6. The method(s) used by the institution to determine which students receive Emergency Financial Aid Grants and how much they would receive.

CARES

In determining the grant amount provided to each student, Altierus elected to award the funding equally in the form of checks to each student eligible to apply for Title IV aid as all students faced an equal disruption to their normal course schedule as a result of the transition to distance learning during Spring 2020. Eligible students included all students who were enrolled for credits at the census date of May 18, 2020 and all new degree students who were enrolled for credit as of June 1, 2020. Students were not required to submit application for this funding and were contacted weekly by representatives of the school to ensure checks were received and cashed.

CRRSAA

Consistent with guidance from the U.S. DOE, eligible students included all students who were enrolled for credits at the census date of July 26, 2021. Altierus followed guidance from the U.S. DOE to prioritize those with financial need in determining the grant amount provided to each student. Students that were eligible Pell Grant recipients automatically received the highest grant amounts (Tier 1). Those eligible for non-Pell Title IV and those using other sources for funding automatically received lower grant awards (Tier 2 & Tier 3). Tiers were determined by overall aid divided by eligible students. All eligible Altierus students were automatically awarded some grant funding as all students, at that point, continued to be impacted by the ongoing pandemic. Awards (checks) were mailed to eligible students to the address on file with their institution by September 9, 2021 along with a notification letter.
