A MESSAGE FROM EVEREST INSTITUTE

Congratulations for the decision you have made to start career training at Everest Institute!

For decades, Everest Institute has been providing quality education to students seeking careers in the business, medical, and legal professions. Our programs are geared to provide you with the skills necessary to meet the demands of today's fast-paced, competitive, and technological job market.

The faculty of Everest Institute consists of professionals with extensive experience in each specialized field--our instructors practice what they teach. A supportive classroom environment allows for personalized instruction and individual attention. Classrooms house the high-tech equipment, creating a realistic work environment for practical hands-on training. Our curriculum is career-oriented and is enhanced by special projects or internship programs designed to prepare you for work in your chosen field.

Our objective is to offer you the training necessary to realize your career goals. We look forward to making your plan to enter Everest Institute one of the best decisions of your life.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter Bastiony". The signature is stylized with a large initial "P" and a long horizontal flourish extending to the right.

Peter Bastiony, President
Miami Campus

ABOUT EVEREST INSTITUTE

CORINTHIAN COLLEGES, INC.

Everest Institute is a part of Corinthian Colleges, Inc. (CCi). CCi was formed in 1995 to own and operate schools across the nation that focus on high-demand, specialized curricula. CCi is continually seeking to provide the kind of educational programs that will best serve the changing needs of students, business and industry.

With headquarters in Santa Ana, California, and schools in various states, CCi provides job-oriented education and training in high-growth, high-technology areas of business and industry. The curricula focus is on allied health, business, and other programs that have been developed based on local employer needs. Students use modern equipment and facilities, similar to the kind they can expect to find on the job. CCi provides people entering or reentering today's competitive market with practical, skill-specific education vital to their success.

Corinthian Colleges, Inc. is dedicated to providing education and training that meets the current needs of business and industry. Under CCi ownership, the schools maintain their long-standing reputation for innovation and high-quality private education.

MISSION STATEMENT

Our mission is to fulfill the professional and educational needs of growth-oriented individuals who are prepared to change their careers and lives for the better. In an effort to fill the needs of professions for trained personnel and to provide meaningful and fulfilling careers to capable individuals, the Institute maintains the highest level of professional dedication. The Institute is constantly updating its curricula, recognizing its obligation to the students and the professions that they serve.

OBJECTIVES

A supportive staff and innovative faculty are open to helping students reach their goals. In a warm, friendly, and professional setting, students realize their strengths through a team approach with staff and faculty. With their futures in mind, and the wealth and welfare of students continuously considered, a winning spirit that promotes self-esteem and viable career alternatives becomes the goal of everyone involved with Everest Institute.

GUIDING PRINCIPLES

We believe that our programs and services must enrich people's lives and enhance their careers. Creativity and quality in our concepts, programs, and services are essential to our success. The people of Everest Institute are our company's most valuable resource. Distinguished business performance is a must, not as an end in itself, but as a means to accomplish our broader mission. Our educational affiliations must be preserved and cherished for the welfare of our students.

The values that guide us are excellence in all that we do, ethical and moral conduct at all times and in all our relationships, innovation in all areas of our business as a means of attaining and sustaining leadership, and corporate social responsibility to the communities we serve.

These beliefs and values guide our business strategies, our corporate behavior, and our relationships with students, employees, affiliates, communities, and each other.

SCHOOL HISTORY

The Institute was founded in January 1977 as National School of Health Technology, Inc. of Florida. Classes began in February 1977 in North Miami Beach. The school changed its name to National School of Technology, Inc. in 1984 and moved to the present Miami location in 2004. In January 1985, classes began at a campus in Hialeah, Florida, which was designated as an additional classroom facility. The Hialeah campus was awarded branch status in June 1989. The campus is a wholly owned subsidiary of CCi and in February of 2008, changed its name to Everest Institute.

FACILITY DESCRIPTION

The Miami facility consists of a main building with 20,500 sq. ft. and a Learning Site facility with approximately 18,000 sq. ft. The main facility has nine lecture rooms, three computer labs, two medical labs, and a pharmacy lab. The 18,000 sq. ft. Inspire Learning Site is located approximately one block away at 18301 North Miami Avenue, North Miami, FL 33169, and has one HVAC Lab, one Electrician Lab, seven lecture rooms and three computer labs. Both facilities are accessible to people with disabilities and have student lounges with snacks and drinks. All facilities are easily accessible by public transportation and expressways.

Everest Institute, the facilities it occupies and the equipment that is used comply with all federal, state and local ordinances and regulations, including those related to fire safety, building safety and health.

ACCREDITATION, LICENSURE AND APPROVALS

- Everest Institute is accredited by the Accrediting Council for Independent Colleges and Schools to award associate degrees and diplomas. The Accrediting Council for Independent Colleges and Schools is listed as

a nationally recognized accrediting agency by the United States Department of Education and is recognized by the Council for Higher Education Accreditation. The Accrediting Council for Independent Colleges and Schools (ACICS) is located at 750 First Street, NE, Suite 980, Washington, D.C. 20002-4241; (202) 336-6780 (<http://www.acics.org>).

- The Medical Assistant diploma program is accredited by the Accrediting Bureau of Health Education Schools (ABHES), 7777 Leesburg Pike, Suite 314 N, Falls Church, VA 22043, 703.917.9503.
- Everest Institute is licensed by means of accreditation by the Florida Commission for Independent Education. Additional information regarding this institution may be obtained by contacting the Commission at 325 West Gaines Street, Suite 1414, Tallahassee, FL 32399, toll-free telephone number (888) 224-6684. The campus license number is 2668.
- Approved for the training of Veterans and eligible persons under the provisions of Title 38, United States Code.
- The Electrician program is approved by the National Center for Construction Education and Research (NCCER), www.nccer.org

MEMBERSHIPS

- Member, Florida Association of Postsecondary Schools and Colleges (FAPSC).

Copies of this information are available for inspection at the campus. Please contact the Campus President to review this material.

ADMISSIONS INFORMATION

REQUIREMENTS AND PROCEDURES

- High school diploma or a recognized equivalent such as the GED, unless eligible under the Ability to Benefit Policy below. The School, at its discretion, may require that an applicant provide a copy of the high school diploma, transcript or recognized equivalent (GED).
- Applicants will be required to sign an “**Attestation Regarding High School Graduation or Equivalency**” indicating they meet the school’s requirements for admission.
- High school seniors who are accepted on a conditional basis must sign an “**Attestation Regarding High School Graduation or Equivalency**” following graduation and prior to starting classes.
- If documents required for enrollment are not available at the time of application, applicants may be accepted for a limited period to allow time for receipt of all required documentation.
- Applicants are informed of their acceptance status shortly after all required information is received and the applicants’ qualifications are reviewed.
- Applicants who determine that they would like to apply for admission will complete an enrollment agreement.
- Students may apply for entry at any time. Students are responsible for meeting the requirements of the catalog in effect at the time of enrollment. Students automatically come under the current catalog at reentrance after not attending for a full academic term.

ABILITY TO BENEFIT POLICY

- Students who do not have a high school diploma or its recognized equivalent may be admitted into certain diploma programs at the school.
- Ability To Benefit (ATB) applicants are required to provide an official score report that meets or exceeds the passing scores as specified in the Campus Administered ATB Testing section below.
- Everest recognizes the benefits of a high school diploma or its recognized equivalent and encourages all ATB students to complete their GED while in school.

Note: The number of new students (or re-entry) enrolled under the Ability To Benefit Provision is limited to only certain programs offered. Please check with your admission representative regarding the programs that accept ATB students. The school reserves the right to reject applicants based on test scores and ability to benefit limitations, or as necessary to comply with any applicable local, state or federal laws, statutes or regulations.

CAMPUS ATB PASSING TEST SCORES

- Passing scores on the **CPAt** are Language Usage 45, Reading 45, and Numerical 43.
- Passing scores on the **COMPASS** test are Numerical Skills/Prealgebra 27, Reading 65, and Writing Skills 35.
- Passing scores on the **ASSET** are Reading 36, Writing 35, and Numerical 36.

- Passing scores on the **Wonderlic Basic Skills Test** are: Verbal (205) and Quantitative (215). Students must achieve a passing score on both skill assessments in a single testing session to be considered passing.

Note: Everest will accept test score reports from tests taken at any Everest location or an official Assessment Center.

ATB ADVISING

Everest has an obligation to provide academic support services necessary for ATB students and to ensure that students will be ready for placement upon completion of their programs.

- All ATB students shall receive academic and career advising after each grading/evaluation period

ATB DENIAL OF ADMISSION

A student who fails to pass the test in four (4) attempts shall be denied admission and may not reapply to the school until one (1) year has passed since the first taking of the test.

ATB DELAYED ADMISSION

Students who do not enter school following passing the ATB exam will not be required to retake the exam prior to a delayed entry, so long as the passing test result is on file at the institution. Similarly, students who have enrolled and then withdrawn and wish to re-enter will not be required to retake the exam prior to re-entry, if the original passing test result is in the students' academic file.

ABILITY TO BENEFIT POLICY FOR RE-ENTRY STUDENTS

An ATB student who has been out of school less than one year may return to their program of last enrollment. Reentering ATB students will receive academic and career advising after each grading/evaluation period. ATB students who have been out of school more than one year will be treated as a new student and subject to current admission policies.

CRIMINAL BACKGROUND CHECK

- Students may be subject to a criminal background check prior to enrollment to ensure they are qualified to meet occupational or employment requirements, clinical or internship/externship placement requirements or licensure standards for many programs, including but not limited to those in the allied health or criminal justice fields.
- Enrollment for students may not be granted when the background check identifies a conviction, pending case or unresolved deferral/diversion for any felonies or misdemeanors.
- A student's inability to obtain criminal background clearance may prohibit opportunities for program completion and job placement. It is the student's responsibility to contact the agency to verify conditions. The school cannot contact the background check agency to verify conditions.

ACADEMIC SKILLS ASSESSMENT

All students, unless admitted under the ATB provision, are required to go through the institution's assessment process. Students may be exempt from the assessment test if they provide official composite score of at least 15 on the ACT, a combined score on reading and math of at least 700 on the SAT, or proof of successful completion of a minimum of 36.0 quarter hours or 24.0 semester hours of earned college credit at an accredited postsecondary institution.

INTERNATIONAL STUDENTS

Everest Institute is authorized by the Department of Homeland Security to issue the Form I-20 to international students. A Form I-20 will be sent to the applicant upon acceptance, receipt of evidence of financial support, and payment of appropriate tuition deposits and/or fees.

ADMISSIONS REQUIREMENTS FOR INTERNATIONAL STUDENTS

- Provide a certified secondary school transcript or high school diploma as defined by the student's country of origin.
- Proof of financial ability to meet expenses. Such evidence may be one of the following:
 - a) Bank letter verifying student's available funds (self-sponsoring).
 - b) Bank letter verifying sponsor's available funds if sponsor is not a citizen or a legal permanent resident of the U.S.
 - c) Form I-134 if sponsor is a citizen or legal permanent resident of the U.S.
 - d) If the applicant is sponsored by his/her home country, a statement of sponsorship.

- Be eligible for a student visa (F-1 or M-1).
- Enroll as a full time student (for undergraduates, at least 12 quarter credit hours).
- Pay the minimum tuition deposit.
- Pay the non-refundable SEVIS processing fee (if done through the school).
- Evidence of English Proficiency if the student's first language is not English. Such evidence may be one of the following:
 - a) TOEFL score of 450 (paper-based) or 133 (computer-based) or 45 (Internet-based);
 - b) Completion of Level 107 from a designated English Language School Center (ELS);
 - c) Score of 5.0 on the International English Language Testing System exam (IELTS);
 - d) Score of 60 on Michigan English Language Assessment Battery (MELAB);
 - e) Graduation from a high school in the United States as an exchange student;
 - f) Graduation from a high school in a country where English is the official language.
 - g) Graduation from an American/International high school program where the curriculum is taught in English.
- International students must meet the same programmatic entrance requirements as domestic students.

ACADEMIC INFORMATION

EVEREST REGULATIONS

Each student is given the school catalog, which sets forth the policies and regulations under which the institution operates. It is the responsibility of the student to become familiar with these policies and regulations and to comply accordingly. Ignorance of or lack of familiarity with this information does not serve as an excuse for noncompliance or infractions.

Everest reserves the right to modify its tuition and fees; to add or withdraw members from its faculty and staff; to revise its academic programs; and to withdraw subject courses, and programs if registration falls below the required number. The total hours specified in each area of the program total is the minimum requirements for completion.

DEFINITION OF CREDIT

Everest awards credit in the form of quarter credits. One quarter credit is equivalent to a minimum of 10 clock hours of theory or lecture instruction, a minimum of 20 clock hours of supervised laboratory instruction, or a minimum of 30 clock hours of externship/internship practice. For online learning purposes, one quarter credit is equivalent to a minimum of 10 hours of online learning.

OUT OF CLASS ASSIGNMENTS

- Students in degree programs should plan to spend a minimum of up to two hours per day outside of class completing homework assignments as directed by the instructor
- In addition to scheduled classes, students in diploma programs will be expected to complete assigned homework and other out-of-class assignments in order to successfully meet course objectives as set forth in the course/program syllabi

TRANSFER OF CREDIT INTO EVEREST

Everest has constructed its transfer credit policy to recognize both traditional college credit and non-traditional learning. In general, Everest considers the following criteria when determining if transfer credit should be awarded:

- Accreditation of the institution;
- The comparability of the scope, depth, and breadth of the course to be transferred; and
- The applicability of the course to be transferred to the student's desired program. This includes the grade and age of the previously earned credit.
- If the learning was obtained outside a formal academic setting, through a nationally administered proficiency exam, an IT certificate exam, or military training, Everest will evaluate and award transfer credit using professional judgment and the recommendations for credit issued by the American Council on Education (ACE).

ACADEMIC TIME LIMITS

The following time limits apply to a course being considered for transfer credit:

- College Core and General Education course – indefinite;
- Major Core course (except health science course – within ten (10) years of completion; and
- Military training, Proficiency exams (e.g. DANTES, AP, CLEP, Excelsior, etc.) and IT certificate exams – the same academic time limits as College Core, General Education, and Major Core courses.

Note: Due to certain programmatic accreditation criteria, health science courses must be transferred within five (5) years of completion.

MAXIMUM TRANSFER CREDITS ACCEPTED

Students enrolled in a diploma and associate degree program must complete at least 25% of the program in residency at the institution awarding the degree or diploma. The remaining 75% of the program may be any combination of transfer credit, national proficiency credit, Everest developed proficiency credit, or prior learning credit.

COURSEWORK COMPLETED AT FOREIGN INSTITUTIONS

All coursework completed at a foreign institution must be evaluated by a member of the National Association of Credential Evaluation Services (NACES). An exception to this may be allowed for students transferring from Canada with prior approval from the Transfer Center.

TRANSFER CREDIT FOR LEARNING ASSESSMENT

Everest accepts appropriate credits transferred from the College Level Examination Program (CLEP), DANTES subject testing, and certain other professional certification examination programs. Contact the campus Academic Dean/Director of Education for the current list of approved exams and minimum scores required for transfer.

TRANSFER CREDIT FOR PROFESSIONAL CERTIFICATIONS

Everest may award some credits toward associate and diploma level courses for achievement of professional certifications e.g. CMA, CNE, MCSE, etc.

TRANSFER CREDIT FOR PROFICIENCY EXAMINATION

Undergraduate students may attempt to challenge the requirement to certain selected courses by demonstrating a proficiency level based on special qualifications, skills, or knowledge obtained through work or other experience that is sufficient to warrant the granting of academic credit for a course through a Proficiency Examination. All requests for Proficiency Examinations must be approved by the appropriate Program Director and the Academic Dean/Director of Education.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits students earn at Everest is at the complete discretion of the institution to which students seek to transfer. Acceptance of the degree, diploma or certificate students earn in the program in which students are enrolling is also at the complete discretion of the institution to which students seek to transfer. The credits or degree, diploma or certificate that students earn at Everest will probably not be transferable to any other college or university. For example, if a student entered Everest as a freshman, the student will still be a freshman if he/she enters another college or university at some time in the future even though the student earned units while attending Everest. In addition, if a student earns a degree, diploma or certificate in one of our programs, in most cases it will probably not serve as a basis for obtaining a higher-level degree at another college or university, and the student may be required to repeat some or all of the coursework at that institution. For this reason, a student should make certain that the attendance of Everest will meet his/her educational goals. This may include - before the student's enrollment with Everest - contacting the institution to which the student seeks to transfer after attending Everest to determine if the credits or degree, diploma or certificate will transfer.

TRANSFER TO OTHER EVEREST LOCATIONS

Students in good standing may transfer to another Everest campus location. Transfer students are advised that they will be subject to the minimum residency requirements at the new campus for the program in which they are enrolled. Students may transfer applicable credits from Everest coursework in which a C or higher was earned; however, those credits will be treated as transfer credits and will not count toward fulfilling residency requirements at the new location.

TRANSFER CENTER ASSISTANCE

Any questions regarding the transfer of credit into or from Everest should be directed to the Transfer Center at 877-727-0058 or email transfercenter@cci.edu.

EVEREST CONSORTIUM AGREEMENT

The Everest Consortium Agreement enables students to attend a limited number of classes (a maximum of 49% of credit hours) at an Everest campus location other than their home campus. In addition, students nearing completion of their program of study may finish their degree at another Everest campus location through the Consortium Agreement (a minimum of 51% of credit hours must be completed at the Home campus).

Everest Institute has a Consortium Agreement with the other three Everest Institutes in Florida and with the ten Everest Universities. In addition, Everest Institute has a Consortium Agreement with Everest University – Pompano Beach to allow students the opportunity to enroll in courses offered online. Through this agreement, all quarter-based courses are available to take online unless otherwise noted in the program outlines of this catalog. Complete details on the Everest Consortium Agreement are available in the Academic Dean's/Director of Education's office.

ONLINE COURSE REQUIREMENTS

Though the Consortium Agreement with Everest University – Pompano Beach, online courses are offered using the eCollege platform via the Internet. Online courses have the same objectives as courses taught on-ground although more individual effort and initiative will be required to successfully master the material. Online courses will be designated on the class schedule so students may register during the normal registration period. To maximize success within the online courses, students must have a computer with a system profile that meets or exceeds the following:

Windows Systems

Windows 2000, XP, or Vista 7

64 MB Ram

28.8 kbps modem (56K recommended)

Sound Card & Speakers

Recommended Browser: Microsoft Internet Explorer 9.0

Recommended Browser: Mozilla Firefox 8.0

Supported Browser: Microsoft Internet Explorer 8.0

Supported Browser: Mozilla Firefox 7.0

Mac Systems

Mac OS X or higher (in classic mode)

32 MB RAM (64 recommended)

28.8 kbps modem (56K recommended)

Sound Card & Speakers

Recommended Browser: Safari 5.0

Recommended Browser: Mozilla Firefox 8.0

Supported Browser: Safari 4.0

Supported Browser: Mozilla Firefox 7.0

In addition, students taking online courses must:

- Check quarterly to make sure they are maintaining the correct systems profile;
- Have Internet access and an established email account;
- Verify email account/address with Online Coordinator at the time of registration each quarter;
- Commence online course work as soon as students have access to the courses;
- Participate in classes and activities weekly throughout the course.

DIRECTED STUDY

- Students unable to take a specific required course due to work schedule conflicts, emergency situations, or course scheduling conflicts may request permission to complete a course through directed study.
- Associate degree students may apply a maximum of 8.0 quarter credit hours earned through directed study to the major core of study.
- Students may not take more than one directed study course in a single academic term.
- Diploma students are not eligible for Directed Study.
- Please see the Academic Dean/Director of Education for further information.

GRADING SYSTEM AND PROGRESS REPORTS

The student's final grade for each course or module is determined by the average of the tests, homework, class participation, special assignments and any other criteria indicated in the grading section of the syllabus for the course or module. Final grades are reported at the completion of each grading term and are provided to each student. If mailed, they are sent to the student's home address. Failed courses must be repeated and are calculated as an attempt in Satisfactory Academic Progress calculations.

Grade	Point Value	Meaning	Percentage Scale
A	4.0	Excellent	100-90
B	3.0	Very Good	89-80
C	2.0	Good	79-70
D*	1.0	Poor	69-60
F** or Fail	0.0	Failing	59-0
P or Pass	Not Calculated	Pass (for externship/internship or thesis classes only)	
PF	Not Calculated	Preparatory Class Failed	
PP	Not Calculated	Preparatory Class Passed	
IP***	Not Calculated	In Progress (for externship/internship or thesis courses only)	
L	Not Calculated	Leave of Absence (allowed in modular programs only)	
EL	Not Calculated	Experiential Learning Credit	
PE	Not Calculated	Pass by Proficiency Exam	
W	Not Calculated	Withdrawal	
WZ	Not Calculated	Withdrawal for those students called to immediate active military duty. This grade indicates that the course will not be calculated for purposes of determining rate of progress	
TR	Not Calculated	Transfer Credit	

*Not used in Allied Health and Trades Programs.

**Due to programmatic accrediting agency requirements, students in Allied Health programs require a higher percentage grade to pass. For Allied Health Programs, F (failing) is 69-0%.

***If the required linear externship/internship hours are not completed within one term, the student will receive an IP (In Progress) grade and a zero credit Externship/Internship Extension course will be scheduled in the following term. Once the required hours are completed, the student's grade will be entered in both courses.

Treatment of Grades in the Satisfactory Academic Progress/Rate of Progress Calculation			
Grade	Included in GPA calculation?	Counted as attempted credits?	Counted as earned credits?
A	Y	Y	Y
B	Y	Y	Y
C	Y	Y	Y
D	Y	Y	Y
F or Fail	Y	Y	N
P or Pass	N	Y	Y
PF	N	N	N
PP	N	N	N
IP	N	Y	N
L	N	N	N
EL	N	Y	Y
PE	N	Y	Y
W	N	Y	N
WZ	N	N	N
TR	N	Y	Y

GPA AND CGPA CALCULATIONS

- The Grade Point Average (GPA) is calculated for all students. The GPA for each term and Cumulative Grade Point Average (CGPA) are calculated on courses taken at Everest.
- The GPA for each term is calculated by dividing the quality point earned that term by the total cumulative credit hour for the GPA.
- The CGPA is calculated by dividing the total cumulative quality point earned by the total cumulative credits attempted for the GPA.
- The number of quality points awarded for each course is determined by multiplying the points listed for each letter grade by the number of credits of the course.
- A grade average percentage is calculated for students receiving percentage grades.
- The GPA equivalent of the calculated average is given in the table above.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS (SAP)

Students must maintain satisfactory academic progress in order to remain eligible as regularly enrolled students and to continue receiving federal financial assistance. The accreditor and federal regulations require that all students progress at a reasonable rate toward the completion of their academic program. Satisfactory academic progress is measured by:

- The student's cumulative grade point average (CGPA).
- The student's rate of progress toward completion (ROP).
- The maximum time frame allowed to complete which is 150% of total number of credits in the program of study (MTF).

EVALUATION PERIODS FOR SAP

Satisfactory academic progress is measured for all students at the end of each grading period (i.e., at the end of each term, module, phase, level, quarter and payment period).

RATE OF PROGRESS TOWARD COMPLETION

The school catalog contains a schedule designating the minimum percentage or amount of work that a student must successfully complete at the end of each evaluation period to complete their educational program within the maximum time frame (150%). Quantitative progress is determined by dividing the number of credit hours earned by the number of credit hours attempted. Credit hours attempted include completed hours, transfer credits, withdrawals, and repeated courses.

MAXIMUM TIME FRAME TO COMPLETE

The maximum time frame for completion of any program is limited by federal regulation to 150% of the published length of the program. A student is not allowed to attempt more than 1.5 times or 150% of the credit hours in the standard length of the program in order to complete the requirements for graduation.

SATISFACTORY ACADEMIC PROGRESS TABLES

48 Quarter Credit Hour Program. Total credits that may be attempted: 72 (150% of 48).				
Total Credits Attempted	SAP Advising if CGPA is below	SAP Not Met if CGPA is below	SAP Advising if Rate of Progress is Below	SAP Not Met if Rate of Progress is Below
1-18	2.0	N/A	66.66%	N/A
19-24	2.0	0.5	66.66%	25%

121-144	N/A	2.0	N/A	66.66%

APPLICATION OF GRADES AND CREDITS

- Grades A through F are included in the calculation of CGPA and are included in the Total Number of Credit Hours Attempted.
- Transfer credits (TR) are not included in the calculation of CGPA but are included in the Total Number of Credit Hours Attempted and Earned in order to determine the required levels for CGPA and rate of progress.
- Courses with grades of P and PE are not included in the CGPA calculation but do count as credit hours successfully completed for the rate of progress calculation.
- For calculating rate of progress, F grades and W grades are counted as hours attempted but are not counted as hours successfully completed. Grades of IP will also be counted as hours attempted but not as hours successfully completed.
- When a course is repeated, the higher of the two grades is used in the calculation of CGPA, and the total credit hours for the original course and the repeated course are included in the Total Credit Hours Attempted (in the SAP charts) in order to determine the required rate of progress level. The credit hours for the original attempt are considered as not successfully completed.
- When a student returns from a leave of absence and completes the course from which the student withdrew, the hours for which the student receives a passing grade are counted as earned; the grade, hours, and attendance for the original attempt prior to the official leave of absence are not counted for purpose of the rate of progress toward completion calculation and the original grade is not counted in the CGPA calculation.
- When a student transfers between programs, all attempts of courses common to both programs are included in the CGPA and ROP of the new program.
- Students graduating from one program and continuing on to another will have all successfully completed courses common to both programs included in the SAP calculations of the new program. Courses not in the new program, including grades of W or F, are excluded from all SAP calculations.
- Non-punitive grades are not used and non-credit and remedial courses are not offered.

ACADEMIC AND FINANCIAL AID WARNING

SAP is evaluated at the end of each term and all students with a cumulative grade point average (CGPA) and/or rate of progress (ROP) below the required academic progress standards as stated in the school's catalog are determined to have not met satisfactory academic progress. Students not meeting SAP and with a previous SAP Met status will be issued a Financial Aid Warning and be advised that unless they improve their CGPA and/or rate of progress toward completion, they may be withdrawn from their program and lose eligibility for federal financial aid.

NOTIFICATION OF FINANCIAL AID WARNING

The Academic Dean/Director of Education (or designee) must provide the written notice of FA Warning status to all students not meeting SAP and with a previous SAP Met status. The following timelines apply to all students receiving an FA Warning:

- For programs with an Add/Drop period:
 - Students must receive the notification by the first day of the term; and
 - Must be advised within fourteen (14) calendar days after the term start.

Note: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start and be advised within twenty-one (21) calendar days after the term start.

- For modular programs:
 - Students must receive the notification by the third (3rd) calendar day of the next module; and
 - Must be advised within ten (10) calendar days after the module start.

ACADEMIC AND FINANCIAL AID PROBATION

When students fall below the required academic progress standards (CGPA and/or ROP) for their program for two consecutive evaluation periods, students shall receive written notification that they will be withdrawn unless they successfully appeal by written request within the timeframe stated in the Student Academic Appeals Policy. If a student's appeal is approved, the student will be placed on Academic and Financial Aid (FA) probation. While on FA probation, students must adhere to an Academic Progress Plan. Probation will begin at the start of the next evaluation period. When both the CGPA and ROP are above the probation ranges, students are removed from probation.

During the period of probation, students are considered to be making Satisfactory Academic Progress both for academic and financial aid eligibility. Students on probation must participate in academic advising as a condition of their probation. Academic advising shall be documented on an Academic Progress Plan and shall be kept in the students' academic file.

NOTIFICATION OF ACADEMIC AND FINANCIAL AID PROBATION

The Academic Dean/Director of Education (or designee) must provide written notice of probationary status to all students placed on academic and financial aid probation. The following timelines apply for all students:

- For programs with an Add/Drop period:
 - Students must receive the notification by the first day of the term;
 - If the student appeals this status and the appeal is approved, the student must receive an Academic Progress Plan within ten (10) calendar days after the appeal's approval.

Note: For terms without a break week, students must receive the notification within seven (7) calendar days after the term start.

- For modular programs:
 - Students must receive the notification by the third (3rd) calendar day of the next module;
 - If the student appeals this status and the appeal is approved, the student must receive an Academic Progress Plan within seven (7) calendar days after the appeal's approval.

DISMISSAL

If the student does not meet the Academic Progress Plan's requirements at the end of the evaluation period, the student will be dismissed from the program. Students who have violated Academic and Financial Aid Probation and have been dismissed from a program are not eligible for readmission to that program if the student has exceeded or may exceed the maximum time frame of completion until they reestablish appropriate Satisfactory Academic Progress standing. Students who have reached the maximum time frame for their program must be withdrawn from the program. There is no appeal for this type of withdrawal.

RETAKE PASSED COURSEWORK

Students may repeat coursework as long as such coursework does not include more than a single repetition of a previously passed course. Each attempt counts in the calculation of the students' rate of progress and successful completion percentages. All repeated courses will appear on the student's transcript, but only the highest grade earned will be included in the calculation of their cumulative grade point average.

RETAKE FAILED COURSEWORK

For the purpose of improving academic standing and establishing institutional grade point average, students must repeat any failed coursework. Failed courses may be repeated more than twice, so long as repeating the coursework does not jeopardize the students' maximum time frame of completion. Each attempt counts in the calculation of the students' rate of progress and successful completion percentages. All repeated coursework will appear on the student's transcript, but only the highest grade earned will be included in the calculation of their cumulative grade point average.

MODULAR PROGRAM ATTENDANCE POLICIES

This policy sets standards that are critical to the student academic success. An instructor may consider a student present who does not attend the entire class session if a) the criteria used to make the determination are stated in the course syllabus and b) the amount of time missed does not exceed 50% of the class session.

ESTABLISHING ATTENDANCE / VERIFYING ENROLLMENT

New students registered for a class shall attend by the second scheduled class session, or be withdrawn.

MONITORING STUDENT ATTENDANCE

Faculty shall monitor student attendance on the basis of both consecutive absences (the "Consecutive Absence Rule") and absences as a percentage of the total program hours (minus externship hours).

CONSECUTIVE ABSENCE RULE

When a student is absent from school for fourteen (14) consecutive calendar days excluding holidays and scheduled breaks, the faculty shall notify the Academic Dean/Director of Education. The consecutive absence rule is applied to days missed in the total program.

PERCENTAGE ABSENCE RULE

For students who **have not** previously violated the attendance policy, the following rule shall apply:

Percentage	Action Taken
15% of the total classroom hours missed	Attendance warning letter sent
20% of the total classroom hours missed	Withdrawn from the module and dismissed from school

For students who **have** been dismissed for violating the attendance policy, or would have been dismissed but for a successful appeal, the following rule shall apply:

Percentage	Action Taken
15% of the remaining classroom hours missed	Attendance warning letter sent
20% of the remaining classroom hours missed	Withdrawn from the module and dismissed from school

DATE OF WITHDRAWAL

When a student is withdrawn for consecutive absences within the term or module, the date of the student's withdrawal shall be the student's last date of attendance (LDA). When a student is withdrawn for violating the applicable percentage absence rule, the Date of Withdrawal shall be the date of the violation.

DATE OF DETERMINATION (DOD)

The Date of Determination (DOD) is the date the school determined the student would not return to class. This is the date used to determine the timeliness of the refund. The DOD is the **earliest** of the following three (3) dates:

- The date the student notifies the school (verbally or in writing) that s/he is not returning to class;
- The date the student violates the published attendance policy;
- No later than the 14th calendar day after the last date of attendance; scheduled breaks are excluded when calculating the DOD.

ATTENDANCE RECORDS

The computer attendance database is the official record of attendance. The official record may be challenged by filing an attendance appeal within five (5) calendar days following the end of a session. Without an appeal, after the 14th calendar day following the end of the term/module, the computer attendance database shall be considered final.

QUARTER-BASED ATTENDANCE POLICIES

Students are expected to actively participate in all courses. Each course shall have regularly scheduled academic-related activities that occur throughout each evaluation period of the term. Academic-related activities provide course instructors with specific measurable that aid in the assessment of the student's performance and the eventual awarding of a final course grade. Examples of academically-related activities are completion of an exam or instructor-graded activity; for students taking courses online, two substantial posts in the discussion board or teamwork.

ENROLLMENT TRACKING PERIOD

The enrollment tracking period for full term courses is the first twenty-one (21) calendar days of the term, and the first fourteen (14) calendar days of the mini-term, excluding scheduled breaks and holidays.

All instructors shall take attendance during the enrollment tracking period for each course. Students who fail to attend a course at least once during this period are withdrawn from the course. Students who fail to attend any courses during the enrollment tracking period are withdrawn from the school.

TRACKING ACADEMICALLY-RELATED ACTIVITIES

All instructors shall track student participation in academically-related activities during the following evaluation periods:

- For a full term, the tracking period will run from weeks 4-7 and again during weeks 8-11.
- For a six week mini term that starts in sync with the full term, the tracking period will run from weeks 1-2. Student must participate during at least one (1) week of the tracking period.
- For a six week mini term that starts in the middle of the full term, the tracking period will run from weeks 4-5 (overlaps weeks 10-11 of the full term). Student must participate during at least one (1) week of the tracking period.

Students must participate in at least one (1) course during these tracking periods (respectively) to remain enrolled in school. Students who fail to participate in any academically-related events during these periods shall be withdrawn from school.

STUDENTS FAILING ALL FIRST TERM COURSES

If a student fails all courses during his or her first term of enrollment, the following conditions shall apply to the subsequent term:

- Students shall be required to successfully repeat failed first term courses within one (1) year of their subsequent term enrollment;
- Students shall be allowed to enroll in other courses parallel to remedial and repeating courses in subsequent term enrollment;
- Students shall be required to participate each week;
- Failure to participate for one (1) week will result in a warning issued to the student; and
- Failure to participate for two (2) weeks will result in the student's dismissal.

Note: Students who have been dismissed from school shall have the opportunity to appeal the dismissal decision. However, an approval to remain in school is not guaranteed and should not be implied.

DATE OF WITHDRAWAL

The date of withdrawal for students who officially withdraw is the date the student begins the official withdrawal process or provides written notice of their intent to withdrawal, whichever is earlier. If the student officially rescinds his or her official notification of withdrawal and then withdraws within the same quarter, the withdrawal date is the student's original withdrawal date from the previous official notification. If the student ceases attendance without providing official notification, the withdrawal date is the last documented date of attendance.

DATE OF DETERMINATION (DOD)

The Date of Determination (DOD) for students who officially withdraw is the student's withdrawal date or the date of notification, whichever is later. The DOD for students who unofficially withdraw (no notification provided by student), the DOD is:

- The Monday of week 8 in the full term for the Academic Event period during weeks 4-7;
- The Monday of week 12 in the full term for the Academic Event period during weeks 8-11;
- The Monday of week 6 in the mini term for the Academic Event period during weeks 4-5.

The DOD for students who withdraw after rescinding a previous official withdrawal notification is the date the school becomes aware that the student did not, or will not, complete the payment period or period of enrollment.

LEAVE OF ABSENCE POLICY (MODULAR PROGRAMS ONLY)

Everest permits students to request a leave of absence (LOA) as long as the leave does not exceed a total of 180 days during any 12-month period, starting from the first day of the first leave, and as long as there are documented, legitimate extenuating circumstances that require the students to interrupt their education. In order for a student to be granted an LOA, the student must submit a completed, signed and dated Leave of Absence Request Form by the 10th calendar day of the leave to the Academic Dean/Director of Education.

Note: Everest does not permit leaves of absence for students enrolled in quarter-based programs. Students experiencing circumstances that may make it necessary to interrupt their attendance temporarily should see the Academic Dean/Director of Education.

RE-ADMISSION FOLLOWING A LEAVE OF ABSENCE

- Upon return from leave, the student will be required to repeat the module, if it had been interrupted, and receive final grades.
- The student will not be charged any fee for the repeat of any module from which the student took leave or for re-entry from the leave of absence.
- The date the student returns to class is normally scheduled for the beginning of a module.

- When a student is enrolled in a modular program, the student may return at any appropriate module, not only the module from which the student withdrew.

EXTENSION OF LOA

A student on an approved LOA may submit a request to extend the LOA without returning to class. Such a request may be approved by the Director of Education provided:

- The student submits a completed LOA Extension Request Form before the end date of the current leave
- There is a reasonable expectation the student will return
- The number of days in the leave as extended, when added to all other approved leaves, does not exceed 180 calendar days in any twelve (12) month period calculated from the first day of the student's first leave
- Appropriate modules required for completion of the program will be available to the student on the date of return

If the extension request is approved, the end date of the student's current leave will be changed in the official student information system to reflect the new end date. If the request is denied, the student will be withdrawn and the withdrawal date will be the student's last date of attendance (LDA).

FAILURE TO RETURN FROM A LEAVE OF ABSENCE

A student who fails to return from a LOA on or before the date indicated in the written request will be terminated from the program, and the institution will invoke the refund policy. As required by federal statute and regulations, the student's last date of attendance prior to the approved LOA will be used in order to determine the amount of funds the institution earned and make any refunds that may be required under federal, state, or institutional policy.

POSSIBLE EFFECTS OF LEAVE OF ABSENCE

Students who are contemplating a LOA should be cautioned that one or more of the following factors may affect the length of time it will take the student to graduate.

- Students returning from a LOA are not guaranteed that the module required to maintain the normal progress in their training program will be available at the time of reentry;
- They may have to wait for the appropriate module to be offered;
- Financial aid may be affected.

EXTERNSHIP TRAINING

Upon successful completion of all classroom requirements, students are expected to begin the externship portion of their programs within 14 calendar days (excluding holidays and regularly scheduled breaks). If a student does not begin externship training within 14 calendar days, he/she must be dropped from the program. A leave of absence (LOA) may only be approved if the student's reason meets the criteria of the LOA Policy. Students may only miss 14 consecutive calendar days once they start externship or they must be dropped from the program.

Each student has 90 days to complete their externship. Any modular student who does not complete externship training within 90 days will fail the externship. If a student is expected to successfully complete the externship with less than 16 hours remaining, the Academics Department can approve an extension past 90 days. Quarter-based students who do not complete within 90 days can be given an "IP" if they are expected to complete in an additional 14 days from the end of the term if approved by the Academics Department.

Students who drop from externship either prior to starting or during externship and/or delay the completion of their externship for more than 30 days from the last days of attendance must have their skills evaluated by a program instructor or director/chair prior to re-entry to ensure they are still competent to perform skills safely in the externship setting.

WITHDRAWAL PROCEDURES

- Students who intend to withdraw from school are requested to notify the Academic Dean/Director of Education by telephone, in person, by email or in writing to provide official notification of their intent to withdraw and the date of withdrawal.
- Timely notification by the student will result in the student being charged tuition and fees for only the portion of the payment period or period of enrollment that he/she attended as well as ensuring a timely return of federal funds and any other refunds that may be due.
- Students requesting a withdrawal from school must complete a financial aid exit interview.
- Students who have withdrawn from school may contact the school's Education Department about reentry.

MAKE-UP WORK

At the instructor's discretion, make-up work may be provided to students who have missed class assignments or tests. Make-up work must be completed within ten (10) calendar days after the end of the term/module.

REQUIREMENTS FOR GRADUATION

- Successfully complete all courses in the program with a 2.0 cumulative grade point average within the maximum time frame for completion as stated in the school catalog.
- Successfully complete all externship requirements (if applicable).
- Meet any additional program specific requirements as stated in the catalog.

Commencement exercises are held at least once a year. Upon graduation, all students who are current with their financial obligation to the school shall receive their diploma.

VETERANS EDUCATION BENEFITS

PRIOR CREDIT FOR VETERANS AFFAIRS (VA) BENEFICIARIES

Upon enrollment, Everest will request and obtain official written records of all previous education and experience (including military education and training), grant credit where appropriate, notify the student and shorten the program certified accordingly. Students must submit official transcript within the first term of enrollment and prior credit must be considered and evaluated within the first two terms of the enrollment period.

RETROACTIVE VETERANS' BENEFITS

Veterans' benefits can be paid for enrollments up to one year before the date the VA receives a student's application. Schools may certify students retroactively for enrollment periods not previously certified. VA will determine the date of eligibility and the beginning date from which benefits can be paid.

ATTENDANCE REQUIREMENTS FOR VETERAN STUDENTS

VA eligible students must maintain an attendance average of 80%, evaluated monthly. Failure to maintain an 80% attendance average in a 30 day period will result in probationary status for the next 30 days. If the attendance average does not meet the 80% average at the end of the probationary period, termination for VA benefits will result. Documented mitigating circumstances may be considered by school officials for further consideration.

VETERANS' LEAVE OF ABSENCE

A student will be granted no more than one leave of absence for a maximum period of 60 days. A written request must be made in advance or the absence will be considered unexcused. VA will be notified immediately when a veteran student is granted leave.

MAKE-UP ASSIGNMENTS

Make up work and assignments may not be certified for veteran students for VA pay purposes.

MAXIMUM TIME FRAME FOR VETERAN STUDENTS

Students funded by the VA must complete their programs within the program's standard timeframe to receive veteran benefits.

SATISFACTORY ACADEMIC PROGRESS FOR UNDERGRADUATE STUDENTS RECEIVING VA BENEFITS

- Veteran students are subject to the Satisfactory Academic Progress Policy and may be placed on academic probation or dismissed for failing to make satisfactory academic progress.
- At the end of a probationary period, a student's progress is re-evaluated. If the student has met minimum standards for satisfactory academic progress and any written conditions of probation that may have been required, the student is removed from probation and returned to regular student status.
- A veteran who fails to make satisfactory academic progress status after two consecutive periods of academic probation must be reported to the VA and may have their benefits terminated.

VETERANS REINSTATEMENT AFTER SUCCESSFUL APPEAL OF TERMINATION

A student who successfully appeals termination due to failure to maintain satisfactory academic progress may be reinstated. A reinstated student enters under an extended probationary period. This probationary period will extend for one grading period, after which a student must meet minimum standards of satisfactory progress to remain in school. The VA will determine whether or not to resume payments of education benefits to a reinstated student.

APPEALS POLICY

STUDENT ACADEMIC APPEALS POLICY

Academic appeals include those appeals related to Satisfactory Academic Progress violations, final grades, attendance violations, and academic or financial aid eligibility. In all instances, with the exception of SAP, Everest

expects that initially every attempt will be made to resolve such disputes informally through discussions by all relevant parties prior to initiating formal appeals.

All formal academic appeals must be submitted in writing on an Academic Appeal Form to the Academic Dean/Director of Education within five (5) calendar days of the date the student has notice of the adverse academic decision:

- Notice of final grades:
 - Modular programs - the date the grade(s) are mailed from the school
 - Quarter-based programs - first day of the subsequent term
- Notice of Attendance violation is the date of the violation
- Notice of SAP violation (FA probation or FA dismissal)
 - Modular programs – third calendar day of the subsequent module
 - Quarter-based programs - first day of the subsequent term

Note: In the case of terms without a break week, the student must receive the notification within seven (7) calendar days of the term start.

The appeal must include:

- The specific academic decision at issue
- The date of the decision
- The reason(s) the student believes the decision was incorrect
- The informal steps taken to resolve the disagreement over the decision
- The resolution sought

The written appeal may be accompanied by any additional documentation (e.g., papers, doctor notes, tests, syllabi) the student believes supports the conclusion that the academic decision was incorrect.

Note: Once a formal appeal is filed, no action based on the adverse academic decision may be taken until the appeal process is complete. However, in cases involving financial aid eligibility, all financial aid disbursements shall be suspended until the matter is resolved.

Upon receipt of the Academic Appeal Form, the Academic Dean/Director of Education shall convene an Appeal Committee. The Appeal Committee shall investigate the facts of the matter to the extent deemed appropriate under the circumstances. The Appeal Committee shall render a written decision within five (5) calendar days of the date the appeal was received, and shall forward the decision to the student and the instructor within five (5) calendar days thereafter. Copies of all documents relating to the appeal shall be placed in the student's academic file, and the decision of the Appeal Committee shall be noted in the official student information system within one (1) calendar day of the date of the decision. The decision of the Appeal Committee is final, and no further appeals are permitted.

Note: When an appeal is denied, the date of any suspension of financial aid or dismissal from the program shall be the date of the adverse academic decision. The student will not be charged for any attendance after the date of the adverse academic decision.

ASSIGNMENT/ TEST GRADES

Students who disagree with an assignment/test grade should discuss it with the instructor upon receipt of the grade. Assignments/test grades are reviewed at the instructor's discretion. If the instructor is not available, the matter should be discussed with the Program Director/Department Chair. Only final course grades are eligible for appeal.

FINAL COURSE GRADES

In modular programs, appeals of final course grades must be made by the fifth (5th) calendar day after the date the grades are mailed from the school. In quarter-based programs, appeals of final course grades must be made by the sixth (6th) calendar day of the subsequent term. The Academic Dean/Director of Education may direct a grade to be changed when it is determined by an Appeal Committee that a final grade was influenced by any of the following:

1. A personal bias or arbitrary rationale
2. Standards unreasonably different from those that were applied to other students
3. A substantial, unreasonable, or unannounced departure from previously articulated standards
4. The result of a clear and material mistake in calculating or recording grades or academic progress

ATTENDANCE VIOLATIONS (MODULAR PROGRAMS)

Appeals of attendance violations must be made within five (5) calendar days of the violation. In order for an attendance appeal to be considered, the student must:

1. Attend school:
 - The next scheduled class period (Consecutive Absence Rule violations)
 - Within five (5) calendar days of the violation (Percentage Absence Rule violations)
2. Have perfect attendance while the appeal is pending
3. Submit a written plan to improve attendance with the Appeal Form

Provided that no applicable state requirement would be violated by doing so, an attendance appeal may be granted if the student demonstrates that the absence was caused by:

1. The death of a family member
2. An illness or injury suffered by the student
3. Special circumstances of an unusual nature which are not likely to recur

The Appeal Committee may, as a condition of granting the appeal, require the student to make up assignments and develop an Academic Advising Plan in conjunction with his/her advisor.

ATTENDANCE VIOLATIONS (QUARTER-BASED PROGRAMS)

New students who fail all of their first term courses are subject to a Consecutive Absence Rule attendance policy. Appeals of attendance violations must be made within five calendar days of the violation. In order for an attendance appeal to be considered, the student must:

1. Attend school at the next scheduled class period.
2. Have perfect attendance while the appeal is pending.
3. Submit a written plan to improve attendance with the Appeal Form.

Provided that no applicable state requirement would be violated by doing so, an attendance appeal may be granted if the student demonstrates that the absence was caused by:

1. The death of a family member
2. An illness or injury suffered by the student
3. Special circumstances of an unusual nature which are not likely to recur

The Appeal Committee may, as a condition of granting the appeal, require the student to make up missed class time or assignments, place the student on probation and require the student to develop an Academic Advising Plan in conjunction with his/her advisor.

SATISFACTORY ACADEMIC PROGRESS (SAP) APPEALS

In modular programs, SAP appeals must be made within five (5) calendar days of the notification, i.e., eight (8) calendar days of the subsequent module start. In quarter-based programs, SAP appeals must be made by the sixth (6th) calendar day of the subsequent term.

Provided that the student can complete their program within the maximum time frame with the required minimum CGPA, a SAP appeal may be granted if the student demonstrates that s/he is sincerely committed to taking the steps required to succeed in his/her program and that his or her failure to maintain the required CGPA or ROP was caused by any of the following mitigating circumstances:

1. The death of a family member
2. An illness or injury suffered by the student
3. Special circumstances of an unusual nature which are not likely to recur

SAP violation/FA Probation appeals must include a detailed statement written by the student explaining the reason why he or she failed to make SAP, and what has changed in the student's situation that will allow him or her to demonstrate SAP at the next evaluation period. An appeal will be strengthened if supporting documentation is included (e.g., medical doctor's note, law enforcement report, etc.)

The Appeal Committee shall, as a condition of granting the appeal, require the student to develop an Academic Progress Plan in conjunction with the student's advisor and place the student on FA probation.

FINANCIAL INFORMATION

STATEMENT OF FINANCIAL OBLIGATION

A student who has applied, is accepted, and has begun classes at Everest assumes a definite financial obligation. Each student is legally responsible for his or her own educational expenses for the period of enrollment. A student who is enrolled and has made payments in full or completed other financial arrangements and is current with those obligations, is entitled to all the privileges of attending classes, taking examinations, receiving grade reports, securing course credit, being graduated, and using the Career Services Office.

Any student who is delinquent in a financial obligation to the school, or any educational financial obligation to any third party, including damage to school property, library fines, and payment of tuition and fees, is subject to exclusion from any or all of the usual privileges of the school. Everest may, in its sole discretion, take disciplinary action on this basis, including suspension or termination of enrollment.

TUITION AND FEES

Tuition and fees information can be found in the "Tuition and Fees" section of the catalog. Modular programs are offered throughout the year on a schedule independent of the standard quarter calendar. When a student begins enrollment in a modular program, the student is charged for tuition by academic year, instead of by quarter.

Quarter-based programs will be charged for the student's first quarter (or mini-term quarter start) in attendance. Tuition and fees for subsequent quarters will be charged at the published rate in effect at the beginning of that quarter. The minimum full-time course load is 12 credits per quarter. Non-credit-bearing coursework will be charged at the same rate as credit-bearing coursework. Textbook costs per quarter are dependent upon the classes for which the student is registered. All credits for which a student is registered are charged at the current rate, including any courses being repeated. The student's total tuition for a given quarter is determined by multiplying the number of credit hours for which the student is registered at the end of the Add/Drop period by the then current tuition rate for that number of credit hours.

The Enrollment Agreement obligates the student and the school for the entire program of instruction. Students' financial obligations will be calculated in accordance with the refund policy in the contract and this school catalog.

Student may make payments by cash or by the following accepted credit cards: Visa, MasterCard or Discover.

ADDITIONAL FEES AND EXPENSES

Charges for textbooks, uniforms and equipment are separate from tuition. The institution does not charge for books, uniforms and equipment until the student purchases and receives the items. Incidental supplies, such as paper and pencils are to be furnished by the students.

VOLUNTARY PREPAYMENT PLAN

The school provides a voluntary prepayment plan to students and their families to help reduce the balance due upon entry. Details are available upon request from the Student Finance Office.

BUYER'S RIGHT TO CANCEL

The applicant's signature on the Enrollment Agreement does not constitute admission into the school until the student has been accepted for admission by an official of the school. If the applicant is not accepted, all monies paid will be refunded.

After the applicant has signed the Enrollment Agreement, the applicant may request cancellation by submitting a written notice either prior to the start of the first scheduled class or by midnight of the third business day following the signing of the Enrollment Agreement, whichever is later, and the applicant will receive a full refund of all monies paid. Applicants who have signed the Enrollment Agreement but have not yet visited the school may also cancel within three business days following either the school's regularly scheduled orientation procedures or a tour of the school's facilities and inspection of equipment, where training and services are provided.

Cancellation will occur when the student gives a signed and dated written notice of cancellation to the Director of Admissions or President at the addresses shown on the front of the Enrollment Agreement. The written notice of cancellation need not take any particular form and, however expressed, is effective if signed and dated by the student and states that the student no longer wishes to be bound by the Enrollment Agreement. A notice of cancellation may be given by mail or hand delivery. The notice of cancellation, if sent by mail, is effective when deposited in the mail, properly addressed, with postage prepaid.

OFFICIAL WITHDRAWALS

An official withdrawal is considered to have occurred on the earlier of a) the date that the student provides to the school official notification of his or her intent to withdraw, or b) the date that the student begins the withdrawal process. Students who must withdraw from the school are requested to notify the office of the Academic Dean/Director of Education by telephone, in person, or in writing, to provide official notification of their intent to withdraw. Students will be asked to provide the official date of withdrawal and the reason for withdrawal in writing at the time of official notification. When the student begins the process of withdrawal, the student or the office of the Academic Dean/Director of Education will complete the necessary form(s).

Quarter-Based Programs: After the cancellation period, students in quarter-based programs who officially withdraw from the school prior to the end of the school's official add/drop period will be dropped from enrollment, and all monies paid will be refunded.

Modular Programs: Although there is no add/drop period in modular programs, for students who officially withdraw within the first five class days (or for weekend classes within seven calendar days from the date they started class, including the day they started class), all monies paid will be refunded.

DATE OF WITHDRAWAL VERSUS DATE OF DETERMINATION (DOD)

The date of withdrawal for students who officially withdraw is the same date as determined under official withdrawals above. If the student officially rescinds his or her official notification of withdrawal and then withdraws

within the same quarter, the withdrawal date is the student's original withdrawal date from the previous official notification.

If the student ceases attendance without providing official notification due to circumstances beyond the student's control, the withdrawal date is as follows: If the withdrawal is due to circumstances beyond the student's control, the date of withdrawal is the date the school determines is related to the circumstance beyond the student's control; otherwise, the withdrawal date is the midpoint of the quarter or the last documented date of attendance at an academic activity, whichever is later.

For a student who officially withdraws, the DOD is the student's withdrawal date or date of notification, whichever is later. For a student who withdraws without notification, the DOD is the date that the school becomes aware that the student has ceased attendance. For a student who withdraws after rescinding an official withdrawal, the DOD is the date the school becomes aware that the student did not, or will not, complete the period of enrollment.

For a student who withdraws without providing notification from a school that is not required to take attendance, the school must determine the withdrawal date no later than 30 days after the end of the earlier of (1) the payment period or the period of enrollment (as applicable), (2) the academic year, or (3) the student's educational program.

FEDERAL FINANCIAL AID RETURN POLICY

STUDENT FINANCIAL AID (SFA)

The school is certified by the U.S. Department of Education as an eligible participant in the Federal Student Financial Aid (SFA) programs established under the Higher Education Act of 1965 (HEA), as amended (Title IV programs). The school is required to determine earned and unearned portions of Title IV aid for students who cancel, withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60% of a payment period or term.

RETURN OF TITLE IV FUNDS CALCULATION AND POLICY

The Return of Title IV Funds calculation (Return calculation) is based on the percentage of earned aid using the following calculation: Percentage of payment period or term completed equals the number of days completed up to the withdrawal date divided by the total days in the payment period or term. (Any break of five days or more is not counted as part of the days in the term). This percentage is also the percentage of earned aid.

Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula: Aid to be returned equals (100% of the aid that could be disbursed minus the percentage of earned aid) multiplied by the total dollar amount of aid that could have been disbursed during the payment period or term.

The school must return the lesser of:

1. The amount of Title IV program funds that the student did not earn; or
2. The amount of institutional charges that the student incurred for the payment period or period of enrollment multiplied by the percentage of funds that were not earned.

The student (or parent, if a federal PLUS loan) must return or repay the amount by which the original overpayment amount exceeds 50% of the total grant funds received by the student for the payment period or period of enrollment, if the grant overpayment is greater than \$50. (Note: if the student cannot repay the grant overpayment in full, the student must make satisfactory agreements with the U.S. Department of Education to repay any outstanding grant balances. The Student Financial Aid Department will be available to advise the student in the event that a student repayment obligation exists. The individual will be ineligible to receive additional student financial assistance in the future if the financial obligation(s) is not satisfied).

The school must return the Title IV funds for which it is responsible in the following order:

1. Unsubsidized Direct Stafford loans (other than PLUS loans)
2. Subsidized Direct Stafford loans
3. Federal Perkins loans
4. Direct PLUS loans
5. Federal Pell Grants for which a return of funds is required
6. Academic Competitiveness Grants for which a return of funds is required
7. National Smart Grants for which a return of funds is required
8. Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required

If a student withdraws after the 60% point-in-time, the student has earned all Title IV funds that he/she was scheduled to receive during the period and, thus, has no unearned funds; however, the school must still perform a Return calculation. If the student earned more aid than was disbursed to him/her, the institution would owe the student a post-withdrawal disbursement, which must be paid within 180 days of the DOD. If a student earned less aid than was disbursed, the school would be required to return a portion of the funds, and the student would be required to return a portion of the funds. Any outstanding student loans that remain are to be repaid by the student according to the terms of the student's promissory notes.

TITLE IV CREDIT BALANCES

After a Return calculation has been made and a state/institutional refund policy, if applicable, has been applied, any resulting credit balance (i.e. earned Title IV funds exceed institutional charges) must be paid within 14 days from the date the school performs the Return calculation and will be paid in one of the following manners:

1. Pay authorized charges at the institution;
2. With the student's permission, reduce the student's Title IV loan debt (not limited to the student's loan debt for the period of enrollment);
3. Return to the student.

EFFECT OF LEAVES OF ABSENCE ON RETURNS

If a student does not return from an approved leave of absence on the date indicated on the written request, the withdrawal date is the student's last day of attendance. For more information, see the Leave of Absence section in this catalog.

TIMEFRAME WITHIN WHICH INSTITUTION IS TO RETURN UNEARNED TITLE IV FUNDS

The school must return the amount of unearned Title IV funds for which it is responsible within 45 days after the DOD.

REFUND POLICIES

INSTITUTIONAL PRO RATA REFUND CALCULATION AND POLICY

The school will perform a pro rata refund calculation for students who terminate their training before completing the period of enrollment. The school is entitled to retain only the percentage of charges (tuition, fees, room, board, etc.) proportional to the period of enrollment completed by the student.

Modular Programs

The period of enrollment for students enrolled in modular programs is the academic year. The period of enrollment completed by the student is calculated by dividing the number of calendar days in the period of enrollment into the calendar days in the period as of the student's last date of attendance. The refund is calculated using the following steps:

1. Determine the total charges for the period of enrollment.
2. Divide this figure by the total number of calendar days in the period of enrollment. The answer to the calculation in step 2 is the daily charge for instruction.
3. The amount owed by the students for the purposes of calculating a refund is derived by multiplying the total calendar days in the period as of the student's last date of attendance by the daily charge for instruction and adding in any book or equipment charges.
4. The refund shall be any amount in excess of the figure derived in step 4 that was paid by the student.

Quarter-Based Programs

The period of enrollment for students enrolled in quarter-based programs is the quarter. The period of enrollment completed by the student is calculated by dividing the number of calendar days in the period of enrollment into the calendar days in the period as of the student's last academic event recorded. The refund is calculated using the following steps:

1. Determine the total charges for the period of enrollment.
2. Divide this figure by the total number of calendar days in the period of enrollment.
3. The answer to the calculation in step 2 is the daily charge for instruction.
4. The amount owed by the student for the purposes of calculating a refund is derived by multiplying the total calendar days in the period as of the student's last academic event recorded by the daily charge for instruction and adding in any book or equipment charges.
5. The refund shall be any amount in excess of the figure derived in step 4 that was paid by the student.

TEXTBOOK AND EQUIPMENT RETURN/REFUND POLICY

A student who was charged for and paid for textbooks, uniforms, or equipment may return the unmarked textbooks, unworn uniforms, or new equipment within 30 days following the date of the student's cancellation, termination, or withdrawal. The school shall then refund the charges paid by the student. Uniforms that have been worn cannot be returned because of health and sanitary reasons. If the student fails to return unmarked textbooks, unworn uniforms or new equipment within 30 days, the school may retain the cost of the items that has been paid by the student. The student may then retain the equipment without further obligation to the school.

EFFECT OF LEAVES OF ABSENCE ON REFUNDS

If a student does not return from an approved leave of absence (when applicable) on the date indicated on the written request, monies will be refunded. The refund calculation will be based on the student's last date of attendance. The DOD is the date the student was scheduled to return.

TIMEFRAME WITHIN WHICH INSTITUTION IS TO ISSUE REFUNDS

Refunds will be issued within 30 days of either the date of determination or from the date that the applicant was not accepted by the school, whichever is applicable.

STUDENTS CALLED TO ACTIVE MILITARY DUTY

NEWLY ADMITTED STUDENTS

Students who are newly admitted to the school and are called to active military duty prior to the first day of class in their first term/module shall receive a full refund of all tuition and fees paid. Textbook and equipment charges shall be refunded to the student upon return of the textbooks/unused equipment to the school.

CONTINUING MODULAR DIPLOMA STUDENTS

Continuing modular diploma students who have completed 50% or less of their program are entitled to a full refund of tuition, fees, and other charges paid. Students who have completed more than 50% of their program are entitled to a strict pro rata refund (see Pro Rata Refund Calculation and Policy for Modular Programs above).

CONTINUING QUARTER-BASED STUDENTS

Continuing students called to active military duty are entitled to the following:

If tuition and fees are collected in advance of the withdrawal, a strict pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal for active military service (see Pro Rata Refund Calculation and Policy for Quarter-Based Programs above).

STUDENT FINANCING OPTIONS

The school offers a variety of student financing options to help students finance their educational costs. Detailed information regarding financing options available and the Financial Aid process can be obtained from the school's Student Financial Planning Brochure. Information regarding other sources of financial assistance such as benefits available through the Bureau of Indian Affairs, Division of Vocational Rehabilitation, Veterans Assistance and State Programs can be obtained through those agencies.

FINANCIAL ASSISTANCE

Financial assistance (aid) in the form of grants and loans is available to eligible applicants who have the ability and desire to benefit from the specialized program/training offered at the school.

STUDENT ELIGIBILITY

To receive financial assistance, you must have the following:

1. Usually, have financial need
2. Be a U.S. citizen or eligible noncitizen
3. Have a social security number
4. If male, be registered with the Selective Service
5. If currently attending school, be making satisfactory academic progress
6. Be enrolled as a regular student in any of the school's eligible programs
7. Not be in default on any federally-guaranteed loan

FEDERAL FINANCIAL AID PROGRAMS

The following is a description of the Federal Financial Aid Programs available at the school. Additional information regarding these programs, eligibility requirements, the financial aid process and disbursement of aid can be obtained through the school's Student Financial Planning Brochure, the school's Student Finance Office, and the U.S. Department of Education's Guide to Federal Student Aid, which provides a detailed description of these programs. The guide is available online at:

http://studentaid.ed.gov/students/publications/student_guide/index.html

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work Study (FWS)
- Federal Direct Stafford Loans (DL)
- Federal Direct Parent Loan for Undergraduate Students (PLUS)

ALTERNATIVE LOAN PROGRAMS

If your primary financing option does not fully cover your program costs, alternative financing options can help bridge that financial gap. Private loan programs are convenient, affordable and easy to use.

- There are alternative loans provided by private lenders.
- The rate may be variable and the loan approved and origination fees may be based on credit.
- Repayment terms may vary based on lender programs.
- Student may apply on their own or with a co-borrower.

Please see one of the Student Finance Planners for further information.

GRANTS AND SCHOLARSHIPS

WORKFORCE SCHOLARSHIPS AND GRANTS, INCLUDING YOUTH, ADULT AND DISPLACED WORKERS

This campus is recognized by many public and non-profit organizations as an approved institution to support state and local workforce education and employment initiatives. As educational benefit programs become available, the campus seeks eligibility with the funding organizations. Therefore, if you are unemployed, under employed, or otherwise eligible youth or adult, you may qualify for various workforce educational benefit programs. Eligibility criteria for workforce educational assistance and benefits available vary by state, community and school, so check with the funding organization to see whether you qualify.

FLORIDA STUDENT ASSISTANCE GRANT (FSAG)

The Florida Student Assistance Grant (FSAG) is available only to Florida residents demonstrating financial need and meeting certain academic requirements. The FSAG has an early application deadline and is not readily available to all. Students are advised when applications may be submitted. It is not available to any student who has received a Bachelor's degree.

FLORIDA BRIGHT FUTURES SCHOLARSHIP PROGRAM

The Florida Bright Futures Scholarship Program establishes a lottery-funded scholarship to reward any Florida high school graduate who merits recognition of high academic achievement and who enrolls in an eligible Florida public or private post-secondary educational institution within three years of high institution graduation. The program affects high institution graduates as well as current award recipients who are now attending a post-secondary institution in Florida.

Eligibility criteria for the scholarship awards vary based on cumulative high institution grade point average and SAT or ACT scores and are available at all local institutions or through the Student Finance Department. Applications are distributed to potential applicants by high school institution guidance counselors or by contacting the Technical Assistance Unit of the Florida Department of Education at 1-888-827-2004. The award levels for the three types of scholarships are as follows:

- Florida Academic Scholars Award - an award equal to the amount required to pay tuition, fees, and \$600 annually (prorated if part time) for college-related expenses. A student who is enrolled in a non-public post-secondary institution is eligible for an award equal to the amount that would be required to pay for the average tuition and fees of a public post-secondary education institution at the comparable level, plus the annual \$600. The award may cover up to 45 semester or 67 quarter credit hours per academic year. A 3.0 cumulative GPA is required for renewal of the award each year. If a student receiving the award fails to achieve a 3.0 GPA in college but makes a 2.75 or higher, he or she will automatically be transferred to the Florida Merit Scholars Award level for the remainder of the college career.
- Florida Merit Scholars Award - an award equal to the amount required to pay 75% of tuition and fees for up to 45 semester or 67 quarter credit hours per year. A student enrolled in a non-public post-secondary education institution is eligible for an award equal to the amount that would be required to pay 75% of the average tuition and fees of a public post-secondary education institution at the comparable level. A 2.75 cumulative GPA is required for renewal of the award each year.
- Florida Gold Seal Vocational Scholars Award - an award equal to the amount required to pay 75% of tuition and fees. A student who is enrolled in a non-public post-secondary institution is eligible for an award equal to the amount that would be required to pay 75% of the average tuition and fees of a public post-secondary education institution at the comparable level. Awards are for up to 45 semester or 67 quarter credit hours per academic year. This is a two-year scholarship. A student may use the scholarship for up to 90 semester or 135

quarter credit hours. However, a recipient may become eligible to continue to a four-year degree by transferring to a Merit Scholars award upon being accepted into an upper division program and having maintained a 2.75 or higher GPA. A Gold Seal Vocational Scholar may not transfer to an Academic Scholars award. A 2.75 cumulative GPA is also required for renewal of the Gold Seal award each year.

FLORIDA ASSOCIATION OF PROPRIETARY INSTITUTIONS AND COLLEGES (FAPSC) SCHOLARSHIP

Scholarships are available for graduating high school seniors and GED recipients. Applicants must complete an application, maintain a cumulative GPA of 2.0 or higher, and submit a 300-word essay answering three specific questions pertaining to the career field and institution they have chosen. Applicants may apply for no more than three scholarships at any single institution. Awarding of the scholarships is done through an evaluation committee assembled by FAPSC. Please contact the campus Student Finance Office for further details.

DREAM AWARD PROGRAM AND SCHOLARSHIPS

Graduates of any Corinthian Colleges, Inc. (CCi) school may be nominated for the CCi-sponsored Dream Award program. Scholarship awards must be used within two years of the award and they are not transferrable nor can they be exchanged for cash.

Campus Dream Award: Each campus will nominate one recent graduate from the campus to represent the campus in the award competition. Nominations are accepted from April 1 to June 30 each year. Selection of the nominee is based on a review of recent graduates within the past three years by the Campus Selection Committee. The selected nominee should be a graduate whose life story could have gone in any direction, but whose decision to attend a CCi school was a turning point for them. The selected nominee should be an inspiration and motivation to other students. Each Campus Dream Award recipient will receive:

1. A scholarship worth \$2,500 that may be used at any CCi campus for training that is more advanced than the one from which the nominee has graduated, and
2. A trophy.

Corinthian Dream Award: Following the close of the nomination period for the Campus Dream Award, the Corinthian Dream Award recipient will be selected from the campus nominees by the Corinthian Colleges Selection Committee, composed of the Executive Management Team of CCi. The award will be given to the nominee with the most compelling story and highest level of achievement. The award will be announced to the winner by the end of August and will be presented at the Fall CCi Presidents' Meeting. The award will include:

1. A full scholarship that may be used at any CCi campus for training that is more advanced than the program from which the recipient has graduated,
2. An all expenses paid trip to the Fall Presidents' Meeting,
3. A trophy,
4. A letter of recognition from the CCi CEO and COO, and
5. A nomination to the Association of Private Sector Colleges and Universities (APSCU) Great Award.

Additional information regarding this award and scholarship program may be requested from the Campus President.

IMAGINE AMERICA SCHOLARSHIPS

This institution participates in the Imagine America Scholarship program operated by the Career Training Foundation of Washington D.C. Under this scholarship program five \$1,000 Imagine America scholarships are available at each participating high school and can be awarded to five graduating high school seniors from that school.

Scholarship certificates are sent directly to the high school from the Career Training Foundation of Washington D.C. The high school guidance counselor and the high school principal select the students of their choice to receive the award. Certificates have to be signed by the counselor and principal to be valid. The chosen high school seniors can each only receive one Imagine America Scholarship.

Imagine America Scholarship certificates are to be given to the Student Finance Office, are non-transferable and cannot be exchanged for cash. Scholarship certificates will be accepted until October 31st of the year in which they are awarded. The scholarship cannot be used in conjunction with any of the other two types of scholarships offered by the campus.

MILITARY SCHOLARSHIPS AND GRANTS, INCLUDING ACTIVE DUTY, VETERANS AND FAMILY

This campus is recognized by many public and non-profit organizations as an approved institution to serve the military community. As educational benefit programs become available, the campus seeks eligibility with the funding organizations. Therefore, if you are active military, spouse, dependent, veteran, service person, reservist, or otherwise eligible, you may qualify for various educational benefit programs. Eligibility criteria for military educational assistance and benefits available vary by state and school, so check with the funding organization to see whether you qualify.

ADMINISTRATIVE POLICIES

STATEMENT OF NON-DISCRIMINATION

Everest does not discriminate on the basis of race, color, religion, age, disability, sex, sexual orientation, national origin, citizenship status, gender identity or status, veteran or marital status in the administration of its educational and admissions policies, scholarship and loan programs, or other school-administered programs. In compliance with the Americans with Disabilities Act of 1990, as amended, Everest provides qualified applicants and students who have disabilities with reasonable accommodations that do not impose undue hardship.

CODE OF STUDENT CONDUCT

The Code of Student Conduct applies at all times to all students. As used in this Code, a student is any individual who has been accepted or is enrolled in school. Student status lasts until an individual graduates, is withdrawn, or is otherwise not in attendance for more than 180 consecutive calendar days.

Everest seeks to create an environment that promotes integrity, academic achievement, and personal responsibility. All schools should be free from violence, threats and intimidation, and the rights, opportunities, and welfare of students must be protected at all times.

To this end, this Code sets forth the standards of behavior expected of students as well as the process that must be followed when a student is accused of violating those standards. Reasonable deviations from the procedures contained herein will not invalidate a decision or proceeding unless, in the sole discretion of the school, the deviation(s) significantly prejudice the student. The Campus President (or designee) is responsible for appropriately recording and enforcing the outcome of all disciplinary matters.

CONDUCT AFFECTING THE SAFETY OF THE CAMPUS COMMUNITY

Everest reserves the right to take all necessary and appropriate action to protect the safety and well-being of the campus community. The Campus President (or designee) may immediately suspend any student whose conduct threatens the health and/or safety of any person(s) or property. The suspension shall remain in effect until the matter is resolved through the disciplinary process. Such conduct includes, but is not limited to:

- Possessing alcohol or other intoxicants, drugs, firearms, explosives, weapons, dangerous devices, or dangerous chemicals on school premises
- Theft
- Vandalism or misuse of school or another's property
- Harassment or intimidation of others
- Endangerment, assault, or infliction of physical harm

OTHER PROHIBITED CONDUCT

Additionally, disciplinary action may be initiated against any student(s) based upon reasonable suspicion of attempting to commit, or assisting in the commission of any of the following prohibited forms of conduct:

- Cheating, plagiarism, or other forms of academic dishonesty
- Forgery, falsification, alteration or misuse of documents, funds, or property
- Any disruptive or obstructive actions, including:
 - The use of cell phones or other electronic devices for voice or text communication in the classroom, unless permitted by the instructor
 - The inappropriate use of electronic or other devices to make an audio, video, or photographic record of any person while on school premises without his/her prior knowledge or effective consent
- Failure to comply with school policies or directives
- Any other action(s) that interfere with the learning environment or the rights of others
- Violations of local, state, provincial, or federal law

Note: This list is not exhaustive, but rather offers examples of unacceptable behavior which may result in disciplinary action.

LIMITATIONS ON STUDENTS WITH PENDING DISCIPLINARY MATTERS

Any student with a pending disciplinary matter shall not be allowed to:

- Enroll or attend classes at another Corinthian Colleges Inc. (CCi) school;
- Graduate or participate in graduation ceremonies; or
- Engage in any other activities proscribed by the Campus President

Additionally, if a student withdraws from school at any point during the disciplinary process, the student is not eligible for readmission to any CCi school prior to resolving the outstanding disciplinary issue.

INQUIRY BY THE CAMPUS PRESIDENT

If the Campus President (or designee), in his or her sole discretion, has reason to believe that a student has violated the Code of Student Conduct, the Campus President (or designee) shall conduct a reasonable inquiry and determine an appropriate course of action. If the Campus President (or designee) determines that a violation has not occurred, no further action shall be taken.

CONDUCT WHICH DOES NOT WARRANT A SUSPENSION OR DISMISSAL

If the Campus President (or designee), in his or her sole discretion, determines that the student's behavior may have violated this Code but does not warrant a suspension or dismissal, the Campus President (or designee) shall promptly provide the student with a written warning. Multiple written warnings may result in a suspension or dismissal.

CONDUCT WHICH WARRANTS A SUSPENSION OR DISMISSAL

If the Campus President (or designee), in his or her sole discretion, determines that the student's behavior warrants a suspension or dismissal, the Campus President (or designee) shall promptly provide the student with a written notice of the following:

- The conduct for which the sanction is being imposed
- The specific sanction being imposed; and
- The right to appeal if a written request is filed by the student within (5) calendar days of the date of the written notice

ALCOHOL AND SUBSTANCE ABUSE STATEMENT

The school does not permit or condone the use or possession of marijuana, alcohol, or any other illegal drug, narcotic, or controlled substance by students. Possession of these substances on campus is cause for dismissal.

STUDENT USE OF INFORMATION TECHNOLOGY RESOURCES POLICY

IT resources may only be used for legitimate purposes, and may not be used for any other purpose which is illegal, unethical, dishonest, damaging to the reputation of the school, or likely to subject the school to liability. Impermissible uses include, but are not limited to:

- Harassment;
- Libel or slander;
- Fraud or misrepresentation;
- Any use that violates local, state/provincial, or federal law and regulation;
- Disruption or unauthorized monitoring of electronic communications;
- Disruption or unauthorized changes to the configuration of antivirus software or any other security monitoring software;
- Unauthorized copying, downloading, file sharing, or transmission of copyright-protected material, including music;
- Violations of licensing agreements;
- Accessing another person's account without permission;
- Introducing computer viruses, worms, Trojan Horses, or other programs that are harmful to computer systems, computers, or software;
- The use of restricted access computer resources or electronic information without or beyond a user's level of authorization;
- Providing information about or lists of CCI users or students to parties outside CCI without expressed written permission;
- Downloading or storing company or student private information on portable computers or mobile storage devices;
- Making computing resources available to any person or entity not affiliated with the school;
- Posting, downloading, viewing, or sending obscene, pornographic, sexually explicit, hate related, or other offensive material;
- Academic dishonesty as defined in the Code of Student Code;
- Use of CCI logos, trademarks, or copyrights without prior approval;
- Use for private business or commercial purposes.

COPYRIGHT POLICY

It is the intention of Everest to strictly enforce a policy of zero tolerance for copyright violations and to comply with all applicable laws and regulations. Any student who engages in the unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, is subject to sanctions under the Code of Student Conduct. Additionally, a person found to have committed a copyright violation may be liable for up to \$150,000 for each separate

act of infringement, and may be subject to criminal prosecution. A person may be held liable even if he or she was unaware that they were violating the law.

SEXUAL HARASSMENT POLICY

Everest strives to provide and maintain an environment free of all forms of harassment. Behavior toward any student by a member of the staff, faculty, or student body that constitutes unwelcome sexual advances will be dealt with quickly and vigorously and will result in disciplinary action up to and including dismissal. Any student who believes that he or she is a victim of sexual harassment should immediately notify the office of the Campus President. The Campus President will conduct an investigation of all allegations. Information surrounding all complaints will be documented and kept strictly confidential.

SANCTIONS

Sanctions should be commensurate with the nature of the student's conduct. All sanctions imposed should be designed to discourage the student from engaging in future misconduct and whenever possible should draw upon educational resources to bring about a lasting and reasoned change in behavior.

Suspension – A sanction by which the student is not allowed to attend class for a specific period of time. Satisfactory completion of certain conditions may be required prior to the student's return at the end of the suspension period. During a period of suspension, a student shall not be admitted to any other CCI school.

Note: Student absences resulting from a suspension shall remain in the attendance record regardless of the outcome of any disciplinary investigation or the decision of the Student Conduct Committee.

Dismissal – A sanction by which the student is withdrawn from school. Such students may only reapply for admission with the approval of the Campus President. Students dismissed for violations of this Code remain responsible for any outstanding balance owed to the school.

APPEAL PROCESS

Students are entitled to appeal any sanction which results in suspension or dismissal. The appeal must be in writing and filed within five (5) calendar days of the date of the written notice. If the student files a timely appeal, the Campus President (or designee) shall convene a Student Conduct Committee to conduct the hearing. The Committee shall generally include the Campus President, the Academic Dean/Director of Education, a Program or Department Chair, the Student Services Coordinator, or a faculty member. The members of the Committee shall select a Chair. If the alleged violation involves allegations of sexual misconduct committed against faculty or staff, the Committee must include a representative from Corporate or Division Human Resources.

The Committee Chair shall timely schedule a hearing date, and provide written notice to the student. The notice must be mailed or otherwise delivered to the student at least two (2) calendar days prior to the scheduled hearing date, and include notice that the student may:

- Appear in person, but is not required to appear
- Submit a written statement
- Respond to evidence and question the statements of others
- Invite relevant witnesses to testify on his/her behalf
- Submit written statements signed by relevant witnesses

Attendance at the hearing is limited to those directly involved or those requested to appear. Hearings are not open to the public and are not recorded.

The Student Conduct Committee shall:

- Provide the student a full and reasonable opportunity to explain his/her conduct
- Invite relevant witnesses to testify or submit signed statements
- Reach a decision based upon the information submitted prior to the hearing and the testimony and information of the student and witnesses at the hearing
- If the student does not appear, or elects not to appear, the Committee may proceed in the student's absence and the decision will have the same force and effect as if the student had been present

The Student Conduct Committee shall issue a written decision to the student within five (5) calendar days of the date of the hearing which may:

- Affirm the finding and sanction imposed by the Campus President (or designee)
- Affirm the finding and modify the sanction. Sanctions may only be reduced if found to be grossly disproportionate to the offense
- Disagree with the previous finding and sanction and dismiss the matter. A matter may be dismissed only if the original finding is found to be arbitrary and capricious

The decision of the Student Conduct Committee is final, and no further appeal is permitted.

RECORD OF DISCIPLINARY MATTER

All disciplinary files shall be kept separate from the student academic files until resolved. Disciplinary files for students who have violated the Code of Student Conduct shall be retained as part of the student's academic file and considered "education records" as appropriate, pursuant to the Family Educational Rights and Privacy Act (FERPA).

When circumstances warrant, disciplinary matters shall be referred to the appropriate law enforcement authorities for investigation and prosecution. Additionally, disciplinary records shall be reported to third parties as applicable (e.g. Veteran's Administration).

STUDENT COMPLAINT PROCEDURE

Complaints are defined as any student concern regarding school programs, services, or staff not addressed by other school policies. Students have the right to file a complaint with the school at any time. Students are encouraged to first attempt to informally resolve their complaint with the instructor or staff member in the department most directly connected with their complaint. Students who are unable to resolve their complaint informally should submit their complaint in writing to the Campus President. The President will meet with the student to discuss the complaint and provide the student with a written response within seven (7) calendar days of the meeting. Students who are not satisfied with the response of the President may contact the Student Help Line at (800) 874-0255 or email at studentservices@cci.edu.

If a student feels that the school has not adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints considered by the Commission must be in written form, with permission from the complainant(s) for the Commission to forward a copy of the complaint to the school for a response. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Commission. A copy of the Commission's Complaint Form is available at the school and may be obtained by contacting the Campus President. Please direct all inquiries to:

Accrediting Council for Independent Colleges and Schools
750 First Street, N.E., Suite 980
Washington, D.C. 20002-4241
(202) 336-6780

Students may also contact and file a complaint with the state's agency and the state's Attorney General's office at the following mailing addresses:

Florida Department of Education
Commission for Independent Education
325 W. Gaines Street, Suite 1414
Tallahassee, FL 32399-0400
Fax: (850)245-3238
Email: amy.lefstead@fldoe.org

Office of the Attorney General
PL-01 The Capitol
Tallahassee, FL 32399-1050
Ph: 850-414-3990
Toll Free within Florida: 866-966-7226
Website: <http://myfloridalegal.com>

DRESS CODE

Students must adhere to the campus dress code standards and are expected to dress in a manner that would not be construed as detrimental to the student body, the educational process or wear any clothing that has expressed or implied offensive symbols or language. Students should always be aware of the first impression of proper dress code and grooming, and note that Everest promotes a business atmosphere where instructors and guests are professionals and potential employers. In addition, students may be required to wear uniforms that present a professional appearance.

PHOTO IDENTIFICATION BADGES

For security purposes, all students are required to wear a photo identification badge. This badge is issued by the school and is free of charge. Lost badges must be replaced and a small fee will be charged.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the institution receives a request for access.
A student should submit to the Registrar's Office a written request that identifies the record(s) the student wishes to inspect. The Registrar will make arrangements for access and will notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, the Registrar shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the institution to amend a record should write to the Registrar, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the institution decides not to amend the record as requested, the institution will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the institution discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The institution discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the institution in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the institution has contracted as its agent to provide a service instead of using institution employees or officials (such as an attorney, auditor or collection agent); a person serving the institution in an advisory capacity; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the institution.

Upon request, the institution also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

From time to time the institution publishes communications, such as graduation and honor roll lists, that include students' names and programs of study. A student who wishes not to be included should put that request in writing to the Registrar.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202

STUDENT RECORDS

All student academic records are retained, secured, and disposed of in accordance with local, state, and federal regulations. Everest maintains complete records for each student, including grades, attendance, prior education and training, placement, financial aid and awards received. Student records should be maintained on campus for five years.

TRANSCRIPT AND DIPLOMA RELEASE

Student academic transcripts are available upon written request by the student. Student records may be released only to the student or his/her designee as directed by the Family Educational Rights and Privacy Act of 1974.

Transcript and diploma requests must be made in writing to the Office of the Registrar. Official transcripts will be released to students who are current with their financial obligation to the school. Diplomas will be released to students who are current with their financial obligation upon completion of their school program.

CAMPUS SECURITY AND CRIME AWARENESS POLICIES

As required by Public Law 101-542, as amended by Public Law 102-325, Title II, Crime Awareness and Campus Security Act of 1990, Section 294, Policy and Statistical Disclosures, Everest has established policies regarding campus security.

Everest strives to provide its students with a secure and safe environment. Classrooms and laboratories comply with the requirements of the various federal, state and local building codes, with the Board of Health and Fire Marshal regulations. Most campuses are equipped with alarm systems to prevent unauthorized entry. Facilities are opened each morning and closed each evening by administrative personnel.

Everest encourages all students to report criminal incidents or other emergencies, which occur on the campus directly to the Campus President, student advisor or instructor. The Campus President is responsible for

investigating such reports and taking legal or other action deemed necessary by the situation. In extreme emergencies, the Campus President may immediately contact law enforcement officers or other agency personnel, such as paramedics. Everest will work with local and state law enforcement personnel if such involvement is necessary. A copy of the student's report and any resultant police report will be maintained by the school for a minimum of three years after the incident.

Students are responsible for their own security and safety both on-campus and off-campus and must be considerate of the security and safety of others. The school has no responsibility or obligation for any personal belongings that are lost, stolen or damaged, whether on or off school premises or during any school activities.

On May 17, 1996, the President of the United States signed Megan's Law into federal law. As a result, local law enforcement agencies in all 50 states must notify schools, day care centers, and parents about the presence of dangerous offenders in their area. Students are advised that the best source of information on the registered sex offenders in the community is the local sheriff's office or police department. The following link will provide you with a list of the most recent updated online information regarding registered sex offenders by state and county: <http://www.fbi.gov/hq/cid/cac/registry.htm>.

DRUG AWARENESS

The Drug-Free Schools and Communities Act of 1989, Public Law 101-226, requires institutions receiving financial assistance to implement and enforce drug prevention programs and policies. Students shall receive a copy of the Drug-Free Schools/Drug-Free Workplace Annual Disclosure upon enrollment, and thereafter no later than January 31st of each calendar year they are enrolled. The information and referral line that directs callers to treatment centers in the local community is available through Student Services.

Everest prohibits the manufacture and unlawful possession, use or distribution of illicit drugs or alcohol by students on its property and at any school activity. If students suspect someone to be under the influence of any drug or alcohol, they should immediately bring this concern to the attention of the Academic Dean/Director of Education or Campus President. Violation of the institution's anti-drug policy will result in appropriate disciplinary actions and may include expulsion of the student. The appropriate law enforcement authorities may also be notified. In certain cases, students may be referred to counseling sources or substance abuse centers. If such a referral is made, continued enrollment is subject to successful completion of any prescribed counseling or treatment program.

STATISTICAL INFORMATION

Everest is required to report to students the occurrence of various criminal offenses on an annual basis. On or before October 1st of each year, the school will distribute a security report to students containing the required statistical information on campus crimes committed during the previous three years. A copy of this report is available to prospective students upon request.

CAMPUS COMPLETION RATE REPORTS

Under the Student Right to Know Act (20 U.S.C. § 1092(a)), an institution is required to annually prepare completion or graduation rate data respecting the institution's first-time, full-time undergraduate students. (34 CFR 668.45(a)(1)). Everest is required to make this completion or graduation rate data readily available to students approximately 12 months after the 150% point for program completion or graduation for a particular cohort of students. This completion rate report is available to students and prospective students upon request.

STUDENT SERVICES

ORIENTATION

New students participate in an orientation program prior to beginning classes. This program is designed to acquaint students with the policies of the school and introduce them to staff and faculty members who will play an important part in the students' academic progress.

HEALTH SERVICES

Everest does not provide health services.

HOUSING

Everest does not provide on-campus housing; however, it does assist students in locating suitable housing off campus. For a list of available housing, students should contact the Academic Department.

STUDENT ADVISING

Academic advising is coordinated by the Academic Dean/Director of Education and includes satisfactory academic progress, attendance, and personal matters. The Registrar and Academic Program Directors serve as

advisors and assist students in course selection and registration, dropping and adding courses, change of major, and meeting graduation requirements.

EVEREST CARE PROGRAM

The Everest CARE Student Assistance Program is a free personal-support program for our students and their families. This program provides enrolled students direct and confidential access to professional counseling. For more information, please visit the website <http://www.everestcares.com> or call (888) 852-6238.

INSURANCE

Each medical student is provided professional liability insurance at no extra charge while on approved externship/internship and during classroom training exercises.

PLACEMENT ASSISTANCE

Everest maintains an active Career Services Office to assist graduates in locating entry-level, educationally-related career opportunities. The Career Services Office works directly with business, industry, and advisory board members to assist all students with access to the marketplace. Everest does not, in any way, guarantee employment. It is the goal of the Career Services Office to help all students realize a high degree of personal and professional development and successful employment. Specific information on job opportunities and basic criteria applicable to all students and graduates utilizing placement services is available in the Career Services Offices.

PROGRAMS OFFERED

PROGRAM	CREDENTIAL
Electrician	Diploma
Heating, Ventilation and Air Conditioning	Diploma
Medical Administrative Assistant	Diploma
Medical Assistant	Diploma
Medical Insurance Billing and Coding	Diploma
Patient Care Technician	Diploma
Pharmacy Technician	Diploma
Applied Management	Associate in Science Degree
Business	Associate in Science Degree
Criminal Investigations*	Associate in Science Degree
Criminal Justice	Associate in Science Degree

*No longer enrolling new students.

MODULAR PROGRAMS

ELECTRICIAN

Diploma Program

9 months – 720 hours – 59 credit units

V 1

The commercial and residential electrical industries are constantly evolving as new industry demands require increased skill sets for electricians. Graduates need the necessary core and specialty skills to successfully meet electrician standards and be embraced by the marketplace. Through the Electrician diploma program, students will learn skills of electrical safety, tools and theory, the National Electrical Code (NEC), conduit bending, residential and commercial wiring, power distribution, advanced code concepts and motors, industrial controls, Programmable Logic Controllers (PLCs), personal development, jobsite management, fire and security alarms, voice, data, TV, signaling systems and fiber optics. Laboratory experience is an integral part of the program.

Graduates of the Electrician diploma program are qualified for entry-level or trainee positions with employers of commercial and residential electricians, preventive maintenance electricians, production electricians, bench electricians, repair electricians, industrial maintenance electricians, programming electricians, maintenance technicians, field service electricians, installation electricians, and any manufacturing industry or market sector employer that has a need for electricians.

Upon successful completion of all program modules, students will be awarded a diploma.

Course Number	Course Title	Clock Hours (Lec/Lab/Ext/Total)	Credit Hours
EEVN030	Electrical Theory (previously known as Electrical Theory and Algebra for Trades)	80/00/00/80	8.0
EEVN176	NEC/Safety/Hand Tools and Conduit Bending	40/40/00/80	6.0
EEVN174	Residential/Commercial and NEC Requirements	40/40/00/80	6.0
EEVN271	Transformer Principles and Test Equipment	40/40/00/80	6.0
EELN208	Power Distribution (previously known as Hazardous Locations and Power Distribution)	60/20/00/80	7.0
EEVN192	Hazardous Locations & Renewable Energy (previously known as Power Distribution and Emergency Systems)	60/20/00/80	7.0
EEVN033	Motor Concepts (previously known as Motor Concepts and Jobsite Management)	60/20/00/80	7.0
EEVN038	Advanced Industrial Controls	40/40/00/80	6.0
EEVN039	Solid State Controls and Industrial Automation	40/40/00/80	6.0
	Total	460/260/00/720	59.0

<p>EEVN030: Electrical Theory (previously known as Electrical Theory and Algebra for Trades) 8.0 Quarter Credit Hours</p> <p>This course introduces students to fundamentals of algebra, electrical theory, Ohm's Law, magnetism, voltage, resistance, inductance, capacitance, units of electrical measurement and basic electrical math. Students will learn concepts of energy, Kirchoff's law, Norton's and Thevenin's theorems, basic trigonometry, inductance, capacitance, series and parallel circuits, power and power factor, electrical efficiency, direct current (DC) and alternating current (AC) circuits, and personal development topics. Students will also learn techniques for studying and test-taking. Prerequisite: None. Lecture hours: 80. Lab hours: 0.</p>
<p>EEVN176: NEC/Safety/Hand Tools and Conduit Bending 6.0 Quarter Credit Hours</p> <p>This course introduces students to definitions, terms and organization of the National Electrical Code (NEC), and conduit bending by calculation. Students will learn NEC requirements for residential, raceway types, boxes and fittings, commercial, industrial installations, materials, motorized tools, digging techniques, Material Safety Data Sheets (MSDS) and first aid. Students will develop math and layout techniques required to accurately and efficiently bend conduit. Students will also be introduced to the importance of safety, and common hand and power tools. Prerequisite: None. Lecture hours: 40. Lab hours: 40.</p>
<p>EEVN174: Residential/Commercial and NEC Requirements 6.0 Quarter Credit Hours</p> <p>Students will learn wiring and protection methods, conductor installation, raceway fill, ambient temperature, voltage drops, blueprint reading, electrical installation, connections, markings, enclosures, boxes and fittings, junction boxes, gutters, flexible cord, underground feeder and branch circuits, cables, supported and open wiring, residential/commercial wiring, signaling circuits, smoke detectors, ground fault circuit interrupters (GFCIs), doorbells, and service changes. Prerequisite: None. Lecture hours: 40. Lab hours: 40.</p>

<p>EEVN271: Transformer Principles and Test Equipment Students will learn about meters, test equipment, harmonics, grounding, single-phase, three-phase, auto and specialty transformer principles, cable and generator testing, measuring devices, high-voltage cables, insulators and test equipment. Prerequisite: EEV N030. Lecture hours: 40. Lab hours: 40</p>	<p>6.0 Quarter Credit Hours</p>
<p>EELN208: Power Distribution (previously known as Hazardous Locations and Power Distribution) Students will learn about hazardous locations, health care facilities, intermediate and advanced grounding, overcurrent protection, load calculations, balancing phases and neutrals, surge arrestors, transient voltage surge suppression (TVSS), color codes, circuit identification, panel rating, phase converters, capacitors, and single-phase and three-phase power distribution concepts. Prerequisite: EEV N176. Lecture hours: 60. Lab hours: 20.</p>	<p>7.0 Quarter Credit Hours</p>
<p>EEVN192: Hazardous Locations & Renewable Energy (previously known as Power Distribution and Emergency Systems) Students will learn about power conditioning and emergency systems, generators, battery systems, fan controllers, lighting concepts, uninterruptible power supply (UPS), transfer switches, dimmer systems, voice-data-TV, computer cabling, structured wiring, fiber optics, special equipment, fire alarms, security alarms, signaling, rigging, and renewable energy. Prerequisite: EEV N174. Lecture hours: 60. Lab hours: 20.</p>	<p>7.0 Quarter Credit Hours</p>
<p>EEVN033: Motor Concepts (previously known as Motor Concepts and Jobsite Management) Students will learn National Electrical Code (NEC) motor concepts, construction, rotor windings, starting configuration, megohmmeter, insulation testing, squirrel cage motor, single-phase and three-phase motors, AC/DC motor concepts, applications, mechanical clutches, magnetic drives, pulleys, direct drives, offset drives, and jobsite management. Prerequisite: EEV N271. Lecture hours: 60. Lab hours: 20.</p>	<p>7.0 Quarter Credit Hours</p>
<p>EEVN038: Advanced Industrial Controls Students will learn solid state relays, timing relays, variable frequency drives, programmable solid state relays, pneumatic timers, solid state motor control, dynamic braking, NFPA 79, control transformers, HVAC controls, and starting methods. Prerequisite: EEV N271. Lecture hours: 40. Lab hours: 40.</p>	<p>6.0 Quarter Credit Hours</p>
<p>EEVN039: Solid State Controls and Industrial Automation Students will learn solid state devices, semiconductors, digital logic, industrial automation, programmable logic controller (PLC), hardware, applications, HMI, binary, octal, hexadecimal, grey code and PLC operation. Prerequisite: EEV N271. Lecture hours: 40. Lab hours: 40.</p>	<p>6.0 Quarter Credit Hours</p>

HEATING, VENTILATION AND AIR CONDITIONING (HVAC)

Diploma Program

9 months – 720 hours – 55 credit units

V 3

The Heating, Ventilation and Air Conditioning (HVAC) program provides students the skills required to specialize in the field of heating and air conditioning service and repair. Most areas of the world require some climate control, therefore basic construction, basic electricity, air conditioning, fuel-heating systems, heat pumps, air distribution, system application and design, system controls, and HVAC diagnostics are taught in the program.

The HVAC program consists of nine modules. Upon successful completion of all modules of the program, students will be awarded a diploma.

Graduates of the program can seek employment as entry-level technicians in the heating, ventilation and air conditioning field, including Sheet Metal Fabrication, Furnace Installation and Repair, Furnace Cleaner, A/C Mechanic, and A/C Installation/Service. Intermediate and advanced positions include Electrical Heat Assembler, Heating & Air Conditioning Installation/Service, Gas Furnace Installation and Repair, Sheet Metal Mechanic, Sheet Metal Lay-Out, Sheet Metal Machine Operator, Sheet Metal Fabricator, Sheet Metal Installer, A/C Unit Tester, A/C Technician, and A/C Mechanic.

Course Number	Course Title	Clock Hours (Lec/Lab/Ext/Total)	Credit Hours
Module 1			
CON 101N	Basic Construction	60/20/00/80	7.0
Module 2			
ACR 101N	Basic Electricity	40/40/00/80	6.0
Module 3			
ACR 106N	Air Conditioning	40/40/00/80	6.0

Diploma Total		380/340/00/720	55.0

CON 101N: Basic Construction	7 Credit Hours
This course introduces students to the construction field. The course of instruction will cover basic job safety concepts and regulatory requirements; basic math used in the construction trades; the use of common hand and power tools; an introduction to blueprint reading; basic rigging; communication and employability skills. Students will also learn techniques for studying and test-taking. Prerequisite: None. Lecture hours: 60. Lab hours: 20.	
ACR 101N: Basic Electricity	6 Credit Hours
This course of instruction will cover basic job safety concepts, history of electricity, electrical theory, electrical power, electrical measuring, applications and electrical components. Power sources, component operation and circuit diagrams are studied. Students use this theory, integrated with objective specific hands-on lab exercises to practice typical equipment manufacturer's diagnostic techniques. Testing instruments and wiring diagrams are used for systems problem-solving projects. Prerequisite: None. Lecture hours: 40. Lab hours: 40.	
ACR 106N: Air Conditioning	6 Credit Hours
This course of instruction will cover basic laws of physics and cooling theory, terms, definitions, air conditioning cycles, component operations, mechanical and electrical diagrams, standard and high efficiency Air Conditioning systems are explored. Pressure/ Temperature charts, refrigerant piping specifications and installation. Usages of various tools are covered. Structured lab projects allow students to learn industry-approved diagnostics, service and repair procedures. Prerequisite: None. Lecture hours: 40. Lab hours: 40.	

<p>ACR 111N: Fuel Heating Systems</p> <p>This course of instruction will cover combustion and various hydrocarbon fuels. Appliance heaters and warm air furnaces will be covered. Operation of controls, testing and servicing equipment, installation and operation is also covered. Fuel heating system diagnosis and wiring diagrams are explored. Structured lab projects allow students to learn industry-approved diagnostics, service and repair procedures. Prerequisite: None. Lecture hours: 40. Lab hours: 40.</p>	<p>6 Credit Hours</p>
<p>ACR 116N: Air Distribution</p> <p>Students in this course of study will learn to read blue prints, use shop math, perform load calculations, indoor air quality, and system air balancing and apply the fundamentals of air distribution to system design. In structured lab projects, students will use the tools and equipment necessary to service and repair HVAC air distribution systems. Prerequisite: None. Lecture hours: 40. Lab hours: 40.</p>	<p>6 Credit Hours</p>
<p>ACR 201N: Systems Controls</p> <p>This course presents electrical and electronics theory, terms, definitions, symbols, circuits, laws and formulas. Power sources, component operation and circuit diagrams are studied. Students use this theory, integrated with objective specific hands-on lab exercises to practice typical equipment manufacturer's diagnostic techniques. Testing instruments and wiring diagrams are used for systems problem-solving projects. Prerequisites: ACR 101N. Lecture hours: 40. Lab hours: 40.</p>	<p>6 Credit Hours</p>
<p>ACR 206N: Heat Pumps</p> <p>Air properties related to HVAC and heat pump systems design are studied in this course. Component operation, systems diagrams and industry approved troubleshooting are discussed and reinforced with structured lab exercises. Prerequisites: ACR 101N and ACR 106N. Lecture hours: 40. Lab hours: 40</p>	<p>6 Credit Hours</p>
<p>ACR 211N: System Application and Design</p> <p>This course introduces students to various HVAC system applications. Various HVAC designs, joining and sizing of various types of piping and tubing, system charging, load calculations, wiring, safety and proper diagnostics procedures, EPA Section 608, Refrigerant handling and containment (recovery, recycling and reclaiming) and certification requirements are discussed in this course. Students will participate in structured lab exercises including inspection, diagnostics, service, troubleshooting and repair of gas heating systems. Prerequisites: ACR116N, ACR 201N, ACR 101N and ACR 106N. Lecture hours: 40. Lab hours: 40.</p>	<p>6 Credit Hours</p>
<p>ACR 216N: HVAC Diagnostics</p> <p>This course introduces students to HVAC diagnostic fundamentals. Emphasis is placed on testing equipment, gas identifiers, wiring diagrams, refrigerant schematics, systems testing, load distribution and controls operation. Mechanical components, gas pipe sizing, wiring, safety and proper diagnostic procedures are taught. Students will participate in structured lab exercises including inspection, diagnostics, service, troubleshooting and repair of HVAC systems. Prerequisite: ACR 101N, ACR 106N, ACR 201N and ACR 116N. Lecture hours: 40. Lab hours: 40.</p>	<p>6 Credit Hours</p>

MEDICAL ADMINISTRATIVE ASSISTANT

Diploma program

33 weeks – 760 hours – 48 credit units

V 1

The objective of the Medical Administrative Assistant program is to prepare students for entry-level positions as medical administrative assistants in a variety of health care settings. Students study various administrative procedures related to the medical office. Students will learn accounting functions essential to a medical environment, set up patient records and maintain all filing and record keeping, basics of coding with CPT and ICD-9 codes, preparation and processing insurance claims, dictation and transcription, correspondence and mail processing and computerized practice management.

The Medical Administrative Assistant program is designed to prepare students for entry-level positions as medical administrative assistants in a variety of health care settings. Students study various administrative procedures related to the medical office, including patient processing and assessment, processing medical insurance claims, bill collections, and general office procedures utilized in various medical offices. In addition to acquiring manual and hands-on administrative skills, the program is designed to teach students computer and keyboarding skills which enables them to become familiar with the computerized technology that is becoming more visible in the twenty-first century medical office environment.

Module	Module Title	Total Clock Hours	Quarter Credit Units
Module A	Office Finance	80	6.0
Module B	Patient Processing and Assisting	80	6.0
Module C	Medical Insurance	80	6.0
Module D	Insurance Plans and Collections	80	6.0
Module E	Office Procedures	80	6.0
Module F	Patient Care and Computerized Practice Management	80	6.0
Module G	Dental Administrative Procedures	80	6.0
Module X	Medical Administrative Assistant Externship	200	6.0
	Total	760	48.0

Major Equipment: Autoclave, Calculators, Personal Computers, Patient Examination Table, Stethoscopes, Sphygmomanometer, Transcription Machine

<p>Module A: Office Finance</p> <p>Module A introduces accounting functions essential to a medical environment. Students learn basic bookkeeping procedures and apply them to a bookkeeping project and accounting system. Students will also complete assignments writing payroll checks and keeping check registers. Patient billing is an integral portion of the module, including tracing delinquent claims and insurance problem solving. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by learning how to cultivate the right on-the-job attitude, assembling a working wardrobe and identifying the strategies it takes to become the best in your new job so that you can advance in your career. They also become familiar with essential medical terminology. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0</p>	<p>6.0 Quarter Credit Hours</p>
<p>Module B: Patient Processing and Assisting</p> <p>In Module B, students learn to set up patient records and maintain and organize them manually and electronically. Students become familiar with records management systems and develop skills in alphabetic filing and indexing, and appointment scheduling. The basics of health insurance are introduced, as well the basic of coding with CPT and ICD-9 codes. Students are trained in vital signs, and a cardiopulmonary resuscitation (CPR) course is taught. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by identifying their personal career objective. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0</p>	<p>6.0 Quarter Credit Hours</p>
<p>Module C: Medical Insurance</p> <p>Module C develops student proficiency in preparing and processing insurance claims. Students study insurance programs, including HMOs, PPOs, and worker's compensation plans. National coding systems used for claims processing are studied. Students learn to obtain information from patient charts and ledgers to complete insurance forms accurately. Students are given hypothetical insurance billing situations and select appropriate forms, codes, and procedures to process insurance claims for optimal reimbursement. Office & insurance collection strategies are also included. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by developing career networking techniques that will assist</p>	<p>6.0 Quarter Credit Hours</p>

you in being successful in the medical field. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0	
Module D: Insurance Plans and Collections	6.0 Quarter Credit Hours
Module D develops student proficiency in preparing and processing insurance claims. The Medicaid, Medicare, TRICARE, and CHAMPVA programs are discussed. Students learn to obtain information from patient charts and ledgers to complete insurance forms accurately. They also focus on important aspects of the collection process including collection letters, telephone calls, and collection servicing agencies. They will also learn about Occupational Safety and Health Administration (OSHA) standards and the use of universal precautions in the medical office. Medical ethics and law are also included. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by identifying and demonstrating what a successful job interview contains and how to answer common interview questions accurately. Lecture Hours: 40.0 Computer/Key-boarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0	
Module E: Office Procedures	6.0 Quarter Credit Hours
In Module E, students are introduced to dictation and transcription. Emphasis is also placed on correspondence and mail processing, health information management and the medical facility environment. Students will also become familiar with disability income insurance and legal issues affecting insurance claims. In addition, students learn about the Health Insurance Accountability and Portability Act (HIPAA). Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search by learning how to set their own career goals. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0	
Module F: Patient Care and Computerized Practice Management	6.0 Quarter Credit Hours
Module F emphasizes computerized practice management, including file maintenance, patient records, bookkeeping and insurance. Students will learn the health insurance claim form and managed care systems. Hospital billing is introduced this module. Students will also learn about the history of the healthcare industry and the Medical Assistant Profession. In addition, students learn basic techniques for taking patients vital signs. They learn OSHA standards and the use of universal precautions in the medical office. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by learning all about how to become and learn from mentoring. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0	
Module G: Dental Administrative Procedures	6.0 Quarter Credit Hours
Module G focuses on basic administrative procedures performed in the dental office. Students are introduced to the dental health team with emphasis on the tasks performed by the administrative support staff. Specialized procedures including appointment scheduling, bookkeeping, dental charting, processing patients, insurance billing and coding, and law and ethics are presented. Students are also given an introduction to radiography and radiation safety. Students will do vital signs. They discuss interpersonal skills and human relations, telephone techniques, and patient reception techniques. Students build on keyboarding and word processing skills, become familiar with essential dental terminology, and become familiar with the self-directed job search process by learning how to dress for success. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0	
Module X: Medical Administrative Assistant Externship	6.0 Quarter Credit Hours
Upon successful completion of modules A through G, students participate in a 200-hour externship at an approved facility. This course is 200 hours of supervised, practical, in-service experience in a medical office or clinic in which the student practices direct application of all administrative functions of the medical administrative assistant. Lecture Hours: 0.0 Computer/Keyboarding Hours: 0.0 Spelling/Skillbuilding Hours: 0.0 Other Hours: 200	

MEDICAL ASSISTANT

Diploma Program

41 weeks – 920 Clock Hours – 60 Credit Units

V2

The Medical Assistant diploma program is designed to prepare students for entry-level positions as medical assistants in a variety of health care settings. Students learn the structure and function of the major body systems in conjunction with medical terminology, diagnostic and therapeutic procedures, computer skills, administrative processes, bookkeeping and accounting practices, and the processing of medical insurance forms and claims.

In recent years, the medical assisting profession has become indispensable to the health care field. Physicians have become more reliant on medical assistants for their front and back office skills. Medical offices and ambulatory care providers, clinics, urgent care centers and insurance providers are seeking their services.

The goal of the Medical Assistant diploma program is to prepare competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains required and necessary to prepare them for entry level positions such as clinical or administrative assistant, medical receptionist, and medical insurance biller.

Note: Medical Assistant graduates are immediately eligible to sit for the Registered Medical Assistant Examination. Candidates who pass the exam are considered Registered Medical Assistants (RMA).

Module	Module Title	Clock Hours	Credit Units
Module MAINTRO	Introduction to Medical Assisting	80	6.0
Module A	Integumentary, Sensory, and Nervous Systems, Patient Care and Communication	80	6.0
Module B	Muscular System, Infection Control, Minor Office Surgery, and Pharmacology	80	6.0
Module C	Digestive System, Nutrition, Financial Management, and First Aid	80	6.0
Module D	Cardiopulmonary Systems, Vital Signs, Electrocardiography, and CPR	80	6.0
Module E	Urinary, Blood, Lymphatic, and Immune Systems and Laboratory Procedures	80	6.0
Module F	Endocrine, Skeletal, and Reproductive Systems, Pediatrics, and Geriatrics	80	6.0
Module G	Medical Law and Ethics, Psychology, and Therapeutic Procedures	80	6.0
Module H	Health Insurance Basics, Claims Processing, and Computerized Billing	80	6.0
Module X	Medical Assistant Externship	200	6.0
	Total	920	60.0

Major Equipment:

Autoclave	sphygmomanometers	examination tables	teletrainer
personal computers	electrocardiography machine	surgical instruments	mayo stands
calculators	stethoscopes	hematology testing equipment	training manikins
microscopes			

Module MAINTRO: Introduction to Medical Assisting

6.0-Quarter Credit Units

Module MAINTRO introduces students to the medical assisting profession, medical terminology, interpersonal skills, study techniques, and basic clinical skills. Students are introduced to the rules needed to build, spell, and pronounce health care terms, basic prefixes, suffixes, word roots, combining forms, and terms associated with body structure and directional terminology. Students study the professional qualities and professional personal appearance of a medical assistant. They learn about the administrative and clinical duties performed by a medical assistant. Additionally, students study the purpose of accreditation and the significance of becoming credentialed professional. Students also study the importance of interpersonal skills and the application of these skills with patients and fellow employees. Students will gain knowledge of basic medical insurance billing, coding concepts, and the use of coding reference books. Students are introduced to the basic clinical skills of obtaining vital signs, drawing and processing blood samples, and preparing and administering injections—procedures that they will continue to practice throughout the remaining modules. Students learn how to use knowledge of multiple intelligences to enhance studying and learning and how to make their personality type work for them. Successful note-taking and listening skills are reviewed, as well as techniques for remembering. Students also gain knowledge of test-taking strategies, including

methods that can be used for reducing test anxiety. Prerequisite: None Lecture: 40.0 Hrs; Lab: 40.0 Hrs; Other Hours: 00.0

Module A: Integumentary, Sensory, and Nervous Systems, Patient Care and Communication

6.0-Quarter Credit Units

Module A emphasizes patient care, including physical examinations and procedures related to the eyes and ears, the nervous system, and the integumentary system. Students will have an opportunity to work with and review patient charts and perform front office skills related to records management, appointment scheduling, and bookkeeping. Students gain skills in communication (verbal and nonverbal) when working with patients both on the phone and in person. Students develop working knowledge of basic anatomy and physiology of the special senses (eyes and ears), nervous and integumentary system, common diseases and disorders, and medical terminology related to these systems. Students check vital signs, obtain blood samples, and prepare and administer injections. Also introduced are strategies for dealing with change, setting goals, and getting motivated. Students learn how to prepare an attractive business letter, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Prerequisite: MAINTRO Lecture: 40.0 Hrs (20.0 in Theory/10.0 in Clinical Lab/10.0 in Computer) Lab: 40.0 Hrs (30.0 in Clinical Lab/10.0 in Computer Lab)

Module B: Muscular System, Infection Control, Minor Office Surgery, and Pharmacology

6.0-Quarter Credit Units

Module B stresses the importance of asepsis and sterile technique in today's health care environment, along with the proper use of personal protective equipment. Students learn about basic bacteriology and its relationship to infection and disease control. Students identify the purpose and expectations of the Occupational Health and Safety Administration (OSHA) and the Clinical Laboratory Improvement Amendments (CLIA) regarding disease transmission in the medical facility. Students study basic math concepts to prepare for medication dosage calculations. Students learn the principles and various methods of administering medication. Basic pharmacology and the uses, inventory, classification, and effects of therapeutic drugs are included. Students participate in the positioning and draping of patients for various examinations and prepare for assisting with minor office surgical procedures. Students gain knowledge of basic anatomy and physiology of the muscular system, common diseases and disorders, and medical terminology related to this system. Students check vital signs, obtain blood samples, and prepare and administer injections. Also introduced are strategies for setting and accomplishing personal goals, along with how to succeed in accomplishing these goals. Students describe how to handle numbers, symbols, and abbreviations in transcribed material and demonstrate increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Prerequisite: MAINTRO Lecture: 40.0 Hrs (20.0 in Theory/10.0 in Clinical Lab/10.0 in Computer)

Lab: 40.0 Hrs (30.0 in Clinical Lab/10.0 in Computer Lab)

Module C: Digestive System, Nutrition, Financial Management, and First Aid

6.0-Quarter Credit Units

Module C introduces students to the health care environment, office emergencies, and first aid, with an emphasis on bandaging techniques for wounds and injuries. Students will discuss types of disasters and the medical assistant's role in emergency preparedness and assisting during and after a disaster. Students learn bookkeeping procedures, accounts receivable and payable, financial management, banking, and check-writing procedures essential to the successful operation of the medical office. Students study the administrative and clinical uses of the electronic health record. Students develop working knowledge of good health, nutrition, weight control, and strategies in promoting good health in patients. They acquire knowledge of basic anatomy and physiology, common diseases and disorders, and medical terminology of the digestive system. Students check vital signs, obtain blood samples, and prepare and administer injections. They are introduced to strategies for building active reading and comprehension skills, along with techniques for managing time. Students practice transcribing accurate medical record notes and correcting erroneous entries, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Prerequisite: MAINTRO Lecture: 40.0 Hrs (20.0 in Theory/10.0 in Clinical Lab/10.0 in Computer) Lab: 40.0 Hrs (30.0 in Clinical Lab/10.0 in Computer Lab)

Module D: Cardiopulmonary Systems, Vital Signs, Electrocardiography, and CPR

6.0-Quarter Credit Units

Module D examines the circulatory and respiratory systems, including the structure and function of the heart and lungs, along with diseases, disorders, diagnostic tests, anatomy and physiology, and medical terminology associated with these systems. Students apply knowledge of the electrical pathways of the heart muscle in preparation for applying electrocardiography leads and recording a 12-lead electrocardiogram (ECG). Students receive instruction in cardiopulmonary resuscitation (CPR) and the use of an automated external defibrillator (AED), which enables them to respond to cardiac emergencies. Students check vital signs and differentiate between normal values for pediatric and adult patients. Students obtain blood samples and prepare and administer injections. Students will discuss how to apply critical and creative thinking skills to analyzing and problem solving in the workplace and everyday life. Students study the preparation of a History and Physical examination report, along with demonstrating increasing

speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Prerequisite: MAINTRO Lecture: 40.0 Hrs (20.0 in Theory/10.0 in Clinical Lab/10.0 in Computer) Lab: 40.0 Hrs (30.0 in Clinical Lab/10.0 in Computer Lab)

Module E: Urinary, Blood, Lymphatic, and Immune Systems and Laboratory Procedures

6.0-Quarter Credit Units

Module E introduces microbiology and laboratory procedures commonly performed in a physician's office or medical clinic. Students learn specimen identification, collection, handling and transportation procedures and practice venipuncture and routine diagnostic hematology. Maintenance and care of laboratory equipment and supplies are discussed. Students gain working knowledge of radiology and nuclear medicine, in addition to various radiological examinations and patient preparation for these exams. Anatomy and physiology of the urinary system and the body's immunity, including the structure and functions, as well as common diagnostic exams and disorders related to these systems, is presented. Students perform common laboratory tests, check vital signs, and perform selected invasive procedures. Students learn essential medical terminology related to the body systems and topics introduced in the module. Students learn the skills involved in organizing and writing a paper. Students transcribe miscellaneous medical reports, along with demonstrating increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Prerequisite: MAINTRO Lecture: 40.0 Hrs (20.0 in Theory/10.0 in Clinical Lab/10.0 in Computer) Lab: 40.0 Hrs (30.0 in Clinical Lab/10.0 in Computer Lab)

Module F: Endocrine, Skeletal, and Reproductive Systems, Pediatrics, and Geriatrics

6.0-Quarter Credit Units

Module F covers general anatomy and physiology, including an overview of the study of biology and the various body structures and systems. This module also examines the anatomy, physiology, and functions of the skeletal, endocrine, and reproductive systems, along with medical terminology associated with these systems. Students learn about child growth and development. They develop working knowledge of the skills necessary to assist in a pediatrician's office and learn the important differences that are specific to the pediatric field. Some of the skills students learn in this area are height and weight measurements and restraining techniques used for infants and children. They check vital signs, assist with diagnostic examinations and laboratory tests, and instruct patients regarding health promotion practices. Students gain knowledge of signs and symptoms of possible child abuse or neglect. Students also become familiar with human development across the life span. They will discuss normal and abnormal changes that are part of the aging process and the medical assistant's responsibilities related to the older person. Students check vital signs, obtain blood samples, and prepare and administer injections. Students discuss the importance of the ability to compose business documents and reports and practice composing business documents and e-mails. Students demonstrate increasing speed and accuracy on the computer keyboard and in medical transcription. Students build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Prerequisite: MAINTRO Lecture: 40.0 Hrs (20.0 in Theory/10.0 in Clinical Lab/10.0 in Computer) Lab: 40.0 Hrs (30.0 in Clinical Lab/10.0 in Computer Lab)

Module G: Medical Law, and Ethics, Psychology, and Therapeutic Procedures

6.0-Quarter Credit Units

Module G covers the history and science of the medical field, as well as the medical assisting profession. Students gain working knowledge of concepts related to patient reception in the medical office and preparing for the day. They discuss the importance of professional behavior in the workplace. Students learn what it takes to become an office manager and the responsibilities an office manager has to the office, the staff, and the physician. Students are introduced to medical office safety, security, and emergency provisions. They study how to maintain equipment and inventory. The functions of computers in the medical office are discussed. Students also talk about the role ergonomics plays in the health of the staff and patients. Students learn how to provide mobility assistance and support to patients with special physical and emotional needs, and various physical therapy modalities are discussed. Also introduced are the basic principles of psychology, psychological disorders, diseases, available treatments, and medical terminology related to mental and behavioral health. Medical law and ethics in relation to health care are discussed. Skills and attitudes necessary for success in the workforce are introduced, along with how to create a résumé, and follow through with the job search. Students check vital signs, obtain blood samples, and prepare and administer injections. Students demonstrate increasing speed and accuracy on the computer keyboard and build on their keyboarding and word processing skills related to word processing and spreadsheet programs, with acceptable progress through the identified text(s). Prerequisite: MAINTRO Lecture: 40.0 Hrs (20.0 in Theory/10.0 in Clinical Lab/10.0 in Computer) Lab: 40.0 Hrs (30.0 in Clinical Lab/10.0 in Computer Lab)

Module H: Health Insurance Basics, Claims Processing, and Computerized Insurance Billing**6.0-Quarter Credit Units**

Module H introduces students to insurance billing and provides an in-depth exposure to diagnostic and procedural coding. Students gain working knowledge of the major medical insurances and claims form processing. They are introduced to types and sources of insurance, health insurance basics, traditional insurance plans, managed care, Medicare, Medicaid, military carriers, and Worker's Compensation and Disability insurance. This module covers the format of the ICD-9-CM manual, the CPT-4 and HCPCS manuals, and their relationship to the process of insurance claims submission. Patient expectations of the medical practice in regard to billing and collections and patient confidentiality are covered. Students gain knowledge of how to enter patient information and schedule appointments electronically, along with processing insurance claims both manually and electronically. Students continue to develop basic clinical skills by taking vital signs, obtaining blood samples, and preparing and administering injections.

Prerequisite: MAINTRO Lecture: 40.0 Hrs (20.0 in Theory/10.0 in Clinical Lab/10.0 in Computer)

Lab: 40.0 Hrs (30.0 in Clinical Lab/10.0 in Computer Lab)

Module X: Medical Assistant Externship**6.0-Quarter Credit Units**

Upon successful completion of all modules, medical assisting students participate in a 200-hour externship at an approved facility. The externship provides the student an opportunity to apply principles and practices learned in the program and utilize entry-level medical assisting skills in working with patients. Medical Assisting Diploma Program externs work under the direct supervision of qualified personnel at the participating externship sites, and under general supervision of the school staff. Supervisory personnel at the site evaluate externs at 100- and 200-hour intervals. Completed evaluation forms are placed in the students' permanent records. Students must successfully complete their externship experience in order to fulfill requirements for graduation. Prerequisite: MAINTRO, Modules A-H Lecture: 00.0 Hrs; Lab: 00.0 Hrs; Other Hours: Extern 200.0

MEDICAL INSURANCE BILLING AND CODING

Diploma Program

33 weeks – 760 Clock Hours – 48 Credit Units

V2

Medical Insurance Billing and Coding professionals perform a variety of administrative health information functions, including those associated with organizing, analyzing, and technically evaluating health insurance claim forms and coding diseases, surgeries, medical procedures, and other therapies for billing and collection.

The objective of the Medical Insurance Billing and Coding program is to provide the student with the appropriate didactic theory and hands-on skills necessary to prepare them for entry-level positions as medical insurance billers and coders in today's health care offices, clinics, and facilities. Students will study diagnostic and procedural terminology as it relates to the accurate completion of medical insurance claims. Utilizing a format of medical specialties, relevant terms will also be introduced and studied.

The Medical Insurance Billing and Coding program is a 760 clock hour/48.0 credit unit course of study, consisting of seven individual learning units, called modules. Students are required to complete all modules, starting with Module MEDINTRO and continuing in any sequence until all seven modules have been completed. After the MEDINTRO Introductory Module is completed, the remaining six modules stand alone as units of study. If students do not complete any portion of one of these modules, the entire module must be repeated. Upon successful completion all modules, students participate in an externship. This consists of 200 clock hours of hands-on experience working either in a tutorial classroom setting called a practicum or in an outside facility in the field of medical insurance billing and coding.

Module	Module Title	Clock Hours	Credit Units
MEDINTRO	Introduction to Medical Terminology, Keyboarding, Word Processing, Basic Math, Insurance Coding, and Administrative Duties of Medical Personnel	80	6.0
MIBCL	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Cardiovascular and Lymphatic Systems	80	6.0
MIBGU	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Genitorurinary System	80	6.0
MIBIE	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Integumentary and Endocrine Systems, and Pathology	80	6.0
MIBMS	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Musculoskeletal System	80	6.0
MIBRG	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Respiratory and Gastrointestinal Systems	80	6.0
MIBSN	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Sensory and Nervous Systems, and Psychology	80	6.0
MIBXT OR MIBP	Externship or Practicum	200	6.0
	Total	760	48.0

Module MEDINTRO: Introduction to Medical Terminology, Keyboarding, Word Processing, Basic Math, Insurance Coding, and Administrative Duties of Medical Personnel 6.0 Quarter Credit Hours

This module presents basic prefixes, suffixes, word roots, combining forms, special endings, plural forms, abbreviations, and symbols. Also covered is medical jurisprudence and medical ethics. Legal aspects of office procedure are covered, including a discussion of various medical/ethical issues in today's medical environment. Students will learn basic computer skills and acquire knowledge of basic medical insurance billing and coding. Students are provided exposure to computer software applications used in the health care environment including basic keyboarding, Word and Excel. In addition, basic guidelines and coding conventions in ICD-9 and CPT are covered with focus on the professional (outpatient) guidelines, as well as an introduction to the use of the coding reference books. Basic math is introduced. Career skills and development of proper study and homework habits are introduced as well as professionalism needed in the healthcare environment. Prerequisite: None. Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000

Module MIBCL: Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Cardiovascular and Lymphatic Systems **6.0 Quarter Credit Hours**

This module presents a study of basic medical terminology focused on the cardiovascular system and the lymphatic system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000

Module MIBGU: Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Genitorurinary System **6.0 Quarter Credit Hours**

This module presents a study of basic medical terminology focused on the genitorurinary system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000

Module MIBIE: Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Integumentary and Endocrine Systems, and Pathology **6.0 Quarter Credit Hours**

This module presents a study of basic medical terminology focused on the integumentary system, the endocrine system, and pathology. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and

medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000

Module MIBMS: Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Musculoskeletal System 6.0 Quarter Credit Hours

This module presents a study of basic medical terminology focused on the musculoskeletal system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000

Module MIBRG: Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Respiratory and Gastrointestinal Systems 6.0 Quarter Credit Hours

This module presents a study of basic medical terminology focused on the respiratory system and the gastrointestinal system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000

Module MIBSN: Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Sensory and Nervous Systems, and Psychology 6.0 Quarter Credit Hours

This module presents a study of basic medical terminology focused on the sensory system, the nervous system, and psychology. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented

in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000

Once a student has completed all modules, he or she will be placed in his or her final module of training, as chosen by the school administration, in an on-campus practicum experience or out in the field in an approved externship facility.

Module MIBXT: Externship **6.0 Quarter Credit Hours**
 Upon successful completion of Modules MIBINTRO, MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN, medical insurance billing/coding students participate in a 200-hour externship. Students are expected to work a full-time (40 hours per week) schedule if possible. Serving in an externship at an approved facility gives externs an opportunity to work with the principles and practices learned in the classroom. Externs work under the direct supervision of qualified personnel in participating institutions and under general supervision of the school staff. Supervisory personnel will evaluate externs at 100 and 200-hour intervals. Completed evaluation forms are placed in the students' permanent records. Students must successfully complete their externship training in order to fulfill requirements for graduation. Prerequisite: Successful completion of Modules MEBINTRO, MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN. Lec Hrs: 000 Lab Hrs: 000 Other Hrs: 200

Module MIBP: Practicum **6.0 Quarter Credit Hours**
 Upon successful completion of Modules MEDINTRO, MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN, medical insurance billing and coding students participate in a 200-hour practicum on-campus. The practicum provides the student an opportunity to apply principles and practices learned in the program and utilize entry-level skills in working with insurance companies and processing claims. Medical insurance billing and coding students work under the direct supervision of the school staff. An instructor or department chair evaluates students at 100 and 200 hour intervals. Completed evaluation forms are placed in the students' permanent records. Students must successfully complete their practicum experience in order to fulfill requirements for graduation. Prerequisite: Successful completion of Modules MEBINTRO, MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN. Lec Hrs: 000 Lab Hrs: 000 Other Hrs: 200

PATIENT CARE TECHNICIAN

Diploma Program

33 weeks – 760 Clock Hours – 52 Credit Units

V2

The Patient Care Technician program is designed to train students to function safely and effectively as integral members of the health care delivery team. The program combines basic knowledge with applied skills mastered in both the classroom and the laboratory. In this multi-occupational program, students are cross-trained to perform any number of clinical skills from performing basic patient care skills, to performing electrocardiograms, as an EKG Technician, to collecting laboratory specimens as a Phlebotomist, or to assisting a patient to walk for the first time, as a physical therapy aide.

The Patient Care Technician can expect to find employment opportunities in hospitals, rehabilitation centers, specialty and urgent care centers, long-term and skilled nursing facilities, and staffing agencies. In addition to being qualified to work as a Patient Care Technician and Home Health Aide, graduates of this program are also qualified to work as Physical Therapy and Occupational Therapy Aides, and EKG Technician.

The program is comprised of seven modular units of learning which are made up of 80 hours of combined theory and laboratory time and one module which is referred to “clinical rotation,” for a total 200 hours. During this rotation, which is completed after all theory modules, students are given the opportunity to observe and become part of the health care team as they gain hands-on experience working side-by-side with other health care practitioners.

The Patient Care Technician program provides the student with the theory and hands-on applications required to perform the following tasks:

- Demonstrate the basic principles and practices of basic patient care and safety, home health care, physical therapy and occupational therapy, phlebotomy, electrocardiography, healthcare law and ethics, communications and interpersonal skills, clerical skills, and safety.
- Recognize, spell, define, and use appropriate medical terminology, words, and abbreviations as part of the study of anatomy and physiology, microbiology, and infection control.
- Use appropriate medical and surgical asepsis and patient care skills, including those required in infection control, including universal precautions, pre- and post-operative care, scrubbing, gowning, and gloving, body mechanics, personal care, bed-making, positioning, observational and charting skills, and basic laboratory, cardiology, physical therapy, and occupational therapy skills.
- Demonstrate skills to obtain CPR certification.

Module	Module Title	Clock Hours	Credit Units
Module A	Basic Healthcare Concepts & Clerical Skills	80	7.0
Module B	Anatomy, Physiology and Medical Terminology	80	8.0
Module C	Patient Care Skills for CNA and/or PCT	80	6.0
Module D	Patient Care Skills, Advanced Patient Care and Home Health	80	6.0
Module E	Electrocardiography and CPR	80	6.0
Module F	Phlebotomy and Basic Laboratory Skills	80	6.0
Module G	Physical and Occupational Therapy and Advanced Clerical Skills	80	7.0
Module X	Clinical Rotations I and II	200	6.0
	Total	760	52.0

Module A: Basic Healthcare Concepts and Clerical Skills

7.0 Quarter Credit Hours

Module A provides the student with an overall understanding to the field of healthcare, particularly as it relates to the “multi-skilled” Patient Care Technician. At the end of the module, students will be able to discuss the various fields of healthcare, infection control, legal and ethical responsibilities, communication and interpersonal skills. Students will be able to identify and explain safety procedures, and skills involved in observations, recording and reporting. In this module, students will be given the opportunity to learn some of the basic clerical and administrative procedures required of the patient care technician in the hospital and health care environment. Prerequisite: None. Lec Hrs: 060 Lab Hrs: 020 Other Hrs: 000

Module B: Anatomy, Physiology and Medical Terminology

8.0 Quarter Credit Hours

Module B focuses on the study of anatomy and physiology and its associated terminology. At the end of the module, students will be able to identify the various body systems and through discussions, use the terminology associated with these systems. Students will be able to identify and discuss common disorders and diseases affecting each system. HIV/AIDS is also covered. Prerequisite: None. Lec Hrs: 080 Lab Hrs: 000 Other Hrs: 000

<p>Module C: Patient Care Skills for CNA and/or PCT</p> <p>Module C provides the student with the theory and hands-on application involved in providing basic patient care as is required as a patient care technician. In some states, the training in this program readies the student for duties of a nursing assistant. Students will take and record vital signs, demonstrate skills for appropriate personal patient care, simulate procedures for admitting, transferring and discharging patients, and discuss restorative care and meeting the patients' physical and psycho-social needs. Prerequisite: None. Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000</p>	<p>6.0 Quarter Credit Hours</p>
<p>Module D: Patient Care Skills, Advanced Patient Care and Home Health</p> <p>Module D provides the student with the theory and hands-on skills involved in providing advanced patient and home health care (Home Health Aide). Students will acquire the skills to determine and discuss therapeutic diets, examine various methods to control infections, identify the components and functions of body mechanics, and simulate caring for the client/patient in the home care setting. Prerequisite: None. Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000</p>	<p>6.0 Quarter Credit Hours</p>
<p>Module E: Electrocardiography and CPR</p> <p>Module E will provide the student with the theory and hands-on skills involved in electrocardiography. Students will explore the profession of electrocardiography. Students will perform the procedures and record electrocardiographs and demonstrate how to interpret basic EKG's for possible abnormalities. This module will provide the student with skills required for CPR certification. CPR course certification will be campus-specific. Prerequisite: None. Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000</p>	<p>6.0 Quarter Credit Hours</p>
<p>Module F: Phlebotomy and Basic Laboratory Skills</p> <p>Module F will provide the student with the theory and hands-on skills involved in phlebotomy and basic lab procedures. Students will explore the profession and perform basic laboratory skills. Students will draw blood samples, collect specimen samples and perform simple laboratory procedures. Prerequisite: None. Lec Hrs: 040 Lab Hrs: 040 Other Hrs: 000</p>	<p>6.0 Quarter Credit Hours</p>
<p>Module G: Physical and Occupational Therapy and Advanced Clerical Skills</p> <p>Module G will provide the student with the basic theory and hands-on applications involved in the field of physical therapy and occupational therapy as they relate to the patient care technician, the physical therapy aide, and the occupational therapy aide. Students will perform basic procedures required of physical and occupational therapy aides and identify various therapeutic modalities used in both physical therapy and occupational therapy. In this module, students will be introduced to various types of communication devices used by the healthcare team, prepare medical charting forms and charges, transcribe physician orders and perform computer-based advanced clerical skills. Prerequisite: None. Lec Hrs: 060 Lab Hrs: 020 Other Hrs 000</p>	<p>7.0 Quarter Credit Hours</p>
<p>Module X: Clinical Rotations I and II</p> <p>Upon successful completion of Modules A through G, patient care technician students participate in an externship. During the externship, students will perform and observe clinical tasks under the direct supervision of qualified personnel in participating institutions and under the general supervision of the campus staff. Students may rotate through various departments within the clinical facility to perform tasks and observe, as appropriate, in patient care units, physical therapy, cardiology, laboratory, central service, admitting, and business office areas. All students will be evaluated at the halfway point and the conclusion of the clinical experience. Patient care technicians must complete the externship in its entirety in order to fulfill requirements for graduation. Prerequisite: Modules A – G. Lec Hrs: 000 Lab Hrs: 000 Other Hrs: 200</p>	<p>6.0 Quarter Credit Hours</p>

PHARMACY TECHNICIAN
Diploma Program
 33 weeks – 760 Clock Hours – 48 Credit Units

V1

The Pharmacy Technician diploma program provides both technical and practical training which will enable the technician, upon certification, licensure or registration, to function as a competent entry-level pharmacy technician to the licensed pharmacist. The program provides the student with the basic knowledge of and practice in pharmacy calculations, drug distribution systems, and preparation of sterile dosage forms. Computer skills necessary in pharmacy practice will be utilized, and both pharmaceutical and medical terminology and anatomy and physiology are also covered. The program emphasizes theory, as well as hands-on practice, followed by an externship which prepares the student for the actual work setting. Upon completion of this program, the graduate will be fully prepared to take the national pharmacy technician certification exam offered by the Pharmacy Technician Certification Board (PTCB). Note: A high school diploma or GED is required in order to take the PTCB exam.

Pharmacy services have expanded and grown at an accelerated rate, paving a new way for Pharmacy Technicians. It cannot be over emphasized how significant pharmacy technicians have become, upon pharmacy operations and the substantial part they play in the healthcare work force. As pharmacy services continue to grow, with new services being offered, new drugs entering the market, and comprehensive drug information becomes a necessity, the need for highly trained pharmacy technicians increases.

Many of the traditional pharmacy functions, once performed by pharmacists, are now being performed by pharmacy technicians. Today's pharmacy technician has assumed a position which supports and enhances the progressive direction taken by pharmacy. The technician has also become the key person in assuring the smooth uninterrupted functioning of traditional pharmacy services.

Pharmacy is a dynamic field requiring an ongoing learning process. Graduates from this training program will become active participants in this growing field by exhibiting competence through knowledge and skills learned through the school.

Any person who wishes to work as a pharmacy technician in the State of Florida must register with the Board of Pharmacy. Applicants for registration must submit:

- Pharmacy Technician Registration Application
- \$105.00 Fee (\$50.00 non-refundable application fee, \$50.00 registration fee, \$5.00 unlicensed application fee)
- Proof of completion of a board-approved pharmacy technician-training program

Module	Module Title	Clock Hours	Credit Units
Module A	Administration of Medications and Pharmacology of the Endocrine/ Lymphatic Systems	80	6.0
Module B	Aspects of Retail Pharmacy and Pharmacology of the Nervous System	80	6.0
Module C	History and Ethics of Pharmacy and Pharmacology of the Respiratory System & Nuclear and Oncology Pharmacy Practice	80	6.0
Module D	Infection Control, Medication Errors and Alternative Medicine and Pharmacology of the Integumentary System and Senses	80	6.0
Module E	Administrative Aspects of the Pharmacy Technician & Pharmacology of the G.I. and Muscular System	80	6.0
Module F	Aspects of Hospital Pharmacy and Pharmacology of the Urinary and Reproductive System	80	6.0
Module G	Home Health Care, Pharmacy Operations and Pharmacology of the Cardiovascular, Circulatory and Skeletal System	80	6.0
Module X	Clinical Externship	200	6.0
	Total	760	48.0

Module A: Administration of Medications and Pharmacology of the Endocrine and Lymphatic Systems**6.0 Quarter Credit Hours**

This module is designed to provide the student with an overall understanding of medication administration, safety and quality assurance. Included in this course is an overview and historical development of pharmacy. Body systems are covered in this module which includes the endocrine and lymphatic systems, and medications used to treat conditions of the endocrine system. Repackaging and compounding will be discussed and performed. Included in this course is use of policy and procedure manuals, materials management of pharmaceuticals, the pharmacy formulary system, computer applications in drug-use control, receiving and processing medication orders. Preparation and utilization of patient profiles, handling medications, storage and delivery of drug products, records management and inventory control, and compensation and methods of payment for pharmacy services are discussed. Conversions and calculations used by pharmacy technicians will be discussed along with drug dosages in units and working with compounds, admixtures, and parenteral and IV medications. Hands-on skills in the laboratory practice setting are performed. Prerequisites: None. Lec. Hrs. 040 Lab Hrs. 040 Other Hrs. 000

Module B: Aspects of Retail Pharmacy and Pharmacology of the Nervous System**6.0 Quarter Credit Hours**

This module is designed to provide the student with responsibilities of a technician filling prescriptions, including the information required to fill prescriptions and typing the prescription label. This module also covers how to read a drug label. Medications for the nervous system are covered including a study of medications for neurological conditions, mental disorders and a discussion on muscle relaxants. This module will include C.P.R. certification. Hands-on skills in the laboratory practice setting are performed. Prerequisites: None. Lec. Hrs. 040 Lab Hrs. 040 Other Hrs. 000

Module C: History and Ethics of Pharmacy and Pharmacology of the Respiratory System & Nuclear and Oncology Pharmacy Practice**6.0 Quarter Credit Hours**

This module is designed to introduce the student to the professional aspects of working in pharmacy technology. Subjects covered include a history of and changing roles of pharmacists and pharmacy technicians. This module covers the law and ethics of pharmacy which includes the Food and Drug Act, The 1970 Comprehensive Drug Abuse Prevention and Control Act, and other modern-day drug legislation. The respiratory system is discussed along with medications for respiratory tract disorders. Oncology agents are covered in this module along with HIV/AIDS. Calculations and dimensional analysis of drug dosages are covered. Hands-on skills in the laboratory practice setting are performed. Prerequisites: None. Lec. Hrs. 040 Lab Hrs. 040 Other Hrs. 000

Module D: Infection Control, Medication Errors and Alternative Medicine and Pharmacology of the Integumentary System and Senses**6.0 Quarter Credit Hours**

This module covers pharmacy technician registration and certification, including professionalism and communication in the pharmacy setting. Over-the-counter medications, vitamins and skin care products are discussed in this module. Medications for the integumentary system are covered along with a discussion on medication calculations for the elderly. Also covered in this module are medications used for disorders of the eyes and ears. Students learn the most common medication errors, alternative medication and food & drug interactions. Hands-on skills in the laboratory practice setting are performed. Prerequisites: None. Lec. Hrs. 040 Lab Hrs. 040 Other Hrs. 000

Module E: Administrative Aspects of the Pharmacy Technician & Pharmacology of the G.I. and Muscular System**6.0 Quarter Credit Hours**

In this module, emphasis is placed on the role and responsibilities of the pharmacy technician regarding parenteral dosages, including using proportion in calculating drug dosages for pediatrics. This module is designed to provide the student with an overall understanding of the administrative aspects and hands-on applications involved in working in a pharmacy. Medications for the G.I. and musculoskeletal system are covered along with medications for disorders of the musculoskeletal system, as well as a study of general operations of pharmacies at different settings. Subjects covered include safety in the workplace, using computers in the pharmacy, communications and interpersonal relations within the pharmacy. Students will learn about migraine headaches, analgesics and drugs for NSAID. Use of computers in the pharmacy practice setting are covered. Hands-on skills in the laboratory practice setting are performed. Prerequisites: None. Lec. Hrs. 040 Lab Hrs. 040 Other Hrs. 000

Module F: Aspects of Hospital Pharmacy and Pharmacology of the Urinary and Reproductive System**6.0 Quarter Credit Hours**

This module is designed to provide the student with an overall understanding of anatomy and physiology as it relates to the urinary and reproductive systems. Students will learn common tasks performed by pharmacy technicians in the hospital practice setting, including policies and procedures, responsibilities of the inpatient pharmacy technician, and specific state requirements regulating the use of pharmacy technicians in various states. Students will familiarize themselves with intravenous flow rates of large volume and small volume IV, infusion of IV Piggybacks, and the use of a Heparin lock. Critical Care flow rates and automated medication dispensing systems are discussed and calculated. Hands-on skills in the laboratory practice setting are performed. Prerequisites: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module G: Home Health Care, Pharmacy Operations and Pharmacology of the Cardiovascular, Circulatory and Skeletal System**6.0 Quarter Credit Hours**

This module is designed to familiarize the student with all aspects of home health care, mail order pharmacy/E-Pharmacy, and long term care pharmacy. Also covered in this module is drug distribution systems utilized in the

pharmacy to include pharmacy stocking and billing, inventory and purchasing. This module will provide students with the understanding of the cardiovascular, circulatory and skeletal system and discuss medications for circulatory disorders and medications for the skeletal system. Hands-on skills in the laboratory practice setting are performed. Prerequisites: None. Lec. Hrs. 040 Lab Hrs. 040 Other Hrs. 000

Module X: Clinical Externship

6.0 Quarter Credit Hours

This 200-hour module is designed to provide the student with supervised, practical hands-on and observational experiences in the working pharmacy. Students will be expected to gain experiences in either a hospital pharmacy or a community (retail) pharmacy. Students will gain exposure to “on-the-job” experiences and training in the pharmacy setting and practice of skills, gaining experiences in all aspects of drug preparation, and distribution utilized by participating sites. Prerequisite: Completion of Modules A-G. Lec. Hrs. 000 Lab Hrs. 000 Other Hrs. 200

ASSOCIATES DEGREE PROGRAMS

APPLIED MANAGEMENT
Associate Degree Program
 24 Months – 96 Credit Units

V 1

The Associate of Applied Management program is offered for those students who have completed a diploma from an accredited post-secondary institution and whose career goals require a broad knowledge of the functional areas of business. All students will take coursework in the areas of accounting, general business, management, marketing, computer applications, and business law. The program prepares students for a variety of entry-level positions in areas such as sales, office supervision, and small business management.

Course Number	Course Name	Total Quarter Credit Hours
College Core Requirements		
SLS 1105	Strategies for Success	4.0
SLS 1340	Career Skills and Portfolio Development (formerly known as Career Skills)	2.0
CGS 2167C	Computer Applications	4.0
	Total Credit Hours	10.0
Major Core Requirements – All Concentrations		
MAN 1030	Introduction to Business (formerly known as Introduction to Business Enterprise)	4.0
MAN 2021	Principles of Management	4.0
APA 2111	Principles of Accounting I	4.0
BUL 2131	Applied Business Law	4.0
	Major Core Electives*	36.0
Associate's students choose 8 units from the following:		
MAN 2300	Introduction to Human Resources	4.0
FIN N103	Introduction to Finance	4.0
MAR N305	Customer Relations and Servicing	4.0
MAR N011	Introduction to Marketing	4.0
SBM 2000	Small Business Management	4.0
	Total Credit Hours	60.0
General Education Requirements		
ENC N101	Composition I	4.0
ENC N102	Composition II	4.0
MAT 2033	College Algebra	4.0
SLS 1505	Basic Critical Thinking	2.0
PSY 2012	General Psychology	4.0
ECOP N021	General Economics	4.0
EVS 1001	Environmental Science	4.0
	Total Credit Hours	26.0
	Total Credit Hours Required for Graduation	96.0

*Major Core Electives: Credit will be applied from the student's previously completed certificate, diploma, or associates program. Students who have fewer than 36 transferable major core credits will be required to select additional courses from the business and management areas.

BUSINESS

Associate Degree Program

24 Months – 970-1,010 Clock Hours – 96 Credit Units

V2

The Associate in Science in Business programs are offered for those students whose career goals require a broad knowledge of the functional areas of business. All students will take coursework in the areas of accounting, general business, management, marketing, human resources, computer applications, and business law. In addition, students will choose an area of concentration that will comprise the balance of the courses in the major. The following describes each area of concentration.

Business Administration

The Business Administration concentration focuses on the structure, function, and procedures of standard business operations. The program prepares students for a variety of entry-level positions in areas such as sales, office supervision, and small business management.

Management

The Management concentration focuses on the fundamental business management principles utilized by today's businesses. The graduate of this program will be prepared for entry-level positions in supervisory roles in business, industry, and government.

Marketing

The concentration in Marketing is designed to provide students with a basic marketing background to prepare for entry-level positions in business, industry, and government.

International Business

International business is an important aspect of the business world today. This concentration equips graduates for employment in entry-level positions with companies engaged in international commerce.

CRIMINAL JUSTICE
Associate Degree Program
 24 Months – 96 Credit Units

V1

The Criminal Justice program provides a broad understanding of the criminal justice system and prepares graduates for entry-level career opportunities in corrections, immigration, law enforcement, and/or security.

Course Code		Course Title	Associate's Degree Quarter Credit Hours	
College Core Requirements				
SLS	1105	Strategies for Success	4.0	
SLS	1340	Career Skills and Portfolio Development (formerly known as Career Skills)	2.0	
CGS	2167C	Computer Applications	4.0	
			Total Quarter Credit Hours	10.0
Major Core Requirements				
BUL	2131	Applied Business Law	4.0	
CCJ	1017	Criminology	4.0	
CCJ	1020	Introduction to Criminal Justice	4.0	
CJL	2130	Criminal Evidence	4.0	
CJL	2134	Criminal Procedure and the Constitution	4.0	
CJE	N600	Criminal Investigations	4.0	
CCJ	2358	Criminal Justice Communications	4.0	
CJC	2000	Introduction to Corrections	4.0	
CJE	2580	Introduction to Interviews and Interrogations	4.0	
DSC	2002	Introduction to Terrorism	4.0	
			Total Quarter Credit Hours	40.0
Students will select 12.0 additional credits from the following courses:				
CJE	2100	Policing in America	4.0	
CCJ	N288	Spanish for the Criminal Justice Professional	4.0	
CCJ	2679	Introduction to Victims Advocacy	4.0	
CCJ	N943	Current Issues in Criminal Justice	4.0	
CJE	N670	Introduction to Forensics	4.0	
CCJ	N910	Career Choices in Criminal Justice	4.0	
			Total Quarter Credit Hours	12.0
General Education Requirements				
ENC	N101	Composition I	4.0	
ENC	N102	Composition II	4.0	
SPC	N017	Oral Communications*	4.0	
SYG	N000	Principles of Sociology	4.0	
MAT	2033	College Algebra	4.0	
PSY	2012	General Psychology	4.0	
SLS	1505	Basic Critical Thinking	2.0	
AML	N000	Introduction to American Literature	4.0	
EVS	1001	Environmental Science	4.0	
			Total Quarter Credit Hours	34.0
			Total Quarter Credit Hours Required For Graduation	96.0

COURSE NUMBERING SYSTEM

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and 25 participating nonpublic institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online SCNS to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is at the SCNS website at <http://scns.fldoe.org>.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated courses is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "statewide course profiles."

Example of Course Identifier

Prefix	Level Code (first digit)	Century Digit (second digit)	Decade Digit (third digit)	Unit Digit (fourth digit)	Lab Code
ENC	1	1	0	1	
English Composition	Lower (Freshman) Level at this institution	Freshman Composition	Freshman Composition Skills	Freshman Composition Skills I	No laboratory component in this course

General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in *Exception to the General Rule for Equivalency*.

For example, a freshman composition skills course is offered by 56 different postsecondary institutions. Each institution uses "ENC_101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshman Composition," the decade digit "0" represents "Freshman Composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and certain other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at the community college is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. **NOTE:** Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states:

Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.

- A. Courses not offered by the receiving institution.
- B. For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question.
- C. Courses in the _900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Theses, and Dissertations.
- D. College preparatory and vocational preparatory courses.
- E. Graduate courses.
- F. Internships, apprenticeships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999.
- G. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

Courses at Nonregionally Accredited Institutions

The SCNS makes available on its home page (<http://scns.fldoe.org>) a report entitled "Courses at Nonregionally Accredited Institutions" that contains a comprehensive listing of all nonpublic institution courses in the SCNS inventory, as well as each course's transfer level and transfer effective date. This report is updated monthly.

Questions about the SCNS and appeals regarding course credit transfer decisions should be directed to Robert Boggs, Ed.D. or Avi Moscovitz at the Transfer Center (877) 727-0058, or to the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the SCNS office at (850) 245-0427 or at <http://scns.fldoe.org>.

All students enrolled in an Academic Associate degree program take lower division coursework. Courses not approved for SCNS consist of a three-letter prefix that identifies the course subject matter, such as MAN = Management and FIN = Finance, and a three-digit course number preceded by the letter "N."

COURSE DESCRIPTIONS – ACADEMIC ASSOCIATE DEGREE PROGRAMS

<p>ACG 2021: Introduction to Corporate Accounting This course defines financial accounting objectives and their relationship to business. Students are introduced to the fundamental principles of accounting and the accounting cycle as it applies to corporations. Prerequisite: APA N121. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>ACG 2178: Financial Statement Analysis The basics of financial statement analysis in directing a firm's operations are covered in this course. Students will gain an understanding of how funds are acquired in financial markets and the criteria used by investors in deciding where to place their funds. Lec Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>AML N000: Introduction to American Literature This course concentrates on the major writers of Modern American literature. Prerequisite: None. Lec. Hrs: 040 Lab Hrs: 000 Other Hrs: 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>APA 2111: Principles of Accounting I Accrual accounting based upon generally accepted accounting principles is stressed in this course. Analysis of income statement procedures, computerized accounting applications and the accounting cycle are highlighted. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>APA N121: Principles of Accounting II This course emphasizes accounting theory and applications as they apply to the accounting cycle. Various aspects are explored in depth including cash analysis, bank statement reconciliation, bad debt, accounts receivable, notes receivable, accounts payable, notes payable, various methods of inventory pricing, fixed asset allocations, intangible assets, and natural resources. Prerequisite: APA 2111. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>APA 2161: Introductory Cost/Managerial Accounting This course examines the development and operation of cost accounting systems. Topics include basic cost concepts and product costing techniques including job order, process costing, and standard costing with emphasis on managerial application. Prerequisite: APA N121. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>BUL 2131: Applied Business Law This course is designed to provide students with information on the essentials of the nature of law and the functions of the judicial system in the business environment. An overview of legal characteristics of a sole proprietorship, partnerships and corporations are discussed. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>BUL 2261: International Business Law This course provides a survey of international laws and regulations affecting the international business arena. A special emphasis will be placed on the evolving changes in international regulation and its impact on multinational companies. Prerequisites: None. Lec. Hrs: 40. Lab Hrs: 0. Other Hrs: 0.</p>	<p>4.0 Quarter Credit Hours</p>
<p>CCJ 1017: Criminology The study of crime and causes of crime, the types of crime, and crime prevention strategies and society's response to crime. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>CCJ 1020: Introduction to Criminal Justice This course provides an overview and introduction to criminal justice. Focus on the nature of crime, law and criminal justice, the police and law enforcement, the makeup of the courts, the adjudication system, the issues facing police, corrections, and a review of the nature and history of the juvenile justice system. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>CCJ N288: Spanish for the Criminal Justice Professional This course provides criminal justice professionals with a fundamental communication skill set in the Spanish language. Students will address Spanish phrases and terms that will enhance the ability to respond to emergencies and function in other justice related environments. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>CCJ 2358: Criminal Justice Communications This course will introduce the students to proper communication techniques within the community and the law enforcement environment. Interviewing techniques; written communication, report writing; and testimony will be a part of this course. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>
<p>CCJ 2679: Introduction to Victims Advocacy This course examines criminal victimization in the United States. The topics include the historical treatment of victims of crime, the character and extent of modern criminal victimization, the nature of victimization experience, victim treatment at the hands of the criminal justice system. Prerequisite: CCJ 1020. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000</p>	<p>4.0 Quarter Credit Hours</p>

CCJ N910: Career Choices in Criminal Justice	4.0 Quarter Credit Hours
This course provides an overview of employment in the criminal justice field. Topics include nature of the work, employment opportunities, median income, training, opportunity for advancement, employment outlook for ten different general classifications. Prerequisite: CCJ 1020. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CCJ N943: Current Issues in Criminal Justice	4.0 Quarter Credit Hours
This course presents an analysis of significant issues confronting modern day criminal justice practitioners including critical concepts of law enforcement, the courts, corrections, and juvenile justice. Prerequisite: CCJ 1020. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CGS 2167C: Computer Applications	4.0 Quarter Credit Hours
This course introduces the essential concepts necessary to make effective use of the computer. Students achieve an understanding of what a computer can do, how it works, and how it can be used to create documents using word processing and spreadsheet applications for personal and business use. Prerequisite: None. Lec. Hrs. 030 Lab Hrs. 020 Other Hrs. 000	
CGS N510C: Applied Spreadsheets	4.0 Quarter Credit Hours
This course covers the various techniques used in developing spreadsheet applications for business information tracking and analysis. Course topics include using formulas, employing creative formatting, and using charts. Additional skills coverage includes use of graphics, developing pivot tables, and managing lists. Prerequisite: CGS 2167C. Lec. Hrs. 030 Lab Hrs. 020 Other Hrs. 000	
CJC 2000: Introduction to Corrections	4.0 Quarter Credit Hours
This course will examine an overview of the history of corrections and punishment in America with a review of the correctional process including: probation, intermediate sanctions, restorative justice, imprisonment and the death penalty. The organization, management and operation of correctional facilities, inmate life and environment will be examined, including the legal foundation of prisoners' rights. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 1640: Criminalistics I	4.0 Quarter Credit Hours
This course is designed to introduce the concepts involved in the field of Criminalistics. The students will be introduced to the concepts of "Criminalistics" from the professional and scientific disciplines dedicated to the recognition, collection, identification, and individualization of physical evidence and the application of the natural sciences to the matters of the law will be examined. Prerequisite: None. Lec. Hrs: 040 Lab Hrs. 000 Other Hrs. 000	
CJE N641: Criminalistics II	4.0 Quarter Credit Hours
This course continues the introduction to the concepts involved in the field of Criminalistics. The students will be introduced to the concepts of "Criminalistics" from the professional and scientific disciplines dedicated to the recognition, collection, identification, and individualization of physical evidence and the application of the natural sciences to the matters of the law will be examined. Prerequisite: CJE 1640. Lec. Hrs: 040 Lab Hrs. 000 Other Hrs. 000	
CJE 1770: Crime Scene Photography I	4.0 Quarter Credit Hours
Upon successful completion of the course, the students will be able to understand the role of a photographer in a crime scene. The students will become familiar with the history of photography and comprehend fundamental concepts of general camera use. The students will also be able to apply photography concepts and practical applications to vehicular accidents, vehicle examinations, and crimes against property. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 1772: Crime Scene Photography II	4.0 Quarter Credit Hours
Upon successful completion of the course the students will be able to understand the role of a photographer in a crime scene. The students will comprehend fundamental concepts of general camera use and be able to apply photographic concepts and protocols to crimes against persons such as assault and homicide scenes, autopsy, and special issues covering arson, alternative light sources, and SMAT (Scars, Marks, and Tattoos). Prerequisite: CJE 1770. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2100: Policing in America	4.0 Quarter Credit Hours
This course provides a solid foundation by tracking the historical development of policing in America from its English roots to the first organized municipal police departments in the 1830s. It describes various federal law enforcement organizations and how they relate to state and local police. There is examination of the police subculture, explanation of the manner in which police agencies are organized and managed, community policing and problem solving, patrol and criminal investigations, impact of technology on police and discussion of the future. Prerequisite: CCJ N020. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2580: Introduction to Interviews and Interrogations	4.0 Quarter Credit Hours
Interviews and interrogation focuses on techniques and philosophies of conducting human communication in a criminal justice or legal environment in which the goal is to obtain accurate information. Students will learn and apply specialized techniques and approaches to interviews and interrogations as well as legal implications based on a variety of situations. Obtaining eyewitness information in an investigative environment is also discussed. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	

CJE N600: Criminal Investigations	4.0 Quarter Credit Hours
Basic investigative techniques, taking witness statements, interviews and reports are covered. An overview of police procedures is also included. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2602 : Graphics & Documentation II	4.0 Quarter Credit Hours
This course is a continuation of Graphics & Documentation I and will provide the students with a further understanding of the procedures of crime scene observation, note taking and documentation. Students will also be introduced to the preparation of visual exhibits for court presentation. Prerequisite: CJE 2673. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2640: Crime Scene Dynamics I	4.0 Quarter Credit Hours
This course is designed to introduce the investigative concepts involved in the "Crime Scene Dynamics" of processing the aftermath of a criminal incident. The students will be exposed to how to respond to crime scenes, and examine the multitude of responsibilities involved, such as: the evidence must be identified and preserved, witnesses must be isolated and interviewed, the scene must be isolated and protected, fingerprints must be developed, and suspects must be identified and located. Prerequisite: None. Lec. Hrs: 040 Lab Hrs. 000 Other Hrs. 000	
CJE N670: Introduction to Forensics	4.0 Quarter Credit Hours
This course will explore and explain the application of applied science to those criminal and civil matters that are investigated by various agencies. Prerequisite: CCJ 1020. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2671: Fingerprints Classification & Latents I	4.0 Quarter Credit Hours
Upon successful completion of the course, the students will be able to understand the historical background of the science of fingerprints and legal aspects. The students will learn and be able to classify fingerprint cards using the Henry Classification System, to recognize fingerprint patterns and sections of the hand, terminology, obtain ten prints and major case prints, and to understand the New Automated Fingerprint Identification Systems. The students will also be able to individualize one fingerprint card from another. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2672: Fingerprints Classification & Latents II	4.0 Quarter Credit Hours
Upon successful completion of the course, the students will be able to understand the historical background of the science of fingerprints. The students will learn and be able to classify fingerprint cards using the Henry Classification System, to recognize fingerprint patterns, terminology, and to understand the New Automated Fingerprint Identification Systems. The students will also be able to individualize one fingerprint card from another and to demonstrate the ability to locate, process, and recover latent prints in the field and lab. Prerequisite: CJE 2671. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2673: Graphics & Documentation I	4.0 Quarter Credit Hours
This course will provide the students with an understanding of the procedures of crime scene observation, note taking, photography and report writing. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2676: Biological Evidence I	4.0 Quarter Credit Hours
This introductory course will introduce the students to the types of biological evidence commonly found at crime scenes and how to collect it. Specific biological evidence discussed includes blood, semen, saliva, urine, feces, hair, and fingernails. Additional topics include autopsy, the basic departments of the crime laboratory, toxicology, forensic entomology, and uncollectible biological evidence. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2679: Crime Scene Dynamics II	4.0 Quarter Credit Hours
This course continues the introduction to the investigative concepts involved in the "Crime Scene Dynamics" of processing the aftermath of a criminal incident. The students will be exposed to how to respond to crime scenes, and examine the multitude of responsibilities involved, such as: the evidence must be identified and preserved, witnesses must be isolated and interviewed, the scene must be isolated and protected, fingerprints must be developed, and suspects must be identified and located. Prerequisite: CJE 2640. Lec. Hrs: 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2682: Biological Evidence II	4.0 Quarter Credit Hours
This course will continue to discuss the biological evidence commonly found at crime scenes. Packaging, preservation, and care of biological evidence will be discussed. Chain of custody will be explained. Additional topics include DNA, case studies, courtroom testimony, and exhibits for the courtroom. Students will participate in a moot court and a mock crime scene. Prerequisite: CJE 2676. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJE 2690: Technology Crimes I	4.0 Quarter Credit Hours
At the conclusion of this course, the students will have an understanding of technology-based crimes as they apply to modern criminal acts such as identity theft, extortion, intellectual property crimes, fraud, Internet pornography, and online gambling. Students will also examine issues of evidence involving crime scene management, chain of custody issues, and accepted investigative practices. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	

CJE 2695: Technology Crimes II	4.0 Quarter Credit Hours
At the conclusion of this course, the students will have an understanding of procedural law issues, investigative issues and techniques, forensics, and communications skills required to describe technology-based crimes. Students will also be able to compare and contrast the roles and responsibilities of local, state, and federal agencies responsible for investigating technology-based crimes. Prerequisite: CJE 2690. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJL 2130: Criminal Evidence	4.0 Quarter Credit Hours
This course focuses on the nature of evidence as it relates to the pretrial and trial process, including: witnesses, hearsay, admissions and confessions, and the exclusionary rule. Emphasis is placed on specific types of evidence: circumstantial, documentary, physical, documentary and recorded. Prerequisite: CCJ 1020. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJL 2134: Criminal Procedure and the Constitution	4.0 Quarter Credit Hours
There will be a discussion of the Constitutional aspects of criminal procedure. The student will learn procedural aspects of the criminal system from arrest or summons through pretrial motions, trial, post-conviction and appellate processes. A study of the Constitution at work in the court system with current applications. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
CJL 2614: Collecting and Presenting Audio & Visual Evidence	4.0 Quarter Credit Hours
This course is designed to introduce the concepts involved in collecting and presenting audio and visual evidence. The students will also be introduced to the documentation methods for preserving visual evidence. This course will allow the students to understand the courtroom technology available for presentation methods utilizing audio and visual means. These disciplines will include digital photography, film photography, video, voice and audio recordings. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
DSC 2002: Introduction to Terrorism	4.0 Quarter Credit Hours
Students in this course gain a valuable overview of terrorism: its history, current activities, and projected future. Topics include: domestic and international terrorism, terrorist training, weapons of mass destruction, and defenses against terrorism, legal aspects, and the impact of the media. Prerequisite: None. Lec. Hrs: 40	
ECOP N021: General Economics	4.0 Quarter Credit Hours
This course serves as an introduction to the principles of macro and microeconomics. Specific topics of study will include scarcity and choice, supply and demand, national income, foreign trade, inflation, unemployment, and the banking system. Prerequisite: None. Lec. Hrs. 040, Lab Hrs. 000, Other Hrs. 000.	
ENC N101: Composition I	4.0 Quarter Credit Hours
This course provides instruction and practice in expository writing and emphasizes grammatical and mechanical accuracy and proper essay form. Emphasis is placed on clarity, logical organization, unity, and coherence of central idea and supporting material. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
ENC N102: Composition II	4.0 Quarter Credit Hours
This course builds on the foundation of the written communication skills developed in Composition I. It further develops the students' skills in composing essays and other written communication, including the documented research paper. Prerequisite: ENC N101. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
EVS 1001: Environmental Science	4.0 Quarter Credit Hours
This non-laboratory course introduces students to environmental issues through an understanding of the interrelationships of humans and their planet. Attention is focused on ecosystems, pollution, energy, and improvement or prevention of problems. Environmental concerns are explored through readings, research, and discussion. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs.000	
FIN N103: Introduction to Finance	4.0 Quarter Credit Hours
This course is a survey of the financial considerations encountered during life, including purchases, credit, banking, taxes, insurance, investments, retirement and estate planning. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
GEB 2353: International Competitiveness	4.0 Quarter Credit Hours
A special study of international business with emphasis on cultural diversity and an overview of cultural similarities and differences among developing and developed countries. Prerequisites: None. Lec. Hrs: 40. Lab Hrs: 0. Other Hrs: 0.	
LIS N004: Introduction To Internet Research	2.0 Quarter Credit Hours
Provides instruction on the basic use of the Internet and the use of search engines. Students will have hands-on access to the Internet. Prerequisite: None. Lec. Hrs. 010 Lab Hrs. 020 Other Hrs. 000	
MAN 1030: Introduction to Business (formerly known as Introduction to Business Enterprise)	4.0 Quarter Credit Hours
This course is an introduction to the terminology, functions, and procedures related to the organization and operation of a business enterprise as an institution in an economic society. Particular emphasis is given to accounting, ownership, human resources, marketing, and managerial functions within the business enterprise. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	

MAN 2021: Principles of Management	4.0 Quarter Credit Hours
The course covers an analysis of fundamental management principles integrated with concepts of the behavioral sciences. Management processes, resources, and organizational structure are introduced. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
MAN 2300: Introduction to Human Resources	4.0 Quarter Credit Hours
This course is an introduction to the workings of the human resources aspect of a business operation. It includes a discussion of wage and salary considerations, performance evaluations, benefits, employee hiring and firing, and policy and procedure implementation. Prerequisites: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
MAN N501: Senior Capstone Experience	4.0 Quarter Credit Hours
This course, to be taken within the student's last 24 credits, utilizes a portfolio approach to help document their academic achievements and knowledge acquired from their other business and management courses. This capstone course is a culminating experience in which students, through the development of a professional development portfolio, demonstrate attainment of core business competencies, and connect theory and application in preparation for entry into their chosen career. Prerequisite: None. Lec. Hours: 40.0 Lab Hours: 0.0 Other Hours: 0.0	
MAN N604: Introduction to International Management	4.0 Quarter Credit Hours
A comparative study of international management thoughts and practices with special attention to the transferability of these practices across borderlines. Prerequisites: MAN 2021. Lec. Hrs: 40. Lab Hrs: 0. Other Hrs: 0.	
MAN N727: Strategic Planning for Business	4.0 Quarter Credit Hours
Designed to help students to understand how to integrate knowledge of the various business disciplines and apply that knowledge to planning and managing strategic business activities. Following an examination of policy and strategy concepts, the student will complete studies, which integrate and apply what is learned. Prerequisites MAN 1030, FIN N103, and APA N121. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs.000	
MAR N011: Introduction to Marketing	4.0 Quarter Credit Hours
The course deals with the distribution of goods from producer to consumer and covers such topics as characteristics of markets for consumer goods, marketing functions and the organizations that perform them, marketing methods and techniques, price policies, and the cost of marketing. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
MAR N141: Introduction to International Marketing	4.0 Quarter Credit Hours
Examines the basic principles of marketing in an international environment. Major areas of the cultural, political and economic environments affecting multinational marketing management are reviewed for analysis of international marketing problems. Prerequisite: MAR N011. Lec. Hrs: 40. Lab Hrs: 0. Other Hrs: 0.	
MAR N305: Customer Relations and Servicing	4.0 Quarter Credit Hours
Explores the basic functions relating to customers on a one-on-one basis. It teaches the skills needed to work with people to enhance the company, its public image, and satisfy the client or customer. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
MAR N323: Advertising	4.0 Quarter Credit Hours
A study of the principles and institutions involved in mass selling techniques. The student is introduced to the role of advertising as a sales and communications tool for business. Prerequisites: None. Lec. Hrs: 40. Lab Hrs: 0. Other Hrs: 0	
MAR N721: Marketing on the Internet	4.0 Quarter Credit Hours
A study of the use of the Internet as a marketing and advertising medium. A study of the types of businesses and services utilizing the medium, as well as the advantages and disadvantages of doing business on the Internet. Prerequisite: MAR N011. Lec. Hrs: 30. Lab. Hrs: 20. Other Hrs: 0.	
MAT 2033: College Algebra	4.0 Quarter Credit Hours
The algebra of linear and quadratic equations, graphing, functions, inequalities, rational expressions, radicals, and system of equations. The course emphasizes critical thinking and problem-solving skills. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
MTB N103: Business Math	4.0 Quarter Credit Hours
This course presents a comprehensive review of computational skills as they apply to the business world. Topics include fractions, decimals, banking and credit card transaction, equations, percents, discounting process (trade and cash), markups and markdowns, simple and compound interest, and payroll functions. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
OST N141L: Keyboarding	2.0 Quarter Credit Hours
Designed to familiarize the student with basic keyboarding and develop minimum typing skills. Prerequisite: None. Lec. Hrs. 000 Lab Hrs. 040 Other Hrs. 000	

OST N335: Business Communications	4.0 Quarter Credit Hours
Practical written communications skills for business are studied in this advanced course. This course includes the mechanics and principles of effective letter writing and methods of researching and compiling reports. Focus is on a better understanding of writing styles appropriate to the business world. Prerequisite: ENC N102. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
OSTP N725: Applied Word Processing	4.0 Quarter Credit Hours
This course covers the various techniques used in intermediate to advanced word processing. Emphasis will be placed on using and creating templates, developing multi-page documents, building forms, and working with charts and diagrams. In addition, students will learn document collaboration techniques and customization with macros. Prerequisite: CGS 2167C. Lec. Hrs: 030 Lab Hrs: 020 Other Hrs: 000	
PSY 2012: General Psychology	4.0 Quarter Credit Hours
This course is designed to provide students with a general understanding of the general principles of psychology and theories underlying modern psychology. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
SBM 2000: Small Business Management	4.0 Quarter Credit Hours
This course examines the various aspects of starting, acquiring, and operating a small business enterprise. It is a comprehensive discussion of problems encountered by small businesses. A study of management principles and procedures provides methods of resolving these problems. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 0	
SLS 1105: Strategies for Success	4.0 Quarter Credit Hours
This course is designed to equip students for transitions in their education and life. The course includes introduction to the school and its resources, study skills, and personal resource management skills. Students will be actively involved in learning and integrating practical applications to promote success. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
SLS 1340: Career Skills and Portfolio Development (formerly known as Career Skills)	2.0 Quarter Credit Hours
A course designed to assist students with personal and professional development for successful employment with a concentration on developing a positive self-image, assessing competitiveness strengths, career expectations, learning job search techniques, in addition to written skills and current resume preparation. Prerequisite: None. Lec. Hrs. 020 Lab Hrs. 000 Other Hrs. 000	
SLS 1505: Basic Critical Thinking	2.0 Quarter Credit Hours
This course introduces the students to the concepts of critical thinking. Topics covered include self critique and understanding, fair-minded thinking, the levels of thinking, the parts and standards for thinking, and developing ethical and strategic thinking. Students will examine effective ways to think more critically, and will apply these tools in course assignments. Prerequisite: None. Lec. Hrs. 020 Lab Hrs. 000 Other Hrs. 000	
SPC N017: Oral Communications	4.0 Quarter Credit Hours
This course is designed to develop students' ability to communicate effectively. Emphasis is placed upon the basic elements of communication in order to strengthen students' interpersonal and professional speaking skills. Prerequisite: None. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
SPCP N300: Fundamentals of Interpersonal Communication	4.0 Quarter Credit Hours
The dynamics of interaction between people in personal, social and workplace situations are explored to better understand how interpersonal communication shapes relationships. Exploration will occur through readings, discussion, and application exercises. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
SYG N000: Principles of Sociology	4.0 Quarter Credit Hours
A study of cultural heritage, of the cultural influence of human nature and personality, and of social interaction. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000	
TAX N000: Tax Accounting	4.0 Quarter Credit Hours
This is a survey course covering the laws, procedures, returns, and subsidiary schedules involved in the preparation of Federal personal tax returns. Prerequisites: None. Lec. Hrs: 30. Lab Hrs: 20. Other Hrs: 0.
