearing which will give him/her an opportunity to present his/her position and supporting documentation. A Grievance Committee is selected by the President/Director and is comprised of five (5) disinterested persons from the faculty and administration, plus the President/Director (as a non-voter). After the hearing the committee shall make a decision by a simple majority vote and communicate, in writing, the decision to the President/Director. The President/Director will notify the student of the resolution of the grievance. This decision shall be final and binding.

Those individuals other than active students, who may wish to lodge a complaint against the University are required to follow the steps below:

1. The individual must first try to resolve the issue of concern with the staff or faculty member involved.
2. If the matter is not resolved, the individual should schedule a meeting with the department head of the involved department.
3. If the matter is still not resolved, the individual should request in writing a meeting with the campus President/Director in which he/she will be given an opportunity to present his/her position and supporting documentation if applicable. After review and consideration of the issues, the President/Director will notify the complainant of the decision, which is final and binding.

The philosophy of the University is that student complaints be handled by individual campus management.

ANNUAL SCHOLARSHIPS FOR THE FLORIDA METROPOLITAN UNIVERSITY SYSTEM

Each University campus annually awards honor scholarships at the end of each Fall term. These scholarships consist of a \$750 and a \$500 tuition credit for two Sophomores, two Juniors, and two Seniors Honor Scholarship (Annual scholarship award of \$1250 per class). To be eligible for one of the scholarships, the student must:

1. Be a full-time student (minimum 36.0 credit hours per academic year),
2. Have earned a cumulative grade point average of 3.95 or better at the end of the Fall term,
3. Have completed an application for scholarship,
4. Have demonstrated a satisfactory attendance record,
5. Have been in attendance at the awarding campus for a minimum of two successive

- terms,
6. Provide two letters of recommendation from faculty (one of the letters must be from a faculty member within the program of study), and
 7. Write an essay of 100 words minimum on why the applicant is deserving of the scholarship.

Applications are available in the Dean's Office. Application deadline is December 15. Scholarships will be awarded at the end of the Fall term.

Sophomore Honor Scholarship
(Must have completed 48 credit hours)

1. A tuition credit of \$750 is awarded the highest qualified full-time sophomore student who has been selected based on meeting the described eligibility requirements during the freshman year at the University.
2. A tuition credit of \$500 is awarded the second highest qualified full-time sophomore student who has been selected based on meeting the described eligibility requirements during the freshman year at the University.

Junior Honor Scholarship
(Must have completed 96 credit hours)

1. A tuition credit of \$750 is awarded the highest qualified full-time junior student who has been selected based on meeting the described eligibility requirements during the sophomore year at the University.
2. A tuition credit of \$500 is awarded the second highest qualified full-time junior student who has been selected based on meeting the described eligibility requirements during the sophomore year at the University.
3. This scholarship is not offered at Phillips College, Daytona Beach Campus.

Senior Honor Scholarship
(Must have completed 144 credit hours)

1. A tuition credit of \$750 is awarded the highest qualified full-time senior student who has been selected based on meeting the described eligibility requirements during the junior year at the University.
2. A tuition credit of \$500 is awarded the second highest qualified full-time senior student who has been selected based on meeting the described eligibility requirements during the junior year at the University.
3. This scholarship is not offered at Phillips College, Daytona Beach Campus.

UPPER DIVISION SCHOLARSHIPS
(Awarded only at Tampa College, Lakeland Campus)

In order to encourage the pursuit and completion of a baccalaureate program in business, the College has created a special Upper Division Scholarship for students who have completed two years of education which culminated in the awarding of an associate degree.

Eligible to apply are graduates of accredited business and technical schools, community and junior colleges, or four-year colleges or universities, whose students terminate their education at the end of two years with the awarding of an associate degree. This is a tuition scholarship available in the form of a total award of \$600 to be used for the academic term following enrollment and before the student achieves a total of 144 hours of credit. The scholarship is not renewable. The tuition is to be credited at the rate of \$200 per term. The Upper Division Scholarship is available only for full-time students (at least 12.0 credit hours per term).

Each Term, the Upper Division Scholarship is available to all students who:

1. Have earned a two-year (associate) degree,
2. Are transferring or continuing in Tampa College, Lakeland Campus after earning the two year degree,
3. Are enrolled as full-time students at Tampa College, Lakeland Campus,
4. Are pursuing a baccalaureate degree, and
5. Have completed an application for scholarship.

Two Upper Division Scholarships may be awarded each quarter. Quarterly application deadlines are January 15, April 15, July 15, and October 15.

WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES

The University annually submits the names of outstanding students to the annual publication "Who's Who Among Students in American Universities and Colleges." This national publication recognizes students of exceptional merit in leadership, scholarship, and extra-curricular activities. Selection for membership is made by a committee of faculty and administration.

STUDENT CLASSIFICATIONS

Students will be classified on the basis of quarter credit hours satisfactorily earned, and by the degree level of enrollment:

Freshman - A student who has earned through 48 quarter hours.

Sophomore - A student who has earned 49-96 quarter hours.

Junior - A student who has earned 97-144 quarter hours.

Senior - A student who has earned 145-192 quarter hours.

Undergraduate - Any student enrolled in an associate or baccalaureate degree program.

Graduate - Any student enrolled in graduate courses who has been admitted to the graduate program.

Provisional Student - A student enrolled in the graduate program who has not met the Regular Student enrollment requirements of the Graduate program (see page 36). During provisional status, the student must complete 12 credits of graduate work at the minimum standards of progress of the graduate program (see page 36). **There is no provisional admission status at the undergraduate level.**

Regular Status Student - A degree-seeking undergraduate or graduate student who is determined to be making satisfactory progress toward his/her degree objective.

Non-Regular Status Student - A student who is continued for a period of time not greater than 25% of his/her normal program length after s/he has been determined not to be making satisfactory progress. During this period, the student is not eligible for Federal financial aid and will be charged tuition and fees.

Single Subject Student - A student who has not enrolled into a specific degree program of study but who is taking courses at the University on a course-by-course basis. Single Subject Students are not eligible to participate in Federal Title IV financial assistance programs.

Audit Student - A student who is enrolled in courses for which s/he will earn no credit.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

All educational records of students enrolled at the University are maintained in accordance with the provisions of the Family Educational rights and Privacy Act of 1974. Public Law 93-390, as amended. Educational records mean those records, files, documents, and other material that contain information directly related to a student. Educational records do not include working papers concerning students, such as informal notes and other temporary notes of a similar nature that are in the sole possession of the faculty or staff and are not accessible or revealed to any other person.

The University will not permit access to or release of confidential information to any individual or agency without the written consent of the student, except of the following reasons: 1) When records are required by Florida Metropolitan University System officials in the proper performance of the duties, 2)

Organizations conducting studies for educational and governmental agencies, 3) U.S. Government agencies as listed in Public Law 93-3380, 4) Accrediting agencies, 5) Parents of dependent children as defined in the Internal Revenue Code of 1954, 6) Appropriate persons in connection with an emergency, 7) Other educational institutions upon request of transcripts for students seeking enrollment in that institution, 8) In connection with the award of financial aid, and 9) In response to legal court orders.

Release of directory information does not require student consent and includes the name, address, and telephone number of the student, major field of study, dates of attendance, degrees and award received, and most recent educational agency or institution attended. Particular questions concerning students' rights under the Act should be directed to the Registrar's office.

SEXUAL HARASSMENT POLICY

The University will strive to provide and maintain an environment free of all forms of harassment. Sexual harassment is a violation of Title IV.

The following guidelines are issued which legally define sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- * submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment,
- * submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- * such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

The University will not tolerate sexual harassment. Behavior toward any employee or student by a member of the staff, faculty, or student body which constitutes unwelcome sexual advances, including comments of a sexual nature, or inappropriate conduct, including the display of derogatory drawings, cartoons, or posters, will be dealt with quickly and vigorously and will result in disciplinary action up to and including termination or dismissal.

Any student or employee who believes that he or she is a victim of sexual harassment should immediately notify the office of the College President, or College Director. The College President or Director will conduct an investigation of all allegations. Information surrounding all complaints will be documented and kept strictly confidential.

CHILDREN ON CAMPUS

Children are always welcomed at special events of the University whenever accompanied by their parents. However, because an atmosphere conducive to learning must be maintained throughout, without disruption to the teaching and work environment, it is the policy of the University that children shall not be brought to classrooms or labs, or left in lounges or offices.

STUDENT ADVISING

Advising and counseling encompasses several important areas of student life. Academic advising is coordinated by the Academic Dean and includes satisfactory progress, attendance, and personal matters.

The Registrar and Academic Department Chairs serve as advisors and assist student in course selection and registration, dropping and adding courses, change of major, and meeting graduation requirements.

The Career Planning and Placement Office provides a wide range of services to student to assist them in preparing for their career choices. Students can schedule individual appointments with the Director of Placement Services and are encouraged to avail themselves to the process of self-assessment and job search that can benefit each graduate.

ADMISSIONS

GENERAL ADMISSIONS REQUIREMENTS

Graduation from high school or its equivalent is prerequisite for admission to the University. Applicants not completing a secondary program or not having a diploma will be considered for admission on the basis of the General Education Development (GED) test or equivalent. Undergraduate applicants are required to satisfy a nationally recognized assessment test to determine their potential success in college level studies.

Transfer students who are high school graduates or GED holders and who can submit proof of successfully completing an associate degree, or credit beyond the associate degree level, at an accredited postsecondary institution (with at least a 2.0 cumulative grade point average) may be admitted to any program at either of the University's senior college sites without testing.

Transfer students to the University's junior college site who can submit proof of completion of at least 36 hours, (24 semester hours) with at least a 2.0 CGPA may be admitted to any of its programs without testing.

Applicants are informed of their acceptance status shortly after all required information is received and the student's qualifications reviewed. Students may apply for entry at any time.

APPLICATION PROCEDURE FOR UNDERGRADUATE STUDENTS

Qualified applicants to the University must submit a completed Application for Admission with the application fee which is non-refundable. A high school transcript of work completed through date of application is also required except for those applicants who have earned at least an associate degree and whose official college transcript indicates high school graduation. High school officials should be requested to mail transcripts directly to the College. If a transcript is not available at the time of application, the University will make every effort to assist the applicant in obtaining one.

If the high school transcript and other documents required for enrollment are not available at the time of application, students may be accepted for a limited period to allow time for receipt of official transcripts from each college attended, CLEP scores, certificates of completion from military schools, high school transcripts, GED records, and other required documents. Course work completed satisfactorily during this period will count toward graduation.

Specific information concerning graduate program admissions requirements can be found on pages 35-37.

EARLY ADMISSION REQUIREMENTS FOR HIGH SCHOOL GRADUATES

Applicants may be considered for acceptance prior to secondary school graduation. All applicants seeking early admission should submit their academic records through the junior year. Early acceptance is based on the assumption that senior year high school grades will reflect similar achievement.

INTERNATIONAL STUDENTS

When foreign students apply for admission in a program approved by Immigration and Naturalization, official transcripts of completed secondary and applicable post-secondary credits are required with

notarized translation. These transcripts must include specific dates of school attendance, courses taken during each year of attendance, and grades received for each course. Satisfactory evidence of successful mastery and command of the English language is required for all foreign students enrolling in any program.

A TOEFL Score of 450 or its equivalent is required for entry into an undergraduate degree (not required for applicants whose native country has English as a primary language). A TOEFL Score of 550 or its equivalent is required for entry into the graduate program. A Form I-20 (Immigration Certificate of Acceptance) will be sent to the applicant upon acceptance, receipt of a notarized Affidavit of Support, and payment of appropriate tuition deposits and/or fees.

NOTE: See Immunization Policy for important information pertaining to the required immunization of International students.

ORIENTATION

New students, prior to attending classes, as well as those returning to the University after a term or more of nonattendance, are required to participate in an orientation program prior to beginning classes. This program is designed to acquaint students with the policies of the University and introduce them to those staff and faculty members who will play an important part in the students' academic progress toward a degree goal.

ADVANCED STANDING

In-school residency may be shortened through transfer credit, exemption examinations, and/or life experience validation, provided that credit has not been previously earned for duplicate course work or accepted in transfer. A student may earn a maximum of 48 credits toward an associate degree or 144 credits toward a baccalaureate degree through these methods. Methods of achieving a time-shortened residency are described in the following four paragraphs:

Transfer Students

Students with earned college credit from another college or university may apply for credit transfer to the University. Approval will be given by the Registrar for the maximum number of credit hours already completed that are compatible with the University programs. Students wishing to transfer credits must have an official transcript of those credits mailed directly to the Office of the Registrar at the campus of attendance.

Students receiving veterans' benefits are required by the Veterans Administration to provide transcripts of credit from schools previously attended.

Transfer of credit to the graduate programs is discussed on page 38.

Standardized Testing

The University accepts appropriate credits transferred from the College Level Examination Program (CLEP), 42 DANTEs subject testing, and certain professional certification examinations recognized by the American Council of Education. Official test scores must be sent to the Office of the Registrar at the college of attendance.

In-House Credit By Examination

Enrolled students with special qualifications or developed skills may earn credit by passing, with a grade of B or higher, proficiency examinations given by the University (see Tuition and Fees Schedules). Credit by examination may not be attempted for courses in which the student has previously enrolled. Only one attempt for credit by examination is allowed per course. Permission to take an examination is approved by the chair of the department and the academic dean.

Experiential Learning Evaluation

Enrolled students may earn credit for life experience through the College Experiential Learning Program for advanced placement. Experiential learning is limited to twenty-four (24) credit hours toward an Associate degree or forty-eight (48) credit hours toward a Bachelor degree. This program is designed to translate personal and professional experiences into academic credit. Procedures for applying for credit through life experience are available in the Dean's office. The procedures identify the courses for which credit may be earned, the application process, and the associated fees. (A reduced credit fee is charged for life experience credit. See Tuition and Fees Schedules).

INDEPENDENT STUDY

Adult education is the long-standing commitment of the University. This philosophy is further expanded by the creation of independent studies which recognizes that certain adults, although highly motivated to learn, are not in a timely position to disrupt their personal and professional activities in order to attend formal classroom training. Through independent study supervised by qualified faculty members, the University has adopted this unique approach which offers the responsible adult student another opportunity to earn college credit. For more information concerning credit and a schedule of classes for independent study, the student should contact the Academic Dean's Office.

AUDITING COURSES

Auditing of courses may be approved in advance on a space-available basis. Approval by the instructor and the Dean is required, in addition to payment of normal course tuition, fees, and purchases of textbooks. Procedures for auditing courses are available in the Dean's office.

CLASS AUDIT REFRESHER EDUCATION (CARE) PROGRAM

Methods, applications, and even principles change and professional business persons need to remain abreast of the latest means of meeting the demands of their careers. Graduate Alumni not currently enrolled may audit any course previously taken and passed, on a space-available basis without any cost other than textbooks, supplies, and lab fees, if applicable.

All applicants must be in good standing with the University and all financial accounts must be current in order to be considered. The Academic Dean will make the assignment to classes based on a space available basis, three (3) days prior to the beginning of any term. All bookstore purchases will be on a cash basis.

CARE audit classes cannot be taken under the G.I. Bill and no attendance follow-up will be made. CARE students will receive a grade of AU (Audit).

TEXTBOOKS

Textbooks and workbooks will be issued through the bookstore in accordance with official university policies. At the time of issuance, textbooks become the responsibility of the students. The University is not responsible for replacing lost textbooks; however, students may purchase replacements from the campus bookstore. In certain programs requiring specialized equipment, that equipment may be loaned to students for use during their enrollment. Students failing to return loaned textbooks and/or equipment will be charged for its replacement. Grades and transcripts will be withheld from any student who has not returned property of the University or who has not made restitution for it.

FINANCIAL ASSISTANCE INFORMATION

It is the goal of the University to assist every eligible student in procuring financial aid that enables the student to attend college. The University participates in various federal and state student financial assistance programs. The financial aid programs are designed to provide assistance to students who are currently enrolled or accepted for enrollment, but whose financial resources are inadequate to meet the full cost of their education.

The majority of financial aid available to students is provided by the Federal Government and is called federal student financial aid (SFA). This includes the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work-Study (FWS), Federal Family Educational Loan (FFEL) Program (Subsidized and Unsubsidized Stafford Loan and Federal Parent Loans for Undergraduate Students). The University also utilizes alternate source funding provided by the institution or private agencies. Alternate source loans enable the student to contribute to his/her education while in college.

The primary responsibility for meeting the costs of education rests with the individual students and their families. All financial aid is awarded on the basis of need, regardless of sex, age, race, color, religion, creed or national origin. Need is defined as the difference between the cost of education for one academic year and the amount a student's family can be reasonably expected to contribute to this cost of education for the same period.

CONSUMER INFORMATION

Most of the information dissemination activities required by the Higher Education Amendments of 1986 have been satisfied within the catalog. However, student finance personnel are available, in accordance with federal regulations, to discuss consumer information in more detail with current and prospective students.

To be eligible for Financial aid, a student must:

- Be enrolled as a regular student in an eligible program of study on at least a half-time basis (with the exception of Pell and FSEOG);
- Have a high school diploma or the equivalent;
- Be a U.S. citizen or national, or an eligible non-citizen. Verification of eligible non-citizen status may be required;
- Have financial need (except for some loan programs) as determined by a need analysis system approved by the Department of Education;
- Maintain satisfactory academic progress;
- Provide required documentation for the verification process and determination of dependency status;
- Have a valid Social Security Number;
- Not have borrowed in excess of the annual aggregate loan limits for the Title IV financial aid programs;
- Be registered for the Selective Service, if a male born after December 31, 1959;
- Sign the Statement of Educational Purpose/Certification Statement of refunds and default.

APPLICATION

To apply for financial aid, a student must complete a standard application such as the Free Application for Federal Student Aid (FAFSA). The application must be completed with extreme care and accuracy. The Student Finance Department is available to assist students in the completion of this form and to answer any questions.

The FAFSA is used to determine eligibility for all types of financial aid programs. Once processed, the application will produce an Expected Family Contribution (EFC) which determines eligibility.

Financial aid from federal programs is not guaranteed from one year to the next. Each student must reapply every year. Also, if the student changes colleges his/her aid does not automatically go with him/her. Each student should check with their new college to find out the appropriate procedures for reapplying for financial aid.

NEED AND COST OF ATTENDANCE

Once the application is completed, the information will be used in a formula established by Congress that calculates need and helps determine eligibility. When combined with other aid and resources, a student's aid package may not exceed the cost of attendance.

SATISFACTORY ACADEMIC PROGRESS

Students must meet the standards of satisfactory academic progress in order to remain eligible to continue receiving financial assistance as well as to remain eligible to continue as a student of the University.

A student is expected to earn a degree within a specified period of time and is only eligible for financial aid during this period of time. A student will be ineligible to receive Title IV Financial Assistance if that student has not completed the total quarter hours of the stated program objective within 150% of the minimum total quarter hours required for the program. Interim progress for standard term programs will be measured at the end of each academic year. At the time of measurement, a student will also lose financial assistance eligibility by failure to satisfactorily complete at least 60% of the quarter hours attempted.

The student may appeal the reduction or loss of financial assistance as follows:

If a student feels that there are mitigating circumstances that have resulted in the reduction and/or loss of financial assistance eligibility, the student may present these circumstances and appeal the reduction and/or loss. This appeal, which must be documented and made a matter of record, will be submitted to and reviewed by the Financial Aid Committee of the University. If the appeal is approved and all eligibility requirements are met, the financial aid office will, in accordance with applicable regulation, determine the levels of financial assistance availability.

Students on academic probation are considered to be maintaining satisfactory academic progress and are eligible to continue receiving federal financial assistance. Students who have been academically suspended or dismissed are no longer active students of the University and are ineligible for financial aid. Reinstatement of financial aid eligibility will occur only after readmittance following suspension or in the event the student's appeal results in readmittance.

BORROWER RIGHTS AND BORROWER RESPONSIBILITIES

When a student takes on a student loan he/she has certain rights and responsibilities. The borrower has the right to receive the following information before the first loan disbursement:

- the full amount of the loan;
- the interest rate;
- when the student must start repaying the loan;
- the effect borrowing will have on the student's eligibility for other types of financial aid;
- a complete list of any charges the student must pay (loan fees) and information on how those charges are collected;
- the yearly and total amounts the student can borrow;
- the maximum repayment periods and the minimum repayment amount;
- an explanation of default and its consequences;
- an explanation of available options for consolidating or refinancing the student loan;
- a statement that the student can prepay the loan at any time without penalty.

The borrower has the right to receive the following information before leaving school:

- the amount of the student's total debt (principal and estimated interest), what the student's interest rate is, and the total interest charges on the loan(s);
- a loan repayment schedule that lets the student know when his/her first payment is due, the number and frequency of payments, and the amount of each payment;
- if the student has FFEL Program Loans, the name of the lender or agency that holds that student's loan(s), where to send the student's payments, and where to write or call if the student has questions;
- the fees the student should expect during the repayment period, such as late charges and collection or litigation costs if delinquent or in default;
- an explanation of available options for consolidating or refinancing the student's loan;
- a statement that the student can repay his/her loan without penalty at any time.

The borrower has a responsibility to:

- understand that by signing the promissory note, the student is agreeing to repay the loan according to the terms of the note;
- make payments on the student loan even if the student does not receive a bill or repayment notice;
- if the student applies for a deferment or forbearance, he/she must still continue to make payments until notification that the request has been granted;
- notify the appropriate representative (institution, agency, or lender) that manages the student's loan when the student graduates, withdraws from school, or drops below half-time status; changes his/her name, address, or Social Security Number, or transfers to another institution.
- receive entrance counseling before being given the first loan disbursement, and to receive exit counseling before leaving school.

POLICIES AND PROCEDURES FOR VERIFICATION

1. All selected applicants will be verified.
2. Selected applicants must submit required verification documents within twenty-eight (28) days of notification.
3. If the student fails to provide the required documentation within the established time frame, then the student will be treated as a cash paying student until the documents are provided.
4. If the student does not meet the deadline and is not capable of making a cash payment at the end of the deadline he/she will be dismissed from the University. The student may re-enter the University only when he/she can provide the documentation.
5. The Student Finance Office reserves the right to make exceptions to the above stated policies due to extenuating circumstances, on a case-by-case basis.
6. Students will be given a clear explanation of the documentation needed to satisfy the verification requirements and the process for document submission.
7. The University will inform students in a timely manner of the consequences of failing to complete the verification requirements and the actions the University will take if the student does not submit the requested documentation within the time period specified by the University.
8. Students will be informed of their responsibilities regarding the verification of application information, including the University's deadline for completion of any actions required.
9. Students will be notified if the results of verification change the student's scheduled award.
10. The University will assist the student in correcting erroneous information.
11. Any suspected case of fraud will be reported to the Regional Office of the Inspector General, or, if more appropriate, to a State or local law enforcement agency having jurisdiction to investigate the matter. Referrals to local or state agencies will be reported on an annual basis to the Inspector General.
12. No interim disbursements of Title IV aid will be made prior to the completion of verification.

FINANCIAL AID TRANSCRIPTS

Federal regulation requires that Federal Family Education Loans (Subsidized and Unsubsidized Stafford) cannot be released nor can a PLUS loan application be certified until financial aid transcripts have been received from all colleges the applicant previously attended. A financial aid transcript is necessary even if the student did not receive any aid at the prior institution(s).

TUITION CHARGES

The University quotes standard tuition prices for each regular program offered. Arrangements for payment of tuition and book charges (if applicable) must be made in advance of the first day of class. The University charges the student's tuition account for tuition at the beginning of each academic year (normally 3 terms or mini-start 2.5 terms).

Tuition charges are published as an addendum to the University catalog.

Detailed below are other educational expenses considered in determining the student's cost of attendance and information on how those costs were derived. These include personal, room and board, and transportation.

The amount of personal expenses allowed all students \$160 per month. This figure was determined by a national average obtained from the Bureau of Labor and Statistics.

Room and board costs are also obtained from the Bureau of Labor and Statistics. The allowable costs for students without dependents who live with their parents is \$271 per month. The allowable costs for students without dependents who do not live with their parents and students with dependents is \$538 per month. These figures were determined by a national average obtained from the Bureau of Labor and Statistics.

Transportation costs are calculated applying the formula stated below or by use of an average cost. The calculation for determining transportation costs is the number of one-way trips per week x the number of miles traveled one way x 4.33 weeks per month x .30 cents per mile.

Information on how the average cost was arrived is available in the Student Finance Office.

FINANCIAL ASSISTANCE PROGRAMS

GENERAL

All Title IV financial aid funds received by the institution will be credited to the student's account (excluding Federal Work-Study) with the exception of requirements set forth in Section 682.604 of current federal regulations. The different types of financial aid programs available to those who qualify are discussed herein.

SELECTION OF ELIGIBLE APPLICANTS

In accordance with Federal Regulation 668.43(b)(3) the following procedures describe how aid recipients are selected from the pool of eligible applicants.

FEDERAL PELL GRANT

This grant is designed to assist needy students who desire to continue their education beyond high school. Federal Pell Grants are only awarded to undergraduate students who have not earned a bachelor's or professional degree. Each student is entitled to apply for a Federal Pell Grant. Eligibility is determined by the student's need, the cost of attendance, and the amount of money appropriated by Congress to fund the program. The amount of the grant is determined by a standard formula used by the Department of Education. The amount of the grant available to the student will depend on the Expected Family Contribution (EFC) and the cost of attendance.

For many students, the Federal Pell Grant provides a "foundation" of financial aid to which other aid may be added to defray the cost of college education. Students or prospective students may secure an application to participate in the Federal Pell Grant program from the student finance office of the college or from a high school counselor. The application will be transmitted electronically through a federally approved need analysis system which will determine the applicants Expected Family Contribution (EFC).

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

This grant is available to student with exceptional financial need, students with the lowest (EFC), and gives priority to Federal Pell grant recipients.

In determining student eligibility, the University will base the selection on procedures designed to make FSEOG awards to those students with the lowest family contribution (EFC) who will also receive Federal Pell Grant in the award year.

The amount of the grant, and the number of students who may receive this grant, depend on the availability of funds from the U.S. Department of Education.

FEDERAL WORK-STUDY PROGRAM (FWS)

The Federal Work-Study program provides part-time employment to students who need the earnings to defray the cost of their education. Students may work on or off campus for a qualified public, private or community service organization.

Application for the FWS program may be made through the student finance office and eligibility is based on financial need and the availability of funds. The University will attempt to place students in jobs related to their program of study, and work schedules will be arranged according to class schedules.

The amount of the grant, and the number of students who may receive this grant, depend on the availability of funds from the U.S. Department of Education.

FLORIDA STUDENT ASSISTANCE GRANT (FSAG)

The Florida Student Assistance Grant (FSAG) is available only to Florida residents demonstrating financial need. The FSAG has an early application deadline and is not readily available to all. Students are advised when applications may be submitted. It is not available to students who have received baccalaureate degrees.

FEDERAL FAMILY EDUCATIONAL LOAN PROGRAM (FFELP)

FEDERAL SUBSIDIZED STAFFORD LOANS

Federal Stafford loans are low interest loans that are insured by a guarantee agency and made to the student by a lender such as a bank, credit union, or savings and loan association. The subsidized Stafford Loan is awarded based on financial need.

For loans first disbursed on or after July 1, 1994, a Stafford loan made to any Stafford borrower, regardless of whether the borrower has FFELP loans outstanding, will have a variable interest rate not to exceed 8.25%. This interest rate will be determined on June 1 each year.

If the student is a **dependent undergraduate** he/she may borrow up to:

- \$2,625, if s/he is a first-year student enrolled in a program of study that is at least a full academic year.
- \$3,500, if s/he has completed the first year of study, and the remainder of their program is at least a full academic year.

- \$5,000 a year, if s/he has completed two years of study, and the remainder of their program is at least a full academic year.

For periods of undergraduate study that are less than an academic year, the amounts the student can borrow will be less than those previously listed. Ask the Student Finance Office for specific details. Total indebtedness for a dependent undergraduate student is \$23,000.

If the student is an **independent undergraduate** student or a dependent student whose parents are unable to get a PLUS Loan he/she may borrow up to:

- \$6,625, if s/he is a first-year student enrolled in a program of study that is at least a full academic year. (At least \$4,000 of this amount must be in unsubsidized loans.)
- \$7,500, if s/he has completed the first year of study, and the remainder of their program is at least a full academic year. (At least \$4,000 of this amount must be in unsubsidized loans.)
- \$10,500 a year, if s/he has completed two years of study, and the remainder of their program is at least a full academic year. (At least \$5,000 of this amount must be in unsubsidized loans.)

For periods of undergraduate study that are less than an academic year, the amounts the student can borrow will be less than those previously listed. Ask the Student Finance Office for specific details. Total indebtedness for an independent undergraduate student is \$46,000. (No more than 23,000 of this amount may be subsidized loans.)

There is a 3 percent origination fee and 1 percent insurance premium deducted from each disbursement. This must be repaid.

Graduate students may borrow up to \$18,500 a year. (At least \$10,000 of this amount must be in unsubsidized loans.) Total indebtedness for a graduate/professional student is \$138,500 (\$65,500 in subsidized loans.)

The Federal Stafford Loan is deferred while the student is enrolled in college and for a period of six months beyond the student's last date of attendance. During this period the interest is paid by the federal government as long as the student remains in college on at least a half-time status. Deferments after the student drops below half-time status are not automatic and the student must contact the lender concerning their loan. Applications can be obtained from the Student Finance Office or from the lender.

For additional deferment information contact the Student Finance Office.

UNSUBSIDIZED FEDERAL STAFFORD LOANS

The Unsubsidized Federal Stafford Loan Program is a new program available to eligible students, regardless of family income, for periods of enrollment beginning on or after October 1, 1992, who do not qualify in whole or in part, for Subsidized Federal Stafford Loans. An unsubsidized Stafford Loan is not awarded based on need. The term "unsubsidized" means that interest is not paid for the student. The student will be charged interest from the time the loan is disbursed until it is paid in full.

The terms of an Unsubsidized Stafford Loan are the same as those for a Subsidized Stafford Loan with the exceptions of the descriptions below:

The Government does not pay interest on the students behalf on an Unsubsidized Federal Stafford Loan. All interest that accrues on the loan during enrollment and the grace period is required to be paid by the student. The student has two options of repayment of the accrued interest; make monthly or quarterly payments to the lender or; the student and the lender may agree to capitalization of the accrued interest.

The student will be charged an origination fee/insurance premium on the amount of the Unsubsidized Stafford Loan not to exceed 4.0%. The fee will be deducted proportionately from each disbursement and paid to the federal government.

FEDERAL PLUS LOANS

The Federal PLUS loan is available to parents of dependent students to help pay for the educational expenses of the student. PLUS loans are not based on need, but when combined with other resources, cannot exceed the student's cost of education.

Parents may borrow up to the cost of attendance minus other aid per eligible dependent student. There is a 3% origination fee on a PLUS loan made on or after July 1, 1994 and up to 1 percent insurance premium may be deducted proportionately from the loan principal after each payment. The interest rate is variable and is set on July 1st of each year but has a maximum of 9%.

Repayment begins within 60 days of the final disbursement unless the parent qualifies for and is granted a deferment by the lender. There is no grace period for these loans. Interest begins to accumulate at the time of the first disbursement is made, and parents will begin repaying both the principal and interest while the student is in school. Although, the minimum payment amount is \$50 per month with at least five years but no more than 10 years of repayment, the actual payment and schedule is determined by the total amount borrower. Applications can be obtained from the Student Finance Office or from the lender.

For deferment information contact the Student Finance Office.

INSTITUTIONAL LOAN PROGRAM

Loans are available to students through the University that enable the student and/or family to contribute to the student's educational cost while in attendance.

ENTRANCE AND EXIT INTERVIEW/LOAN COUNSELING

The Department of Education requires that any student participating in a Federal Family Education Loan Program that offers subsidized and unsubsidized Stafford Loans be counseled concerning their loans. The University counsels each student regarding loan indebtedness and gives each student an entrance and exit interview test regarding the loan to make sure the student understands the amount borrowed and the student's rights and responsibilities regarding payment.

The student must report to the Student Finance Office prior to withdrawal or graduation for loan counseling. The purpose of this session is to inform the student of the tentative total loans received while in attendance at the University, refunds that may have been made, and to provide the student with an estimated payment schedule. The official exit interview is mailed to the student's current address. Federal Perkins exit interviews will be sent via certified mail.

VETERANS ASSISTANCE PROGRAMS

Veteran Education and Employment Assistance Act of 1976, as Amended

Veterans eligible for training under the Montgomery G.I. Bill are entitled to a monthly allowance while attending the University in certain approved programs of study. Veterans with over 3 years of active duty or 2 years of active duty and 4 years in the selected reserve are entitled to a maximum of 36 months of training. The University will assist in preparing and submitting applications.

War Orphan Educational Assistance

This program provides financial assistance for the education of sons and daughters of veterans who died or were permanently and totally disabled in or as a result of service in the Armed Forces of the United States. Benefits are similar to those of the Bill. Widows and wives of disabled veterans may also be eligible for this program. The University will assist in preparing and submitting applications.

Vocational Rehabilitation for Veterans

Veterans disabled during war time and under certain peace time service may be eligible for educational benefits and training under this program. Applications must be filed directly with the Veterans Administration.

REFUNDS

The University is entirely self-supporting. The registration of a student results in the employment of faculty, arrangements for management and physical facilities, and other provisions by the administration that must be contracted in advance. The withdrawal of a student does not decrease the expenses of the University to any substantial extent. The refund policy has been established so that the student who withdraws from class will share in the incurred costs. For these reasons there will be no refund of tuition except as outlined below.

REFUND POLICY - PRIOR TO ENTRANCE

1. Cancellation prior to class beginning - all tuition paid will be refunded in full.
2. All tuition and fees will be returned when written cancellation notice is received within three working days after signing the enrollment agreement or making a payment.

REFUND POLICY - AFTER ENTRANCE

Students are charged tuition and fees one academic year at a time. An academic year constitutes 36 weeks for a full term and 30 weeks for a mini-term beginning with the University's published start dates.

Percentage of completion is based on the length of time in the academic year of the program and computed from the date of entrance to the last date of attendance. Length of attendance, rather than units of credit, is the criterion used to determine the tuition charge.

REFUNDS - Refunds of tuition for withdrawals that occur after the 1st week of classes are made within 30 calendar days of the last date of attendance if the student gave written or verbal notification of the intent to withdraw at the time of withdrawal. If no such notification was given, the refund will be made within 30 days of the date the University determines that the student has withdrawn.

Refunds to veterans will be made in accordance with current Veterans Administration regulations.

60% PRO-RATA REFUND POLICY (FOR ALL FIRST TIME STUDENTS)

Institutions are required to have a fair and equitable refund policy for Title IV programs refunding students, or parents for a PLUS loan, unearned tuition, fees, room and board, and other charges for periods of time if a student does not register, withdraws, or otherwise fails to complete the period of enrollment.

The Higher Education Amendments of 1992 resulted in the establishment of an alternative refund policy to pro rate tuition refunds for all Title IV Funds recipients. For each first time student who withdraws, the University will calculate a pro-rata refund which conforms to U.S. Department of Education regulations. This pro-rata refund policy will be applied to all Title IV Funds recipients who withdraw prior to completing 60% of the period of enrollment.

Pro rata refund is defined as a refund of not less than that portion of the tuition, fees, room and board, and other charges assessed the student equal to the portion of the enrollment period for which the student has been charged that remains on the last day of attendance rounded downward to the nearest ten percent of that period, MINUS any unpaid student charges.

The period of enrollment is determined by dividing the total number of weeks comprising the enrollment period for which the student has been charged into the number of weeks remaining in that period as of the last recorded day of attendance.

The pro-rata refund may replace any refund policy already in effect and which may already be stated in the catalog, enrollment agreement, schedule of tuition, or other University publications; however, the refund will be based upon the refund policy which yields the larger refund to the student.

FULL TERM-36 WEEK ACADEMIC YEAR

MINI TERM-30 WEEK ACADEMIC YEAR

WEEKS ATTENDED	REFUND OF TUITION FOR ACADEMIC YEAR	WEEKS ATTENDED	REFUND OF TUITION FOR ACADEMIC YR
01	100%	01	100%
02 - 03	90%	02 - 03	90%
04 - 07	80%	04 - 06	80%
08 - 10	70%	07 - 09	70%

19 - 21	40%	16 - 18	40%
22 - 36	0%	19 - 30	0%

If the Statutory Pro Rata refund calculation does not apply to the student, subsequent to the first academic year of the first period of enrollment, the college must do a comparison of the Federal Refund Policy and its own institutional refund policy and issue the larger of the two refunds.

For programs longer than one academic year (9 calendar months) in length, 100% of stated program costs attributable to future years will be refunded when a student withdraws during the prior period.

REFUND DISTRIBUTION POLICY

Refunds are distributed according to the following refund distribution policy which will be applied to all students who received Title IV funds and withdraw with a refund due:

1. Unsubsidized Stafford Loan Program;
2. Subsidized Stafford Loan Program;
3. PLUS Loan Program;

4. Direct Subsidized/Unsubsidized Loan Program;
5. Direct PLUS Loan Program;
6. Federal Perkins Loan Program;
7. Federal Pell Grant Program;
8. Federal Supplemental Education Opportunity Grant (FSEOG) Program;
9. Any other Title IV Program and;
10. The student

Students will be notified of any refunds due to a lender on their behalf through the mailed exit interview material. Refunds to any of the Title IV or State programs will be paid within 30 days of the date of determination.

ACADEMIC INFORMATION

CANCELLATION OF CLASSES

The University reserves the right to cancel any scheduled class in which there is an insufficient number of students enrolled.

DEFINITION OF CREDIT

The University awards credit in the form of quarter credits. One quarter credit is equivalent to a minimum of 10 class hours of theory or lecture instruction, a minimum of 20 hours of supervised laboratory instruction or work, or a minimum of 30 hours of externship practice.

GRADING SYSTEM AND PROGRESS REPORTS: UNDERGRADUATE PROGRAM

Final grades are reported at the completion of each grading term and are provided to each student. If mailed, they are sent to the student's home address.

The following grading system is used:

<u>Grade Evaluation</u>	<u>Grade Points Per Quarter Hour</u>	
A	Excellent	4
B	Above Average	3
C	Average	2
D	Below Average	1
* W	Withdrawal	0
* F	Failure	0
I	Incomplete	0
IP	Study in Progress	0

Note: (An "I" grade automatically changes to "F" if course requirements are not completed satisfactorily within 10 days after the official ending date of the term.)

* N	Mitigating Circumstances (no grade)	Not calculated
	(An "N" grade may be awarded if a student withdraws from a class under approved and documented mitigating circumstances.)	
LE	Life Experience	Not calculated
R	Repeated Course	Not calculated
AU	Audit	Not calculated
TC	Transfer Credit	Not calculated
PE	Passed by Proficiency Challenge Exam	Not calculated

* Students who earn and/or request the above grades will incur additional tuition charges.

Grading system for the graduate program can be found on page 38.

GRADE APPEALS

A student who wishes to appeal a grade should immediately consult with the instructor involved in the course. If dissatisfaction remains, the student should meet with the Academic Dean. Further appeals must be through the Grievance Committee. (see Grievance Process, page 9).

All appeals must be completed by the end of the term following the one in which the grade was earned.

CALCULATION OF GRADE POINT AVERAGE

The grade point average of a student is determined by dividing the total number of grade points earned per term by the number of quarter hours attempted. If, for example, a student earned an A in one 4.0 quarter hour class, the student would multiply 4.0 quarter hours times 4 (the grade point total for an A). The grade points for that class would be 16. If the student earned a C for a second 4.0 quarter hour class, the student would multiply 4.0 quarter hours times 2 (the grade point total for a C). The grade points for that class would be 8. Adding the total number of grade points, 16 and 8, the student would have 24 grade points. The student attempted 8 credits. The grade points of 24, divided by the 8 quarter hours attempted, would result in a grade point average of 3.0.

PRESIDENT'S HONOR ROLL AND DEAN'S LIST

To recognize and encourage outstanding scholastic performance, a Dean's Honor Roll is published at the end of each term. To be eligible for this honor, a student must have earned a grade point average of at least 3.50 and must have been registered for 12 or more credit hours. The President's Honor Roll recognizes all full-time students who have maintained a 4.0 grade point average during the term.

ACADEMIC LOAD - UNDERGRADUATE STUDENT

A student taking the required twelve or more quarter hours toward the associate or bachelor's degree will be classified as a full-time student for that term.

Full-time academic load for graduate students is defined on page 38.

ATTENDANCE POLICY

The University is in session throughout the year except for holidays and vacations as shown in the University Calendar.

Students are encouraged to attend on a full-time basis and are required to attend each class session unless conditions over which they have no control prevent their being present. Student attendance must be separately tracked and recorded by class hours for each class in which the student is enrolled. While absences may be classified as excused or unexcused for purposes of allowing make-up work, all absences, regardless of the reasons, must be considered in applying the attendance policy. Excessive absences will cause the student to be withdrawn from the class(es). The actual last date of attendance will be used in reporting the student's final attendance date.

Deviations from the stated attendance policy because of mitigating circumstances must have the written approval of the Academic Dean and must be evidenced by a doctor's excuse, copy of military or work hours, conflict, etc.

Being dropped from an individual class may not necessarily result in suspension from school, however, it may result in a change from full-time status to part-time status which could have a negative affect upon the student's financial aid awards or VA benefits.

MINIMUM ATTENDANCE POLICY PARAMETERS

Total Hours Absent - Students will be withdrawn from any class in which their total hours of absence exceed 25% of the total hours scheduled for the entire term. The total hours for any class is determined as the total of all classroom and laboratory hours required for the class. Students must be withdrawn from the University when their total hours of absence exceed the limit in all classes in which they are enrolled.

Consecutive Hours Absent - Students must be withdrawn from any class in which their consecutive hours of absence exceed $\frac{2}{3}$ of the total hours of absence limit. Students must be withdrawn from the University when their consecutive hours of absence exceed the $\frac{2}{3}$ limit in all classes in which they are enrolled.

Exceptions - Students in the upper division of baccalaureate programs (juniors and seniors) and graduate programs may be allowed total absences up to and including 33% of the total class hours scheduled (i.e., withdrawal will occur when the total absences exceed 33% of the total hours scheduled for the term). Restrictions on consecutive absences for upper division and graduate students are to be the same as for lower division students.

APPLICATION OF ATTENDANCE POLICY

Applying the policy described above, following are examples for common course lengths:

For a 4-credit lecture class meeting for a total of 48 class hours:

Total Hours Absence Limit (first & second year students)	Not more than 12 hours
Total Hours Absence Limit (juniors, seniors, graduate students)	Not more than 16 hours
Consecutive Hours Absence Limit (all students)	Not more than 08 hours

For a 4-credit course that is an equal combination of lecture and laboratory instruction (2 credits for 24 class hours of lecture instruction and 2 credits for 48 hours of laboratory instruction: 72 class hours total):

Total Hours Absence Limit (first & second year students)	Not more than 18 hours
Total Hours Absence Limit (juniors, seniors, graduate students)	Not more than 23 hours
Consecutive Hours Absence Limit (all students)	Not more than 08 hours

For a 2-credit course that is entirely laboratory instruction (48 class hours total):

Total Hours Absence Limit (first & second year students)	Not more than 12 hours
Total Hours Absence Limit (juniors, seniors, graduate students)	Not more than 16 hours
Consecutive Hours Absence Limit (all students)	Not more than 08 hours

ADD/DROP WEEK ATTENDANCE POLICY

The first week of each academic term is designed as the add/drop period and is designed to allow for adjustments to student schedules that may be necessary. This is the period when students may add or delete courses in order to finalize their schedules. This add/drop period is particularly important for those students who are enrolling at the University for the first time, as there are enrollment procedures and formalities in addition to the scheduling procedures. The University recognizes that the enrollment process, the scheduling process, and the necessary restructuring of the student's personal, family and work responsibilities may not

all be completed prior to the add/drop period. Consequently, the University does adjust its attendance expectations for new students during the add/drop period. Accordingly, cumulative attendance requirements are not applicable to new students during the initial add/drop period of their first academic term. However, after that time, the attendance policy will be in effect fully, and all students must maintain attendance in accordance with the University's attendance policy.

Students continuing their enrollment from one academic term to the next are expected to attend all scheduled classes during the first week of the term. Failure to attend a scheduled class will result in the student being removed from that class at the discretion of the Academic Dean. Students unable to attend a class due to circumstances beyond their control must notify the Academic Dean in writing prior to the first scheduled class and provide appropriate documentation, if requested.

REPEATING COURSES

An undergraduate student may repeat a course taken at the University in order to improve the cumulative grade point average. The credit is given for the last grade earned when repeating a course. Repeated courses will appear on the student's transcript. The first attempt will also be shown; however, the cumulative grade point average will be recomputed to count the last attempt only. This policy may be used only three times for improving grade point average, either for three separate courses or two times for one course and one time for a second course. While tuition is not charged for the 3 repeated courses under this provision, a Retake Fee may be charged for all repeated courses. Any additional repeats will be charged at the current tuition rate.

LEAVE OF ABSENCE

The University does not permit leaves of absence. Students experiencing circumstances that may make it necessary to interrupt their attendance temporarily or briefly, should see the Academic Dean.

ACADEMIC HONESTY

The University adheres to the tenet that professional attitude begins in the classroom. For that reason, students and faculty of the University will not tolerate or commit any form of academic dishonesty.

Acts of academic dishonesty are defined as falsification of materials submitted for a grade, representation of another's work as one's own, or violation of test conditions as designated by the instructor.

When academic dishonesty is suspected, the student will receive a failing grade for that particular assignment. The Academic Dean will notify the student immediately of the infraction and of the resulting punitive action.

If the student appeals the action, s/he must do so through the Grievance Committee. Statements will be taken from the student, the instructor, and from any witness to the suspended act. After review of all statements and evidence, the Grievance Committee will notify the student in writing of its decision to support or rescind the punitive action, or to impose additional academic punitive action.

Any student who commits two infractions involving dishonesty may be subject to suspension or dismissal.

WITHDRAWAL PROCEDURES

Students finding it necessary to withdraw from the University are requested to notify the University in writing as to why and when the withdrawal is necessary and to complete all necessary paperwork with the University.

Withdrawal from any individual course must be approved by the Dean, and grades upon withdrawal will be assigned in accordance with the applicable Grading System, pages 24 & 38.

READMISSION OF WITHDRAWN STUDENTS

Withdrawn students requesting re-entry must petition the Readmission Committee. Information concerning the readmission procedure may be obtained by calling the Dean's Office. Re-entry is limited to one time unless documented mitigating circumstances are provided.

ACADEMIC DEFICIENCIES

Following the conclusion of each grading period, the grades of each student will be audited by the Dean. As a result of this audit, it may be necessary to reschedule the student or to place the student on a status of Academic Probation, Academic Suspension, or Academic Dismissal. In all such cases, the Dean will confer with each student to ensure that all steps are being taken to assist the student in reaching a clear academic status.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS FOR UNDERGRADUATE STUDENTS

(Graduate program Standards of Progress, page 36)

The student must maintain the following Standards of Satisfactory Academic Progress in order to remain an active student and also to receive Title IV funds:

SATISFACTORY PROGRESS STANDARDS UNDERGRADUATE DEGREES - QUARTER CREDITS

Total Number of Credits Attempted	Probation if CGPA is below	Suspension if CGPA is below	Suspension if % of credits completed of credits attempted is below
1 - 16	1.50	N/A	N/A
17 - 32	1.50	1.00	N/A
33 - 48	1.50	1.20	50%
49 - 60	1.65	1.30	60%
61 - 71	1.80	1.50	65%
72 - 95	2.00	1.75	67%
96 - 288	2.20	2.00	67%

● Maximum Time In Which to Complete

A student cannot attempt more than 1.5 times the number of credits in his/her program of study.

The maximum credits that may be attempted by a student in a 96 credit associate degree program are 144 (1.5 times 96), Maximum credits in a 124 credit associate degree program are 186 (1.5 times 124). Maximum credits in a 192 credit bachelor degree program are 288 (1.5 times 192).

● Academic Probation

At the end of each quarter, each student's cumulative grade point average (CGPA) is reviewed to determine whether the student is meeting the above requirements. Students will be placed on ACADEMIC PROBATION when the CGPA does not meet the requirements. The student will remain on ACADEMIC PROBATION as long as his/her CGPA remains in the probation range specified above. When the student's CGPA is above the probation range specified above, the student is removed from probation. During the period of ACADEMIC PROBATION the student is considered to be making satisfactory progress both for academic eligibility and financial aid eligibility, except in the case of Non-Regular Students.

- **Academic Suspension**

A student on academic probation whose CGPA falls into the suspension range specified above, is considered not to be making satisfactory progress, is placed on ACADEMIC SUSPENSION, and may be withdrawn from the University.

- **Readmittance Following Suspension**

A student who has been suspended may apply for readmittance to the University after one academic term according to the readmission policy found in the Academic Information section of the catalog. Students readmitted at this point are considered to be on probation and must bring their CGPA into the probation range by the end of the first academic term after being readmitted. If it is mathematically impossible for the student's CGPA to improve into the probation range by the end of the first academic term after readmittance or if, in the judgement of the readmittance committee, it is highly improbable for the student's CGPA to improve into the probation range, the student may not be readmitted as a Regular Student.

- **Academic Dismissal**

A student is placed on ACADEMIC DISMISSAL whenever s/he is currently on Probation after Readmittance Following Dismissal and fails to raise his/her CGPA into probation range by the end of the first quarter after readmittance.

The University considers ACADEMIC DISMISSAL to be most serious and will consider a request for readmittance from a dismissed student only after one calendar year from the date of dismissal.

- **Readmittance Following Dismissal**

A student currently on Academic Dismissal will be considered for readmission under the following conditions:

- 1) Requests for readmittance cannot be considered in less than one calendar year from the date of dismissal.
- 2) Applicants must present evidence that they will progress satisfactorily if readmitted. Such evidence may include transcript(s) of successful coursework at other institutions during the period of dismissal, proof of satisfactory military service, letters of employment with statements by supervisors concerning motivation, performance, and job maturity, or physician statements certifying the student is able to resume classwork, if applicable.
- 3) The student must be readmitted on Probation as a Non-Regular Student for a period of no less than one academic quarter and no greater than 25% of the normal length of the student's program.
- 4) During the non-regular status, the student is not eligible for federal financial aid and will be charged tuition and fees.
- 5) During the non-regular status, the student is expected to re-take courses previously failed as a means of correcting academic deficiencies.
- 6) The student will be required to seek counseling with the Dean following each grading period and will be permitted to register for classes only with the recommendation of the department chairperson.
- 7) A non-regular student on Probation after Readmittance Following Dismissal must raise his/her academic and successful course completion standards at the applicable evaluation points as listed on page 28. If, by the end of the maximum period of time allowed for non-regular status the student has not met these standards, s/he will be academically dismissed and will not be considered for readmission.

A student is limited to only one readmittance on Probation Following Dismissal.

- **Continuation as a Non-Regular Student**

Students on Academic Probation identified as not making satisfactory progress at the evaluation points shown in the chart on page 28 may continue in a Non-Regular Student status for a period of time not greater than 25% of the normal program length (2 academic quarters for associate degree programs; 4 academic quarters for baccalaureate degree programs). During this period, the student is not eligible for federal student aid, however, the student may continue to matriculate in a non-regular status and will be charged tuition and fees. While on non-regular status, the student should seek to correct academic deficiencies by retaking courses s/he has failed. If, by the end of the maximum period allowed on non-regular status the student has not improved his/her academic standing to the probation range, s/he will be dismissed.

- **Reinstatement as a Regular-Student from Non-Regular status:**

A student on Probation after Readmittance Following Suspension or Probation after Readmittance Following Dismissal may be reinstated to Regular-Student status if the student meets the following criteria:

- 1) No less than one academic term and no more than 25% of the student's program length must elapse before reinstatement can occur; and
- 2) An academic evaluation must be conducted with the Dean to determine if the student has the desire and the academic ability to progress satisfactorily in the program; and
- 3) Following reinstatement, the student shall remain on probation for one academic quarter during which time s/he is considered to be making satisfactory progress for both academic eligibility and financial aid eligibility; and
- 4) If, during the non-regular status, the student has upgraded skills applicable to his/her educational objective or has successfully retaken courses previously failed, recalculation of the student's CGPA and the successful completion percentage will occur at reinstatement to Regular-Student status.

- **Appeals Procedures**

Students who have been determined not to be making satisfactory academic progress and who feel that there are mitigating or extenuating circumstances that led to the failure to maintain satisfactory progress may appeal by requesting in writing a review of their situation. Such a review shall be conducted by the Academic Dean and or the University President/Director or an appeal committee appointed by the local University President or Director. Should the appeal be granted, the student will receive one additional academic term in which to regain satisfactory progress. Any decision resulting from that review is final and is not appealable.

PROGRESSION TOWARD COMPLETION REQUIREMENTS

- **Percentage Successfully Completed**

In addition to CGPA requirements, a student must successfully complete a certain percentage of the credits attempted to be considered to be maintaining satisfactory academic progress. Credits attempted are defined as those credits for which a student is enrolled at the end of the add/drop period of the academic term. These percentage requirements are noted in the Standards of Progress tables along with CGPA requirements. As with the determination of CGPA, the percentage requirements will be reviewed at the end of each academic quarter to determine if the student is progressing satisfactorily.

For determining progression toward completion, grades of F(failure) and W(withdrawal penalty) are counted as hours attempted but are not counted as hours successfully completed. Grades of "I" (incomplete) will also be counted as hours attempted but not as hours successfully completed; however, when the "I" is replaced with a letter grade, the CGPA and satisfactory progress determination will be recalculated based on that letter grade.

- **Academic Suspension**

Students whose percentage completion falls below the requirements specified on page 28 will be placed on ACADEMIC SUSPENSION. It is important to note that this alone can result in being placed on ACADEMIC SUSPENSION, even if the CGPA is above the suspension level.

- **Readmittance Following Suspension**

As with suspension for failure to meet CGPA requirements, a student suspended for failure to meet percentage completion requirements may apply for readmittance after one academic term according to the readmittance policy found in the Academic Information section of the catalog. A student readmitted at this point is considered to be on probation but must bring his/her percentage successfully completed above the suspension level by the end of the first academic term after being readmitted. If it is mathematically impossible for the student's percentage completed to improve above the suspension level by the end of the first academic term after readmittance or if, in the judgement of the readmittance committee, it is highly improbable for the student's percentage completed to improve above the suspension level, the student may not be readmitted as a Regular Student.

- **Academic Dismissal**

A student is placed on ACADEMIC DISMISSAL whenever s/he is currently on Probation after Readmittance Following Suspension or Probation after Readmittance Following Dismissal and fails to bring his/her percentage completed above the suspension level by the end of the first academic quarter after readmittance.

The University considers ACADEMIC DISMISSAL most serious and will consider a request for readmittance from a dismissed student only after one calendar year from the date of dismissal.

- **Transfer Credits**

Transfer credits are not included in the calculation of CGPA but are included as credits successfully completed.

- **Repeated Courses**

A grade for a repeat course replaces the original grade in the calculation of CGPA for three separate uses only; however, the original course credits for all repeated courses remain included in the "Total Number of Credits Attempted" (see chart page 28) in order to determine the required levels for percentage of credits complete. The original credits are considered as not successfully completed.

- **Mitigating Circumstances**

Mitigating Circumstances "N" grade will have an effect on the measurement of progress toward completion. These courses will be counted as attempted but not successfully completed. The "N" grade will not have any penalty effect on the calculation CGPA.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS FOR UNDERGRADUATE STUDENTS RECEIVING VA BENEFITS:

Students must maintain a cumulative grade point average of C (2.0) each term to remain eligible for VA benefits. A veteran student failing to achieve a C (2.0) cumulative grade point average for any term will be placed on probation for the next academic term.

Failure to achieve a C (2.0) cumulative grade point average during the next 2 consecutive terms will result in the veteran student being terminated from veteran benefits and the VA so notified.

Standards of satisfactory academic progress for graduate students receiving VA benefits are discussed on page 36.

ACADEMIC SUSPENSION AND DISMISSAL

The student placed on a status of Academic Suspension may not return for further study for at least one grading period, during which time a written request must be submitted to the Dean. Only upon written confirmation or a re-entry form signed by the Dean may the student resume training with a status of Academic Probation. If otherwise eligible, a student re-entering may receive financial assistance only when he or she has again attained satisfactory academic progress.

If satisfactory progress is not attained during this grading period, the student will be dismissed. Actions of Academic Suspension or Dismissal may also be taken if, in the judgment of the Dean, the student's continuance in a program of study is resulting in no advantage to the student or the University. A student dismissed will be permitted to re-enter only through the appeals process or following an absence of a calendar year from the date of dismissal.

COOPERATIVE EDUCATION PROGRAM

Cooperative Education is an academic program for undergraduate students. Its purpose is to provide students with practical, prearranged, and pre-approved on-the-job educational experiences which relate to each student's academic program and/or career objectives. By combining traditional on-campus courses with off-campus Cooperative Education courses, under the joint supervision of a sponsoring company supervisor and the Dean, students are expected to increase their knowledge and competency in courses required in their academic programs. A secondary purpose of the program is to present students to employers in a way which will increase their post-graduation employment potential.

Degree-seeking students at the Sophomore level and above who have completed at least two terms at the University and have maintained satisfactory grade point averages are eligible to apply.

Cooperative Education Plan

The Cooperative Education Plan is a parallel plan designed for students who elect to register for one cooperative education course simultaneously with at least two other courses, either in residence or through independent study.

Students who elect to participate in Cooperative Education must obtain academic counseling prior to entering the Plan to assure that their cooperative education courses are properly integrated into their overall academic program of studies.

Cooperative Education Credit

Credit is granted for successful completion of a cooperative education course on the same basis as for any other course. Successful completion of these courses requires the student to develop personal responsibility and display initiative beyond what is required in an on-campus classroom setting under the supervision of an instructor. Successful completion also requires the student to: (a) develop specific on-the-job objectives with the Dean and an academic advisor; (b) attend assigned on-campus seminars; and (c) return the completed written assignment not later than final exam week at the end of each term.

Grades earned in cooperative education courses are computed in grade point averages on the same basis as other grades. Courses taken in cooperative education will be identified on the student's transcript as "Parallel Work."

Credits earned in parallel work courses are applied to the credit requirements for each degree program. Specifically, these credits apply to the Approved Elective Component of the student's academic program of study or as electives in the Major component; however, only 8 quarter hours of parallel work may be applied toward the major component.

Tuition for Parallel Work courses is at the same rate as other courses.

<u>Parallel Work Courses</u>	<u>Credit Hours</u>
COE 2041 Sophomore Parallel Work I	4.0
COE 2042 Sophomore Parallel Work II	4.0
COE 3041 Junior Parallel Work I	4.0
COE 3042 Junior Parallel Work II	4.0
COE 4041 Senior Parallel Work I	4.0
COE 4042 Senior Parallel Work II	4.0

The above courses are normally taken during the sophomore, junior, and senior years. COE 2041 and 2042 are available to students pursuing an associate degree. Since each student's cooperative education program is designed specifically for him or her, these courses are taken one per term, simultaneously with other on-campus courses.

TRANSCRIPTS

Students are provided an official transcript free of charge upon graduation from the University. There is a fee of \$3 for each additional official transcript. Requests for transcripts must be made in writing to the Office of the Registrar at the College of attendance.

Transcripts cannot be released for students with an outstanding balance on their tuition and fees accounts.

UNDERGRADUATE DEGREE PROGRAMS

All students seeking any of the degrees stated herein must abide by all University rules and regulations, including satisfactory progress, attendance, and conduct; pass all required final examinations in all courses for which earned credits are recorded; and settle all financial obligations to the University prior to graduation.

The student is responsible for meeting the requirements of the University catalog in effect at admittance or readmittance. The student may elect to change to the requirements of a new catalog and must then meet all the requirements of the new edition. The student automatically comes under the current catalog at readmittance after not attending for a full academic quarter.

TWO MAJORS

Any undergraduate student who elects to do so may carry two majors and work to fulfill the requirements of both concurrently. Upon successful completion of the requirements of two majors, a student will be awarded only ONE degree unless a minimum of 48 appropriate quarter hours in addition to the requirements of the first degree have been earned. In cases where the requirements of two majors have been met and only one degree is involved, a notation denoting both majors will be entered on the transcript. Students may not use Business Administration as one of their stated majors.

TWO DEGREES

Two baccalaureate degrees may be awarded simultaneously under the following conditions:

1. Course requirements for two majors have been completed as certified by the appropriate academic credits.
2. A minimum of 48 appropriate quarter hours in addition to the requirements of the first degree have been earned.

Care must be taken in scheduling for a second degree or major. Veterans' educational benefits, under certain circumstances, may not be available for subjects other than those specifically required for the second degree or major.

BACCALAUREATE DEGREES

To qualify for the Bachelor of Science degree or the Bachelor of Business Administration degree, students are required to accomplish the following:

1. Complete a minimum of 192 quarter hours with an average grade of "C" (grade point average of 2.0) or higher for all work taken at the College, with a minimum of 68 quarter hours in the 3000 and 4000 series. The final 48 quarter hours must be completed at the College.
2. Meet the specified graduation requirements, including the following area quarter hour requirements.

Area I	- College Core Requirements	36.0 (minimum)
Area II	- Major Core Requirements	60.0 (minimum)
Area III	- General Education Core Requirements	56.0 (minimum)
TOTAL QUARTER HOURS REQUIRED		192.0 (minimum)

ASSOCIATE DEGREES

To qualify for the Associate in Science Degree or the Associate in Business Degree, students are required to accomplish the following:

1. Complete a minimum of 96 quarter hours with an average grade of "C" (Grade Point Average of 2.0) or higher for all work taken at the College. The final 48 quarter hours must be completed at the College.
2. Meet the specified graduation requirements, including the following area quarter hour requirements, 36 of which must be in 2000 or above level. Upper division courses may be used to satisfy the requirements if approved by the Dean.

Area I	- College Core Requirements	24.0 (minimum)
Area II	- Major Core Requirements	48.0 (minimum)
Area III	- General Education Core Requirements	24.0 (minimum)
TOTAL QUARTER HOURS REQUIRED		96.0 (minimum)

Note: The above stated minimum quarter hour requirements apply to all Associate in Science degree programs except for the Court Reporting Program. See page 72 for specific minimum quarter hour requirements for the Associate in Science degree in Court Reporting.

ADDITIONAL SPECIFIC REQUIREMENTS AND INFORMATION

GRADUATE PROGRAM

The graduate programs were developed to enhance an individual's effectiveness in business and to expand the basic philosophy of the The University. The graduate program will concentrate on the development and mastery of advanced critical reasoning and analytical skills, and effective written and oral communicative skills for successful application in a dynamic business and administrative environment.

In addition, the graduate program will emphasize professional ethics, use of technology, information networking, and the global and cross-cultural marketplace.

DEGREES OFFERED

The University awards the Master of Business Administration Degree with several areas of concentration, the Master of Public Administration and the Master of Science in International Business.

To qualify for a graduate degree, students are required to accomplish the following:

1. Satisfy the foundation course requirements.
2. Complete a minimum of 24 quarter hours of core requirements and 30 hours of concentration requirements with an average grade of "B" (grade point average of 3.0) or higher for all courses taken. All course work must be in the 5000 series or higher. The final 36 quarter hours must be completed at the University.
3. Successfully complete and present a thesis or pass a comprehensive examination in the area of concentration.
4. Abide by all University rules and regulations including satisfactory progress, attendance, and conduct; pass all required final examinations in all courses for which earned credits are recorded; settle all financial obligations to the University prior to graduation.
5. Participate in the University commencement exercise following completion of all program requirements.

The student is responsible for meeting the requirements of the University catalog in effect at entrance or re-entrance. The student may elect to change to the requirements of a new catalog and must then meet all the requirements of the new edition. The student automatically comes under the current catalog at re-entrance after not attending for a full academic term.

GRADUATE PROGRAM ADMISSIONS REQUIREMENTS

Graduation from an accredited college or university with a baccalaureate degree is a prerequisite for admission to the graduate program. Foreign students desiring admittance must have graduated with a baccalaureate degree from a college or university approved and evaluated based on United States Department of Education guidelines.

Certain prerequisite courses are necessary for the pursuit of many of the highly technical courses offered at the graduate level. Such prerequisites must have been completed before entrance into a specific subject is permitted. In addition to the requirement of a baccalaureate degree, admissions requirements

for the student wishing to enroll in the graduate program are listed below:

1. Provide official transcripts of all colleges or universities attended, both undergraduate and graduate.
2. Provide completed admissions forms.
3. All foreign students from non-English speaking countries who are entering from institutions other than a member institution must present a TOEFL score of not less than 550 or equivalent as evidence of their proficiency in reading, writing, and speaking the English language.

Categories of Enrollment:

A student applying to the graduate program may be classified in one of two categories: degree-seeking Regular Student or Provisional Student.

1. Regular Students

A degree-seeking applicant certifies his or her intention of applying for admission to a degree program at the time of making his or her initial application or upon acceptance. To qualify upon admission as a Regular Student seeking a graduate degree, the applicant must have achieved a cumulative grade point average of not less than 3.00 for all undergraduate upper level division work; or must score not less than 470 on the Graduate Management Admission Test (GMAT); or achieve a comparable score on the Graduate Record Examination (GRE) in order to become a candidate for a master degree.

2. Provisional Students

Any student wishing to become a candidate for a master degree who does not meet the requirements to be classified as a Regular Student may enroll and matriculate as a Provisional Student by having achieved a grade point average of not less than 2.0 for all undergraduate upper division work. The provisional status will remain in effect until the student has either earned a score of not less than 470 on the GMAT or a comparable score on the GRE or has satisfactorily completed 16 credits of graduate course work at the University with a grade point average that meets the minimum standards of progress for the graduate program. Students admitted on a provisional basis will be admitted as degree candidates (Regular Student status) only upon evaluation and favorable action by the Committee on Admissions for the graduate program. Upon admittance under provisional status, a "Statement of Acknowledgement" is executed by the student who certifies his or her intention of applying for admission to a degree program following the successful completion of 16 credits of graduate coursework at the University.

PREREQUISITE REQUIREMENTS

While a baccalaureate degree in the same or closely related field is desirable, it is not mandatory.

Applicants whose undergraduate degrees are in fields other than business are invited to apply, but foundational work may be required before certain higher level courses may be taken. Previous exposure to (a) course(s) in Accounting, Economics, and Statistics, although not a requirement, is helpful. All graduate students are urged to take an undergraduate course in these specific areas prior to enrolling in Managerial Economics, International Economic Systems, Quantitative Methods, or Accounting for Planning and Control.

Students may begin their graduate program prior to meeting all pre-requisites and may engage in higher level graduate course work while concurrently completing their preparatory course work.

STANDARDS OF PROGRESS FOR GRADUATE PROGRAMS

A student pursuing a master's degree must maintain a minimum cumulative grade point average of 3.0.

Graduate students who fail to meet the minimum grade point requirement will be placed on Academic Probation for the subsequent quarter of enrollment. If otherwise eligible, a student may receive financial assistance during the Academic Probation grading period. Failure to raise the grade point average above the minimum specified within the subsequent quarter will result in Academic Dismissal. Regardless of the grade point average minimum, two or more grades of "F" will also result in the Academic Dismissal of the student.

A student will be permitted to attempt 16 quarter hours of graduate work before the application of the standards outlined below.

**SATISFACTORY PROGRESS STANDARDS
GRADUATE DEGREES - QUARTER CREDITS**

Total Number of Credits Attempted	Probation if CGPA is below	Suspension if CGPA is below	Suspension if % of credits completed of credits attempted is below
0 - 15	3.00	N/A	N/A
16 - 27	3.00	2.50	50%
28 - 39	3.00	2.70	60%
40 - 49	3.00	2.90	65%
50 or more	N/A	3.00	67%

The maximum number of credits that may be attempted for a 54 credit graduate program is 81 (1.5 X 54).

All other elements of satisfactory progress as outlined on pages 31 through 35 are applicable to graduate programs.

In all cases of academic dismissal, the student will be notified by the graduate school director or the Academic Dean.

When the presence of mitigating circumstances cause the student's grade point average to fall below the minimum standards, a letter from the student requesting reinstatement may be submitted to the Graduate Academic Committee for review. The Committee will determine whether a probationary reinstatement is necessary or if the decision for dismissal is warranted.

**STANDARDS OF SATISFACTORY ACADEMIC PROGRESS FOR
GRADUATE STUDENTS RECEIVING VA BENEFITS**

Students must maintain a cumulative grade point average of B (3.0) each term to remain eligible for VA benefits. A veteran student failing to achieve a B (3.0) cumulative grade point average for any term will be placed on probation for the next academic term.

Failure to achieve a B (3.0) cumulative grade point during the next 2 consecutive terms will result in the veteran student being terminated from veteran benefits and the VA so notified.

These standards are applicable only for the determination that veteran students remain eligible to receive VA benefits. The school's regular academic standards apply for all students in determining academic suspension.

GRADING SYSTEM AND PROGRESS REPORTS: GRADUATE PROGRAM

Final grades are reported at the completion of each grading term and are provided to each student. If mailed, they are sent to the student's home address. The following grading system is used:

<u>Grade Evaluation</u>	<u>Grade Points Per Quarter Hour</u>
A Excellent	4
B Above Average	3
C Average	2
D Below Average	1
* W Withdrawal	0
* F Failure	0
I Incomplete	0

Note: An "I" grade automatically changes to "F" if course requirements are not completed satisfactorily within 10 days after the official ending date of the term.

* N Mitigating Circumstances Not calculated

Note: (An "N" grade may be awarded if a student withdraws from a class under approved and documented mitigating circumstances.)

PE Passed by Proficiency Challenge Exam	Not calculated
AU Audit	Not calculated
TC Transfer Credit	Not calculated
Z Research Practicum in Progress	Not calculated

Note: A "Z" grade automatically changes to "F" if course requirements are not completed by the end of two consecutive quarters. All grade evaluations noted above may not be utilized at every University campus site.

* Students who earn and/or request the above grades may incur additional tuition charges.

TRANSFER OF CREDIT

Students transferring graduate level courses from other institutions must provide evidence that the courses are comparable in content to the program of study at the University. No more than 24 hours may be accepted in transfer, and no courses will be transferred that show a grade below a "B."

ACADEMIC LOAD - GRADUATE STUDENT

A student taking the required eight or more quarter hours in the graduate program is defined as a full-time student for that term.

TUITION

The tuition for the Graduate program courses is stated in a separate Supplement to the Catalog. (See insert).

REFUND POLICY

The tuition refund policy for students enrolled in the graduate program is the same as stated for the undergraduate program.

UNIVERSITY ACADEMIC STRUCTURE

The Florida Metropolitan University System is made up of six separate Colleges:

- College of Arts & Sciences
- College of Business
- College of Fine Arts
- College of Health Studies
- College of Legal Studies
- College of Graduate Studies

In seeking to best serve the needs of the diverse population of Florida, nine campuses strategically located across the state offer the programs of study described in this catalog. Each campus offers the programs of study identified for the campus in the Academic Program Locations Chart.

Within these six Colleges, twenty majors are offered at the Associate, Baccalaureate or Masters level.

The College of Arts and Sciences provides the general education courses in the areas of Economics, Humanities/Fine Arts, Mathematics/Science and Social/Behavioral Sciences. There are no major areas of study offered by the College of Arts and Sciences. Courses in the areas of Accounting, Business Administration, Finance, Hospitality, Management, Marketing, International Business, Office Systems Technology and Travel Tourism are offered by the College of Business. Commercial Art, Film/Video and Video courses are provided by the College of Fine Arts. The College of Health Studies currently offers those courses related to the Medical Assisting major, while Court Reporting, Criminal Justice and Legal Assisting/Paralegal courses are provided by the College of Legal Studies. For those students enrolled in the College of Graduate Studies, courses are offered in the areas of Accounting, Computer Information Science, Economics/Finance, International Business, Management, Marketing, Mathematics, Public Administration and Political Science.

COLLEGE OF GRADUATE STUDIES

MISSION

The graduate programs continue to expand the basic mission of the University, that is, acquisition of knowledge and the ever-continuing attainment and refinement of useful skills so necessary in the changing and constantly evolving world of business, and the evolution of the student as a valuable and contributing member of society. The graduate programs further manifest this mission by emphasizing greater initiative, independence, critical thinking, and responsibility on the part of the students such that they may possess the heightened self-discipline, skill, and reasoning necessary to become valued leaders of the business community.

MASTER OF BUSINESS ADMINISTRATION

The Master of Business Administration was designed to enhance the individual's effectiveness in business and industry in the areas of accounting, economics, management, and marketing.

To qualify for the Master of Business Administration Degree students are required to accomplish the following:

I. Complete a minimum of fifty-four (54) quarter credit hours with an average grade of "B" (Grade Point Average of 3.0) or higher for all work taken at the University. All course work must be in the 5000 series or higher. The final thirty-six (36) hours must be completed at the University.

II. Meet the specified graduation requirements, including the following area hour requirements:

Each campus may have additional requirements for degree completion.

III. Abide by all University rules and regulations including satisfactory progress, attendance and conduct; pass all required final examinations in all courses for which earned quarter credits are recorded; settle all financial obligations to the University.

IV. Completion of Comprehensive Examination or Thesis

All MBA degree candidates except those who are writing a formal thesis must pass a comprehensive examination in the last quarter of graduate study.

Students must apply to the Office of the Registrar in the first week of their last quarter of study. Students who do not pass the written comprehensive may be allowed to retake the exam one time. If they fail a second time they must (1) complete an acceptable thesis or (2) complete two (2) four (4) quarter hour classes (electives) in their area of concentration and must achieve a grade of B or better. They may then sit for the written comprehensive exam again. Failure to pass the written comprehensive exam this time will result in Academic Dismissal.

The examination is based on a student's area of concentration and will be based on the textbooks that were used in the courses of concentration.

- V. All requirements for the MBA program, including course work and completion of the Thesis or Comprehensive Exam, must be completed within five (5) calendar years from the initial term of enrollment.

CONCENTRATIONS

Not all concentrations are available at all locations. A graduate student may include an area of concentration by completing four (4) courses (sixteen (16) quarter credit hours) from any one concentration category listed. A student electing not to choose a concentration (general MBA) would choose four (4) courses (sixteen (16) quarter credit hours) from any combination of categories listed. The student may also choose to complete a Graduate Research Practicum in lieu of two courses in a concentration. If the student chooses this option, two electives (eight (8) quarter credit hours) must be completed from any combination of categories listed in addition to the six (6) quarter credit hour Practicum. In this instance, the student would graduate with fifty-four (54) instead of fifty-six (56) quarter credit hours.

ACCOUNTING

Students enrolled in the MBA program can elect to concentrate in Accounting by taking a minimum of sixteen (16) quarter credit hours in Accounting:
