CHANCELLOR'S MESSAGE

The eight colleges of Florida Metropolitan University each provide a friendly, small-campus atmosphere where our dedicated staff can take a personal interest in the progress of each student. This caring attitude, combined with our modern equipment and progressive curricula from associate degree through graduate level programs, affords our students a meaningful higher education experience, as well as effective preparation for a wide variety of careers.

Obtaining a college education gives our students a competitive edge in their career field and will make the difference when they are considered for professional advancement. Our programs are designed for employment in the State of Florida as well as other progressive areas throughout the country.

Our goal is to provide our students with a high level of ethical values, a sense of professional responsibility, a desire for life-long learning, and the essential skills and abilities to qualify them for their chosen career.

Building on the traditions of Tampa College (the oldest business college in Florida, founded in 1890), Florida Metropolitan University has made every effort to fulfill its obligations to those who have entrusted their educational and career goals to the FMU. We invite all interested parties, therefore, to visit our campuses and review our wide variety of programs. Our experienced admissions officers will assist in the important process of identifying the program best suited for the candidate's special interests, talents, and goals.

Benjamin Franklin once said, 'If a man empties his purse into his head, no man can take it away from him. An investment in knowledge always pays the best interest.'

C. Ronald Kimberling, Ph.D.
Chancellor

GENERAL INFORMATION

STATEMENT OF PURPOSE

The Florida Metropolitan University is dedicated to the provision of a personalized teaching and learning environment designed to support the personal and professional career development of qualified undergraduate and graduate students. To achieve this, the University is committed to:

- The utilization of modern technology and teaching methods;
- The provision of innovative educational programs at conveniently located sites;
- Ongoing cooperation with business, industry, government, local communities, and other educational institutions in the design, delivery, and evaluation of effective and dynamic curricula; and
- The provision of career development support services to students and alumni.

HISTORY

The Florida Metropolitan University, hereinafter referred to in this publication as the "University", is a private university system composed of colleges owned and operated within Florida by Florida Metropolitan University, Inc.. Tampa College operates campuses in Brandon, Tampa, Lakeland (with an extension facility in Winter Haven), and Clearwater (Pinellas). Orlando College operates two campuses in Orlando and also the Melbourne Campus. Fort Lauderdale College operates as a single campus in the Fort Lauderdale area.

Tampa Colleges' founding is traced to 1890 in Tampa, making that group the oldest business college in the state. Orlando College was established in Orlando in 1953 as Jones College, Orlando, and in 1981, the College became Orlando College.

The Melbourne campus was founded in 1961 as Aladdin Business College and became Phillips Junior College in 1986. A branch campus of Orlando College was established in June, 1994 at the Melbourne site.

Fort Lauderdale College's roots date to 1940. During its five-plus decades in operation, the College has operated under the names Walsh School of Business, Broward College, and Drake College of Florida before changing its name to Fort Lauderdale College in 1976.

The colleges of Florida Metropolitan University were acquired by Florida Metropolitan University, Inc. on October 17, 1996.

UNIVERSITY MISSION

The University maintains the belief that each student, regardless of sex, race, color, religion, wealth, age, disability, or background, must be prepared for effective living as a contributing citizen in a rapidly changing society where life-long learning must be viewed as a normal expectation. The University further believes that the life of an individual is enriched by the acquisition of knowledge and the attainment of useful skills.

The University believes that the educational programs must promote excellence based upon the optimum fulfillment of students' capabilities as determined by their experiences, needs, and incentives. It accepts the responsibility to provide the maximum opportunity for its students to acquire the basic skills and knowledge to be intellectually curious and aesthetically aware, to think and work creatively, to achieve self-discipline and economic sufficiency, to understand the obligations of democratic living, and to live in harmony with nature and others.

In the accomplishment of its mission, the University is constantly improving its educational programs; helping each student to develop into a well-adjusted, useful, intelligent, contributing citizen; maintaining constant involvement with all segments of the community; and providing effective management and utilization of human and financial resources. The ongoing success of the University, evidenced by its many graduates who are now employed in their chosen fields and who are contributing members of society, documents the realization of this mission.

In order to assure continued fulfillment of its mission, the University has established the following goals:

1. The University is committed to quality in teaching and excellence in education and to this means shall seek qualified faculty who will bring excitement to the classroom and stimulate enthusiasm and eagerness for learning in the student.
2. Through its academic progress, the University shall seek to impart essential skills, competencies, and attitudes that students need for successful careers and for continued study; to increase access for both traditional and nontraditional students; and to continually improve its educational process at all levels.
3. The University shall strive to develop in all students the intellectual potential that will lead them to realize their capacities for independent thinking, intelligent decision-making, and individual expression of opinions.
4. The University is committed to having its sites maintain a vital link to the communities they serve through inclusion of community and business leaders in survey and evaluation of its academic programs and graduate job performance. Fulfillment of this goal shall assure that the University, the community, and all citizens of the regions served will be better prepared for the social and economic developments of the future.

The University Spans The State

The University operates colleges in several areas of the state noted for a unique combination of progressive growth with an endowment of natural beauty. With campus locations in Tampa, Clearwater, Brandon, Lakeland, Orlando, Melbourne, and Ft. Lauderdale, students enjoy ample employment opportunities and a wide variety of cultural and recreational facilities available in each area.

International and out-of-state students enjoy the pleasant year-round climate found in each area, as well as accessibility to major airports and a convenient interstate highway system.

ACCREDITATION

Accreditation for the University's campuses is by the Accrediting Council for Independent Colleges and Schools as follows:

- Tampa College and Tampa College, Brandon are accredited as a Sernior College by the Accrediting Council for Independent Colleges and Schools.
- Tampa College, Pinellas and Tampa College, Lakeland are accredited as a Sernior College by the Accrediting Council for Independent Colleges and Schools.
- Orlando College, North; Orlando College South; and Orlando College, Melbourne are accredited as a Sernior College by the Accrediting Council for Independent Colleges and Schools.
- Fort Lauderdale College is accredited as a Sernior College by the Accrediting Council for Independent Colleges and Schools.

The Accrediting Council for Independent Colleges and Schools (ACICS) is listed as a nationally recognized accrediting agency by the United States Department of Education under the provisions of Public Law 82-550 and subsequent legislation which requires the evaluation of such agencies and issuance of an official list by the Department. Further information may be obtained by contacting ACICS at 750 First Street, N.E., Suite 980, Washington, D.C. 20002-4241, (202) 336-6780.

LICENSURE, APPROVALS, AND MEMBERSHIPS

Each college location of the University is listed as an institution of higher education in the Directory of Higher Education.

The University is a non-sectarian, coeducational institution with authority to confer associate, baccalaureate, and graduate degrees. The University holds Level II Provisional Licensure by the Florida State Board of Independent Colleges and Universities during which status the University may recruit and enroll students, collect tuition and fees, hold classes, and award credit or degrees. Further information may be obtained by contacting the State Board of Independent Colleges and Universities, Department of Education, Tallahassee, Florida 32399; telephone (904) 488-8695.

Undergraduate and graduate programs are approved by the Bureau of Immigration and Naturalization and by the Florida State Approving Agency for Veterans Training. Specific program approvals at individual campuses

are by the American Association of Medical Assistants, the American Registry of Medical Assistants, and the National Court Reporters Association. For more information, contact the specific campus.

Certain campus locations hold membership in the Council for Adult and Experiential Learning, American Assembly of Collegiate Schools of Business (non-voting), and College Placement Council.

PHYSICAL FACILITIES

The combined campus facilities of the University total over 254,000 square feet and are designed to provide excellent learning environments, comfortable atmospheres, and convenience and accessibility.

Each site houses space for support staff, administrative and faculty offices, comfortable classrooms, libraries, and specifically equipped labs to support each site's programs of study. There is adequate lighted parking for students at each location.

Because the University spans the state with its member college sites, it is convenient to literally every major U.S. and state thoroughfare and to several of the most modern airports in the nation.

Facilities are accessible to and usable by disabled persons. Forms of special assistance available include ground level entry to the building, access ramps, elevators, telephones, reserved parking, tutors, and counseling.

Housing

The University does not provide on-campus housing at all campus locations; however, it does assist students in locating suitable housing off campus. For a list of available housing, students should contact the Admissions Office at their college location.

STATEMENT OF NON-DISCRIMINATION

The University does not discriminate in admissions, access to its programs, or any other of its activities on the basis of sex, race, religion, national or ethnic origin, handicap, or age.

FAMILIARITY WITH UNIVERSITY REGULATIONS

Upon or before entrance, each student is given the University Catalog and various brochures and other publications which set forth the policies and regulations under which the University operates. It is the responsibility of the student to become familiar with these policies and regulations and to comply accordingly. Ignorance of or lack of familiarity with this information does not serve as an excuse for noncompliance or infractions.

RESERVATIONS AS TO PROGRAMS AND CHARGES

The University reserves the right to modify its tuition and fees; to add to or withdraw members from its faculty and staff; to rearrange its programs from time to time as teaching policies make it desirable; and to withdraw subjects, courses, and programs if registration falls below the required number. Any specific course requirements in any area may be changed or waived by the Academic Dean upon written request and for reasonable cause. Course substitutions may be made only by the Academic Dean or by the College Academic Committee. The total hours specified in each area of the degree or the program total are the minimum requirements for completion.

NOTE: Not all programs of study and/or courses are offered at all locations. Some programs may have limited enrollment.

STUDENT CONDUCT

Each student is held responsible for conforming to local, state, and federal laws and for behaving in a manner consistent with the best interest of the University and of the student body.

Students should not interfere with other students' rights, safety or health, or right to learn. Violations to conduct standards include, but are not limited to:

-
1. Theft
 2. Disruptive behavior
 3. Possession or use of firearms, explosives, or other dangerous substances
 4. Vandalism, or threats of actual damage to property or physical harm to others
 5. Possession, sale, transfer, or use of illegal drugs
 6. Appearance under the influence of alcohol or illegal drugs
 7. Harassing or abusive acts which invade an individual's right to privacy including sexual harassment, or abuse against members of a particular race, ethnic, religious, or cultural group.
 8. Any activity that may be perceived as hazing which is defined as a situation or activity which intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of admission or initiation in to any affiliation or organization associated with the University.
 9. Reckless or intentional use of invasive software such as viruses and WORMS destructive to hardware, software, or data files.

The University reserves the right to suspend or dismiss any student at any time for misconduct or when such action is deemed to be in the best interest of the student and the student body.

Alcohol And Substance Abuse Statement

The University does not permit or condone the use or possession of marijuana, alcohol, or any other illegal drug, narcotic, or controlled substance by students or employees.

Possession of these substances on campus is cause for dismissal.

Any individuals suffering from addiction to alcohol or controlled substances or having knowledge of others that may have a potential problem in this regard are urged to consult the Academic Dean for appropriate counseling and community services referral.

LIBRARY

The University libraries support the curriculum and provide information for students, faculty, and staff through on-site circulation and reference materials, and through electronic access with FLIN, the Central Florida Library Consortium, the Broward County Library Consortium, the Tampa Bay Library Consortium, and WestLaw. Although each site houses a collection of books and journals, students at each location have dial-up access to specialized indexes in CD-ROM format accumulated at the University library sites. Professional librarians are available to help students during the libraries' posted operating hours.

IMMUNIZATION POLICY

It is required that all international students enrolled at the University obtain and provide evidence of measles, mumps, and rubella (MMR) vaccinations by completion of their first academic term of attendance at the University. In addition, if an international student has demonstrated a positive tuberculosis test in the past, s/he must provide evidence of a negative tuberculosis test or chest x-ray before completion of the first term of attendance. Although not a requirement, all international students are encouraged to obtain a tetanus vaccination as well.

It is recommended that all students under the age of 40 obtain the MMR vaccination and that all medical/allied health students show proof of a negative tuberculosis test or negative chest x-ray if the student has had a positive tuberculosis test in the past. Although not currently a requirement, students are encouraged to obtain these immunizations and/or tests prior to entering the University.

PLACEMENT ASSISTANCE

The University maintains an active placement service to assist graduates in locating entry-level educationally related career opportunities. The Career Planning and Placement Office works directly with business, industry, and advisory board members to assist in each student's access to the marketplace and, as a by-product of this endeavor, assists employers in meeting their employment needs. This is accomplished not only by presentation of graduates as potential career professionals to industry, but also through aiding in the graduates' development of a positive self-image, and in assessing competencies, strengths and career expectations.

Although the University does not, in any way, guarantee employment, it is the goal of the Career Planning and Placement Office to help every student realize a high degree of personal and professional development and successful employment.

Current part-time and full-time employment opportunities are posted on the placement bulletin boards located at each University campus.

Specific information on job opportunities and basic criteria applicable to all students and graduates utilizing placement services is available in the Career Planning and Placement offices.

GRADUATION

Commencement exercises are held once a year. All students completing their course work are included in the graduating class of that year. All students upon whom degrees are to be conferred are encouraged to participate in the Commencement Exercises.

Graduates must fulfill all financial obligations, including tuition charges, fees, and other expenses before the degree is granted. Degrees may be awarded in absentia only after Commencement Exercises are held.

Graduation With Honors

Students enrolled in degree programs who have earned the requisite credits for graduation with the following grade point averages are entitled to the appropriate honors: 3.50-3.75, cum laude; 3.76-3.89, magna cum laude; 3.90 and above, summa cum laude.

Transfer To Other Colleges

The University neither implies nor guarantees that credits completed at the University will be accepted by other institutions. Since rules and grade requirements vary from college to college, each institution has policies which govern the acceptance of credit from other institutions. Transfer of credit is a privilege granted by the institution to which a student may seek admission. Therefore, if the student anticipates a transfer of credits earned at the University or enrollment in advanced studies, the student must have already inquired with those institutions from which recognition of academic work at the University will be sought and independently determined whether or not the program, course, or courses of study will be accepted by those other institutions into which future enrollment is intended.

DRESS

Students are expected to dress in a manner which would not be construed as detrimental to the student body and the educational process at the University. Students are reminded that the University promotes a business atmosphere where instructors and guests are professionals and potential employers. Students should always be cognizant of the first impression of proper dress and grooming.

TELEPHONES

No student will be called out of class for a telephone call, except in case of an emergency. It is suggested that family and friends be informed of this rule. Coin-operated telephones, including telephones equipped for the hearing impaired, are available for student use.

STATEMENT OF FINANCIAL OBLIGATION

A student who has applied, is accepted, and has begun classes at the University assumes a definite financial obligation. Each student is legally responsible for his or her own college expenses for the contract period defined as the academic year in which the student is attending.

A student who is enrolled and has made payments in full or completed other financial arrangements is entitled to all the privileges of attending classes, taking examinations, receiving grade reports, having official transcripts sent, securing course credit, being graduated, and using the placement services.

Any student who is delinquent in a financial obligation to the University including damage to University property, library fines, and payment of tuition and fees, is subject to exclusion from any or all of the usual privileges of the University. A student will not be allowed to re-enroll in the University, nor will grades or transcripts be released, as long as the student owes the University a balance for any past term.

PAYMENT POLICY

The University requires that arrangements for payment of tuition for all courses be completed in full at the time of registration. Students may choose to pay tuition and fees by check, cash, and, at certain locations, may pay by MasterCard or VISA.

The University offers the services of several private companies which offer an alternative method of paying for educational costs. The student finance officers at each University campus site will assist students in budgeting monthly payment for tuition using a wide range of financing alternatives. The best plan suited to individual needs should be selected early in order for the financial assistance office to certify to the business office that each student's financial package has been completed and approved.

Students eligible for employer-sponsored tuition reimbursement benefits also may request participation in a deferred payment plan.

Further questions regarding these payment plans should be directed to a student accounts representative in the business office.

Students qualifying for state or federal financial assistance programs are allowed to use certain types of loans and/or grants to satisfy their financial obligations at the time of registration, even though the aid may not have been physically disbursed to them or posted to their accounts. Students seeking to meet their financial obligations in this manner must understand that it is their responsibility to provide all information and documentation necessary to obtain all forms of financial aid by the deadlines imposed by the University. Failure to do so may result in the student's having to provide immediate payment of all applicable tuition and fees.

FEES AND TUITION

The education costs of the University are met by tuition. While every effort is made to limit costs to the students, the University reserves the right to set tuition and fees at the level necessary for the maintenance of a high quality of instruction.

Tuition is determined by the academic degree program and may vary among campus locations.

Information concerning tuition costs of programs available at specific college locations is shown on that college's Tuition Schedule in this Catalog.

The tuition of students will not be increased during their enrollment provided:

- (1) Enrollment is continuous
- (2) Transfer to a program of greater costs does not occur; or
- (3) Additional coursework is not required in order to meet minimum standards for graduation.

In certain instances, students will have to assume special costs not covered by the payment of tuition, as listed below:

GRIEVANCE POLICY

In the event a student feels his/her rights have been violated, the following procedures should be followed:

1. The student must first try to resolve the issue with the college staff or faculty member involved.
2. If the matter is not resolved, the student should schedule a meeting with the department head of the involved department.
3. If the matter is still not resolved, the student should request in writing through the campus President/Director a grievance hearing which will give him/her an opportunity to present his/her position

and supporting documentation. A Grievance Committee is selected by the President/Director and is comprised of five (5) disinterested persons from the faculty and administration, plus the President/Director (as a non-voter). After the hearing the committee shall make a decision by a simple majority vote and communicate, in writing, the decision to the President/Director. The President/Director will notify the student of the resolution of the grievance.

Those individuals other than active students, who may wish to lodge a complaint against the University are required to follow the steps below:

1. The individual must first try to resolve the issue of concern with the staff or faculty member involved.
2. If the matter is not resolved, the individual should schedule a meeting with the department head of the involved department.
3. If the matter is still not resolved, the individual should request in writing a meeting with the campus President/Director in which he/she will be given an opportunity to present his/her position and supporting documentation if applicable. After review and consideration of the issues, the President/Director will notify the complainant of the decision.

It is the philosophy of the University that all complaints be handled by individual campus management. If the problem remains unresolved, students may contact the Florida Metropolitan University Student Help Line at (800) 874-0255.

If a student feels that their complaint has not been adequately addressed, the student may consider contacting the Accrediting Council for Independent Colleges and Schools, 750 First Street, N.E., Suite 980, Washington, D.C. 20002-4241, Telephone (202) 336-6780.

FLORIDA METROPOLITAN UNIVERSITY ANNUAL SCHOLARSHIPS

Each University campus annually awards honor scholarships at the end of each Fall term. These scholarships consist of a \$750 and a \$500 tuition credit for two Sophomores, two Juniors, and two Seniors Honor Scholarship (Annual scholarship award of \$1250 per class). To be eligible for one of the scholarships, the student must:

1. Be a full-time student (minimum 36.0 credit hours per academic year),
2. Have earned a cumulative grade point average of 3.95 or better at the end of the Fall term,
3. Have completed an application for scholarship,
4. Have demonstrated a satisfactory attendance record,
5. Have been in attendance at the awarding campus for a minimum of two successive terms,
6. Provide two letters of recommendation from faculty (one of the letters must be from a faculty member within the program of study), and
7. Write an essay of 100 words minimum on why the applicant is deserving of the scholarship.

Applications are available in the Dean's Office. Application deadline is December 15. Scholarships will be awarded at the end of the Fall term.

Sophomore Honor Scholarship

(Must have completed 48 credit hours)

1. A tuition credit of \$750 is awarded the highest qualified full-time sophomore student who has been selected based on meeting the described eligibility requirements during the freshman year at the University.
2. A tuition credit of \$500 is awarded the second highest qualified full-time sophomore student who has been selected based on meeting the described eligibility requirements during the freshman year at the University.

Junior Honor Scholarship

(Must have completed 96 credit hours)

1. A tuition credit of \$750 is awarded the highest qualified full-time junior student who has been selected based on meeting the described eligibility requirements during the sophomore year at the University.
2. A tuition credit of \$500 is awarded the second highest qualified full-time junior student who has been selected based on meeting the described eligibility requirements during the sophomore year at the University.

Senior Honor Scholarship
(Must have completed 144 credit hours)

1. A tuition credit of \$750 is awarded the highest qualified full-time senior student who has been selected based on meeting the described eligibility requirements during the junior year at the University.
2. A tuition credit of \$500 is awarded the second highest qualified full-time senior student who has been selected based on meeting the described eligibility requirements during the junior year at the University.

UPPER DIVISION SCHOLARSHIPS
(Awarded only at Tampa College, Lakeland)

In order to encourage the pursuit and completion of a baccalaureate program in business, the College has created a special Upper Division Scholarship for students who have completed two years of education which culminated in the awarding of an associate degree.

Eligible to apply are graduates of accredited business and technical schools, community and junior colleges, or four-year colleges or universities, whose students terminate their education at the end of two years with the awarding of an associate degree. This is a tuition scholarship available in the form of a total award of \$600 to be used for the academic term following enrollment and before the student achieves a total of 144 hours of credit. The scholarship is not renewable. The tuition is to be credited at the rate of \$200 per term. The Upper Division Scholarship is available only for full-time students (at least 12.0 credit hours per term).

Each Term, the Upper Division Scholarship is available to all students who:

1. Have earned a two-year (associate) degree,
2. Are transferring or continuing in Tampa College, Lakeland after earning the two year degree,
3. Are enrolled as full-time students at Tampa College, Lakeland,
4. Are pursuing a baccalaureate degree, and
5. Have completed an application for scholarship.

Two Upper Division Scholarships may be awarded each quarter. Quarterly application deadlines are January 15, April 15, July 15, and October 15.

WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES

The University annually submits the names of outstanding students to the annual publication "Who's Who Among Students in American Universities and Colleges." This national publication recognizes students of exceptional merit in leadership, scholarship, and extra-curricular activities. Selection for membership is made by a committee of faculty and administration.

STUDENT CLASSIFICATIONS

Students will be classified on the basis of quarter credit hours satisfactorily earned, and by the degree level of enrollment:

- **Freshman** - A student who has earned through 48 quarter hours.
- **Sophomore** - A student who has earned 49-96 quarter hours.
- **Junior** - A student who has earned 97-144 quarter hours.
- **Senior** - A student who has earned 145-192 quarter hours.
- **Undergraduate** - Any student enrolled in an associate or baccalaureate degree program.
- **Graduate** - Any student enrolled in graduate courses who has been admitted to the graduate program.
- **Provisional Student** - A student enrolled in the graduate program who has not met the Regular Student enrollment requirements of the Graduate program. During provisional status, the student must complete 12 credits of graduate work at the minimum standards of progress of the graduate program. There is no provisional admission status at the undergraduate level.
- **Regular Status Student** - A degree-seeking undergraduate or graduate student who is determined to be making satisfactory progress toward his/her degree objective.
- **Non-Regular Status Student** - A student who is continued for a period of time not greater than 25% of his/her normal program length after s/he has been determined not to be making satisfactory progress. During this period, the student is not eligible for Federal financial aid and will be charged tuition and fees.

-
-
- Students who have entered non-regular status are not eligible for graduation (cannot receive a degree) for their programs, but can receive a certificate of completion for the courses they have satisfactorily completed.
 - **Single Subject Student** - A student who has not enrolled into a specific degree program of study but who is taking courses at the University on a course-by-course basis. These students are not eligible to participate in Federal Title IV financial assistance programs.
 - **Audit Student** - A student who is enrolled in courses for which s/he will earn no credit.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974

All educational records of students enrolled at the University are maintained in accordance with the provisions of the Family Educational Rights and Privacy Act of 1974, Public Law 93-380, as amended. Students may inspect their educational records at any time.

Student written consent is required for the release of records covered by the Act to outside parties (i.e., prospective employers), except for those agencies entitled to access under the provisions of the Act (i.e., University officials, federal educational and auditing officials, and requests related to the application for or receipt of financial assistance).

Release of directory information does not require student consent and includes the name, address, and telephone number of the student, major field of study, dates of attendance, degrees and awards received, and most recent previous educational agency or institution attended. Particular questions concerning students' rights under the Act should be directed to the Registrar's office.

SEXUAL HARASSMENT POLICY

The University will strive to provide and maintain an environment free of all forms of harassment. Sexual harassment is a violation of Title IV.

The following guidelines are issued which legally define sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment,
- submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or
- such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

The University will not tolerate sexual harassment. Behavior toward any employee or student by a member of the staff, faculty, or student body which constitutes unwelcome sexual advances, including comments of a sexual nature, or inappropriate conduct, including the display of derogatory drawings, cartoons, or posters, will be dealt with quickly and vigorously and will result in disciplinary action up to and including termination or dismissal.

Any student or employee who believes that he or she is a victim of sexual harassment should immediately notify the office of the College President, or College Director. The College President or Director will conduct an investigation of all allegations. Information surrounding all complaints will be documented and kept strictly confidential.

CHILDREN ON CAMPUS

Children are always welcomed at special events of the University whenever accompanied by their parents. However, because an atmosphere conducive to learning must be maintained throughout, without disruption to the teaching and work environment, it is the policy of the University that children shall not be brought to classrooms or labs, or left in lounges or offices.

STUDENT ADVISING

Advising and counseling encompasses several important areas of student life. Academic advising is coordinated by the Academic Dean and includes satisfactory progress, attendance, and personal matters.

The Registrar and Academic Department Chairs serve as advisors and assist students in course selection and registration, dropping and adding courses, change of major, and meeting graduation requirements.

The Career Planning and Placement Office provides a wide range of services to students to assist them in preparing for their career choices. Students can schedule individual appointments with the Director of Placement Services and are encouraged to avail themselves to the process of self-assessment and job search that can benefit each graduate.

ADMISSIONS

GENERAL ADMISSIONS REQUIREMENTS

Graduation from high school or its equivalent is prerequisite for admission to the University. Applicants not completing a secondary program or not having a diploma will be considered for admission on the basis of the General Education Development (GED) test or equivalent. Undergraduate applicants are required to satisfy a nationally recognized assessment test to determine their potential success in college level studies.

Transfer students who are high school graduates or GED holders and who can submit proof of successfully completing an associate degree, or credit beyond the associate degree level, at an accredited postsecondary institution (with at least a 2.0 cumulative grade point average) may be admitted to any program at either of the University's senior college sites without testing.

Transfer students to the University's junior college site who can submit proof of completion of at least 36 hours, (24 semester hours) with at least a 2.0 CGPA may be admitted to any of its programs without testing.

Applicants are informed of their acceptance status shortly after all required information is received and the student's qualifications reviewed. Students may apply for entry at any time.

APPLICATION PROCEDURE FOR UNDERGRADUATE STUDENTS

Qualified applicants to the University must submit a completed Application for Admission with the application fee which is non-refundable. A high school transcript of work completed through date of application is also required except for those applicants who have earned at least an associate degree and whose official college transcript indicates high school graduation. High school officials should be requested to mail transcripts directly to the College. If a transcript is not available at the time of application, the University will make every effort to assist the applicant in obtaining one.

If the high school transcript and other documents required for enrollment are not available at the time of application, students may be accepted for a limited period to allow time for receipt of official transcripts from each college attended, CLEP scores, certificates of completion from military schools, high school transcripts, GED records, and other required documents. Course work completed satisfactorily during this period will count toward graduation.

See the appropriate section for specific information concerning graduate program admissions requirements.

EARLY ADMISSION REQUIREMENTS FOR HIGH SCHOOL GRADUATES

Applicants may be considered for acceptance prior to secondary school graduation. All applicants seeking early admission should submit their academic records through the junior year. Early acceptance is based on the assumption that senior year high school grades will reflect similar achievement.

INTERNATIONAL STUDENTS

When foreign students apply for admission in a program approved by Immigration and Naturalization, official transcripts of completed secondary and applicable post-secondary credits are required with notarized translation. These transcripts must include specific dates of school attendance, courses taken during each year of attendance, and grades received for each course. Satisfactory evidence of successful mastery and command of the English language is required for all foreign students enrolling in any program. A TOEFL Score of 450 or its equivalent is

required for entry into an undergraduate degree (not required for applicants whose native country has English as a primary language). A TOEFL Score of 550 or its equivalent is required for entry into the graduate program. A Form I-20 (Immigration Certificate of Acceptance) will be sent to the applicant upon acceptance, receipt of a notarized Affidavit of Support, and payment of appropriate tuition deposits and/or fees.

NOTE: See Immunization Policy for important information pertaining to the required immunization of International students.

ORIENTATION

New students, prior to attending classes, as well as those returning to the University after a term or more of nonattendance, are required to participate in an orientation program prior to beginning classes. This program is designed to acquaint students with the policies of the University and introduce them to those staff and faculty members who will play an important part in the students' academic progress toward a degree goal.

ADVANCED STANDING

In-school residency may be shortened through transfer credit, exemption examinations, and/or life experience validation, provided that credit has not been previously earned for duplicate course work or accepted in transfer. A student may earn a maximum of 48 credits toward an associate degree or 144 credits toward a baccalaureate degree through these methods. Methods of achieving a time-shortened residency are described in the following four paragraphs:

Transfer Students

Students with earned college credit from another college or university may apply for credit transfer to the University. Approval will be given by the Registrar for the maximum number of credit hours already completed that are compatible with the University programs. Students wishing to transfer credits must have an official transcript of those credits mailed directly to the Office of the Registrar at the campus of attendance.

Students receiving veterans' benefits are required by the Veterans Administration to provide transcripts of credit from schools previously attended.

Transfer of credit to the graduate programs is discussed under "Grading System and Progress Reports: Graduate Program."

Standardized Testing

The University accepts appropriate credits transferred from the College Level Examination Program (CLEP), 42 DANTEs subject testing, and certain professional certification examinations recognized by the American Council of Education. Official test scores must be sent to the Office of the Registrar at the college of attendance.

In-House Credit By Examination

Enrolled students with special qualifications or developed skills may earn credit by passing, with a grade of B or higher, proficiency examinations given by the University (see Tuition and Fees Schedules). Credit by examination may not be attempted for courses in which the student has previously enrolled. Only one attempt for credit by examination is allowed per course. Permission to take an examination is approved by the chair of the department and the academic dean.

Experiential Learning Evaluation

Enrolled students may earn credit for life experience through the College Experiential Learning Program for advanced placement. Experiential learning is limited to twenty-four (24) credit hours toward an Associate degree or forty-eight (48) credit hours toward a Bachelor degree. This program is designed to translate personal and professional experiences into academic credit. Procedures for applying for credit through life experience are available in the Dean's office. The procedures identify the courses for which credit may be earned, the application

process, and the associated fees. (A reduced credit fee is charged for life experience credit. See Tuition and Fees Schedules).

INDEPENDENT STUDY

Adult education is the long-standing commitment of the University. This philosophy is further expanded by the creation of independent studies which recognizes that certain adults, although highly motivated to learn, are not in a timely position to disrupt their personal and professional activities in order to attend formal classroom training. Through independent study supervised by qualified faculty members, the University has adopted this unique approach which offers the responsible adult student another opportunity to earn college credit. For more information concerning credit and a schedule of classes for independent study, the student should contact the Academic Dean's Office.

AUDITING COURSES

Auditing of courses may be approved in advance on a space-available basis. Approval by the instructor and the Dean is required, in addition to payment of normal course tuition, fees, and purchases of textbooks. Procedures for auditing courses are available in the Dean's office.

CLASS AUDIT REFRESHER EDUCATION (CARE) PROGRAM

Methods, applications, and even principles change and professional business persons need to remain abreast of the latest means of meeting the demands of their careers. Graduate Alumni not currently enrolled may audit any course previously taken and passed, on a space-available basis without any cost other than textbooks, supplies, and lab fees, if applicable.

All applicants must be in good standing with the University and all financial accounts must be current in order to be considered. The Academic Dean will make the assignment to classes based on a space available basis, three (3) days prior to the beginning of any term. All bookstore purchases will be on a cash basis.

CARE audit classes cannot be taken under the G.I. Bill and no attendance follow-up will be made. CARE students will receive a grade of AU (Audit).

TEXTBOOKS

Textbooks and workbooks will be issued through the bookstore in accordance with official university policies. At the time of issuance, textbooks become the responsibility of the students. The University is not responsible for replacing lost textbooks; however, students may purchase replacements from the campus bookstore. In certain programs requiring specialized equipment, that equipment may be loaned to students for use during their enrollment. Students failing to return loaned textbooks and/or equipment will be charged for its replacement. Grades and transcripts will be withheld from any student who has not returned property of the University or who has not made restitution for it.

FINANCIAL INFORMATION

STATEMENT OF FINANCIAL OBLIGATION

A student who has applied, is accepted, and has begun classes at the University assumes a definite financial obligation. Each student is legally responsible for his or her own school expenses for the contract period defined as the academic year in which the student is attending. A student who is enrolled and has made payments in full or completed other financial arrangements is entitled to all the privileges of attending classes, taking examinations, receiving grade reports, securing course credit, being graduated, and using the placement services.

Any student who is delinquent in a financial obligation to the University including damage to University property, library fines, and payment of tuition and fees, is subject to exclusion from any or all of the usual privileges of the University.

FINANCIAL ASSISTANCE INFORMATION

It is the goal of the University to assist every eligible student in procuring financial aid that enables the student to attend college. The University participates in various federal and state student financial assistance programs. The financial aid programs are designed to provide assistance to students who are currently enrolled or accepted for enrollment, but whose financial resources are inadequate to meet the full cost of their education. Students should meet with a Student Finance Officer to discuss the specific financial assistance available.

The majority of financial aid available to students is provided by the Federal government and is called Federal Student Financial Aid (SFA). This includes Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Work-Study (FWS), Federal Family Education Loan (FFEL) program (subsidized and unsubsidized) Stafford Loans, and Federal Parent Loans for Undergraduate Students (PLUS). Alternative source loans enable the student to contribute to his/her education while in college.

The primary responsibility for meeting the cost of education rests with the individual student and their families. All financial aid is awarded on the basis of need regardless of age, sex, race, religion, national or ethnic origin, or disability. Need is defined as the difference between the cost of education for one academic year and the amount a student's family can be reasonably expected to contribute to this cost of education for the same period.

CONSUMER INFORMATION

Most of the information dissemination activities required by the Higher Education Amendments of 1992 have been satisfied within the University Catalog. However, student finance personnel are available, in accordance with federal regulations, to discuss consumer information in more detail with current and prospective students.

To be eligible for financial aid, a student must:

- Be enrolled as a regular student in an eligible program of study on at least a half-time basis (with the exceptions of Pell and FSEOG);
- Have a high school diploma or the equivalent;
- Be a U.S. citizen or national, or an eligible non-citizen. Verification of eligible non-citizen status may be required;
- Have financial need (except for some loan programs), and as determined by a need analysis system approved by the Department of Education;
- Maintain satisfactory academic progress;
- Provide required documentation for the verification process and determination of dependency status;
- Not owe a refund on a Pell Grant, FSEOG, or State Grant previously received from any college;
- Not have borrowed in excess of the annual aggregate loan limits for the Title IV financial aid programs;
- Be registered for the Selective Service, if a male born after December 31, 1959;
- Sign the updated Statement of Educational Purpose/Certification Statement on refunds and defaults.
- Have a valid Social Security number.

APPLICATION

To apply for financial aid, a student must complete a standard application such as the Free Application for Federal Student Aid (FAFSA). The application must be completed with extreme care and accuracy. Our Student Finance Department is available to assist students in the completion of this form and to answer any questions.

The FAFSA is used to determine eligibility for all types of financial aid programs. Once processed, the application will produce an Expected Family Contribution (EFC) which determines eligibility.

Financial aid from federal programs is not guaranteed from one year to the next. Each student must reapply every year. Also, if the student changes colleges their aid does not automatically go with them. Each student should check with their new college to find out the appropriate procedures for reapplying for financial aid.

Need And Cost Of Attendance

Once the application is completed, the information will be used in a formula established by the Congress, that calculates need and helps determine eligibility. When combined with other aid and resources, a student's aid package may not exceed the cost of attendance.

SATISFACTORY ACADEMIC PROGRESS

Students must meet the standards of satisfactory academic progress in order to remain eligible to continue receiving financial assistance as well as to remain eligible to continue as a student of the University.

The student finance office will provide details to all eligible recipients. Students should read these standards carefully and refer any questions to academic or student finance personnel.

Satisfactory academic progress for purposes of determining continuing federal financial assistance is determined by applying the CPGA requirements, progression towards completion requirements, maximum completion time restrictions, probation provisions, suspension and dismissal procedures, and appeals procedures as outlined in the University Catalog.

Students on academic probation are considered to be maintaining satisfactory academic progress and are eligible to continue receiving federal financial assistance. Students who have been academically suspended or dismissed are no longer active students of the University and are ineligible for financial aid. Reinstatement of financial aid eligibility will occur only after readmittance following suspension of in the event the student's appeal results in readmittance.

BORROWER RIGHTS AND BORROWER RESPONSIBILITIES

When a student takes on a student loan he/she has certain rights and responsibilities. The borrower has the right to receive the following information before the first loan disbursement:

- the full amount of the loan;
- the interest rate;
- when the student must start repaying the loan;
- the effect borrowing will have on the student's eligibility for other types of financial aid;
- a complete list of any charges the student must pay (loan fees) and information on how those charges are collected;
- the yearly and total amounts the student can borrow;
- the maximum repayment periods and the minimum repayment amount;
- an explanation of default and its consequences;
- an explanation of available options for consolidating or refinancing the student loan;
- a statement that the student can prepay the loan at any time without penalty.

The borrower has the right to receive the following information before leaving school:

- the amount of the student's total debt (principal and estimated interest), what the student's interest rate is, and total interest charges on the loan(s);
- a loan repayment schedule that lets the student know when his/her first payment is due, the number and frequency of payments, and the amount of each payment;
- if the student has FFEL Program Loans, the name of the lender or agency that holds the student's loan(s), where to send the student's payments, and where to write or call if the student has questions;
- the fees that a student should expect during the repayment period, such as late charges and collection or litigation cost if delinquent or in default;
- an explanation of available options for consolidating or refinancing the student's loan;
- a statement that the student can repay his/her loan without penalty at any time

The borrower has a responsibility to:

- understand that by signing the promissory note, the student is agreeing to repay the loan according to the terms of the note;
- make payments on the student loan even if the student does not receive a bill or repayment notice;

- continue to make payments until notification that the request has been granted; if the student applies for a deferment or forbearance,
- notify the appropriate representative (Institution, agency, or lender) that manages the student's loan when the student graduates, withdraws from school, or drops below half-time status; changes his/her name, address, or Social Security number, or transfers to another institution.
- receive exit counseling before leaving school

POLICIES AND PROCEDURES FOR VERIFICATION

1. All selected applicants will be verified.
2. Selected applicants must submit required verification documents within twenty-eight (28) days of notification.
3. If the student fails to provide the required documentation within the established time frame, then the student will be treated as a cash paying student until the documents are provided.
4. If the student does not meet the deadline and is not capable of making a cash payment at the end of the deadline, he/she will be dismissed from the University. The student may re-enter the University only when he/she can provide the documentation.
5. The Student Finance Office reserves the right to make exceptions to the above stated policies due to extenuating circumstances, on a case-by-case basis.
6. Students will be given a clear explanation of the documentation needed to satisfy the verification requirements and the process for document submission.
7. The institution will inform students in a timely manner of the consequences of failing to complete the verification requirements and the actions the University will take if the student does not submit the requested documentation within the time period specified.
8. Students will be informed of their responsibilities regarding the verification of application information, including the institution's deadline for completion of any actions required.
9. Students will be notified if the results of verification change the student's scheduled award.
10. The institution will assist the student in correcting erroneous information.
11. Any suspected case of fraud will be reported to the Regional Office of the Inspector General, or, if more appropriate, to a State or local law enforcement agency having jurisdiction to investigate the matter. Referrals to local or state agencies will be reported on an annual basis to the Inspector General.
12. No interim disbursements of Title IV aid will be made prior to the completion of verification.

FINANCIAL AID TRANSCRIPTS

Federal regulation requires that Federal Family Education Loans (subsidized and unsubsidized Stafford) cannot be released nor can a Federal PLUS loan application be certified until financial aid transcripts have been received from all colleges an applicant previously attended. A financial aid transcript is necessary even if the student did not receive any aid.

TUITION CHARGES

The University quotes standard tuition prices for each regular program offered. Arrangements for payment of tuition and book charges (if applicable) must be made in advance of the first day of class. The University charges the student's tuition account for tuition at the beginning of each academic year (normally 3 terms or mini-start 2.5 terms).

Tuition charges are published as an addendum to the University catalog.

Detailed below are other education expenses considered in determining the student's cost of attendance and information on how those costs were derived. These include personal, room and board, and transportation.

The amount of personal expenses allowed all students is \$160 per month. This figure was determined by a national average obtained from the Bureau of Labor and Statistics.

The allowable costs for students without dependents who do not live with their parents is \$271 per month. The allowable costs for students without dependents who do not live with their parents and students with dependents

is \$538 per month. These figures were determined by a national average obtained from the Bureau of Labor and Statistics.

Transportation costs are calculated applying the formula stated below or by use of an average cost.

The calculations for determining transportation costs is the number of one-way trips per week X the number of miles traveled one way X 4.33 weeks per months X .30 cents per mile. Information on how the average cost was arrived is available in the Student Finance Office.

FINANCIAL AID PROGRAMS

All Title IV financial aid funds received by the institution will be credited to the student's account (excluding Federal Work-Study) with the exception of requirements set forth in Section 682.604 of current federal regulations. The different types of financial aid programs available to those who qualify are discussed in detail below.

Selection Of Eligible Applicants

In accordance with Federal Regulation 668.43(B)(3) the following procedures describe how aid recipients are selected from the pool of eligible applicants.

Federal Pell Grant

This grant is designed to assist students who desire to continue their education beyond high school. Federal Pell Grants are only awarded to undergraduate students who have not earned a bachelor or professional degree. Each student is entitled to apply for a Federal Pell Grant. Eligibility is determined by the student's need, the cost of attendance, and the amount of money appropriated by Congress to fund the program. The amount of the grant is determined by a standard formula used by the Department of Education. The amount of grant available to the student will depend on the Expected Family Contribution (EFC) and the cost of attendance.

For many students, the Federal Pell Grant provides a "foundation" of financial aid to which other aid may be added to defray the cost of college education. Students or prospective students may secure an application to participate in the Federal Pell Grant program from the Student Finance Office or from a high school counselor. The application will be transmitted electronically through a federally approved need analysis system which will determine the applicants Expected Family Contribution (EFC).

Federal Supplemental Educational Opportunity Grant (FSEOG)

This grant is available to students with exceptional financial need, students with the lowest (EFC), and gives priority to Federal Pell Grant recipients.

In determining student eligibility, the college will base the selection on procedures designed to make FSEOG awards to those students with the lowest expected family contribution (EFC) who will also receive Federal Pell Grant in that award year.

The amount of the grant, and the number of students who may receive this grant, depend on the availability of funds from the U.S. Department of Education.

Federal Work-Study Program (FWS)

The Federal Work-Study program provides part-time employment to students who need the earnings to defray the cost of their education. Students may work on or off campus for a qualified public, private or community service organization.

Application for the FWS program may be made through the Student Finance Office and eligibility is based on financial need and the availability of funds. The University will attempt to place students in jobs related to their program of study, and work schedules will be arranged according to class schedules.

The amount of the grant, and the number of students who may receive this grant, depend on the availability of funds from the U.S. Department of Education.

Florida Student Assistance Grant (FSAG)

The Florida Student Assistance Grant (FSAG) is available only to Florida residents demonstrating financial need and meeting certain academic requirements. The FSAG has an early application deadline and is not readily available to all. Students are advised when applications may be submitted. It is not available to students who have received baccalaureate degrees.

CLAST

All Baccalaureate students receiving Florida Student Assistance Grants are required to take the College Level Academic Skills Test (CLAST). This exam covers communication and computation knowledge and skills. It is administered 2-3 times per year and requires a fee. The registration deadline is approximately one month prior to the exam date. Florida students must participate in CLAST if they are to continue receiving the Florida Student Assistance Grant. Failure in any section of the exam requires enrollment in a College offered remediation program during the next term to prepare for retaking that portion of the exam, or Florida financial aid will be forfeited.

Federal Family Educational Loan Program (FFELP)

Subsidized Federal Stafford Loans, Unsubsidized Federal Stafford Loans, and Federal Plus Loans comprise the Federal Family Educational Loan Program (FFELP) and are discussed thoroughly below.

Subsidized Federal Stafford Loans

Federal Stafford loans are low interest loans that are insured by a guarantee agency and made to the student by a lender such as a bank, credit union, or savings and loan association. The Subsidized Stafford Loan is awarded based on financial need.

For loans first disbursed on or after July 1, 1994, a Stafford loan made to any Stafford borrower, regardless of whether the borrower had FFELP loans outstanding, will have a variable interest rate not to exceed 8.25%. This interest rate will be determined on June 1 each year.

If the student is a dependent undergraduate student he/she may borrow up to:

- \$2,625 if he/she is a first-year student enrolled in a program of study that is at least a full academic year;
- \$3,500 if he/she has completed the first year of study, and the remainder of their program is at least a full academic year.
- \$5,000 a year if he/she has completed two years of study, and the remainder of their program is at least a full academic year.

For periods of undergraduate study that are less than an academic year, the amounts the student can borrow will be less than those previously listed. Ask the Student Finance Office for specific details. Total indebtedness for a dependent undergraduate student is \$23,000.

If the student is an independent undergraduate student or a dependent student whose parent are unable to get a PLUS loan he/she may borrow up to:

- \$6,625 if he/she is a first year student enrolled in a program of study that is at least a full academic year. (At least \$4,000 of this amount must be in unsubsidized loans.)
- \$7,500 if he/she completed two years of study, and the remainder of their program is at least a full academic year. (At least \$4,000 of this amount must be in unsubsidized loans.)
- \$10,500 a year if he/she completed two years of study, and remainder of their program is at least a full academic year. (At least \$5,000 of this amount must be in unsubsidized loans.)

For periods of undergraduate study that are less than an academic year, the amounts the student can borrow will be less than those previously listed. Talk to the Student Finance Office for specific details. Total indebtedness for an independent undergraduate student is \$46,000. (No more than \$23,000 of this amount may be in subsidized loans.)

There is a 3 percent origination fee and 1 percent insurance premium deducted from each disbursement. This must be repaid.

Graduate students may borrow up to \$18,500 per academic year (\$10,000 of this amount must be in unsubsidized loans). Total indebtedness for a graduate/professional student is \$138,000 (no more than \$65,500 of this amount may be subsidized loans).

The Federal Stafford Loan is deferred while the student is enrolled and for a period of six months beyond the student's last date of attendance. During this period the interest is paid by the federal government as long as the student remains enrolled on at least a half-time status. Deferments after the student drops below half-time status are not automatic and the student must contact the lender concerning their loan. Applications can be obtained from the institution's Student Finance Office or from the lender.

For additional deferment information contact the Student Finance Office.

Unsubsidized Federal Stafford Loans

The Unsubsidized Federal Stafford Loan Program is a new program available to eligible students, regardless of family income, for periods of enrollment beginning on or after October 1, 1992, who do not qualify in whole or in part, for Subsidized Federal Stafford Loans. An Unsubsidized Stafford Loan is not awarded based on need. The term "unsubsidized" means that interest is not paid for the student. The student would not be charged interest from the time the loan is paid in full.

The terms of an Unsubsidized Stafford Loan are the same as those for a Subsidized Stafford Loan with the exceptions of the following descriptions.

The Government does not pay interest on the student's behalf on an Unsubsidized Federal Stafford Loan. All interest that accrues on the loan during enrollment and the grace period is required to be paid by the student. The student has two options of repayment of the accrued interest: (1) make monthly or quarterly payments to the lender, or; (2) the student and the lender may agree to capitalization of the accrued interest.

The student will be charged an origination fee/insurance premium on the amount of the Unsubsidized Stafford Loan not to exceed 4%. The fee will be deducted proportionately from each disbursement and paid to the Federal Government.

Federal PLUS Loans

The Federal PLUS loan is available to parents of dependent students to help pay for the educational expenses of the student. PLUS loans are not based on need, but when combined with other resources, cannot exceed the student's cost of education.

Parents may borrow up to cost of attendance minus other aid per eligible dependent student. There is a 3% origination fee on a PLUS loan made on or after July 1, 1994 and up to 1 percent insurance premium may be deducted proportionately from the loan principal after each payment. The interest rate is variable and is set on July 1 of each year, but has a maximum of 9%.

Repayment begins within 60 days of the final disbursement unless the parent qualifies for and is granted a deferment by the lender. There is no grace period for these loans. Interest begins to accumulate at the time the first disbursement is made, and parents will begin repaying both the principal and interest while the student is in school. Although the minimum payment amount is \$50 per month with at least five years, but no more than 10 years of repayment, the actual payment and schedule is determined by the total amount borrowed. Applications can be obtained from the institution's Student Finance Office or from the lender.

For deferment information, contact the Student Finance Office.

Institutional Loan Program

The university offers an institutional loan as an alternative or supplement to Title IV Federal Family Education Loans. These loans are funded by the university and are administered (collection of monthly payments, servicing of the loan, etc.) by an independent servicing company. Students qualify for institutional loans on the basis of need for financial aid, the expected family contribution toward the educational costs, and the other types of financial aid for which the student has qualified or may qualify. The institutional loans range from \$500 to \$6,000

per academic year with payments ranging from \$45 to \$100 per month. Monthly payments normally begin 60 days after application, and may continue beyond graduation until the loan is fully repaid. Students may consolidate multiple institutional loans taken out for different academic years. Students interested in the institutional loan program should see the Student Finance Department for a complete information package (including current interest rates and loan servicer).

ENTRANCE AND EXIT INTERVIEW/LOAN COUNSELING

The Department of Education requires that any student receiving a Federal Family Educational Loan be notified concerning their loans. The University counsels each student regarding loan indebtedness and gives each student an entrance test and mails an exit interview regarding the loan to make sure the student understands the amount borrowed and the student's rights and responsibilities regarding repayment.

The student must report to the Student Finance Office prior to withdrawal or graduation for loan counseling. The purpose of this session is to inform the student of their tentative total loans received while in attendance, refunds that may be made, and to provide the student with an estimated payment schedule. If the student is unable to meet with the Student Finance Office, an exit interview will be mailed. Federal Perkins exit interviews will be sent certified mail.

All official notifications relating to exit interview packets with detailed information of any refunds that have been made for all withdrawn and graduated students will be mailed to each by the University's corporate student finance center.

REFUND DISTRIBUTION POLICY

Refunds are distributed according to the following refund distribution policy which will be applied to all students who received Title IV fund and withdraw with refund due:

1. Unsubsidized Stafford Loan Program;
2. Subsidized Stafford Loan Program;
3. PLUS Loan Program;
4. Direct Subsidized/Unsubsidized Loan Program;
5. Direct PLUS Loan Program;
6. Federal Perkins Loan Program;
7. Federal Pell Grant Program;
8. Federal Supplemental Educational Opportunity Grant (FSEOG) Program;
9. Any other Title IV program; and
10. The student.

Students will be notified of any refunds due to a lender on their behalf through the mailed exit interview material. Refunds to any of the Title IV or State programs will be paid within 30 days from the date of determination.

REPAYMENT DISTRIBUTION

A repayment distribution in the order listed below will occur whenever living expenses have been issued in excess of the student's eligibility.

1. Federal Perkins Loan Program
2. Federal Pell Grant Program
3. Federal SEOG Program
4. Any other non-loan Title IV programs; and
5. Other State, private, or Institutional student financial assistance programs.

VETERAN'S ASSISTANCE PROGRAMS

Veteran Education and Employment Assistance Act of 1976 as Amended
Veterans eligible for training under the Montgomery G.I. Bill are entitled to a monthly allowance while attending the University in certain approved programs of study. Veterans with over 3 years of active duty or 2 years of active duty and 4 years in the selected reserve are entitled to a maximum of 36 month of training. The University will assist in preparing and submitting applications.

War Orphan Educational Assistance

This program provides financial assistance for the education of sons and daughters of veterans who died or were permanently and totally disabled in or as a result of service in the Armed Forces of the United States. Benefits are similar to those of the Bill. Widows and wives of disabled veterans may also be eligible for this program. The University will assist in preparing and submitting applications.

Vocational Rehabilitation for Veterans

Veterans disabled during war time and under certain peace time service may be eligible for educational benefits and training under this program. Applications must be filed directly with the Veterans Administration.

REFUNDS

The University is entirely self-supporting. The registration of a student results in the employment of faculty, arrangements for management and physical facilities and other provisions by the administration that must be contracted in advance. The withdrawal of a student does not decrease the expenses of the University to any substantial extent. The refund policy has been established so that the student who withdraws from class will share in the incurred cost. For these reason there will be no refund of tuition except as outlined below.

REFUND POLICY - PRIOR TO ENTRANCE

1. Cancellation prior to class beginning - all tuition paid will be refunded in full.
2. All tuition and fees, except the application fee, will be returned when written cancellation is received within three working days after signing the enrollment agreement or making payment.

REFUND POLICY - AFTER ENTRANCE

1. Students are charged tuition and fees one academic year at a time. An academic year constitutes 36 weeks for a full term and 30 weeks for a mini-term beginning with the University's published start dates.
2. Percentage of completion is based on the length of time in the academic year of the program and computed from the date of entrance to the last date of attendance. Length of attendance, rather than units of credit, is the criterion used to determine the tuition charge.

REFUNDS - Refunds of tuition for withdrawals that occur after the 1st week of classes are made within 30 calendar days of the last date of attendance if the student gave written or verbal notification of the intent to withdraw at the time of withdrawal. If no such notification was given, the refund will be made within 30 days of the date the University determines that the student has withdrawn.

Refunds to veterans will be made in accordance with current Veterans' Administration regulations.

60% PRO-RATA REFUND POLICY (FOR ALL FIRST TIME STUDENTS)

Institutions are required to have a fair and equitable refund policy for Title IV programs refunding students, or parents for a PLUS loan, unearned tuition, fees, room and board, and other charges for periods of time if a student does not register, withdraws, or otherwise fails to complete the period of enrollment.

The Higher Education Amendments of 1992 resulted in the establishment of an alternative refund policy to pro rate tuition refunds for all Title IV Funds recipients. For each first time student who withdraws, the University will calculate a pro-rata refund which conforms to U.S. Department of Education regulations. This pro-rata refund policy will be applied to all Title IV Funds recipients who withdraw prior to completing 60% of the period of enrollment.

Pro-rata refund is defined as a refund of not less than that portion of the tuition, fees, and other charges assessed the student equal to the portion of the enrollment period for which the student has been charged that remains on the last day of attendance rounded downward to the nearest ten percent of that period, MINUS any unpaid student charges.

The period of enrollment is determined by dividing the total number of weeks comprising the enrollment period for which the student has been charged into the number of weeks remaining in that period as of the last recorded day of attendance.

The pro-rata refund may replace any refund policy already in effect and which may already be stated in the catalog, enrollment agreement, schedule of tuition, or other University publications; however, the refund will be based upon the refund policy which yields the larger refund to the student.

| FULL TERM 36-WEEK ACADEMIC YEAR | | MINI TERM 30-WEEK ACADEMIC YEAR | |
|---------------------------------|-------------------------------------|---------------------------------|------------------------------------|
| WEEKS ATTENDED | REFUND OF TUITION FOR ACADEMIC YEAR | WEEKS ATTENDED | REFUND OF TUITION FOR ACADEMIC YR. |
| 01 | 100% | 01 | 100% |
| 02 - 03 | 90% | 02 - 03 | 90% |
| 04 - 07 | 80% | 04 - 06 | 80% |
| 08 - 10 | 70% | 07 - 09 | 70% |
| 11 - 14 | 60% | 10 - 12 | 60% |
| 15 - 18 | 50% | 13 - 15 | 50% |
| 19 - 21 | 40% | 16 - 18 | 40% |
| 22 - 36 | 0% | 19 - 30 | 0% |

If the Statutory Pro-Rata refund calculation does not apply to the student, subsequent to the first academic year of the first period of enrollment, the University must do a comparison of the Federal Refund Policy and its own institutional refund policy and issue the larger of the two refunds.

FEDERAL REFUND POLICY - Subsequent Academic Years

| FOR WITHDRAWAL DURING | REFUNDED | AMOUNT RETAINED |
|--|-------------|-----------------|
| First 10% of charging period | 90% Tuition | 10% Tuition |
| Between the end 10% and end of 25% of charging period | 50% Tuition | 50% Tuition |
| Between the end of 25% and end of 50% of charging period | 25% Tuition | 75% Tuition |
| Beyond 50% of charging period | 0% Tuition | 100% Tuition |

INSTITUTIONAL REFUND POLICY - Subsequent Academic Years

| FOR WITHDRAWAL DURING | REFUNDED | AMOUNT RETAINED |
|---|-------------|-----------------|
| 1st Week of Academic Year | 90% Tuition | 10% Tuition |
| 2nd - 4th Weeks of Academic Year | 80% Tuition | 20% Tuition |
| 5th Week & Up to First 25% of Academic Year | 55% Tuition | 45% Tuition |
| Second 25% of Academic Year | 30% Tuition | 70% Tuition |
| Remaining 50% of Academic Year | 0 | 100% Tuition |

For programs longer than one academic year (9 calendar months) in length, 100% of stated program costs attributable to future years will be refunded when a student withdraws during the prior period.

ACADEMIC INFORMATION

CANCELLATION OF CLASSES

The University reserves the right to cancel any scheduled class in which there is an insufficient number of students enrolled.

DEFINITION OF CREDIT

The University awards credit in the form of quarter credits. One quarter credit is equivalent to a minimum of 10 class hours of theory or lecture instruction, a minimum of 20 hours of supervised laboratory instruction or work, or a minimum of 30 hours of externship practice.

GRADING SYSTEM AND PROGRESS REPORTS: UNDERGRADUATE PROGRAM

Final grades are reported at the completion of each grading term and are provided to each student. If mailed, they are sent to the student's home address.

The following grading system is used:

| GRADE | EVALUATION | GRADE POINTS PER QTR HOUR |
|-------|--------------------------------------|------------------------------|
| A | Excellent | 4 |
| B | Above Average | 3 |
| C | Average | 2 |
| D | Below Average | 1 |
| W* | Withdrawal | 0 |
| F* | Failure | 0 |
| I | Incomplete | 0 |
| IP | Study in Progress | 0 |
| N* | Mitigating Circumstances (no grade) | Not calculated |
| LE | Life Experience | Not calculated |
| R | Repeated Course | Not calculated |
| AU | Audit | Not calculated |
| TC | Transfer Credit | Not calculated |
| PE | Passed by Proficiency Challenge Exam | Not calculated |

Note: An "I" grade automatically changes to "F" if course requirements are not completed satisfactorily within 10 days after the official ending date of the term.

Note: An "N" grade may be awarded if a student withdraws from a class under approved and documented mitigating circumstances.

* Students who earn and/or request the above grades will incur additional tuition charges.

Grading system for the graduate program can be found under "Grading System and Progress Reports: Graduate Program".

Grade Appeals

A student who wishes to appeal a grade should immediately consult with the instructor involved in the course. If dissatisfaction remains, the student should meet with the Academic Dean. Further appeals must be through the Grievance Committee (see Grievance Policy).

All appeals must be completed by the end of the term following the one in which the grade was earned.

Calculation Of Grade Point Average

The grade point average of a student is determined by dividing the total number of grade points earned per term by the number of quarter hours attempted. If, for example, a student earned an A in one 4.0 quarter hour class, the student would multiply 4.0 quarter hours times 4 (the grade point total for an A). The grade points for that class would be 16. If the student earned a C for a second 4.0 quarter hour class, the student would multiply 4.0 quarter hours times 2 (the grade point total for a C). The grade points for that class would be 8. Adding the total number of grade points, 16 and 8, the student would have 24 grade points. The student attempted 8 credits. The grade points of 24, divided by the 8 quarter hours attempted, would result in a grade point average of 3.0.

PRESIDENT'S HONOR ROLL AND DEAN'S LIST

To recognize and encourage outstanding scholastic performance, a Dean's Honor Roll is published at the end of each term. To be eligible for this honor, a student must have earned a grade point average of at least 3.50 and must have been registered for 12 or more credit hours. The President's Honor Roll recognizes all full-time students who have maintained a 4.0 grade point average during the term.

UNDERGRADUATE ACADEMIC INFORMATION

ACADEMIC LOAD

A student taking the required twelve or more quarter hours toward the associate or bachelor's degree will be classified as a full-time student for that term.

Full-time academic load for graduate students is defined under Academic Load - Graduate Student.

ATTENDANCE POLICY

The University is in session throughout the year except for holidays and vacations as shown in the University Calendar.

Students are encouraged to attend on a full-time basis and are required to attend each class session unless conditions over which they have no control prevent their being present. Student attendance must be separately tracked and recorded by class hours for each class in which the student is enrolled. While absences may be classified as excused or unexcused for purposes of allowing make-up work, all absences, regardless of the reasons, must be considered in applying the attendance policy. Excessive absences will cause the student to be withdrawn from the class(es). The actual last date of attendance will be used in reporting the student's final attendance date.

Deviations from the stated attendance policy because of mitigating circumstances must have the written approval of the Academic Dean and must be evidenced by a doctor's excuse, copy of military or work hours, conflict, etc.

Being dropped from an individual class may not necessarily result in suspension from school, however, it may result in a change from full-time status to part-time status which could have a negative affect upon the student's financial aid awards or VA benefits.

Minimum Attendance Policy Parameters

Total Hours Absent - Students will be withdrawn from any class in which their total hours of absence exceed 25% of the total hours scheduled for the entire term. The total hours for any class is determined as the total of all classroom and laboratory hours required for the class. Students must be withdrawn from the University when their total hours of absence exceed the limit in all classes in which they are enrolled.

Consecutive Hours Absent - Students must be withdrawn from any class in which their consecutive hours of absence exceed 2/3 of the total hours of absence limit. Students must be withdrawn from the University when their consecutive hours of absence exceed the 2/3 limit in all classes in which they are enrolled.

Exceptions - Students in the upper division of baccalaureate programs (juniors and seniors) and graduate programs may be allowed total absences up to and including 33% of the total class hours scheduled (i.e., withdrawal will occur when the total absences exceed 33% of the total hours scheduled for the term). Restrictions

on consecutive absences for upper division and graduate students are to be the same as for lower division students.

Application Of Attendance Policy

Applying the policy described above, following are examples for common course lengths:

For a 4-credit lecture class meeting for a total of 48 class hours:

| | |
|--|------------------------|
| Total Hours Absence Limit (first & second year students) | Not more than 12 hours |
| Total Hours Absence Limit (juniors, seniors, graduate students) | Not more than 16 hours |
| Consecutive Hours Absence Limit (all students) | Not more than 08 hours |

For a 4-credit course that is an equal combination of lecture and laboratory instruction (2 credits for 24 class hours of lecture instruction and 2 credits for 48 hours of laboratory instruction: 72 class hours total):

| | |
|--|------------------------|
| Total Hours Absence Limit (first & second year students) | Not more than 18 hours |
| Total Hours Absence Limit (juniors, seniors, graduate students) | Not more than 23 hours |
| Consecutive Hours Absence Limit (all students) | Not more than 08 hours |

For a 2-credit course that is entirely laboratory instruction (48 class hours total):

| | |
|--|------------------------|
| Total Hours Absence Limit (first & second year students) | Not more than 12 hours |
| Total Hours Absence Limit (juniors, seniors, graduate students) | Not more than 16 hours |
| Consecutive Hours Absence Limit (all students) | Not more than 08 hours |

Add/Drop Week Attendance Policy

The first week of each academic term is designed as the add/drop period and is designed to allow for adjustments to student schedules that may be necessary. This is the period when students may add or delete courses in order to finalize their schedules. This add/drop period is particularly important for those students who are enrolling at the University for the first time, as there are enrollment procedures and formalities in addition to the scheduling procedures. The University recognizes that the enrollment process, the scheduling process, and the necessary restructuring of the student's personal, family and work responsibilities may not all be completed prior to the add/drop period. Consequently, the University does adjust its attendance expectations for new students during the add/drop period. Accordingly, cumulative attendance requirements are not applicable to new students during the initial add/drop period of their first academic term. However, after that time, the attendance policy will be in effect fully, and all students must maintain attendance in accordance with the University's attendance policy.

Students continuing their enrollment from one academic term to the next are expected to attend all scheduled classes during the first week of the term. Failure to attend a scheduled class will result in the student being removed from that class at the discretion of the Academic Dean. Students unable to attend a class due to circumstances beyond their control must notify the Academic Dean in writing prior to the first scheduled class and provide appropriate documentation, if requested.

REPEATING COURSES

An undergraduate student may repeat a course taken at the University in order to improve the cumulative grade point average. The credit is given for the last grade earned when repeating a course. Repeated courses will appear on the student's transcript. The first attempt will also be shown; however, the cumulative grade point average will be recomputed to count the last attempt only. This policy may be used only three times for improving grade point average, either for three separate courses or two times for one course and one time for a second course. While tuition is not charged for the 3 repeated courses under this provision, a Retake Fee may be charged for all repeated courses. Any additional repeats will be charged at the current tuition rate.

LEAVE OF ABSENCE

The University does not permit leaves of absence. Students experiencing circumstances that may make it necessary to interrupt their attendance temporarily or briefly, should see the Academic Dean.

ACADEMIC HONESTY

The University adheres to the tenet that professional attitude begins in the classroom. For that reason, students and faculty of the University will not tolerate or commit any form of academic dishonesty.

Acts of academic dishonesty are defined as falsification of materials submitted for a grade, representation of another's work as one's own, or violation of test conditions as designated by the instructor.

When academic dishonesty is suspected, the student will receive a failing grade for that particular assignment. The Academic Dean will notify the student immediately of the infraction and of the resulting punitive action.

If the student appeals the action, s/he must do so through the Grievance Committee. Statements will be taken from the student, the instructor, and from any witness to the suspended act. After review of all statements and evidence, the Grievance Committee will notify the student in writing of its decision to support or rescind the punitive action, or to impose additional academic punitive action. Any student who commits two infractions involving dishonesty may be subject to suspension or dismissal.

WITHDRAWAL PROCEDURES

Students finding it necessary to withdraw from the University are requested to notify the University in writing as to why and when the withdrawal is necessary and to complete all necessary paperwork with the University. Failure to do so will delay out-processing, and may result in a delay of any refund that may be due the student or the funding source.

Withdrawal from any individual course must be approved by the Dean, and grades upon withdrawal will be assigned in accordance with the applicable Grading System.

Readmission Of Withdrawn Students

Withdrawn students requesting re-entry must petition the Readmission Committee. Information concerning the readmission procedure may be obtained by calling the Dean's Office. Re-entry is limited to one time unless documented mitigating circumstances are provided.

ACADEMIC DEFICIENCIES

Following the conclusion of each grading period, the grades of each student will be audited by the Dean. As a result of this audit, it may be necessary to reschedule the student or to place the student on a status of Academic Probation, Academic Suspension, or Academic Dismissal. In all such cases, the Dean will confer with each student to ensure that all steps are being taken to assist the student in reaching a clear academic status.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS FOR UNDERGRADUATE STUDENTS

Students must maintain satisfactory academic progress in order to remain eligible to continue as regularly enrolled students of the University. Additionally, satisfactory academic progress must be maintained in order to remain eligible to continue receiving federal financial assistance.

Satisfactory academic progress is determined by measuring the student's Cumulative Grade Point Average (CGPA) and the student's Rate of Progress toward completion of the academic program. These are outlined below.

Cumulative Grade Point Average (CGPA) Requirements

Students must meet specific cumulative grade point average requirements at specific points during their enrollment in order to be considered to be making satisfactory academic progress. These requirements are noted in the tables below, along with Rate of Progress requirements. These will be reviewed at the end of each academic quarter, after grades have been posted, to determine if the student's CGPA is in compliance.

Rate Of Progress Toward Completion Requirements

(Percentage Successfully Completed)

In addition to the CGPA requirements, a student must successfully complete a certain percentage of the credits attempted to be considered to be making satisfactory academic progress. Credits attempted are defined as those credits for which students are enrolled at the end of the add/drop period of an academic term. These percentage requirements are noted in the tables below, along with CGPA requirements. As with the determination of CGPA, the percentage completion requirements will be reviewed at the end of each academic quarter, after grades have been posted, to determine if the student is progressing satisfactorily.

Maximum Time In Which To Complete

A student is not allowed more than 1.5 times, or 150% of, the standard length of the program in which to complete the requirements for graduation. This will be measured by limiting students to attempting 1.5 times, or 150% of, the number of credits in their program of study. The requirements for rate of progress are to assure that students are progressing at a rate at which they will be able to complete their programs within the maximum time frame. The maximum allowable attempted credits are noted in each of the following tables.

Satisfactory Academic Progress Tables

Graduation

In order to graduate, a student must have earned a minimum of a 2.0 CGPA and must have successfully completed all required credits within the maximum credits that may be attempted. However, students meeting the CGPA or Rate of Progress requirements applicable to the total credits attempted are deemed to have academic standing consistent with the University's graduation requirements. These graduation requirements, along with any other specific requirements, are also outlined under the graduation requirements section in the University catalog.

Academic Probation

At the end of the quarter, after grades have been posted, each student's cumulative grade point average (CGPA) and rate of progress is reviewed to determine whether the student is meeting the above requirements. Students will be placed on ACADEMIC PROBATION when the CGPA or the rate of progress does not meet the above requirements. The student will remain on ACADEMIC PROBATION as long as his or her CGPA or rate of progress remains in the probation ranges specified above. When both the CGPA and rate of progress are above the probation ranges specified above, the student is removed from probation. During the period of academic probation students are considered to be making satisfactory progress both for academic eligibility and financial aid eligibility.

Students on probation must participate in academic advising as deemed necessary by the University as a condition of their probation. In addition, students whose probation status extends over multiple academic terms may be directed to participate in extra tutorial sessions or developmental classes. Students who fail to comply with these requirements are subject to suspension even though their CGPA or rate of progress may be above the suspension levels.

Academic Suspension

If the student's CGPA or rate of progress ever falls into the suspension ranges specified above, the student is considered not to be making satisfactory progress, is placed on ACADEMIC SUSPENSION, and must be withdrawn from the University.

Readmittance Following Suspension

Students who have been suspended may apply for readmittance to the University after one academic term according to the readmission policy. Students readmitted at this point are considered to be on probation, but must bring their CGPA or rate of progress into the probation range by the end of the first academic term after being readmitted. If it is mathematically impossible for the student to improve into the probation range by the end of the first academic term after readmittance of if, in the judgement of the readmittance committee, it is highly improbable for the student to improve into the probation range, the student will not be readmitted.

Academic Dismissal

Students who have been readmitted following ACADEMIC SUSPENSION who fail to improve their CGPA into the probation range by the end of the first academic term after readmittance will receive an ACADEMIC DISMISSAL and the student must be withdrawn from the University. Students who have been dismissed are not eligible for readmittance to the University.

Appeals Procedures

Students who have been determined not to be making satisfactory academic progress and who feel that there are mitigating or extenuating circumstances that led to the failure to maintain satisfactory progress, and believe they have resolved those circumstances, may appeal by requesting in writing a review of their satisfactory academic progress. Examples of such mitigating circumstances include injury or illness to the student or death of an immediate family member. Such review shall be conducted by the Academic Dean and/or the Campus President/ Director or an appeal committee appointed by the campus President/Director. Should the appeal be denied and the student suspended, the student is eligible for readmittance, as outlined above. Should the appeal be granted, the student will not be required to sit out at least one academic term and will be continued on probation and will receive one additional academic term in which to regain satisfactory progress. Should the student still fail to meet the satisfactory academic progress requirements, the student will receive an ACADEMIC DISMISSAL, as outlined above.

Application Of Grades And Credits

Transfer credits are not included in the calculation of CGPA, but are included in the "Total Number of Credits Attempted" (see charts) in order to determine the required levels for CGPA and rate of progress. Transfer credits are included as credits attempted and successfully completed in calculating the rate of progress.

Developmental, remedial courses, and other courses that are graded on a pass/fail basis are not included in calculating CGPA. Courses taken on a pass/fail basis are, however, considered as hours attempted in the calculation of rate of progress. Any developmental credits will be in addition to the maximum (1.5 times or 150%) allowable attempted credits. For example, the maximum allowable attempted credits for a 96 credit program is 144, but a student enrolled in a 96 credit program who takes 8 credits of developmental courses is allowed to attempt a maximum of 152 credits (144 + 8).

A grade for a repeated course replaces the original grade in the calculation of CGPA; however, the original course credits remain included in the "Total Number of Credits Attempted" (in the charts above) in order to determine the required progress level. The original credits are considered as not successfully completed.

For calculating rate of progress, grades of F (failure), W (withdrawn), and IP (in progress) are counted as hours attempted, but are not counted as hours successfully completed. Grades of I (incomplete) will also be counted as hours attempted, but not as hours successfully completed; however, when the "I" is replaced with a letter grade, the GPA and satisfactory progress determination will be recalculated based on that letter grade and the credits earned.

Continuation As A Non-Regular Student

Students who have been suspended or dismissed due to failure to maintain satisfactory academic progress may be allowed to continue as students of the University under the following conditions:

- The student is allowed to continue in a Non-Regular Student status for a period of time not greater than 25% of the normal program length (2 academic quarters for associate degree programs; 4 academic quarters for baccalaureate degree programs).
- The student is not eligible for student financial aid.
- The student is obligated to pay tuition, according to the established tuition rate per credit hour, for any courses in which the student is enrolled.
- During the time as a special student, the student is to be working toward coming into compliance with the standards of satisfactory progress, or at the least, close enough to qualify for readmittance as noted (i.e., can come into compliance within the time frame specified above). If, by the end of the maximum period allowed on non-regular status the student has not improved his/her academic standing to the probation range, he/she will be dismissed.

Reinstatement As A Regular-Student From Non-Regular Status:

Students who have attempted the maximum number of credits allowed under their program, but have not earned all of the credits necessary to complete their program may be allowed to enter non-regular status; however, they will never be eligible for readmittance to regular status in the program from which they were suspended or dismissed, but may continue on non-regular status up to the maximum period allowed for the purposes of completing all required credits. Further, these students who have entered non-regular status are not eligible for graduation (cannot receive a degree or diploma) from their programs, but can receive a certificate for the credits they successfully completed.

Satisfactory Progress And Financial Aid

Students must meet the standards of satisfactory academic progress in order to remain eligible to continue receiving financial assistance as well as to remain eligible to continue as a student of the University.

The financial aid office will provide details to all eligible recipients. Students should read these standards carefully and refer any questions to academic or financial aid personnel. Satisfactory academic progress for purposes of determining continuing federal financial assistance is determined by applying the CGPA requirements, rate of progression requirements, maximum completion time restrictions, probation provisions, suspension and dismissal procedures, and appeals procedures as outlined in the satisfactory academic progress section of the University catalog.

Students on academic probation are considered to be maintaining satisfactory academic progress and are eligible to continue receiving federal financial assistance. Students who have been academically suspended or dismissed are no longer active students of the University and are ineligible for financial aid. Reinstatement of financial aid eligibility will occur only after readmittance following suspension or in the event the student's appeal results in readmittance.

Standards Of Satisfactory Academic Progress For Undergraduate Students Receiving VA Benefits:

Students must maintain a cumulative grade point average of a C (2.0) each term to remain eligible for VA benefits. A veteran student failing to achieve a C (2.0) cumulative grade point average for any term will be placed on probation for the next academic term. Failure to achieve a C (2.0) cumulative grade point average during the next 2 consecutive terms will result in the veteran student being terminated from veteran benefits and the VA so notified.

See Standards of Progress for Graduate Students for specific information on VA benefits.

COOPERATIVE EDUCATION PROGRAM

Cooperative Education is an academic program for undergraduate students. Its purpose is to provide students with practical, prearranged, and pre-approved on-the-job educational experiences which relate to each student's academic program and/or career objectives. By combining traditional on-campus courses with off-campus Cooperative Education courses, under the joint supervision of a sponsoring company supervisor and the Dean,

students are expected to increase their knowledge and competency in courses required in their academic programs. A secondary purpose of the program is to present students to employers in a way which will increase their post-graduation employment potential.

Degree-seeking students at the Sophomore level and above who have completed at least two terms at the University and have maintained satisfactory grade point averages are eligible to apply.

Cooperative Education Plan

The Cooperative Education Plan is a parallel plan designed for students who elect to register for one cooperative education course simultaneously with at least two other courses, either in residence or through independent study. Students who elect to participate in Cooperative Education must obtain academic counseling prior to entering the Plan to assure that their cooperative education courses are properly integrated into their overall academic program of studies.

Cooperative Education Credit

Credit is granted for successful completion of a cooperative education course on the same basis as for any other course. Successful completion of these courses requires the student to develop personal responsibility and display initiative beyond what is required in an on-campus classroom setting under the supervision of an instructor. Successful completion also requires the student to: (a) develop specific on-the-job objectives with the Dean and an academic advisor; (b) attend assigned on-campus seminars; and (c) return the completed written assignment not later than final exam week at the end of each term. Grades earned in cooperative education courses are computed in grade point averages on the same basis as other grades. Courses taken in cooperative education will be identified on the student's transcript as "Parallel Work."

Credits earned in parallel work courses are applied to the credit requirements for each degree program. Specifically, these credits apply to the Approved Elective Component of the student's academic program of study or as electives in the Major component; however, only 8 quarter hours of parallel work may be applied toward the major component.

Tuition for Parallel Work courses is at the same rate as other courses.

| | <u>Parallel Work Courses</u> | <u>Credit Hours</u> |
|----------|------------------------------|---------------------|
| COE 2041 | Sophomore Parallel Work I | 4.0 |
| COE 2042 | Sophomore Parallel Work II | 4.0 |
| COE 3041 | Junior Parallel Work I | 4.0 |
| COE 3042 | Junior Parallel Work II | 4.0 |
| COE 4041 | Senior Parallel Work I | 4.0 |
| COE 4042 | Senior Parallel Work II | 4.0 |

The above courses are normally taken during the sophomore, junior, and senior years. COE 2041 and 2042 are available to students pursuing an associate degree. Since each student's cooperative education program is designed specifically for him or her, these courses are taken one per term, simultaneously with other on-campus courses.

TRANSCRIPTS

Students are provided an official transcript free of charge upon graduation from the University. There is a fee of \$3 for each additional official transcript. Requests for transcripts must be made in writing to the Office of the Registrar at the College of attendance.

Transcripts cannot be released for students with an outstanding balance on their tuition and fees accounts.

UNDERGRADUATE DEGREE PROGRAMS

All students seeking any of the degrees stated herein must abide by all University rules and regulations, including satisfactory progress, attendance, and conduct; pass all required final examinations in all courses for which earned credits are recorded; and settle all financial obligations to the University prior to graduation. The student is responsible for meeting the requirements of the University catalog in effect at admittance or readmittance. The student may elect to change to the requirements of a new catalog and must then meet all the requirements of the new edition. The student automatically comes under the current catalog at readmittance after not attending for a full academic quarter.

TWO MAJORS

Any undergraduate student who elects to do so may carry two majors and work to fulfill the requirements of both concurrently. Upon successful completion of the requirements of two majors, a student will be awarded only ONE degree unless a minimum of 48 appropriate quarter hours in addition to the requirements of the first degree have been earned. In cases where the requirements of two majors have been met and only one degree is involved, a notation denoting both majors will be entered on the transcript. Students may not use Business Administration as one of their stated majors.

TWO DEGREES

Two baccalaureate degrees may be awarded simultaneously under the following conditions:

1. Course requirements for two majors have been completed as certified by the appropriate academic credits.
2. A minimum of 48 appropriate quarter hours in residence in addition to the requirements of the first degree have been earned.

Care must be taken in scheduling for a second degree or major. Veterans' educational benefits, under certain circumstances, may not be available for subjects other than those specifically required for the second degree or major.

BACCALAUREATE DEGREES

To qualify for the Bachelor of Science degree or the Bachelor of Business Administration degree, students are required to accomplish the following:

1. Complete a minimum of 192 quarter hours with an average grade of "C" (grade point average of 2.0) or higher for all work taken at the College, with a minimum of 68 quarter hours in the 3000 and 4000 series. The final 48 quarter hours must be completed at the College.
2. Meet the specified graduation requirements, including the following area quarter hour requirements.

| | |
|--|-----------------|
| Area I - College Core Requirements | 36.0 (minimum) |
| Area II - Major Core Requirements | 60.0 (minimum) |
| Area III - General Education Core Requirements | 56.0 (minimum) |
| TOTAL QUARTER HOURS REQUIRED | 192.0 (minimum) |

ASSOCIATE DEGREES

To qualify for the Associate in Science Degree or the Associate in Business Degree, students are required to accomplish the following:

1. Complete a minimum of 96 quarter hours with an average grade of "C" (Grade Point Average of 2.0) or higher for all work taken at the College. The final 48 quarter hours must be completed at the College.
2. Meet the specified graduation requirements, including the following area quarter hour requirements, 36 of which must be in 2000 or above level. Upper division courses may be used to satisfy the requirements if approved by the Dean.

| | |
|--|-----------------------|
| Area I - College Core Requirements | 24.0 (minimum) |
| Area II - Major Core Requirements | 48.0 (minimum) |
| Area III - General Education Core Requirements | 24.0 (minimum) |
| TOTAL QUARTER HOURS REQUIRED | 96.0 (minimum) |

Note: The aforementioned stated minimum quarter hour requirements apply to all Associate in Science degree programs except for the Court Reporting Program. See the section on Associate in Science degree in Court Reporting for specific minimum quarter hour requirements for that program.

GRADUATE PROGRAM ACADEMIC INFORMATION

The graduate programs were developed to enhance an individual's effectiveness in business and to expand the basic philosophy of the University. The graduate program will concentrate on the development and mastery of advanced critical reasoning and analytical skills, and effective written and oral communicative skills for successful application in a dynamic business and administrative environment.

In addition, the graduate program will emphasize professional ethics, use of technology, information networking, and the global and cross-cultural marketplace.

DEGREES OFFERED

The University awards the Master of Business Administration Degree with several areas of concentration, the Master of Public Administration and the Master of Science in International Business. Not all degrees are offered at all campus locations.

To qualify for a graduate degree, students are required to accomplish the following:

1. Satisfy the foundation course requirements.
2. Complete a minimum of 24 quarter hours of core requirements and 30 hours of concentration requirements with an average grade of "B" (grade point average of 3.0) or higher for all courses taken. All course work must be in the 5000 series or higher. The final 30 quarter hours must be completed at the University.
3. Successfully complete and present a thesis or pass a comprehensive examination in the area of concentration.
4. Abide by all University rules and regulations including satisfactory progress, attendance, and conduct; pass all required final examinations in all courses for which earned credits are recorded; settle all financial obligations to the University prior to graduation.
5. Participate in the University commencement exercise following completion of all program requirements.

The student is responsible for meeting the requirements of the University catalog in effect at entrance or re-entrance. The student may elect to change to the requirements of a new catalog and must then meet all the requirements of the new edition. The student automatically comes under the current catalog at re-entrance after not attending for a full academic term.

GRADUATE PROGRAM ADMISSIONS REQUIREMENTS

Graduation from an accredited college or university with a baccalaureate degree is a prerequisite for admission to the graduate program. Foreign students desiring admittance must have graduated with a baccalaureate degree from a college or university approved and evaluated based on United States Department of Education guidelines.

Certain prerequisite courses are necessary for the pursuit of many of the highly technical courses offered at the graduate level. Such prerequisites must have been completed before entrance into a specific subject is permitted. In addition to the requirement of a baccalaureate degree, admissions requirements for the student wishing to enroll in the graduate program are listed below:

1. Provide official transcripts of all colleges or universities attended, both undergraduate and graduate.
2. Provide completed admissions forms.
3. All foreign students from non-English speaking countries who are entering from institutions other than a member institution must present a TOEFL score of not less than 550 or equivalent as evidence of their proficiency in reading, writing, and speaking the English language.

Categories of Enrollment:

A student applying to the graduate program may be classified in one of two categories: degree-seeking Regular Student or Provisional Student.

1. Regular Students

A degree-seeking applicant certifies his or her intention of applying for admission to a degree program at the time of making his or her initial application or upon acceptance. To qualify upon admission as a Regular Student seeking a graduate degree, the applicant must have achieved a cumulative grade point average of not less than 3.00 for all undergraduate upper level division work; or must score not less than 470 on the Graduate Management Admission Test (GMAT); or achieve a comparable score on the Graduate Record Examination (GRE) in order to become a candidate for a master degree.

2. Provisional Students

Any student wishing to become a candidate for a master degree who does not meet the requirements to be classified as a Regular Student may enroll and matriculate as a Provisional Student by having achieved a grade point average of not less than 2.0 for all undergraduate upper division work. The provisional status will remain in effect until the student has either earned a score of not less than 470 on the GMAT or a comparable score on the GRE or has satisfactorily completed 16 credits of graduate course work at the University with a grade point average that meets the minimum standards of progress for the graduate program. Students admitted on a provisional basis will be admitted as Regular Student status only upon evaluation and favorable action by the Committee on Admissions for the graduate program.

PREREQUISITE REQUIREMENTS

While a baccalaureate degree in the same or closely related field is desirable, it is not mandatory.

Applicants whose undergraduate degrees are in fields other than business are invited to apply, but foundational work may be required before certain higher level courses may be taken. Previous exposure to (a) course(s) in Accounting, Economics, and Statistics, although not a requirement, is helpful. All graduate students are urged to take an undergraduate course in these specific areas prior to enrolling in Managerial Economics, International Economic Systems, Quantitative Methods, or Accounting for Planning and Control.

Students may begin their graduate program prior to meeting all pre-requisites and may engage in higher level graduate course work while concurrently completing their preparatory course work.

STANDARDS OF PROGRESS FOR GRADUATE PROGRAMS

A student pursuing a master's degree must maintain a minimum cumulative grade point average of 3.0. Graduate students who fail to meet the minimum grade point requirement will be placed on Academic Probation for the subsequent quarter of enrollment. If otherwise eligible, a student may receive financial assistance during the Academic Probation grading period. Failure to raise the grade point average above the minimum specified within the subsequent quarter will result in Academic Dismissal. Regardless of the grade point average minimum, two or more grades of "F" will also result in the Academic Dismissal of the student.

A student will be permitted to attempt 16 quarter hours of graduate work before the application of the standards outlined below.

GRADUATE DEGREES - QUARTER CREDITS

| TOTAL CREDITS ATTEMPTED: | PROBATION IF CGPA IS BELOW: | SUSPENSION IF CGPA IS BELOW: | PROBATION IF RATE OF PROGRESS IS BELOW: | SUSPENSION IF RATE OF PROGRESS IS BELOW: |
|--------------------------|-----------------------------|------------------------------|---|--|
| 0 - 15 | 3.00 | N/A | | |
| 16 - 27 | 3.00 | 2.75 | 66% | N/A |
| 28 - 39 | 3.00 | 2.90 | 66% | 50% |
| 40 - 81 | 3.00 | 3.00 | 66% | 60% |
| | | | 66% | 65% |

The maximum number of credits that may be attempted for a 54 credit graduate program is 81 (1.5 X 54).

All other elements of satisfactory progress as outlined as outlined in the section on Satisfactory Progress are applicable to graduate programs.

In all cases of academic dismissal, the student will be notified by the graduate school director or the Academic Dean.

When the presence of mitigating circumstances cause the student's grade point average to fall below the minimum standards, a letter from the student requesting reinstatement may be submitted to the Graduate Academic Committee for review. The Committee will determine whether a probationary reinstatement is necessary or if the decision for dismissal is warranted.

Standards Of Satisfactory Academic Progress For Graduate Students Receiving VA Benefits

Students must maintain a cumulative grade point average of B (3.0) each term to remain eligible for VA benefits. A veteran student failing to achieve a B (3.0) cumulative grade point average for any term will be placed on probation for the next academic term.

Failure to achieve a B (3.0) cumulative grade point during the next 2 consecutive terms will result in the veteran student being terminated from veteran benefits and the VA so notified.

These standards are applicable only for the determination that veteran students remain eligible to receive VA benefits. The school's regular academic standards apply for all students in determining academic suspension.

GRADING SYSTEM AND PROGRESS REPORTS: GRADUATE PROGRAM

Final grades are reported at the completion of each grading term and are provided to each student. If mailed, they are sent to the student's home address. The following grading system is used:

| GRADE | EVALUATION | GRADE POINTS PER QTR HOUR |
|-------|--------------------------------------|---------------------------|
| A | Excellent | 4 |
| B | Above Average | 3 |
| C | Average | 2 |
| D | Below Average | 1 |
| W* | Withdrawal | 0 |
| F* | Failure | 0 |
| I | Incomplete | 0 |
| N* | Mitigating Circumstances | Not calculated |
| PE | Passed by Proficiency Challenge Exam | Not calculated |
| AU | Audit | Not calculated |
| TC | Transfer Credit | Not calculated |
| Z | Research Practicum in Progress | Not calculated |

Note: An "I" grade automatically changes to "F" if course requirements are not completed satisfactorily within 10 days after the official ending date of the term.

Note: An "N" grade may be awarded if a student withdraws from a class under approved and documented mitigating circumstances.

Note: A "Z" grade automatically changes to "F" if course requirements are not completed by the end of two consecutive quarters. All grade evaluations noted above may not be utilized at every University campus site.

* Students who earn and/or request the above grades may incur additional tuition charges.

TRANSFER OF CREDIT

Students transferring graduate level courses from other institutions must provide evidence that the courses are comparable in content to the program of study at the University. No more than 24 hours may be accepted in transfer, and no courses will be transferred that show a grade below a "B."

ACADEMIC LOAD - GRADUATE STUDENT

A student taking the required eight or more quarter hours in the graduate program is defined as a full-time student for that term.

TUITION

The tuition for the Graduate program courses is stated in the section on Tuition and Fees.

REFUND POLICY

The tuition refund policy for students enrolled in the graduate program is the same as stated for the undergraduate program.

COLLEGE OF GRADUATE STUDIES MISSION

The graduate programs continue to expand the basic mission of the University, that is, acquisition of knowledge and the ever-continuing attainment and refinement of useful skills so necessary in the changing and constantly evolving world of business, and the evolution of the student as a valuable and contributing member of society. The graduate programs further manifest this mission by emphasizing greater initiative, independence, critical thinking, and responsibility on the part of the students such that they may possess the heightened self-discipline, skill, and reasoning necessary to become valued leaders of the business community.

UNIVERSITY ACADEMIC STRUCTURE

The Florida Metropolitan University is made up of six separate Colleges:

- College of Arts & Sciences
- College of Business
- College of Fine Arts
- College of Health Studies
- College of Legal Studies
- College of Graduate Studies

In seeking to best serve the needs of the diverse population of Florida, eight campuses strategically located across the state offer the programs of study described in this catalog. Each campus offers the programs of study identified for the campus in the Academic Program Locations Chart.

Within these six Colleges, twenty majors are offered at the Associate, Baccalaureate or Masters level.

The College of Arts and Sciences provides the general education courses in the areas of Economics, Humanities/Fine Arts, Mathematics/Science and Social/Behavioral Sciences. There are no major areas of study offered by the College of Arts and Sciences. Courses in the areas of Accounting, Business Administration, Computer Information Science, Finance, Hospitality, Management, Marketing, International Business, Office Systems Technology and Travel Tourism are offered by the College of Business. Commercial Art, Film/Video and Video courses are provided by the College of Fine Arts. The College of Health Studies currently offers those courses related to the Medical Assisting major, while Court Reporting, Criminal Justice and Legal Assisting/Paralegal courses are provided by the College of Legal Studies. For those students enrolled in the College of Graduate Studies, courses are offered in the areas of Accounting, Computer Information Science, Economics/Finance, International Business, Management, Marketing, Mathematics, Public Administration and Political Science.

GRADUATE CURRICULAR OFFERINGS

MASTER OF BUSINESS ADMINISTRATION

The Master of Business Administration was designed to enhance the individual's effectiveness in business and industry in the areas of accounting, economics, management, and marketing.

To qualify for the Master of Business Administration Degree students are required to accomplish the following:

I. Complete a minimum of fifty-four (54) quarter credit hours with an average grade of "B" (Grade Point Average of 3.0) or higher for all work taken at the University. All course work must be in the 5000 series or higher. The final thirty (30) hours must be completed at the University.

II. Meet the specified graduation requirements, including the following area hour requirements:

| | Quarter Credit Hours |
|--|----------------------|
| College of Graduate Studies Core Requirement | 24 |
| Major Core Requirement | 16 |
| General MBA with Research Practicum (Thesis) | 14 |
| OR | or |
| General MBA without Research Practicum (Thesis) | 16 |
| OR | or |
| Concentration with Research Practicum (Thesis) | 14 |
| OR | or |
| Concentration without Research Practicum (Thesis) | 16 |
| TOTAL MINIMUM QUARTER CREDIT HOURS REQUIRED | 54-56 |

Each campus may have additional requirements for degree completion.

III. Abide by all University rules and regulations including satisfactory progress, attendance and conduct; pass all required final examinations in all courses for which earned quarter credits are recorded; settle all financial obligations to the University.

IV. Completion of Comprehensive Examination or Thesis

All MBA degree candidates except those who are writing a formal thesis must pass a comprehensive examination in the last quarter of graduate study.

Students must apply to the Office of the Registrar in the first week of their last quarter of study. Students who do not pass the written comprehensive may be allowed to retake the exam one time. If they fail a second time they must (1) complete an acceptable thesis or (2) complete two (2) four (4) quarter hour classes (electives) in their area of concentration and must achieve a grade of B or better. They may then sit for the written comprehensive exam again. Failure to pass the written comprehensive exam this time will result in Academic Dismissal.

V. All requirements for the Master of Science program, including course work and completion of the Thesis or Comprehensive Exam, must be completed within five (5) calendar years from the initial term of enrollment.

CONCENTRATIONS

Not all concentrations are available at all locations. A graduate student may include an area of concentration by completing four (4) courses (sixteen (16) quarter credit hours) from any one concentration category listed. A student electing not to choose a concentration (general MBA) would choose four (4) courses (sixteen (16) quarter credit hours) from any combination of categories listed. The student may also choose to complete a Graduate Research Practicum in lieu of two courses in a concentration. If the student chooses this option, two electives (eight (8) quarter credit hours) must be completed from any combination of categories listed in addition to the six (6) quarter credit hour Practicum. In this instance, the student would graduate with fifty-four (54) instead of fifty-six (56) quarter credit hours.

Accounting

Students enrolled in the MBA program can elect to concentrate in Accounting by taking a minimum of sixteen (16) quarter credit hours in Accounting:

| | | | Quarter Credit Hours |

- CGS 2932 Selected Topics in Data Processing** **2.0 Quarter Credit Hours**
CGS 4933 Selected Topics in Data Processing **2.0 Quarter Credit Hours**
 A special study in selected topics which are of current interest and relevance to the student preparing for a career in computer applications. Students should expect to complete any lab assignments outside of the normal class hours. Prerequisites: if any, are determined by the course material and instructor. - Lec. Hrs. 020 Lab Hrs. 000 Other Hrs. 000 or
 Lec. Hrs. 000 Lab Hrs. 040 Other Hrs. 000
- CGS 2934 Selected Topics in Data Processing** **4.0 Quarter Credit Hours**
CGS 4935 Selected Topics in Data Processing **4.0 Quarter Credit Hours**
 A special study in selected topics which are of current interest and relevance to the student preparing for a career in computer applications. Students should expect to complete any lab assignments outside of the normal class hours. Prerequisites: if any, are determined by the course material and instructor. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CGS 3300 Business Information Systems** **4.0 Quarter Credit Hours**
 This course provides an overview of the use of computer information systems in business today. Emphasis is on the responsibilities of various professionals in a typical business data processing environment. Prerequisite: CGS 1560.
 Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CGS 3310 Office Automation** **4.0 Quarter Credit Hours**
 Office information and decision support systems are examined as emerging and critical elements in business data and information systems. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CGS 4932 Selected Software Topics** **4.0 Quarter Credit Hours**
 A special study in selected software topics of current interest and relevance to the student preparing for a career in computer programming. Students should expect to complete any lab assignments outside of the normal class hours. Prerequisites: if any, are determined by the course material and instructor. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CIS 1400 Basic Computer Operations** **3.0 Quarter Credit Hours**
 This course provides the student with an overview of the activities and responsibilities of a Computer Operator in the typical data processing environment. Both lecture and hands-on continuous incremental learning will be used. Prerequisites: CGS 1560 and CGS 2050. - Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

- CIS 2321 System Analysis Methods** **4.0 Quarter Credit Hours**
 Overview of the system development life cycle. Discussion of the information gathering and reporting activities and of the transition from analysis to design. Prerequisite: CGS 1560. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CIS 3100 Object Oriented Methodology** **3.0 Quarter Credit Hours**
 Advanced study of the concepts and methods used in Object Oriented Programming (OOP) and Object Oriented System Development (OOSD). Prerequisite: any 2000 level programming language. - Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000
- CIS 3600 Computer Architecture and System Software** **4.0 Quarter Credit Hours**
 An introduction to hardware, system software and architecture of the modern computer system. The student will be exposed to the general features of the modern computer system internal operations - both hardware and software.
 Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CIS 4000 Advanced Data Base Concepts** **4.0 Quarter Credit Hours**
 Investigation and application of advanced database concepts including database administration, database technology, and selection and acquisition of database management systems are presented. Prerequisite: COP 4720.
 Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CIS 4200 Comparative Operating Systems** **4.0 Quarter Credit Hours**
 A study of operating systems fundamentals: memory management, processor management, disk management, scheduling, resource retention, from the viewpoint of microcomputer, minicomputer and mainframe computer operating systems.
 Prerequisite: CGS 1561. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CIS 4326 Structured Systems Design** **4.0 Quarter Credit Hours**
 This course is an advanced study of structured systems development. Emphasis on strategies and techniques of structured design to produce logical methodologies for dealing with complexity in the development of information systems.
 Prerequisite: COP 4720. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CIS 4341 Data Communications (UNIX Programming)** **3.0 Quarter Credit Hours**
 This course is a hands-on introduction to the UNIX operating system including file manipulation, directories, C programming, UNIX shell, file commands, file editing and advanced editing techniques. Prerequisite: COP 2220.
 Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000
- CIS 4810 Management Information Systems** **4.0 Quarter Credit Hours**
 This course is an introduction to the financial, technical, and strategic information systems planning processes. Emphasis is on the relationship of information systems process to overall business goals, policies, plans, management style, and industry condition. Prerequisite: CGS 1560. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CIS 2930 Selected Topics in Data Processing** **1.0 Quarter Credit Hours**
CIS 4931 Selected Topics in Data Processing **1.0 Quarter Credit Hours**
 A special study in selected topics which are of current interest and relevance to the student preparing for a career in computer programming. Prerequisites: if any, are determined by the course material and the instructor.
 Lec. Hrs. 010 Lab Hrs. 000 Other Hrs. 000 or Lec. Hrs. 000 Lab Hrs. 020 Other Hrs. 000
- CIS 2932 Selected Topics In Data Processing** **2.0 Quarter Credit Hours**
CIS 4933 Selected Topics In Data Processing **2.0 Quarter Credit Hours**
 A special study in selected topics which are of current interest and relevance to the student preparing for a career in computer programming. Prerequisites: if any, are determined by the course material and the instructor.
 Lec. Hrs. 020 Lab Hrs. 000 Other Hrs. 000 or Lec. Hrs. 000 Lab Hrs. 040 Other Hrs. 000
- CIS 4934 Selected Topics In Data Processing** **4.0 Quarter Credit Hours**
CIS 4935 Selected Topics in Data Processing **4.0 Quarter Credit Hours**
 A special study in selected topics which are of current interest and relevance to the student preparing for a career in computer programming. Prerequisites: if any, are determined by the course material and the instructor.
 Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000
- CIS 2949 Externship in Data Processing I** **4.0 Quarter Credit Hours**
CIS 4949 Externship in Data Processing II **4.0 Quarter Credit Hours**
 As part of the preparation for a career in data processing, the student is permitted to serve an externship in the data processing departments of financial, business, and industrial organizations or government agencies acceptable to the University at either a Sophomore or Senior level. Arrangements for the externship 120 hours training provide for assignment

of duties, hours of employment, and working conditions satisfactory to the student, the instructor, and the employer.
Prerequisite: 3.00 grade point average and approval of the Academic Advisor or Academic Dean.
Lec. Hrs. 000 Lab Hrs. 000 Other Hrs. 120

COP 2000 Programming Logic **4.0 Quarter Credit Hours**
This course provides the student with an introduction to the fundamentals of computer problem solving and programming in a higher level programming language. Various methodologies are used. Prerequisite: CGS 1560
Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000

COP 2001 Introduction to Programming **4.0 Quarter Credit Hours**
This course provides an introduction to structured programming methodology utilizing either PASCAL or Quick Basic programming language. Students should expect to complete any lab assignment outside of the normal class hours.
Prerequisite: COP 2000. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000

COP 2120 Computer Programming - COBOL **3.0 Quarter Credit Hours**
Business applications using the COBOL programming language. Instructor lecture and demonstration provides in-depth coverage of COBOL language. Prerequisite: COP 2001 - Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

COP 2161 Computer Programming - RPG II **3.0 Quarter Credit Hours**
Business applications using the RPG II programming language. Instructor lecture and demonstration and student return demonstration provide in-depth coverage of RPG II programming language. Students should expect to complete any lab assignments outside of the normal class hours. Prerequisite: COP 2001. - Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

COP 2170 Computer Programming - BASIC **3.0 Quarter Credit Hours**
Emphasis is on structured methodology of program design, development, testing, implementation, and documentation of common business-oriented applications using BASIC. Prerequisite: COP 2001.
Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

COP 2220 Computer Programming - "C" **3.0 Quarter Credit Hours**
This course provides an introduction to the "C" programming language as well as object-oriented programming methodology.
Prerequisite: COP 2001. - Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

COP 2500 Structured Query Language **4.0 Quarter Credit Hours**
This course is designed to instruct the student in the basic operations of the Structured Query Language. Database creation, single table queries, multitable queries, database restrictions, and imbedding SQL in a COBOL program are discussed. Prerequisite: COP 2000 or approval of the Academic Advisor or Academic Dean. Students should expect to complete any lab assignments outside of the normal class hours. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000

COP 2721 Basic Data Communications **4.0 Quarter Credit Hours**
This course provides a non-technical introduction to data communications including the operation of communication equipment, networking, and an introduction to communication system design. Prerequisite: CGS 1560.
Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000

COP 3121 Computer Programming-Advanced COBOL **3.0 Quarter Credit Hours**
This course provides the student with advanced concepts of the COBOL programming language. Prerequisite: COP 2120. Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

COP 4170 Applied Software Development Project **4.0 Quarter Credit Hours**
Application of computer programming and system development concepts, principles, and practices to a comprehensive system development project are studied. Students should expect to complete any lab assignments outside of the normal class hours. Prerequisites: CIS 4326 and any 2000 level programming course. - Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000

COP 4222 Computer Programming - Advanced "C" **3.0 Quarter Credit Hours**
Advanced "C" programming concepts will be covered. Prerequisite: COP 2220 and CIS 3100.
Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

COP 4224 Computer Programming - C++ **3.0 Quarter Credit Hours**
An extension of the C programming language. This course is designed to introduce the student to the C++ programming language and object oriented system design. Prerequisite: COP 4222 or approval of the Academic Advisor or Academic Dean.
Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

COP 4230 Computer Programming - ADA**3.0 Quarter Credit Hours**

This course provides an introduction to the official government programming language "ADA". Object-oriented computer programming methodology is presented, as well as the unique features of the ADA language. Prerequisite: COP 4222. Lec. Hrs. 020 Lab Hrs. 020 Other Hrs. 000

COP 4720 Data Base Program Development**4.0 Quarter Credit Hours**

This course is an introduction to application program development in a database environment with an emphasis on loading, modifying, and querying the database using a host language. Prerequisites: COP 2001 and CIS 3326. Lec. Hrs. 040 Lab Hrs. 000 Other Hrs. 000

Finance

TAMPA COLLEGE
TUITION SCHEDULE

| PROGRAM | CREDIT HOURS | TUITION | TUITION PER CREDIT HOUR |
|---|--------------|-------------|-------------------------|
| Master Degrees | 56 | \$11,088* | \$198 |
| Professional Accounting | 48 | \$6,480** | \$135 |
| Bachelor Degrees | 192 | \$23,808** | \$124 |
| Associate Degrees (All Majors except Commercial Art) | 96 | \$11,904** | \$124 |
| Associate Degree - Commercial Art | 96 | \$13,636*** | \$142 |

* Excluding books and fees.

** Excludes certain books and lab fees.

*** Excludes certain books. Includes basic art kits-additional art supplies must be purchased at various phases of the program.

Note: For programs using majority of book loaner - most books are issued to students at the time they begin a particular course, not necessarily at the beginning of their program, and are issued on a loaner concept to be retrieved by the instructor on the day of the student's final exam for which the book is issued. The student will be charged for books lost, damaged, or not returned to the college.

- Tuition costs are established in anticipation of students attending full-time. Delayed completion dates due to interruption of full-time attendance or lack of academic progress may cause extra tuition costs to be incurred.
- Additional tuition may be incurred for repeated classes.
- A \$25 non-refundable Application Fee is charged to all applicants.
- Returned check penalty is \$25.
- A Graduation Fee of \$35 shall be paid by all undergraduate students prior to commencement. A Graduation Fee of \$45 shall be paid by all Masters students prior to commencement. Students who graduate in absentia are not exempt from the Graduation Fee.
- For Portfolio Developments Credit Information and Fees see separate supplement available in the Experiential Learning Office.
- Comprehensive Examination Fee (Masters students) - \$100.
- Graduate Research Practicum (Masters students) - \$200.
- In lieu of 8 hours of electives, the student may elect to take a Graduate Research Practicum. If the student elects this option, a tuition credit based on the current average hourly rates for the degree program will be applied to the student's account (a \$200 fee can be deducted from this credit to cover the Practicum Fee).
- Other Additional Fees, not included in the above cost, may be assessed. Information concerning additional fees may be found in the Fees and Tuition section of this catalog.

The student's individual success or satisfaction is not guaranteed, and is dependent upon the student's individual efforts, abilities and application of himself/herself to the requirements of the University.

Acceptance of credits from another institution is at the sole discretion of each receiving institution. The University does not imply, promise or guarantee transferability of credits earned to any other institution. The degree programs of the University are terminal in nature and are designed for the graduate's employment upon graduation.
