ABOUT CORINTHIAN SCHOOLS, INC.

This school is a part of Corinthian Schools, Inc. (CSi). CSi was formed in 1995 to own and operate schools that focus on high-demand, specialized skills. CSi is continually seeking to provide the kind of training programs that will best serve the changing needs of students, business and industry.

CSi provides job-oriented training in high-growth, high-technology areas of business and industry. The curricular focus is on allied health, business, and other programs that have been developed based on local employer needs. Students use modern equipment and facilities, similar to the kind they can expect to find on the job. By emphasizing focused training, CSi provides people entering or reentering today's competitive market with practical, skill-specific training vital to their success.

SCHOOL HISTORY AND DESCRIPTION

The Brighton school, formerly Bryman school, was acquired by Corinthian Schools, Inc. in December, 1995. The school's name was changed to Bryman Institute on June 30, 1996. The Chelsea campus was opened in March 2004 as a branch of Bryman College in Alhambra, California. In April of 2007, the campuses changed their name to Everest Institute.

Both the Brighton and Chelsea campuses have been designed for training students in the health care field in a bright, well-lit learning environment.

The Brighton facility has 28,000 square feet containing 14 classrooms furnished with laboratory and office equipment, faculty and administrative offices, a library containing reference and reading materials related to the academic programs, a student lounge and restrooms. The student lounge serves as a gathering place for lunch and breaks. It is equipped with a variety of vending machines and provides a relaxing atmosphere for visiting or studying before and after class.

The Chelsea school is conveniently located in downtown Chelsea just across the Tobin Bridge from the city of Boston. The modern, air-conditioned facility is designed for training students for the working world. The attractive facility has approximately 28,000 square feet and includes two computer laboratories, two medical laboratories, one massage therapy laboratory, a student lounge, resource center, bookstore and administrative areas.

Both campuses and the equipment they use comply with all federal, state and local ordinances and regulations, including those related to fire safety, building safety and health.

Both schools are conveniently located near public transportation.

EDUCATIONAL MISSION STATEMENT

Corinthian Schools, Inc. is dedicated to providing a personalized teaching and learning environment that is designed to support the personal and professional career development of qualified undergraduate students. Corinthian provides quality programs that are sound in concept, implemented by a competent and dedicated faculty and geared to serve those seeking a solid foundation in knowledge and skills required to obtain employment in their chosen fields. The institution is designed to serve a diverse student population focusing on adults and recent high school graduates seeking to acquire innovative educational training. The programs emphasize hands-on training, are relevant to employers' needs and focus on areas that offer strong long-term employment opportunities.

To offer students the training and skills that will lead to successful employment, the schools will:

- Continually evaluate and update educational programs in cooperation with business, industry, government, local communities, and other educational institutions;
- Provide modern facilities and training equipment;
- Select teachers with professional experience in the vocations they teach and the ability to motivate and develop students to their greatest potential;
- Promote self-discipline and motivation so that students may enjoy success on the job and in society.

STATEMENT OF NON-DISCRIMINATION

Corinthian Schools, Inc. does not discriminate on the basis of race, color, religion, age, disability, sex, sexual orientation, national origin, citizenship status, gender identity or status, military veteran status, or marital status in its admission to or treatment in its programs and activities, including advertising, training, placement and employment.

The Institute President is the coordinator of Title IX - the Educational Amendments Act of 1972, which prohibits discrimination on the basis of sex in any education program or activity receiving federal financial assistance. All inquiries or complaints under the sex discrimination provisions of Title IX should be directed to the Institute President. The Institute President must act equitably and promptly to resolve complaints and should provide a response within seven working days. Students who feel that the complaint has not been adequately addressed should contact the Student Help Line, (800) 874-0255, or by email at studentservices@cci.edu.

ACCREDITATIONS, APPROVALS AND MEMBERSHIPS

This school voluntarily undergoes periodic accrediting evaluations by teams of qualified examiners including subject experts and specialists in occupational education and private school administration.

- Accredited by the Accrediting Commission of Career Schools and Colleges of Technology.
- Licensed by the Massachusetts Department of Elementary and Secondary Education.
- Eligible institution for Federal Stafford Loan Program (FSL) and Federal Parent Loan for Undergraduate Students, (FPLUS) Federal Perkins Loan, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Pell Grant, Federal Work Study (FWS) and MASSGrants (Brighton).
- The Brighton campus is authorized under federal law to enroll nonimmigrant alien students by the Department of Homeland Security Student and Exchange Visitor Program (SEVP), See http://www.ice.gov/sevis/students/index.htm for program requirements.

- Approved for the training of Veterans and eligible persons under the provisions of Title 38, United States Code.
- Member of the Massachusetts Association of Private Career Schools.

School accreditations, approvals and memberships are displayed in the lobby. The Institute President can provide additional information.

ADMISSIONS

REQUIREMENTS AND PROCEDURES

Students should apply for admission as soon as possible to ensure acceptance in a specific program and start date. To apply, students should complete the application form and bring it to the Institute or call for a priority appointment to visit the Institute and receive a tour of the facilities. The Institute follows an open enrollment system. Individuals may apply up to one year in advance of a scheduled class start.

All applicants are required to complete a personal interview with an admissions representative to determine whether an applicant is acceptable for enrollment into the program. Parents and spouses are encouraged to attend in order to take the opportunity to see the Institute's equipment and facilities, meet the staff and faculty, and to ask questions relating to the campus, curriculum, and career objectives.

After an applicant has completed the Enrollment Agreement and the personal interview, the Institute reviews the information and informs the applicant of its decision regarding enrollment.

The Institute reserves the right to deny admission to students these steps are not successfully completed.

In addition, prospective students who have a high school diploma, its recognized equivalent or a GED are required to:

- 1. Provide the Institute with the diploma, official transcript, or GED certificate. A copy will be placed in the student file.
- 2. Achieve a passing score on a nationally standardized test. This test measures an applicant's basic skills in reading and arithmetic. Applicants who fail the test can be retested following the retesting guideline of the nationally standardized test. The re-testing will be administered within the period specified by the test developer. Should the applicant fail the test a third time, one year or alternate training must take place before the next retest.

ABILITY TO BENEFIT POLICY

Students who do not have a high school diploma or its recognized equivalent may still be admitted into certain programs at the school. However, the number of students enrolled under the Ability to Benefit Provision is limited. Before the school can accept a prospective student who is seeking federal financial aid and who does not have a high school diploma or its recognized equivalent, and who is beyond the age of compulsory school attendance, federal law requires the school to determine whether the student has the ability to benefit (ATB) from training at the institution.

Although students may be admitted under the ATB provision, the school recognizes the additional benefits of a high school diploma or its recognized equivalent to the student. For this reason the school shall make available to all ATB students the opportunity to complete their GED and encourages their utilization of a GED completion program. The Institute reserves the right to reject applicants based on test scores and ability to benefit limitations, or as necessary to comply with any applicable local, state or federal laws, statutes or regulations.

GED Preparatory Program

The institution provides to all students admitted under the ATB provision information on preparatory programs for completion of their GED, local testing sites and schedules, and tutorial opportunities. The institution takes reasonable steps, such as scheduling, to make the program available to its ATB students.

ATB Testing

Forms B and C of the Careers Program Assessment Test (CPAt) and the computer-based COMPASS/ESL test by ACT have been approved by the U. S. Department of Education for the assessment of ATB students. Either the CPAt or COMPASS/ESL test may be used. Passing scores on the CPAt are:

- Language Usage 42,
- Reading 43,
- Numerical 41

Passing scores on the COMPASS test are:

- Numerical Skills/Prealgebra 25
- Reading 62
- Writing Skills 32

Retesting Requirements

An applicant who has failed the CPAt may be offered a chance to retest when one of the following conditions is met:

- 1. The applicant's performance was influenced by factors other than ability, such as illness, cheating, interruption or improper administration of the exam, failure to time the exam correctly, or other factors that may have affected the applicant's performance; or
- 2. A significant change in the applicant's ability has occurred, such as the student has taken instruction to improve skills, or has participated in tutorial sessions on test taking and basic mathematical and language skills.

A student may not retest, unless the factor that affected performance has been resolved, or the action taken to improve the applicant's ability has been completed.

Retaking the CPAt

Students who fail the first administration of this exam and qualify for a retest as outlined above may retake the exam using the alternative form of the exam with no waiting period, except for applicants for diploma programs in California schools, who must wait seven calendar days. If the retest occurs before a full thirty (30) days have passed since the previous testing, an alternate form (i.e., a form on the approved ATB test list other than the one most recently administered) must be used for the retest. If a minimum of thirty (30) days have passed since the administration of a particular form, the examinee may be retested using the same form. However, no form may be administered to a student more than twice in a ninety (90) day period. A student may retake the exam up to three (3) times (4 times total) before being denied admission.

ATB Advising

By choosing to admit ATB students, the school has an obligation to provide the academic support services necessary for the success of each student in the program and to ensure that following completion of the program the student is ready for placement. Such support can best be provided through structured academic and career advising.

Pre-Enrollment

Prior to enrollment, all ATB students shall:

- Be provided with information on GED preparatory and completion programs
- Be advised regarding what steps the school is taking to make preparatory programs available
- Be encourage to obtain a GED prior to completion of their program
- Receive career advising to be documented using the ATB Disclosure Form

Post-Enrollment

All ATB students shall receive academic and career advising during their first and third evaluation periods (i.e., term, module, phase, level, or quarter). Thereafter, ATB students shall receive academic advising at least every other evaluation period unless the student has a CGPA of 2.5 in associate degree programs or 80% in diploma programs. These advising sessions shall be documented using the **ATB Advising Form**.

Denial of Admission

A student who has been denied admission after four attempts at taking the ATB test must wait six months from the date the student first took the exam, or 90 days from the date the student was denied admission, whichever is later, before the student is eligible to reapply for admission.

Delayed Admission

Students who do not enter school following passing the exam, will not be required to retake and pass the exam prior to a delayed entry, so long as the passing test result is on file at the institution. Similarly, students who have enrolled and then withdrawn and wish to re-enter will not be required to retake and pass the exam prior to re-entry, if the original passing test result is in the student's academic file.

ALLIED HEALTH STUDENT DISCLOSURE - CRIMINAL BACKGROUND CHECK

Allied health programs that use Joint Commission on Accreditation of Health Organizations (JCAHO) accredited facilities for student clinical experience/externships are required to comply with JCAHO standard *H.R. 1.2 #5* which states: "The hospital verifies information on criminal background check if required by law and regulation or hospital policy. *Rationale*. This requirement pertains to staff and students as well as volunteers who work in the same capacity as staff when providing care, treatment and services" (CAMH Update 3 August, 2004).

Students enrolling in certain allied health programs will be subjected to a criminal background check which will include:

- 3 countywide criminal court searches (counties of residence or contiguous counties)
- 2 name searches (up to two married names)
- 1 social security trace address trace report
- 1 statewide sex offender search
- 1 OIG search (Medicare/Medicaid related fraud)

The fee for this background check will be covered by financial aid for those who qualify.

Clearance for students will not be obtained where the background check identified a conviction, pending case, or un-completed deferral/diversion for any crime related to the following offenses within the past seven years:

Abuse of any form	Burglary	Medicare or Medical related offenses
All drug and alcohol related offenses	Concealed weapons	Possession of stolen property
Any crime against person or property	Drug paraphernalia	Sexual crimes
Assault	Fraud	Robbery
Battery	Harassment	Theft/shoplifting/extortion-including convictions for bad check
		charges

If an applicant has an open warrant for a crime that would otherwise be given clearance, IntelliSense will contact the person authorized to make a decision.

A student's inability to obtain criminal background clearance per the requirements outlined above will prohibit clinical site placement and program completion. Please see the Director of Education for information about programs at your campus for which a criminal background check is required.

PROGRAM-SPECIFIC ENTRANCE REQUIREMENTS

Dental Assisting Program Due to regulations regarding X-rays, an applicant to the Dental Assisting Program must be at least 17 years

		old.	
Massage	Therapy	Effective May 1, 2008, massage therapy graduates must be licensed by the Board of Massage Therapy	
Program		Regulation in order to work in Massachusetts. The Board requires that applicants to the Board requesting a	
		license must be high school graduates or have a GEDs and be at least 18 years of age. For this reason, the	
		Massage Therapy program is open to enrollment only to applicants possessing a high school diploma or its	
		recognized equivalent (GED) who will be at least 18 years of age upon graduation.	

CREDIT FOR PREVIOUS EDUCATION OR TRAINING

The Education Department evaluates previous education and training that may be applicable to an educational program. If the education or training meets the standards for transfer of credit, the program can be shortened and the tuition reduced accordingly. Students who request credit for previous education and training are required to provide the school with an official transcript from the educational institution.

Course Work Taken At Foreign Institutions

Course work taken at a foreign institution (excluding secondary school documents that are in English or from Canada or Philippines post-secondary credentials that are in English) must be evaluated for equivalency to coursework taken at a United States institution. Everest Institute accepts the evaluations of foreign course work from the following services:

- World Education Services, Inc., Bowling Green Station, P.O. Box 5087, New York, New York 10274-5087, (305) 358-6688, www.wes.org.
- Josef Silny & Associates, Inc., International Educational Consultants, 7101 S.W. 102 Ave., Miami, FL 33173, 305-273-1616, www.jsilny.com
- Educational Credential Evaluators, Inc., P.O. Box 514070, Milwaukee, Wisconsin 53202-3470, (414) 289-3400, www.ece.org

INTERNATIONAL STUDENTS

When international students apply for admission to a program approved by the Department of Homeland Security, official transcripts including completed secondary education and applicable post-secondary credits are required. These transcripts must include a notarized translation and evaluation by an approved foreign transcript evaluation agency. Transcripts must also include specific dates of school attendance, courses taken during each year of attendance, and grades received for each course (see the previous module "Course Work Taken at Foreign Institutions").

Satisfactory evidence of successful mastery and command of the English language is required for all international students enrolling in any program. English proficiency can be established by providing **official** documentation of one of the following.

- 1. TOEFL score of 450 (paper-based) or 133 (computer-based) or 45-46 (Internet-based);
- 2. Completion of Level 107 from a designated English Language School Center (ELS);
- 3. Score of 5.0 on the International English Language Testing System exam (IELTS);
- 4. Score of 60 on Michigan English Language Assessment Battery (MELAB);
- 5. Graduation from high school in the United States or an official copy of a GED;
- 6. Graduation from an American high school abroad where curriculum is delivered in English.

This is not required for applicants whose native country has English as a primary language. These campuses do not offer training in English as a Second Language.

ACADEMIC POLICIES

GRADING

The progress and quality of students' work is measured by a system of letter grades and grade percentages. The following table shows the meaning of each grade and its equivalent percentage:

Grade	Meaning	Percentage		
Α	Excellent	100-90		
В	Very Good	89-80		
С	Good	79-70		
F	Failing	69-0		
1	Incomplete			
IP	In Progress			
L	Leave of Absence			
W	Withdrawal			
WZ	Withdrawal for those students called to immediate active military duty. This grade indicates that the course will not be calculated for purposes of determining rate of progress.			
CR	Credit for Advanced Placement			
_				
TR	Credit for Previous Education			
	Key to Transcript Symbols			
1	May need to repeat class			
2	Class has been repeated			

R	Class is currently being repeated	
W	Repeat is waived	

STUDENT AWARDS

Awards for outstanding achievement are presented to deserving students based on performance and faculty recommendations. These awards are assets to graduates seeking employment. The Education Department can provide information regarding specific awards.

GRADUATION REQUIREMENTS

A student must:

- 1. Successfully complete all courses in the program with a 2.0 (70%) grade point average within the maximum time frame for completion as stated in the school catalog.
- 2. Successfully complete all externship hours (if applicable).
- 3. Meet any additional program specific requirements as stated in The School catalog.
- 4. Fulfill all financial obligations to The School.

Students on academic probation can qualify for graduation if, at the end of the probationary term, they meet the Satisfactory Academic Progress requirements.

EXTERNSHIP TRAINING

Upon successful completion of all classroom requirements, students are expected to begin the externship portion of their program. The required number of externship clock/credit hours must be successfully completed within three months from the date students begin their externship. Students must complete at least 15 clock hours per week, but no more than 40 clock hours per week, at an approved externship site. These campuses recommend that students complete at least 20 clock hours per week. Students must make up absences that occur during the externship to ensure that the required extern hours are completed prior to graduation.

Students who interrupt their externship training for more than 10 days will be dropped from the program by the Institute. If a student has been officially dropped by the Institute, and permitted to re-enter the program, the time elapsed is not included in the calculation of the student's maximum program completion time.

Students who will not complete their externship training within the required three-month completion time will also be dropped from the program by the Institute. Students who have been dropped may appeal their termination if extenuating circumstances have occurred near the end of the externship that make it impractical to complete the training within the required completion time. Extenuating circumstances include prolonged illness or accident, death in the family, or other events that make it impractical to complete the externship within the required completion time. Student appeals must include written documentation of the extenuating circumstances, submission to the Placement Director and approval by the Institute President. Students can be reinstated only once due to extenuating circumstances.

DIRECTED STUDY

There may be times during the student's course of study that the student is unable to take a specific required course due to work schedule conflicts, emergency situations, or course scheduling conflicts. Should such an instance arise, the student may request permission from the Department Chair and Academic Dean to complete a course through Directed Study. Directed Study will not be approved during the first two quarters that a student is in residence unless approved by the Campus President. No more than eight (8) quarter credit hours earned through Directed Study may be applied to the major core of any Associate's degree. No more than sixteen (16) quarter credit hours may be applied to the major core of any bachelor's degree program. In addition, students may not take more than one Directed Study course in a single academic term.

If approved and scheduled for a Directed Study course, the student is assigned to a faculty advisor who will provide the student with syllabus, assignments and directions for course completion. The student will meet with the faculty advisor on a weekly basis, complete all reading and writing assignments and examinations, and submit any required research or term papers, all of which will be used to determine the final course grade as defined in the syllabus.

REQUIRED STUDY TIME

In order to complete the required class assignments, students are expected to spend outside time studying. The amount of time will vary according to individual student abilities. Students are responsible for reading all study materials issued by their instructors and must turn in assignments at the designated time.

UNIT OF ACADEMIC CREDIT

A clock hour is 50 minutes of instruction in a 60-minute period. Clock hours are converted into credit units to allow for comparison with other postsecondary schools. Students earn one quarter credit unit for each 10 clock hours of lecture, 20 hours of laboratory or 30 hours of externship.

CLASS SIZE

To provide meaningful instruction and training, classes are limited in size. Standard lecture classes average 26 students. The maximum lecture class size is 28 students.

Laboratory classes enable students to receive hands-on training using equipment similar to that used by business and industry. To ensure that students receive the necessary time and attention to build experience and confidence, typical laboratory classes average 26 students. The maximum class size for laboratory classes is 28 students.

ATTENDANCE

Attendance in class is critical to student academic success. Attendance policy sets standards that provide for the withdrawal from a course or dismissal from a program those students whose absences from class exceed a set rate. Normally, a student is considered present when in the assigned classroom for the scheduled amount of time. This means the student is neither i.e., neither late for class (tardy) nor leaves before the end of class.

However, an instructor may consider a student present who does not attend the entire class session when both of the following exist:

- a) The criteria used to make the determination are stated in the course syllabus.
- b) The amount of time missed does not exceed 50% of the class session.

A lack of student attendance is a basis for student academic advising. At the beginning of each course, faculty shall advise students of the following:

- The policy regarding absences
- The importance of regular attendance
- That attendance is required to receive credit for the course

Establishing Attendance / Verifying Enrollment

The schools will take attendance each class session beginning with the first day of scheduled classes. For programs with an add/drop period, attendance for a student that enrolls during the add/drop period begins on the first scheduled class session after the student enrolls.

For programs without an add/drop period, registered students shall attend by the second scheduled class session or be withdrawn.

The Faculty is responsible for monitoring student attendance and advising students who have been absent from their classes.

Monitoring Student Attendance

Faculty shall monitor student attendance on the basis of both consecutive absences (the "Consecutive Absence Rule") and absences as a percentage of the hours in the class/program (the "Percentage Absence Rule").

A student may appeal an attendance dismissal pursuant to the Student Academic Appeals Policy only if both conditions exist:

- a) The student returns to class the next scheduled class session following the attendance violation.
- b) The student has no absences while the appeal is pending.

Note: Should an appeal be granted, the student is not withdrawn, but is monitored with an advising plan. If the appeal is not granted, the student is withdrawn from all classes for which the appeal was denied and is not charged for any attendance in those classes while the appeal was pending.

The Date of Withdrawal is the earliest date for either a violation of the Consecutive Absence Rule or the Percentage Absence Rule.

Consecutive Absence Rule

When a student's absences from any course or module exceeds fourteen (14) consecutive calendar days, excluding holidays and scheduled breaks, the faculty shall notify the Academic Dean/Director of Education, who shall ultimately be responsible for determining whether the student plans to return to school or has withdrawn. The following guidelines shall be followed:

- All students who state they will not return to class are determined to have withdrawn and shall be promptly withdrawn from all classes.
- All students who state they will return to class but have been absent for fourteen (14) consecutive calendar days must attend the next scheduled class session and file an appeal. See "Student Academic Appeals Policy."
- Any student who has promised to return to school but who does not return on the next scheduled class session shall be withdrawn.
- A student must attend school while an appeal is pending, and failure to attend while an appeal is pending may be the basis for denying the appeal.
- An appeal may only be granted based on extenuating or mitigating circumstances. See "Student Academic Appeals Policy."

Percentage Absence Rule

For students who have not previously been dismissed from the program for violating the attendance policy, the following rule shall apply:

Percentage	Action Taken
15% of the total program hours missed	Attendance warning letter sent
20% of the total program hours missed	Dismissed from the program

For students who **have** been dismissed for violating the attendance policy, or would have been dismissed but for a successful appeal, the following rule shall apply:

Percentage	Action Taken	
15% of the remaining program hours missed	Attendance warning letter sent	
20% of the remaining program hours missed	Dismissed from the program	

Additional Requirements for Veteran Students

The Veterans Administration (VA) requires that students receiving funds based on their enrollment in school complete their course of studies in the standard length of the program. In order to meet this requirement, students must attend class on a regular basis. The VA requires that it be notified when a veteran student receives any type of probation or warning related to failure to attend. Such notification may result in the termination of veteran benefits. All attendance warnings or dismissals of students funded through the VA shall be reported to the VA by the certifying official for the school.

Date of Withdrawal

When a student is withdrawn for consecutive absences within the term or module, the date of the student's withdrawal shall be the student's last date of attendance (LDA). The LDA is the date that shall be reported on the Student Status Confirmation Report (SSCR). When a student is withdrawn for violating the applicable percentage absence rule, the Date of Withdrawal shall be the date of the violation, and shall be reported on the SSCR.

Note: The Date of Withdrawal is the earliest date for either a violation of the Consecutive Absence Rule or the Percentage Absence Rule.

Date of Determination (DOD)

The Date of Determination (DOD) shall be the date the school determined the student would not return to class. This is the date used to determine the timeliness of the refund and return to Title IV calculations. The DOD is the **earliest** of the following three (3) dates:

- The date the student notifies the school (verbally or in writing) that the student is not returning to class;
- The date the student violates the published attendance policy;
- No later than the fourteenth calendar day after the LDA; scheduled breaks are excluded when calculating the DOD.

For students who fail to return after an official Leave of Absence (LOA), the DOD shall be the date the student was scheduled to return to class (for campuses that offer leaves of absence).

Attendance Records

Schools shall maintain attendance records in computer form for all programs required to take attendance. The computer attendance database is the official record of attendance. The official record may be challenged by filing an attendance appeal within five (5) calendar days following the end of a session (See "Student Academic Appeal Policy"). Unless an appeal is filed before the fourteenth calendar day following the end of the session, the computer attendance database is considered final. Notwithstanding this requirement, any attendance roster that has been used to verify the accuracy of attendance as part of any audit procedure shall be maintained for eighteen (18) months.

MAKE-UP WORK

Students are required to make up all assignments and work missed as a result of absence. The instructor may assign additional outside make-up work to be completed for each absence. Arrangements to take any tests missed because of an absence must be made with the instructor and approved by the Institute administration.

LEAVE OF ABSENCE POLICY

The institution permits students to request a leave of absence (LOA) as long as the leaves do not exceed a total of 180 days during any 12-month period and as long as there are documented, legitimate extenuating circumstances that require the students to interrupt their education. Extenuating circumstances include, but are not limited to, jury duty, military obligations, birth or adoption of a child, or serious health condition of the student or a spouse, child or parent. In order for a student to be granted an LOA, the student must submit a completed, signed and dated Leave of Absence Request Form to the Academic Dean/Director of Education.

Re-admission Following a Leave of Absence

Upon return from leave, the student will be required to repeat the module and receive final grades for the courses from which the student took leave when the courses are next offered in the normal sequence for students in the class into which the student has reentered. The student will not be charged any fee for the repeat of courses from which the student took leave or for re-entry from the leave of absence. The date the student returns to class is normally scheduled for the beginning of a module. When a student is enrolled in a modular program, the student may return at any appropriate module, not only the module from which the student withdrew.

Extension of LOA

A student on an approved LOA may submit a request to extend the LOA without returning to class. Such a request may be approved by the Director of Education provided:

- The student submits a completed LOA Extension Request Form before the end date of the current leave
- There is a reasonable expectation the student will return
- The number of days in the leave as extended, when added to all other approved leaves, does not exceed 180 calendar days in any twelve (12) month period calculated from the first day of the student's first leave
- Appropriate modules required for completion of the program will be available to the student on the date of return

If the extension request is approved, the end date of the student's current leave will be changed in the official student information system to reflect the new end date. If the request is denied, the student will be withdrawn and the withdrawal date will be the student's last date of attendance (LDA).

Failure to Return from a Leave of Absence

A student who fails to return from an LOA on or before the date indicated in the written request will be terminated from the program, and the institution will invoke the cancellation/refund policy.

As required by federal statute and regulations, the student's last date of attendance prior to the approved LOA will be used in order to determine the amount of funds the institution earned and make any refunds that may be required under federal, state, or institutional policy (see "Cancellation/Refund Policy").

Students who have received federal student loans must be made aware that failure to return from an approved LOA, depending on the length of the LOA, may have an adverse effect on the students' loan repayment schedules.

Federal loan programs provide students with a "grace period" that delays the students' obligation to begin repaying their loan debt for six months (180 days) from the last date of attendance. If a student takes a lengthy LOA and fails to return to school after its conclusion, some or all of the grace period may be exhausted—forcing the borrower to begin making repayments immediately.

Effects of Leave of Absence on Satisfactory Academic Progress

Students who are contemplating a leave of absence should be cautioned that one or more of the following factors may affect their eligibility to graduate within the maximum program completion time:

- Students returning from a leave of absence are not guaranteed that the module required to maintain the normal progress in their training program will be available at the time of reentry;
- They may have to wait for the appropriate module to be offered;
- They may be required to repeat the entire module from which they elected to withdraw prior to receiving a final grade;
- Financial aid may be affected.

When a student returns from a leave of absence and completes the course from which the student withdrew, the hours for which the student receives a passing grade are counted as earned; the grade, hours, and attendance for the original attempt prior to the official leave of absence are not counted for purpose of the rate of progress toward completion calculation, and the original grade is not counted in the CGPA calculation.

Veterans: Leave of Absence

Leave of absence is granted to students who wish to temporarily interrupt their training for personal reasons. A student will be granted no more than one leave of absence for a maximum period of 60 days. A written request must be made in advance or the absence will be considered unexcused. The Veteran's Administration will be notified immediately when a veteran student is granted leave.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS

Students must maintain satisfactory academic progress in order to remain eligible to continue as regularly enrolled students of the School. Additionally, satisfactory academic progress must be maintained in order to remain eligible to continue receiving federal financial assistance.

Accreditor and federal regulations require that all students progress at a reasonable rate (i.e. make satisfactory academic progress) toward the completion of their academic program. Satisfactory academic progress is measured by:

- 1. The student's cumulative grade point average (CGPA)
- 2. The student's rate of progress toward completion (ROP)
- 3. The maximum time frame allowed to complete the academic program (150% for all programs)

Evaluation Periods for Satisfactory Academic Progress

Satisfactory academic progress is measured at the end of each academic term, which includes the 25% point, the midpoint, the end of each academic year, and the end of the program. Should the 25% point or the midpoint occur within a term, the evaluation will occur at the end of the preceding academic term.

GPA and CGPA Calculations

At the end of each academic term, the student's cumulative grade point average (CGPA) is reviewed to determine the student's qualitative progress. When a student repeats a course, the student's CGPA will be recalculated based on the higher of the two grades earned. Grades for withdrawals, transfer credits, incompletes, non-punitive (Pass), and non-credit remedial courses have no effect on the student's CGPA.

Students must attain a minimum CGPA of 1.0 at the end of the first 25% of the program and a 1.5 CGPA at the midpoint of the program.

Rate of Progress Toward Completion (ROP) Requirements

The school catalog contains a schedule designating the minimum percentage or amount of work that a student must successfully complete at the end of each evaluation period to complete their educational program within the maximum time frame (150%). Quantitative progress is determined by dividing the number of credit hours earned by the total number of credit hours in courses attempted. Credit hours attempted include completed hours, transfer credits, withdrawals, and repeated courses. Non-credit remedial courses have no effect on the student's ROP.

Example: 12 credit hours earned 24 credit hours attempted = 50% ROP

In order to complete the training within the specified time, the student must maintain a satisfactory rate of progress as defined below:

- Students who have reached the halfway point of their normal program completion time must have successfully completed 25% of the credit hours attempted.
- Students who have reached the halfway point of their maximum program completion time must have successfully completed 60% of the credit hours attempted.
- Students who have reached 75% of their maximum program completion time must have successfully completed 66.7% of the credit hours attempted.

Maximum Time in Which to Complete (MTF)

The maximum time frame for completion of all programs is limited by federal regulation to 150% of the published length of the program. The school calculates the maximum time frame using credit hours for courses attempted. The total scheduled credit hours for all courses attempted, which include completed courses, transfer courses, withdrawals, and repeated classes, count toward the maximum number of credit hours allowed to complete the program. Non-credit remedial courses have no effect on the student's ROP. A student is not allowed to attempt more than 1.5 times, or 150% of the credit hours in the standard length of the program in order to complete the requirements for graduation.

The requirements for rate of progress are to assure that students are progressing at a rate at which they will be able to complete their programs within the maximum time frame. The maximum allowable attempted clock hours are noted in the following tables.

Satisfactory Academic Progress Tables

5 4415144				<u> </u>	
47 Quarter Credit Hour Modular Program (Medical Insurance Billing and Coding v 2.0). Total credits that may be attempted: 70 (150% of 47).					
Total Credits Attempted	Probation if CGAP is below	Suspension if CGAP is below	Probation if Rate of Progress is Below	Suspension if Rate of Progress is Below	
1-12	2.0	N/A	66.7%	N/A	
13-24	2.0	1.0	66.7%	25%	
25-48	2.0	1.8	66.7%	63%	
49-70	N/A	2.0	N/A	66.7%

49-70	N/A	70%	N/A	66.7%

54 Quarter Credit Hour Modular Program (MT). Total credits that may be attempted: 81 (150% of 54).				
Total Credits Attempted	Probation if CGAP is below	Suspension if CGAP is below	Probation if Rate of Progress is Below	Suspension if Rate of Progress is Below
1-12	70%	N/A	66.7%	N/A
13-24	70%	20%	66.7%	25%
29-54	70%	60%	66.7%	55%
55-66	70%	65%	66.7%	64%
67-81	N/A	70%	N/A	66.7%

Academic Probation

Probation is the period of time during which a student's progress is monitored under an advising plan. During the period of probation, students are considered to be making Satisfactory Academic Progress both for academic and financial aid eligibility. Students on probation must participate in academic advising as deemed necessary by the school as a condition of their probation. Academic advising shall be documented on an Academic Advising Plan and shall be kept in the student's academic file. The Academic Advising Plan will be updated at the end of each evaluation period that the student is on probation.

If, at the end of any evaluation period, a student falls below the required academic progress standards (CGPA, ROP, or other standards) for his/her program as stated in the school catalog, the student shall receive a written warning and be placed on probation. Probation will begin at the start of the next evaluation period. The student will remain on academic probation as long as his or her CGPA or ROP remains in the probation ranges specified in the school catalog. When both the CGPA and ROP are above the probation ranges, the student is removed from probation. In addition, students whose probation status extends over multiple academic terms may be directed to participate in extra tutorial sessions or developmental classes.

Academic Suspension

If, at the end of any evaluation period, a student's CGPA or ROP falls into the suspension ranges specified in the school catalog, the student is considered not to be making SAP. Students not making SAP must be placed on suspension and withdrawn from the program.

Academic Appeals

Any student may submit an appeal of a decision of suspension or dismissal in accordance with the Satisfactory Academic Progress Appeals Policy.

Attendance Violations

Appeals of attendance violations must be made within five (5) calendar days of the violation. In order for an attendance appeal to be considered, the student must:

- 1. Have perfect attendance while the appeal is pending;
- 2. Submit a written plan to improve attendance with the Appeal Form.

Provided that no applicable state requirement would be violated by doing so, an attendance appeal may be granted if the student demonstrates that the absence was caused by:

- 1. The death of a family member;
- 2. An illness or injury suffered by the student;
- 3. Special circumstances of an unusual nature which are not likely to recur.

The Appeal Committee may, as a condition of granting the appeal, require the student to make up missed class time or assignments, place the student on probation and require the student to develop an Academic Advising Plan in conjunction with their advisor.

Reinstatement Following Suspension

Students who successfully appeal a suspension or dismissal may return to school under the following conditions:

- The student must develop an academic advising plan with their advisor
- The student must bring their CGPA up to the probation range by the end of the evaluation period following the appeal

If the student meets the above conditions, s/he may remain in school, and is considered to be making SAP so long as the student's CGPA does not fall below the probation range.

Academic Dismissal

Students who have been readmitted following academic suspension who fail to improve their CGPA and/or ROP into the applicable probation range by the end of the first evaluation period after readmission must be dismissed from the program. Students who have been dismissed from a program are not eligible for readmission.

Graduation

Students must complete their program within the maximum time frame and with a 2.0/70% CGPA as stated in the school catalog in order to graduate.

Application of Grades and Credits

- Grades A through D are included in the calculation of CGPA and are included in the Total Number of Credit Hours Attempted.
- Transfer credits (T) are not included in the calculation of CGPA but are included in the Total Number of Credit Hours Attempted (see below) in order to determine the required levels for CGPA and rate of progress. Transfer credits are included as credit hours attempted and successfully completed in calculating the rate of progress.
- Developmental courses, non-credit and remedial courses (PF, PP, CR, NC) are graded on a pass/fail basis and are not included in the calculation of progress toward completion or the student's CGAP.
- For calculating rate of progress, F grades and W (withdrawn WI, WD, WZ) grades are counted as hours attempted but are not counted as hours successfully completed. Grades of I (Incomplete, In Progress) will also be counted as hours attempted but not as hours successfully completed; however, when the I is replaced with a grade, the CGPA and satisfactory academic progress determination will be recalculated based on that grade and the credit hours earned.
- When a course is repeated, the higher of the two grades is used in the calculation of CGPA, and the total clock hours for the original
 course and the repeated course are included in the Total Clock Hours Attempted (in the charts above) in order to determine the
 required progress level. The clock hours for the original attempt are considered as not successfully completed.

Transfer Credit

Students may receive transfer credit for courses taken at another school. Courses for which a student receives transfer credit are counted as attempted and successfully completed for purposes of satisfactory academic progress. As a result, courses for which a student receives transfer credit provide the student with advanced standing, which is applied to the student's progress in calculation of the percentage of maximum time frame for the program that the student has completed. For instance if a student enrolled in a 96-credit-hour program (with a maximum time frame of 144 credit hours) receives 12 credit hours of transfer credit and completes 12 credit hours in the first term of enrollment, the student will be evaluated as a student who is at the 25% point of the program (24/96=25%) at the end of the first term. However, if a student receives 36 credit hours of transfer credit and will complete 12 credit hours at the end of the first term, the student will be evaluated as a student who is at the midpoint (50% point) of the program (48/96 = 50%).

When a student transfers from or completes one program at the school and enrolls in another program, and all courses completed in the original program are acceptable for credit in the new program, all courses attempted and grades received in the original program are counted in the new program for calculation of the student's satisfactory academic progress in the new program. When a student transfers from or completes one program at the school and enrolls in another program at the school and all courses completed in the original program are NOT accepted for credit in the new program, all attempts of courses taken in the original program that are part of the new program will be counted in the calculation of the student's satisfactory academic progress upon entry into the new program, and the grades for the courses that are a part of the new program that were taken at the same institution will be used in the student's CGPA calculation.

Satisfactory Academic Progress and Financial Aid

Students must meet the standards of satisfactory academic progress in order to remain eligible to continue receiving financial assistance as well as to remain eligible to continue as a student of the school.

The Financial Aid Office will provide details to all eligible recipients. Students should read these standards carefully and refer any questions to Academic or Financial Aid Office personnel. Satisfactory academic progress for purposes of determining continuing federal financial assistance is determined by applying the CGPA requirements, rate of progress requirements, maximum completion time restrictions, probation provisions, suspension and dismissal procedures, and appeals procedures as outlined in the satisfactory academic progress section of the catalog.

Students on academic probation are considered to be maintaining satisfactory academic progress and are eligible to continue receiving federal financial assistance. Students who have been academically suspended or dismissed are no longer active students of the School and are ineligible for financial aid. Reinstatement of financial aid eligibility will occur only after readmittance following suspension or in the event the student's appeal results in readmittance.

SATISFACTORY ACADEMIC PROGRESS FOR STUDENTS RECEIVING VETERANS ADMINISTRATION BENEFITS

Previous Credit for Veterans Affairs Beneficiaries

All Veterans Affairs beneficiaries are required to disclose prior postsecondary school attendance and provide copies of transcripts for all postsecondary education and training. Upon enrollment, the School will request and obtain official written records of all previous education and experience, grant credit where appropriate, and advise the Veterans Affairs claimant and the Department of Veterans Affairs in accordance with VA regulations.

Make-Up Assignments

Make up work and assignments may not be certified for veteran students for Veterans Administration pay purposes.

Maximum Time Frame for Veteran Students

The maximum time frame for veteran students to receive veteran benefits is the standard length of the program, not time and a half. Students funded by the Veterans Administration must complete their programs within the program's standard time frame in order to receive veteran benefits. A veteran student may not be funded for benefits following the standard program length.

Veterans Academic Probation

A veteran student who fails to meet the minimum standards of satisfactory academic progress as stated in the institutional policy is automatically placed on academic probation for one grading period. Any change in enrollment status, including when a veteran is placed on academic probation, changes schedules, or terminates or is dismissed from training, will be reported to the Veterans Administration. The School retains documentation of probation in a student's file. Students on academic probation may be required to participate in tutoring sessions outside class hours as a condition to continued enrollment. At the end of a probationary period, a student's progress is re-evaluated. If the student has met minimum standards for satisfactory academic progress and any written conditions of probation that may have been required, the student is removed from probation and returned to regular student status. A veteran who fails to regain satisfactory academic progress status after one grading period will be treated as all other students under the institutional policy described above, with one exception. A veteran who fails to meet satisfactory academic progress status following one grading period on probation will be reported to the Veterans Administration, and their benefits will be terminated.

Veterans Reinstatement after Successful Appeal of Termination

A student who successfully appeals termination from the School due to failure to maintain satisfactory academic progress may be reinstated. A reinstated student enters under an extended probationary period. This probationary period will extend for one grading period, after which a student must meet minimum standards of satisfactory progress to remain in school. The Department of Veterans Administration will determine whether or not to resume payments of Veterans Administration education benefits to a reinstated student.

ADMINISTRATIVE POLICIES

STUDENT DISABILITIES SERVICES/ACCOMMODATIONS

Everest Institute has an institutional commitment to provide equal educational opportunities for qualified students with disabilities in accordance with state and federal laws and regulations, including the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973. To provide equality of access for students with disabilities, Everest Institute will provide accommodations and auxiliary aids and services to the extent necessary to comply with state and federal laws. For each student, these accommodations and services will specifically address the functional limitations of the disability that adversely affect equal educational opportunity. Applicants or students who would like to request disability service/accommodations must make a request to the Campus President. Students will receive written notification of the determination within seven calendar days. Students may appeal an accommodation decision by following the student grievance procedure as stated in the "Student Academic Appeals Policy" section of this catalog.

STUDENT CONDUCT CODE

Background

The Institute maintains professional-level standards for conduct and behavior for all students. The standards of conduct for students are patterned after those of professional employees in the workplace. Students are expected to observe campus policies and behave in a manner that is a credit to the campus and to themselves. Certain violations of the student conduct code, as outlined in this policy, shall result in immediate dismissal. Other violations are subject to a progressive disciplinary action, where the student is advised and given every opportunity to change his or her behavior to meet the expectations of the Institute and to prepare for what the student might later expect to find in a professional-level work environment. The Institute maintains the right to discipline students found in violation of Institute policies.

- The Institute maintains the right to discipline students found in violation of Institute policies in accordance with the procedures below.
- The student conduct code applies to all students, including students taking online courses or a combination of online and campus courses. Work study students who violate the student conduct of conduct in the performance of their work study duties are subject to disciplinary action/procedures.
- The Campus President or designee (typically the Director of Education/Dean or, in the case of online students, the Online Coordinator) has the authority to make decisions about student disciplinary action.
- Students are subject to the student conduct code while participating in any program externship, clinical rotation, or other Institute-related activity.
- All student conduct code violations shall be documented in the student's academic record.
- Students dismissed for violations of the student conduct code shall remain responsible for any financial obligations to the Institute.
- Students dismissed from one Corinthian Colleges, Inc. college for violation of the student conduct code shall not be eligible for admittance to another CCi college.

Student Conduct Code

Students must show respect toward and be cooperative with Institute faculty and staff during the performance of their duties, as well as show respect for fellow students and campus visitors.

Examples of conduct that may result in disciplinary action include, but are not limited to, behavior that is disruptive, intimidating, dishonest, or discourteous; and destruction, theft, or other misuse of Institute property.

Violations that threaten the health and safety of campus employees, other students, or visitors shall result in immediate dismissal from the Institute. Violations that warrant immediate dismissal include, but are not limited to: threatening the safety of others; possessing alcohol, drugs, dangerous weapons, or other foreign substances on campus; theft; vandalism or misuse of the Institute's or another's property; or harassment or intimidation of others. Students dismissed for the reasons outlined above will not be allowed back on campus property without express permission of the Campus President or a designated Institute official.

Student Conduct Code Violations/Formal Disciplinary Procedure

If the Institute has reason to believe that a student has violated the student conduct code, the Institute shall conduct an investigation and follow up with the student in the appropriate manner.

Violations that threaten the health and safety of campus employees, other students, or visitors shall result in immediate dismissal from the Institute.

Other student conduct code violations shall be governed by a *progressive disciplinary procedure*. For isolated, minor student conduct code violations, the Institute may decide to conduct academic advising and issue a verbal reminder of the student conduct code, or to provide the student with written notice, as the Institute deems appropriate. The Institute may also decide to suspend or place a student on probation for a specified period of time, pending a full investigation of student conduct code violations or as a form of corrective action short of dismissal from the Institute.

First Offense - A written warning. The student shall receive a letter that describes the specific examples of the student's misconduct and the consequences if further violations occur.

Second Offense - Student dismissal. Each student dismissed shall receive a dismissal letter from the campus, stating the reasons for dismissal and any applicable appeals procedures.

Threats to Health/Safety - Immediate dismissal. Dismissal letter within a reasonable period of time; student not allowed back on campus property without President's or designee's approval.

Student Conduct Code Appeals

A student dismissed for violations of the student conduct code may appeal the dismissal by submitting a letter to the Institute President for consideration. The appeal letter should include the reasons why the decision should be changed and the student allowed to return to school. The student must appeal the decision within 10 days or a reasonable period of time after the student receives notice from the Institute that he/she has been dismissed. Students should refer to the Campus Grievance Procedures in the Institute catalog. The student who appeals a dismissal shall receive written notice of the decision. The Institute President's decision on an appeal shall be considered final.

ACADEMIC INTEGRITY

- Any form of deception in the completion of assigned work is considered a form of academic dishonesty. This includes, but is not
 limited to: copying another's work from any source; allowing another to copy one's own work whether during a test or in the
 submittal of an assignment; any attempt to pass off the work, data, or creative efforts of another, as one's own; knowingly
 furnishing false information about one's academic performance to the Institute.
- If a student is found to have committed one or more of the acts listed above, the student may, at the Academic Dean's discretion, receive an F grade for the assignment or exam. If repeated offenses occur, the student may be dismissed from the Institute as per the disciplinary procedures outlined above.
- All violations of academic policy are documented and made part of the student's academic record.

STUDENT ACADEMIC APPEALS POLICY

Academic appeals include those appeals related to final grades, attendance violations, and academic or financial aid eligibility.

All formal academic appeals must be submitted in writing on an Academic Appeal Form to the Academic Dean/Director of Education within five (5) calendar days of the date the student has notice of the adverse academic decision. The appeal must include:

- The specific academic decision at issue
- The date of the decision
- The reason(s) the student believes the decision was incorrect
- The informal steps taken to resolve the disagreement over the decision
- The resolution sought

The written appeal may be accompanied by any additional documentation (e.g., papers, doctor notes, tests, syllabi) the student believes supports the conclusion that the academic decision was incorrect.

Note: Once a formal appeal is filed, no action based on the adverse academic decision may be taken until the appeal process is complete. However, in cases involving financial aid eligibility, all financial aid disbursements shall be suspended until the matter is resolved.

Within five (5) calendar days of receiving the Academic Appeal Form, the Academic Dean/Director of Education shall convene an Appeal Committee, which should normally include the Department Chair, a member of the Student Services Staff, and a faculty member from another program. The Appeal Committee shall investigate the facts of the matter to the extent deemed appropriate under the circumstances. The Appeal Committee shall render a written decision within five (5) calendar days of the date the appeal was received by the Academic Dean/Director of Education, and shall forward the decision to the student and the instructor within five (5) calendar days thereafter. Copies of all documents relating to the appeal shall be placed in the student's academic file, and the decision of the Appeal Committee shall be noted in the official student information system. The decision of the Appeal Committee is final, and no further appeals are permitted.

Note: When an appeal is denied, the date of any suspension of financial aid or dismissal from the program shall be the date of the adverse academic decision. The student will not be charged for any attendance after the date of the adverse academic decision.

Assignment/Test Grades

Students who disagree with an assignment/test grade should discuss it with the instructor upon receipt of the grade. Assignments/test grades are reviewed at the instructor's discretion. If the instructor is not available, the matter should be discussed with the Program Director/Department Chair. Only final course grades are eligible for appeal.

Final Course Grades

Appeals of final course grades must be made within five (5) calendar days of the date the grade becomes final. The Academic Dean/Director of Education may direct a grade to be changed only when it is determined through the appeal process that a final grade was influenced by any of the following:

- 1. A personal bias or arbitrary rationale;
- 2. Standards unreasonably different from those that were applied to other students;
- 3. A substantial, unreasonable, or unannounced departure from previously articulated standards;
- 4. The result of a clear and material mistake in calculating or recording grades or academic progress.

Attendance Violations

Appeals of attendance violations must be made within five (5) calendar days of the violation. In order for an attendance appeal to be considered, the student must:

- 1. Have perfect attendance while the appeal is pending;
- 2. Submit a written plan to improve attendance with the Appeal Form.

Provided that no applicable state requirement would be violated by doing so, an attendance appeal may be granted if the student demonstrates that the absence was caused by:

- 1. The death of a family member;
- 2. An illness or injury suffered by the student;
- 3. Special circumstances of an unusual nature which are not likely to recur.

The Appeal Committee may, as a condition of granting the appeal, require the student to make up missed class time or assignments, place the student on probation and require the student to develop an Academic Advising Plan in conjunction with their advisor.

Satisfactory Academic Progress (SAP) Appeals

SAP appeals must be made within five (5) calendar days of the date the student was notified of the violation. The student is deemed to have notice of the pending dismissal as of the date of the dismissal letter. Provided that the student can complete their program within the maximum time frame with the required minimum CGPA, a SAP appeal may be granted if the student demonstrates that s/he is sincerely committed to taking the steps required to succeed in their program **and** that their failure to maintain the required CGPA or ROP was caused by any of the following mitigating circumstances:

- 1. The death of a family member;
- 2. An illness or injury suffered by the student;
- 3. Special circumstances of an unusual nature that are not likely to recur.

The Appeal Committee shall, as a condition of granting the appeal, require the student to develop an Academic Advising Plan in conjunction with their advisor, and place the student on probation.

TERMINATION PROCEDURES

Students may be terminated by the Institute for cause. Examples include, but are not limited to, the following:

- Violation of the Institute's attendance policy;
- Failure to maintain satisfactory academic progress;
- Violation of Institute conduct standards;
- Inability to meet financial obligations to the Institute.

Students to be terminated are notified in writing and may appeal to the Institute President.

TRANSFERABILITY OF CREDITS

This School does not guarantee transferability of credits to any other college, university or institution, and it should not be assumed that any courses or programs described in this catalog can be transferred to another institution. Any decision on the comparability, appropriateness and applicability of credits and whether they may be accepted is the decision of the receiving institution.

TRANSCRIPTS AND DIPLOMAS

All student academic records are retained, secured, and disposed of in accordance with local, state, and federal regulations. All student record information is maintained on the Institute computer system. Permanent records are kept in paper form, microfiche or microfilm. The Institute maintains complete records for each student, including grades, attendance, prior education and training, and awards received.

Student academic transcripts, which include grades, are available upon written request by the student. Student records may be released only to the student or his/her designee as directed by the Family Educational Rights and Privacy Act of 1974.

Transcript and diploma requests must be made in writing to the Office of the Registrar. Official transcripts will be released to students who are current with their financial obligation (i.e., tuition and fees due to the Institute are paid current per the student's financial agreement). Diplomas will be released to students who are current with their financial obligation upon completion of their school program.

Students are provided an official transcript free of charge upon completing graduation requirements as stated in the previous paragraph. There is a fee of \$5 for each additional official transcript requested. Normal processing time for transcript preparation is approximately three to five days.

ADMINISTRATIVE POLICIES

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They are:

- 1. The right to inspect and review the student's education records within 45 days of the day the institution receives a request for access. Students should submit to the institution president written requests that identify the record(s) they wish to inspect. The institution official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the institution official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- 2. The right to request the amendment of the student's educational records that the student believes are inaccurate or misleading. Students may ask the institution to amend a record that they believe is inaccurate or misleading. They should write the institution official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the institution decides not to amend the record as requested by the student, the institution will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
- 3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. Generally, schools must have written permission for the parents of minor students or eligible students in order to release any information from a student's educational record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State Law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5920.

Additional FERPA information is available from the institution's Business Office.

CAMPUS SECURITY AND CRIME AWARENESS POLICIES

As required by Public Law 101-542, as amended by Public Law 102-325, Title II, Crime Awareness and Campus Security Act of 1990, Section 294, Policy and Statistical Disclosures, the School has established policies regarding campus security.

The School strives to provide its students with a secure and safe environment. Classrooms and laboratories comply with the requirements of the various federal, state and local building codes, with the Board of Health and Fire Marshal regulations. Most campuses are equipped with alarm systems to prevent unauthorized entry. Facilities are opened each morning and closed each evening by administrative personnel.

The School encourages all students and employees to report criminal incidents or other emergencies, which occur on the campus directly to the Campus President, student advisor or instructor. It is important that school personnel are aware of any such problems on school campuses. The Campus President is responsible for investigating such reports and taking legal or other action deemed necessary by the situation. In extreme emergencies, the Campus President may immediately contact law enforcement officers or other agency personnel, such as paramedics. The School will work with local and state law enforcement personnel if such involvement is necessary. A copy of the student's report and any resultant police report will be maintained by the school for a minimum of three years after the incident.

Students are responsible for their own security and safety both on-campus and off-campus and must be considerate of the security and safety of others. The school has no responsibility or obligation for any personal belongings that are lost, stolen or damaged, whether on or off school premises or during any school activities.

On May 17, 1996, the President of the United States signed Megan's Law into federal law. As a result, local law enforcement agencies in all 50 states must notify schools, day care centers, and parents about the presence of dangerous offender in their area. Students and staff are advised that the best source of information on the registered sex offenders in the community is the local sheriff's office or police department. The following link will provide you with a list of the most recent updated online information regarding registered sex offenders in Massachusetts; http://www.sexcriminals.com/registration-notification/us/massachusetts/

Statistical Information

The public law referenced herein requires the school to report to students and employees the occurrence of various criminal offenses on an annual basis. Prior to October 1st of each year, the school will distribute a security report to students and staff containing the required statistical information on any campus crimes committed during the previous three years. A copy of this report is available to students, employees, and prospective students and employees upon request.

CAMPUS COMPLETION RATE REPORTS

Under the Student Right to Know Act (20 U.S.C. § 1092(a)), an institution is required to annually prepare completion or graduation rate data respecting the institution's first-time, full-time undergraduate students (34 CFR 668.45(a)(1)). Institutions are required to make this completion or graduation rate data readily available to students approximately 12 months after the 150 percent point for program completion or graduation for a particular cohort of students. This completion rate report is available to students and prospective students upon request. Notice of the right to request this information is distributed annually.

DRUG AWARENESS

The Drug-Free Schools and Communities Act of 1989, Public Law 101-226, requires institutions receiving financial assistance to implement and enforce drug prevention programs and policies. The information and referral line that directs callers to treatment centers in the local community is available through Student Services.

This institution prohibits the manufacture and unlawful possession, use or distribution of illicit drugs or alcohol by students on its property and at any campus activity. If a student suspects someone to be under the influence of any drug (or alcohol), they should immediately bring this concern to the attention of the Director of Education or School President. Violation of the institution's anti-drug policy will result in appropriate disciplinary actions and may include expulsion of the student. The appropriate law enforcement authorities may also be notified.

In certain cases, students may be referred to counseling sources or substance abuse centers. If such a referral is made, continued enrollment or employment is subject to successful completion of any prescribed counseling or treatment program.

WEAPONS POLICY

No weapons of any type are allowed on campus. This includes, but is not limited to: hand guns, rifles, knives, and any other devices used to harm or intimidate staff or students. This institution maintains a threat-free learning environment. Violation of this policy may result in immediate dismissal from the institution and a complaint with local law enforcement.

DRESS CODE

Students enrolled in allied health programs are required to wear the standard medical uniform and shoes with a closed heel and toe as described in the Institute's dress code policy. Uniforms are not included in the tuition price and should be ordered as soon as possible after acceptance into the program. Students should review the established dress and appearance guidelines for details. This information will be available upon enrollment.

ACADEMIC ADVISEMENT AND TUTORING

Students' educational objectives, grades, attendance and conduct are reviewed on a regular basis. Students will be notified if their academic standing or conduct is unacceptable. Failure to improve academic standing or behavior may result in further action. Tutorial programs and academic advisement are provided for students who are experiencing difficulties with their class work. Students are encouraged to seek academic assistance through the Education Department.

HEALTH/MEDICAL CARE

Students must take proper care of their health so that they can do their best in school. This means regular hours, plenty of sleep, sufficient exercise and nutritious food. Students who become seriously ill or contract a communicable disease should stay home and recover, but remember to notify the Institute immediately. All medical and dental appointments should be made after school hours.

The Institute will not be responsible for rendering any medical assistance but will refer students to the proper medical facility upon request.

STUDENT COMPLAINT/GRIEVANCE PROCEDURE

Persons seeking to resolve problems or complaints should first contact their instructor. Unresolved complaints should be made to the Director of Education. Students who feel that the complaint has not been adequately addressed should contact the Institute President. Written responses will be given to the student within seven working days. If the problem remains unresolved, students may contact the Student Help Line at (800) 874-0255 or email at studentservices@cci.edu.

If a student feels that the school has not adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints considered by the Commission must be in written form, with permission from the complainant(s) for the Commission to forward a copy of the complaint to the school for a response. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Commission. A copy of the Commission's Complaint Form is available at the school and may be obtained by contacting the Institute President. Please direct all inquiries to:

Accrediting Commission of Career Schools and Colleges of Technology 2101 Wilson Boulevard, Suite 302 Arlington, Virginia 22201

(703) 247-4212

If the complaint remains unresolved, the student may contact the Massachusetts Department of Elementary and Secondary Education, Office of Proprietary Schools, 781-338-6048 or proprietary schools@doe.mass.edu.

WEATHER EMERGENCIES

The Institute reserves the right to close during weather emergencies or other "acts of God." Under these conditions, students will not be considered absent. Instructors will cover any missed material to ensure completion of the entire program.

CLOTHING AND PERSONAL PROPERTY

All personal property is the sole responsibility of the student, and the Institute does not assume liability for any loss or damage. Clothing and other small items should be marked clearly with the student's name and address. Vehicles should always be locked to avoid theft.

POLICY AND PROGRAM CHANGES

The Institute catalog is current as of the time of printing. CSI reserves the right to make changes in organizational structure, policy and procedures as circumstances dictate. These campuses reserve the right to make changes in equipment and materials and modify curriculum as it deems necessary. When size and curriculum permit, classes may be combined to provide meaningful instruction and training and contribute to the level of interaction among students. Students are expected to be familiar with the information presented in this Institute catalog.

FINANCIAL INFORMATION

TUITION AND FEES

Tuition and fee information can be found in **Appendix B: Tuition and Fees** in this catalog.

The Enrollment Agreement obligates the student and the Institute for the entire program of instruction. Students' financial obligations will be calculated in accordance with the refund policy in the contract and this Institute catalog. Each program consists of the number of terms listed below. The content and schedule for the programs and academic terms are described in this catalog. Tuition will be as noted in Appendix B.

Additional Fees and Expenses

Charges for textbooks and equipment are separate from tuition. The institution does not charge for books and equipment until the student purchases and receives the items. Incidental supplies, such as paper and pencils, are to be furnished by students. All students are required to wear a uniform.

Voluntary Prepayment Plan

The school provides a voluntary prepayment plan to students and their families to help reduce the balance due upon entry. Details are available upon request from the Financial Aid Office.

BUYER'S RIGHT TO CANCEL – CANCELLATION

The applicant's signature on the Enrollment Agreement does not constitute admission into The School until the student has been accepted for admission by an official of The School. If the applicant is not accepted by The School, all monies paid will be refunded. The applicant may also request cancellation in writing after signing the agreement and receive a full refund of all monies paid, if the written request is made by midnight of the fifth business day following the signing of the enrollment agreement or the fifth day of class, whichever is later. Applicants who have not visited The School prior to enrollment will have the opportunity to withdraw without penalty within three business days following either the regularly scheduled orientation procedures or following a tour of The School facilities and inspection of equipment where training and services are provided. The refund will be made within 30 days of receipt of such notice.

Cancellation will occur when the student gives a signed and dated written notice of cancellation to the Director of Admissions or President at the address shown on the front of this agreement. The written notice of cancellation need not take any particular form, and, however expressed, is effective if signed and dated by the student and if it states that the student no longer wishes to be bound by the Enrollment Agreement. A notice of cancellation may be given by mail, hand delivery or telegram. The notice of cancellation, if sent by mail, is effective when deposited in the mail, properly addressed, with postage prepaid.

OFFICIAL WITHDRAWALS

An official withdrawal must be documented in writing. An official withdrawal is considered to have occurred on the earlier of a) the date that the student provides to The School official notification of his or her intent to withdraw or b) the date that the student begins the withdrawal process. Students who must withdraw from The School are requested to notify the office of the Academic Dean/Director of Education by telephone, in person, or in writing to provide official notification of their intent to withdraw. Students will be asked to provide the official date of withdrawal and the reason for withdrawal in writing at the time of official notification. When the student begins the process of withdrawal, the student or the office of the Academic Dean/Director of Education will complete the necessary form(s).

Quarter-based Programs: After the cancellation period, students in quarter-based programs who officially withdraw from The School prior to the end of The School's official add/drop period will be dropped from enrollment, and all monies paid will be refunded.

Modular Programs: Although there is no add/drop period in modular programs, for students who officially withdraw within the first five class days (or for weekend classes within seven calendar days from the date they started class, including the day they started class), all monies paid will be refunded.

REFUND POLICIES

This School is certified by the U.S. Department of Education as an eligible participant in the Federal Student Financial Aid (SFA) programs established under the Higher Education Act of 1965 (HEA), as amended (Title IV programs).

When a student withdraws, The School must complete both a "Return to Title IV" and a refund calculation.

- First, if the student is a Title IV recipient, The School must determine how much federal grant and loan assistance the student has earned under the Federal Return of Title IV Funds Policy. If the student (or parent, in the case of a PLUS Loan) is eligible for additional funds at the time of withdrawal, the student may receive additional SFA funds. If the student received more SFA funds than he or she earned under the Federal Return of Title IV Funds policy, The School, and in some cases the student, is required to return the unearned funds to the Federal program(s) or lender, as applicable. The federal Return to Title IV policy is explained below.
- Second, The School must determine how much of the tuition and fees it is eligible to retain using the applicable refund policies.
 A refund will be calculated on the basis of the institutional refund policy, as given below, and any applicable state refund policies. If a state or accrediting agency refund policy applies, it will be included on this agreement.

The student will be given the benefit of the refund policy that results in the largest refund to the student.

Any unpaid balance of tuition and fees that remains after calculating the refund and applying the amount of SFA funds earned based on the Federal Return of Title IV Funds policy must be paid by the student to The School.

The refund calculation will be based on the date of withdrawal. Any monies due the applicant or student will be refunded within 30 days of the date of cancellation, termination, or determination of withdrawal. If a student received a loan for tuition, a refund will be made to the lender to reduce the student's loan debt. If the amount of refund exceeds the unpaid balance of the loan, the balance of funds will then be applied in the following order:

- 1. to pay authorized charges at the institution;
- 2. with the student's permission, applied to reduce the student's Title IV loan debt (not limited to the student's loan debt for the period of enrollment);
- 3. returned to the student.

In cases of prolonged illness or accident, death in the family, or other circumstances that make it impractical to complete the program, The School will make a settlement that is reasonable and fair to both parties.

Date of Withdrawal versus Date of Determination (DOD)

The date of withdrawal for purposes of calculating a refund is the student's last date of attendance. The date of determination, from which The School has 30 days to issue a refund, is the earlier of the date the student officially withdraws or the date The School determines the student has violated an academic standard. For example, when a student is withdrawn for violating an academic rule, the date of the student's withdrawal shall be the student's last date of attendance. The date of determination shall be the date The School determines the student has violated the academic rule, if the student has not filed an appeal. If the student files an appeal and the appeal is denied, the date of determination is the date the appeal is denied. If the student ceases attendance without providing official notification, the DOD shall be no more than 14 days from the student's last date of attendance.

Effect of Leaves of Absence on Refunds

If a student does not return from an approved leave of absence (where applicable) on the date indicated on the written request, the refund will be made within 30 days from the date the student was scheduled to return (DOD), but the refund calculation will be based on the student's last date of attendance.

Textbook and Equipment Return/Refund Policy

If a student who was charged for and paid for textbooks, uniforms, or equipment, returns unmarked textbooks, unworn uniforms, or new equipment within 30 days following the date of the student's cancellation, termination, or withdrawal, the institution shall refund the charge for the textbooks, uniforms, or equipment paid by the student. Uniforms that have been worn cannot be returned because of health and sanitary reasons. If the student fails to return unmarked textbooks, unworn uniforms or new equipment within 30 days following the date of the student's cancellation, termination, or withdrawal, the institution may retain the cost of the items that has been paid by the student. The student may then retain the equipment without further financial obligation to The School.

Federal Return of Title IV Funds Policy

The Financial Aid Office is required by federal statute to determine how much financial aid was earned by students who withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60% of a payment period or term.

For a student who withdraws after the 60% point-in-time, there are no unearned funds. However, a school must still complete a Return calculation in order to determine whether the student is eligible for a post-withdrawal disbursement.

The calculation is based on the percentage of earned aid using the following Federal Return of Title IV funds formula:

Percentage of payment period or term completed = the number of days completed up to the withdrawal date divided by the total days in the payment period or term. (Any break of five days or more is not counted as part of the days in the term.) This percentage is also the percentage of earned aid.

Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula:

Aid to be returned = (100% of the aid that could be disbursed minus the percentage of earned aid) multiplied by the total amount of aid that could have been disbursed during the payment period or term.

If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds and the student would be required to return a portion of the funds. Keep in mind that when Title IV funds are returned, the student borrower may owe a debit balance to the institution.

If a student earned more aid than was disbursed to him/her, the institution would owe the student a post-withdrawal disbursement which must be paid within 120 days of the student's withdrawal.

The institution must return the amount of Title IV funds for which it is responsible no later than 45 days after the date of the determination of the date of the student's withdrawal unless state policy indicates a shorter time frame (see state refund policy, if applicable).

Refunds are allocated in the following order:

- Unsubsidized Federal Stafford loans.
- 2. Subsidized Federal Stafford loans.
- 3. Unsubsidized Direct Stafford loans (other than PLUS loans).
- 4. Subsidized Direct Stafford loans.
- 5. Federal Perkins loans.
- 6. Federal PLUS loans.
- 7. Direct PLUS loans.
- 8. Federal Pell Grants for which a return of funds is required.
- 9. Academic Competetiveness Grants for which a return of funds is required.
- 10. National Smart Grants for which a return of funds is required.
- 11. Federal Supplemental Educational Opportunity Grants
- 12. (FSEOG) for which a return of funds is required.

Return of Unearned SFA Program Funds

The School must return the lesser of:

- The amount of SFA program funds that the student did not earn; or
- The amount of institutional costs that the student incurred for the payment period or period of enrollment multiplied by the percentage of funds that were not earned.

The student (or parent, if a Federal PLUS loan) must return or repay, as appropriate any SFA loan funds in accordance with the terms of the loan; and the remaining unearned SFA program grant (not to exceed 50% of a grant) as an overpayment of the grant.

(Note: If the student cannot repay the grant overpayment in full, the student must make satisfactory arrangements with the U.S. Department of Education to repay any outstanding grant balances. The Student Financial Aid Department will be available to advise the student in the event that a student repayment obligation exists. The individual will be ineligible to receive additional student financial assistance in the future if the financial obligation(s) are not satisfied.)

Institutional Refund Calculation

The School will perform a pro-rata refund calculation for students who terminate their training before completing more than 75% of the period of enrollment. Under a pro-rata refund calculation, The School is entitled to retain only the percentage of charges (tuition, fees, room, board, etc.) proportional to the period of enrollment completed by the student. The period of enrollment completed by the student is calculated by dividing the total number of weeks in the period of enrollment into the number of weeks completed in that period (as of the withdrawal date). The percentage of weeks attended is rounded up to the nearest 10 percent and multiplied by the school charges for the period of enrollment. A reasonable administrative fee not to exceed \$50 or 5% of the total institutional charges, whichever is less, will be excluded from total charges used to calculate the pro-rata refund. The School may retain the entire contract price for the period of enrollment-including tuition, fees, and other charges—if the student terminates the training after completing more than 75% of the period of enrollment.

Modular Students Please Note: Since students enrolled in modular programs are charged tuition by academic year, the charges earned and amount due under the institutional refund policy is based on the charges for the portion of the academic year completed, rather than on the portion of the quarter completed.

The student will be given the benefit of the refund policy that results in the largest refund to the student.

ENTRANCE REQUIREMENTS

A personal interview, enrollment agreement, and:

- Proof of high school diploma or its recognized equivalent and achieve a passing score on nationally normed, standardized test, or
- 2. Achieve a passing score on an independently administered, standardized, nationally recognized test approved by the U.S. Department of Education as specified under the Ability to Benefit provision.

REQUIREMENTS FOR GRADUATION

A student must:

- 1. Successfully complete all courses in the program with a 2.0 (70%) grade point average within the maximum time frame for completion as stated in the school catalog.
- 2. Successfully complete all externship hours (if applicable).
- 3. Meet any additional program specific requirements as stated in The School catalog.
- 4. Fulfill all financial obligations to The School.

REFUND POLICY PER MASSACHUSETTS GENERAL LAWS, CHAPTER 255: SECTION 13K

- 1. You may terminate this agreement at any time.
- 2. If you terminate this agreement within five days you will receive a refund of all monies paid, provided that you have not commenced the program.
- 3. If you subsequently terminate this agreement prior to the commencement of the program, you will receive a refund of all monies paid, less the actual reasonable administrative costs described in paragraph 7.
- 4. If you terminate this agreement during the first quarter of the program, you will receive a refund of at least seventy-five per cent of the tuition, less the actual reasonable administrative costs described in paragraph 7.
- 5. If you terminate this agreement during the second quarter of the program, you will receive a refund of at least fifty per cent of the tuition, less the actual reasonable administrative costs described in paragraph 7.

- 6. If you terminate this agreement during the third quarter of the program, you will receive a refund of at least twenty-five per cent of the tuition, less the actual reasonable administrative costs described in paragraph 7.
- 7. If you terminate this agreement after the initial five day period, you will be responsible for actual reasonable administrative costs incurred by The School to enroll you and to process your application, which administrative costs shall not exceed fifty dollars or five per cent of the contract price, whichever is less. A list of such administrative costs is attached hereto and made a part of this agreement.
- 8. If you wish to terminate this agreement, you must inform The School in writing of your termination, which will become effective on the day such writing is mailed.
- 9. The School is not obligated to provide any refund if you terminate this agreement during the fourth quarter of the program. Administrative Costs Equal: \$0.00

STUDENT FINANCING OPTIONS

The school offers a variety of student financing options to help students finance their educational costs. Detailed information regarding financing options available and the Financial Aid process can be obtained from the school's Student Financial Planning Brochure. Information regarding other sources of financial assistance such as benefits available through the Bureau of Indian Affairs, Division of Vocational Rehabilitation, Veterans Assistance and State Programs can be obtained through those agencies.

FINANCIAL ASSISTANCE

Financial assistance (aid) in the form of grants and loans is available to eligible applicants who have the ability and desire to benefit from the specialized program/training offered at the school.

STUDENT ELIGIBILITY

To receive financial assistance you must:

- 1. usually, have financial need;
- 2. be a U.S. citizen or eligible noncitizen;
- 3. have a social security number;
- 4. if male, be registered with the Selective Service;
- 5. if currently attending school, be making satisfactory academic progress;
- 6. be enrolled as a regular student in any of the school's eligible programs;
- 7. not be in default on any federally-guaranteed loan.

FEDERAL FINANCIAL AID PROGRAMS

The following is a description of the Federal Financial Aid Programs available at the school. Additional information regarding these programs, eligibility requirements, the financial aid process and disbursement of aid can be obtained through the school's Student Financial Planning Brochure, the school's Student Finance Office, and the U.S. Department of Education's Guide to Federal Student Aid, which provides a detailed description of these programs. The guide is available online at:

http://studentaid.ed.gov/students/publications/student_guide/index.html

Federal Pell Grant

The Federal Pell Grant Program is the largest federal student aid program. For many students, these grants provide a foundation of financial assistance that may be supplemented by other resources. Student eligibility for the Federal Pell Grant Program is determined by a standard formula that is revised and approved every year by the federal government. Unlike loans, grants do not have to be repaid.

Federal Supplemental Educational Opportunity Grant (FSEOG)

Undergraduate students who are unable to continue their education without additional assistance may qualify for this program. Grants are based on funds available and do not have to be repaid. Need is determined by the financial resources of the student and parents, and the cost of attending school.

Federal Perkins Loan

This low-interest loan is available to qualified students who need financial assistance to pay educational expenses. Repayment of the loan begins nine months after the student graduates, leaves school or drops below half-time status.

Federal Work Study (FWS)

The need-based program provides part-time employment to students who need income to help meet their costs for postsecondary education. Funds under this program are limited.

Federal Stafford Loans (FSL)

Formerly the Guaranteed Student Loan (GSL), this low-interest loan is available to qualified students through the lending institutions or agencies participating in the program and is guaranteed by the U.S. government. Repayment begins six months after the student graduates, leaves school or drops below half-time status. There are two types of Federal Stafford Loans available: Subsidized Loans and Unsubsidized Loans.

Federal Subsidized Stafford Loan is a low-interest loan issued by a lender (bank, credit union, or savings and loan association). Student eligibility for a Subsidized Stafford Loan is based on "financial need." The Federal government pays the interest while the student is in school at least half time, during the grace period and during periods of deferment.

Federal Unsubsidized Stafford Loan is a low-interest loan issued by a lender (bank, credit union, or savings and loan association). Students do not have to demonstrate "need" in order to obtain this loan. Interest accrues on this loan while a student attends school.

Federal Parent Loan for Undergraduate Students (PLUS)

The Federal Parent Loan for Undergraduate Students (PLUS) provides additional funds to help parents pay for educational expenses. Parents may borrow up to the cost of their dependent student's education minus any other aid the student is eligible for. The interest rate fixed and interest accrues at the time of disbursement. Repayment typically begins within 60 days after the loan has been fully disbursed.

Note: Federal student loans are insured by state and private non-profit guarantee agencies.

Loan origination fees may be deducted from the loan by the institution making the loan as set forth by federal regulations.

DREAM AWARD PROGRAM AND SCHOLARSHIPS

Graduates of any Corinthian Colleges, Inc. (CCi) school may be nominated for the CCi-sponsored Dream Award program. This award is given to recognize a graduate, for whom the decision to attend a CCi school was a turning point in the graduate's life.

The Dream Award program is divided into two tiers – the **Campus Dream Award** which is managed by each campus and recognizes one graduate from each campus; and the **Corinthian Dream Award**, which is selected by Corinthian's executive team and recognizes one "ultimate" winner from the pool of Campus Dream Award winners. Eligible graduates must have graduated from a Corinthian Colleges, Inc. school within the three years prior to the nomination period and be nominated by their campus. Dream Award program scholarships will be awarded annually. They are not transferable nor can they be exchanged for cash. Nominations and awards are determined by an independent panel. Scholarship awards must be used within two years of the award.

Campus Dream Award: Each campus will nominate one recent graduate from the campus to represent the campus in the award competition. Nominations are accepted from April 1 to August 1 each year. Selection of the nominee is based on a review of recent graduates within the past three years by the Campus Selection Committee. The selected nominee should be a graduate whose life story could have gone in any direction, but whose decision to attend a CCi school was a turning point for them. The selected nominee should be an inspiration and motivation to other students. Each Campus Dream Award recipient will receive:

- 1. A scholarship worth \$2,500 that may be used at any CCi campus for training that is more advanced than the one from which the nominee has graduated, and
- 2. A trophy.

Corinthian Dream Award: Following the close of the nomination period for the Campus Dream Award, the Corinthian Dream Award recipient will be selected from the campus nominees by the Corinthian Colleges Selection Committee, composed of the Executive Management Team of CCi. The award will be given to the nominee with the most compelling story and highest level of achievement. The award will be announced to the winner by the end of August and will be presented at the October CCi Presidents Meeting. The award will include:

- 1. A full scholarship that may be used at any CCi campus for training that is more advanced than the program from which the recipient has graduated,
- 2. An all expenses paid trip to the October Presidents Meeting,
- 3. A trophy,
- 4. A letter of recognition from the CCi CEO and COO, and
- 5. A nomination to the Career College Association (CCA) Great Award.

Additional information regarding this award and scholarship program may be requested from the Campus President.

ALTERNATIVE FINANCING OPTIONS

For detailed information regarding all financing options available please refer to the school's Student Financial Planning Brochure.

Private Loan Programs

Private lenders offer a variety of private loan programs to help students pay for their educational costs. Loan approval, origination fee, interest rate and terms are based on the applicant's credit and the lenders underwriting criteria. The use of a co-signer on these loans may increase the applicant's chances of loan approval.

Alternative Loan Programs

Alternative loans are private loans offered by the school's preferred lenders. The criteria for preferred lender selection can be obtained from the school's Student Financial Planning Brochure. Alternative loan approval, loan origination fees, interest rates and loan terms are based on the applicant's credit and the lenders underwriting criteria.

Institutional Payment Plans

Cash Payment Plan - Under this plan, a student makes equal monthly payments over the length of the program. All payments are interest free and the first payment is due 30 days from the day the student begins school.

Extended Payment Plan – Under this plan a student makes equal monthly payments over the length of the program plus six extra months. The interest rate is fixed throughout the note term and the first payment is due 30 days from the day the student begins school.

STUDENT SERVICES

PLACEMENT ASSISTANCE

The Institute encourages students to maintain satisfactory attendance, conduct and academic progress so they may be viewed favorably by prospective employers. While the Institute cannot guarantee employment, it has been successful in placing the majority of its graduates in their field of training. All graduating students participate in the following placement assistance activities:

- Preparation of resumes and letters of introduction an important step in a well-planned job search.
- Interviewing techniques. Students acquire effective interviewing skills through practice exercises.
- Job referral by Placement Department. The Placement Department compiles job openings from employers in the area.

All students are expected to participate in the placement assistance program, and failure to do so may jeopardize these privileges. Graduates may continue to utilize the Institute's placement assistance program at no additional cost.

STUDENT ACTIVITIES

Throughout the school year, activities that encourage school spirit and develop student leadership may be offered. The Institute believes that participation in these activities is an important part of the educational process, and student involvement is encouraged.

HOUSING ASSISTANCE

Although the Institute does not maintain dormitory facilities, students who are relocating and must arrange their own housing may request additional assistance from the Admissions Director

TRANSPORTATION ASSISTANCE

The Institute maintains information on public transportation and a list of students interested in car pooling.

FIELD TRIPS

These campuses believe that training is enriched by observing real-life applications. When appropriate, visits are arranged to industrial or professional locations.

SPECIAL LECTURES

Guest lecturers are invited to speak to students about career opportunities and current industry applications of educational programs.

DRUG ABUSE PREVENTION

Information on drug abuse prevention is available at the Institute for all students and employees.

ADVISING

The Institute provides advising to students on issues involving education and academics. For personal problems that may require professional advising or counseling, the Institute has information available on community resources that address these types of problems.

PROGRAMS BY LOCATION

	Brighton	Chelsea
Dental Assisting		
Massage Therapy	I	I
Medical Assisting	Ø	V
Medical Administrative Assistant	Ø	
Medical Insurance Billing and Coding		Ø

MODULAR PROGRAMS

A Modular Program is a complete body of prescribed subjects or studies that is divided into periods of instruction approximately 4 to 7 weeks in length.

DENTAL	ASSISTING				
Credential	Clock Hours	Credit Units	Length	Campuses	Version
Diploma	720	47	8 months (day)	Brighton	1-1
			9 months (evening)		

Dental assistants have become indispensable to the dental care field, and dentists have become more reliant upon the dental assistant to perform a wide range of patient procedures. And, as the need for their services continue to grow, so too does the role and responsibilities of the dental assistant also continues to expand.

The goal of the Dental Assisting Program is to provide graduates with the skills and knowledge that will enable them to qualify for entry-level positions as dental assistants. Since they are trained in clinical and radiographic procedures, their services are also sought by general dentists, and dental offices and facilities specializing in pediatrics, orthodontics, endodontics and other specialties, dental schools, dental supply manufacturers, hospital dental departments, dental laboratories and insurance companies.

The objective of the Dental Assistant program is to provide the student with the appropriate didactic theory and hands-on skills required and necessary, to prepare them for entry level positions as dental assistants in today's modern health and dental care offices, dental clinics, and facilities. Students will study diagnostic and procedural terminology as it relates to the accurate completion of dental examinations, procedures, and daily tasks.

The combination of introduced skills taught in this program, will prepare students for the ever-changing field of dentistry and orthodontics. Students study dental radiography, dental sciences, operatory dentistry, laboratory procedures, dental anatomy and orthodontics, and dental health.

Completion of the Dental Assisting Program, including the classroom training and externship, is acknowledged by the awarding of a diploma.

Major Equipment							
Amalgamators	DXTTR and Typodont Manikins	Model Vibrators	Ultrasonic Units				
Autoclave	Handpieces	Oral Evacuation Equipment	X-Ray Units				
Dental Unit and Chairs	Model Trimmers						

Module A - Dental Office Emergencies and Compliance

6.0 Quarter Credit Hours

In this module, students are introduced to Occupational Safety and Health Administration (OSHA) Standards for infection control and hazard communication. Topics include microbiology, contagious diseases concerning the dental team, universal precautions, barrier techniques and handling hazardous chemicals. Students practice step-by-step instrument decontamination using approved sterilization agents and methods. Students learn operatory disinfection using approved agents and methods. Methods for taking and recording vital signs and blood pressure are introduced. Students also learn about CPR for the Healthcare Provider and how to management emergencies that may occur in the dental office. Related dental terminology is studied. Basic concepts of psychology and communication are discussed with emphasis on helping dental patients overcome anxieties related to dental treatment. Special considerations for the medically and physically compromised patients are presented. Career development skills are also taught. Prerequisite: None. Lecture Hours: 40.0 Other Hours: 0.0.

Module B - Dental Radiography

6.0 Quarter Credit Hours

Module B introduces students to the basic anatomy of the head and teeth in order to familiarize students with the anatomical structures involved in dental radiographs. Radiation protection and the hazards of X-ray radiation are studied. Emphasis is placed on maintaining radiation safety while obtaining the best possible diagnostic quality on dental radiographs. Students are also introduced to digital radiography. Theory, laboratory skills and clinical practice meet state guidelines for a Radiation Safety Certificate and comply with federal regulations for certifying radiographic operators. Students practice techniques of film exposure and mounting in equipped dental operatories with industry-approved structural and monitoring devices. Exposure techniques include bitewing, bisecting and parallel techniques and are performed on a patient simulator manikin. Upon successful completion of practice, students produce radiographs on site for clinical patients as prescribed by a licensed dentist. Students process film using a fully equipped darkroom or automatic processor. Students are also required to mount processed radiographs and to evaluate the diagnostic quality according to established criteria. Students retake non-diagnostic films. Professional responsibilities regarding the state radiation safety certificate are introduced as well as quality assurance and infection control. Related dental terminology is also taught. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module C - Dental Specialties

6.0 Quarter Credit Hours

In this module, student study cranial anatomy as it relates to anesthesia administration and pain control. Methods for taking and recording vital signs and blood pressure are introduced. Skills performed by the dental assistant in the specialty areas of Oral Surgery and Endodontics (root canals) are presented, including procedures for the administration of topical and local anesthetics. Students practice acquired skills on training manikins (Typodonts), placing instruments and materials. Children's dentistry (Pediatric Dentistry) as a specialty is presented. Related dental terminology is studied. Prerequisite: None. Lecture Hours: 40.0 Other Hours: 0.0.

Module D - Operatory Dentistry

6.o Quarter Credit Hours

This module introduces students to chair-side assisting duties and techniques practiced in general dentistry with emphasis on sit-down, four-handed dentistry. Students learn how to handle and transfer dental instruments and place materials on models. Properties and manipulation of common dental materials, including amalgam, composites, glass ionomers and sealants, are presented. Students practice required RDA procedures such as placement, wedging and removal of matrices, placement of cement bases and liners, and placement of temporary sedative dressing on Typodont manikins. Basic concepts of psychology and communication are discussed with emphasis on helping dental patients overcome anxieties related to dental treatment. Students also study related dental terminology. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.00.

Module E - Laboratory Procedures

6.0 Quarter Credit Hours

In this module, students receive hands-on training in taking impressions and constructing study and master casts. Students are exposed to a variety of impression and gypsum materials and procedures for their use. The casts are then used to practice dental procedures such as the fabrication of custom trays and temporary crowns. Prosthodontics as a specialty is presented with instruction in crown and bridge procedures and full and partial dentures. Students are introduced to dental implants and the various types of mouth guards such as night-guards, sports guards and bleaching trays. Laboratory safety and infection control are presented. Related dental terminology is studied. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module F - Dental Anatomy and Orthodontics

6.o Quarter Credit Hours

This module focuses on orthodontics as a specialty. Students receive hands-on training in practicing orthodontic measurements, placement of separators, sizing bands and placement and ligation of arch wires. Theory on orthodontic assistant duties, office routine and malocclusion classifications are presented. In addition, students learn to chart the oral conditions of patients in compliance with state guidelines for mouth mirror inspection. Introduction of tooth morphology, oral structures, and oral pathology are presented. Related spelling and terminology is studied throughout the module. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module G – Dental Health

6.o Quarter Credit Hours

Specialty areas of oral pathology and periodontics are studied. Placement of periodontal surgical dressings is demonstrated and practiced on manikins according to RDA criteria. Preventive dentistry is emphasized. Related areas of nutrition and fluorides are presented. Students also study related dental terminology. Coronal polish theory and procedures are taught and practiced on manikins and then on clinical patients under the direct supervision of a licensed dentist. Completion of coronal polish requirements will permit the assistant to perform the procedure after obtaining the Registered Dental Assistant license (California programs only). Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module X - Dental Assisting Externship

5.0 Quarter Credit Hours

This module is 160 hours of unpaid, supervised, practical in-service in a dental office or clinic in which the student practices direct application of all administrative and clinical functions of dental assisting. Prerequisite: Completion of Modules A-G. Lecture Hours: 0.0 Lab Hours: 0.0 Other Hours: 160.0.

MASSAG	E THERAPY				
Credential	Clock Hours	Credit Units	Length	Campuses	Version
Diploma	720	54	9 months (day) 10 months (Brighton. evening)	Brighton, Chelsea	1-0

The Massage Therapy program is designed to provide the student with the necessary tools required to successfully enter the massage industry. Whether it is a day spa, physician's office, health club, or resort, graduates of this program will have acquired all the tools needed to thrive in this exciting new career.

This 720-hour program consists of nine self-contained units of learning called modules. Included in this program are 225 hours of Anatomy and Physiology, as well as introduction to principles and practices of massage therapy, massage fundamentals, massage and bodyworks, pathology, business and success skills, and health and wellness. Upon the successful completion of this program, graduates will have received the education necessary to attain a career in one of the most engaging and exciting fields today. The graduate may work in an entry-level position as a massage therapist in a variety of health care facilities, including, but not limited to a massage clinic, hospital, chiropractic office, nursing home, health club, spa, resort, or in private practice. Massage therapists may be employed in urban, suburban, and rural areas.

The Massage Therapy program provides the student with the theory and hands-on applications required to perform the following tasks:

- 1. Be knowledgeable and competent in the performance of various forms and types of massage and in the use of hydrotherapy.
- 2. Be knowledgeable in the study of anatomy and physiology and as such, be familiar with exercise programs and therapeutic massage that can help in caring for conditions affecting different body systems.
- 3. Be knowledgeable and competent in the performance and use of techniques to help specific problems such as neck, back, sciatic pain, relaxation, stress reduction, and muscle spasms.
- 4. Be acquainted and competent in various allied modalities currently being practiced in the field of massage therapy.

Module		Clock	Credit Units
Number	Module Title	Hours	
MODULE A	Business and Ethics	80	6.0
MODULE B	Swedish Massage, Western Theory & History, Practice & Mechanisms of Health & Disease	80	6.0
MODULE C	Swedish Massage, Pre-Natal, Post-Natal and Infant, & Elder/Geriatric Massage	80	6.0
MODULE D	Eastern Theory and Practice	80	6.0
MODULE E	Energy & Non-Traditional Therapies, Wellness & CPR	80	6.0
MODULE F	Deep Tissue, Myofascial Release & Pin and Stretch	80	6.0
MODULE G	Neuromuscular/Trigger Point and Muscle Energy Techniques	80	6.0
MODULE H	Clinical and Sports Massage	80	6.0
MODULE I	Health and Wellness	80	6.0
	PROGRAM TOTAL:	720	54.0

Major Equipment				
Massage Tables	CPR Manikins	AV Equipment	Massage Chairs	Anatomical Charts

Module A - Business and Ethics

6.0 Quarter Credit Hours

This module is designed to provide students with an understanding of the job opportunities in the massage industry while building core computer and business skills. Professionalism, ethical practice, the law as it relates to massage and communication are discussed. Clinical practice in Swedish massage, chair massage and integrated techniques continue to build the massage therapist's practical skills. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module B – Swedish Massage, Western Theory & History, Practice & Mechanisms of Health & Disease

6.o Quarter Credit Hours

This module is designed to provide the student with the theory & hands-on skills involved in practicing a form of massage known as Swedish massage. Also covered in this module are joint classification, range of motion for shoulder, and Western theory & history. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module C - Swedish Massage, Pre-Natal, Post-Natal and Infant, and Elder/Geriatric Massage

6.0 Quarter Credit Hours

This module is designed to provide the student with the theory and hands-on skills involved in practicing a form of massage known as Swedish Massage. Also covered in this module is range of motion for hip, pre-natal, post-natal, infant & elder/geriatric massage. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module D - Eastern Theory and Practice

6.0 Quarter Credit Hours

This module is designed to provide the student with the understanding and knowledge of Eastern theory and practice as used within different styles of Asian bodywork. The student will also learn the immune and lymphatic systems. For specific musculature covered for this module please refer to the anatomy and physiology outline. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module E - Energy & Non-Traditional Therapies, Wellness & CPR

6.o Quarter Credit Hours

This module is designed to provide the student with the theory and hands-on skills involved in introducing fundamental energy based modalities including Polarity and Beginning Reiki hand-placements. The student will be introduced to basic health and wellness concepts including CPR. This module will also provide the student with the understanding of the Integumentary System and musculature of the forearms and hands. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module F - Deep Tissue, Myofascial Release & Pin and Stretch

6.0 Quarter Credit Hours

This module is designed to provide students with an understanding of myofascial, deep tissue and pin and stretch techniques. These techniques will be incorporated into a Swedish massage to better address individual client needs. Students will use basic assessment skills to identify muscular holding patterns and develop treatment plans. The indications and contraindications of these techniques will be discussed as will specific sites of caution for deep tissue. In addition students will develop an understanding of the digestive system, urinary system and the muscles of the anterior neck. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module G - Neuromuscular/Trigger Point and Muscle Energy Techniques

6.0 Quarter Credit Hours

This module is designed to provide the student with the understanding and knowledge of neuromuscular techniques (NMT), muscle energy techniques (MET) and trigger point therapy and the assessment skills necessary for these modalities. The student will also learn the nervous system and the musculature of the deep posterior spinal muscles. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module H - Clinical and Sports Massage

6.0 Quarter Credit Hours

This module is designed to provide the student with the understanding and knowledge of clinical and sports massage techniques and the assessment skills necessary for these modalities. The student will also learn the assessment skills, charting/documentation, clinical applications and focus within the endocrine system with a review of the nervous system (CNS/PNS). For specific musculature covered for this module please refer to the anatomy and physiology outline. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

Module I - Health and Wellness

6.o Quarter Credit Hours

This module is designed to provide the student with an overall understanding of the skills involved in working in spa services and in working with specific strategies to enhance good health and wellness. Prerequisite: None. Lecture Hours: 40.0 Lab Hours: 40.0 Other Hours: 0.0.

MEDICAL	ASSISTING				
Credential	Clock Hours	Credit Units	Length	Campuses	Version
Diploma	720	47	8 months (day)	Brighton, Chelsea	1-1
			9 months (evening)		

In recent years the medical assisting profession has become indispensable to the health care field. Not only have physicians become more reliant on medical assistants, but their services are also being requested by hospitals, clinics and nursing homes, as well as medical supply businesses, home health agencies, insurance companies and pharmaceutical companies. Medical assistants have become an important part of the health care team and their responsibilities continue to expand as the need for their services grows.

The objective of the Medical Assisting Program is to provide graduates with the skills and knowledge that will enable them to qualify for entry-level positions as medical assistants. Since medical assistants are trained in both administrative and clinical procedures, they are capable of filling a variety of entry-level positions, including clinical or administrative assistant, medical receptionist and medical insurance billing and coding specialists.

This training program is divided into seven learning units called modules. Each module, which consists of a theory section, a clinical/laboratory section, and a computer/keyboarding section, stands alone as a unit of study and is not dependent upon previous training. Students may enter the program at the beginning of any module and continue through the sequence until all modules have been completed. Upon successful completion of the seven classroom modules and the comprehensive laboratory skills exam, students participate in a 160-clock-hour externship.

In each module the students study subject-related medical terminology and develop keyboarding skills on a computer and electric typewriter. Completion of the Medical Assisting Program, including the classroom training and externship, is acknowledged by the awarding of a diploma.

Module	Module Title	Clock Hours	Credit Units
Module A	Patient Care and Communication	80	6
Module B	Clinical Assisting and Pharmacology	80	6
Module C	Medical Insurance, Bookkeeping and Health Sciences	80	6
Module D	Cardiopulmonary and Electrocardiography	80	6
Module E	Laboratory Procedures	80	6
Module F	Endocrinology and Reproduction	80	6
Module G	Medical Law, Ethics, and Psychology	80	6
Module X	Externship	160	5
	Program Total	720	47

Major Equipment			
Autoclave	Electrocardiography Machine	Microscopes	Stethoscopes
Blood Chemistry Analyzer	Examination Tables	Personal Computers	Surgical Instruments
Calculators	Mayo Stands	Sphygmomanometers	Training Manikins

Module A - Patient Care and Communication

6.0 Quarter Credit Units

Module A emphasizes patient care, including examinations and procedures related to the eyes and ears, the nervous system, and the integumentary system. Terminology related to these systems are also covered. Students will also have the opportunity to work with and review patient charts, and perform additional front office skills related to records management and appointment scheduling, as well as perform clinical patient care skills. Students will also study essential medical terminology, build on their computer keyboarding and word processing skills, and become familiar with the self-directed job search process. Prerequisites: None. Lec Hrs: 040, Lab Hrs: 040, Other Hrs: 000

Module B - Clinical Assisting and Pharmacology

6.0 Quarter Credit Units

Module B stresses the importance of asepsis and sterile technique in today's health care environment. Students learn about basic bacteriology and its relationship to infection and disease control. Anatomy and physiology of the muscular system, and common disorders related to it are also taught. Basic therapeutic drugs, their use, classification and effects on the body are covered. Students become familiar with the principles of administering medication and prepare medication for administration by various methods, as well as prepare for and assist with minor office surgical procedures. They will also demonstrate how to prepare patients for specific examinations, including positioning and draping techniques. They will study essential medical terminology, building on their computer keyboarding and word processing skills, and become familiar with the self-directed job search process. Prerequisites: None. Lec Hrs: 040, Other Hrs: 000

Module C - Medical Insurance, Bookkeeping, and Health Sciences

6.0 Quarter Credit Units

Module C introduces students to office emergencies and first aid, with an emphasis being placed on bandaging techniques. Anatomy and physiology of the digestive system are presented in conjunction with nutrition and health practices. Students also study medical insurance, billing, and coding, and bookkeeping procedures which are essential to the medical office. Students check vital signs, obtain blood samples, and prepare and administer intramuscular injections. They will also study essential medical terminology, build on their computer keyboarding, and word processing skills, and become familiar with the self-directed job search process. Prerequisites: None. Lec Hrs: 040, Lab Hrs: 040, Other Hrs: 040

Module D - Cardiopulmonary and Electrocardiography

6.0 Quarter Credit Units

Module D examines the circulatory and respiratory systems, including the structure and function of the heart and lungs. Students learn about the electrical pathways of the heart muscle in preparation for applying electrocardiography (ECG or EKG) leads and recording a 12-lead electrocardiogram. A cardiopulmonary resuscitation (CPR) course also teaches students how to respond to cardiac emergencies. Students check vital signs and differentiate between normal values for pediatric and adult patients. They obtain blood samples, and prepare syringes and medications for administration. Students study essential medical terminology, build upon their computer keyboarding and word processing skills, and become familiar with the self-directed job search process. Prerequisites: None. Lec Hrs: 040, Lab Hrs: 040, Other Hrs: 000

Module E - Laboratory Procedures

6.0 Quarter Credit Units

Module E introduces laboratory procedures commonly performed in a physician's office. Students learn specimen identification, collection, handling and transportation procedures, and practice venipuncture and routine diagnostic hematology. Maintenance and care of laboratory equipment and supplies are discussed. Anatomy and physiology of the renal system, including its structures and functions, and common disorders related to it, are also taught. Students perform common laboratory tests, check vital signs, and perform selected invasive procedures. Students study essential medical terminology, build upon their computer keyboarding and word processing skills, and become familiar with the self-directed job search process. Prerequisites: None. Lec Hrs: 040, Lab Hrs: 040, Other Hrs: 000

Module F - Endocrinology and Reproduction

6.0 Quarter Credit Units

Module F covers general anatomy and physiology, including an overview of the study of biology and the various body structures and systems. This module also identifies and examines the basic structural components and functions of the skeletal, endocrine and reproductive systems. Students learn about child growth and development and assisting in a pediatric office. They check vital signs, assist with diagnostic examinations and laboratory tests, instruct patients regarding health promotion practices, and perform certain invasive procedures. Students study essential medical terminology, build on their computer keyboarding and word processing skills, and become familiar with the self-directed job search process. Prerequisites: None. Lec Hrs: 040, Lab Hrs: 040, Other Hrs: 000

Module G - Medical Law, Ethics, and Psychology

6.o Quarter Credit Units

Module G covers concepts related to the medical office and preparing for the day. Students are introduced to medical office safety, security, and emergency provisions, and how they can best be dealt with. Also covered is office management and the use of office equipment. Also covered is mobility assistance and terminology related to basic psychology principles, the history of medicine and the evolution of the profession of medical assisting, medical law and ethics, and physical therapy and special needs concepts. Students check vital signs, obtain blood samples, and prepare and administer intramuscular injections. Students will also have the opportunity to build upon their computer keyboarding and word processing skills, and become familiar with the self-directed job search process. Prerequisites: None. Lec Hrs: 040, Lab Hrs: 040, Other Hrs: 000

Module X - Externship 5.0 Quarter Credit Units

Upon successful completion of classroom training, medical assisting students participate in a 160-hour externship at an approved facility. This provides externs an opportunity to work with patients and apply the principles and practices learned in the classroom. Externs work under the direct supervision of qualified personnel in participating institutions and under general supervision of the school staff. Externs will be evaluated by supervisory personnel at 80 and 160-hour intervals. Completed evaluation forms are placed in the students' permanent record. Medical assisting students must successfully complete their externship in order to fulfill requirements for graduation. Prerequisite: Completion of Modules A-G. Lec Hrs; 000, Lab Hrs; 000, Other Hrs; 160

MEDICAL ADMINISTRATIVE ASSISTANT					
Credential	Clock Hours	Credit Units	Length	Campuses	Version
Diploma	720	47	8 months (day)	Brighton	1-0
			9 months (evening)		

The Medical Administrative Assistant Program is designed to prepare students for entry-level positions as medical administrative assistants in a variety of health care settings. Students study various administrative procedures related to the medical office, including patient processing and assessment, processing medical insurance claims, bill collections, and general office procedures utilized in various medical offices. In addition to acquiring manual and hands-on administrative skills, the program is designed to teach students computer and keyboarding skills which enables them to become familiar with the computerized technology that is becoming more visible in the 21st century medical office environment.

The medical professionals have come to rely upon well-trained medical administrative assistants for their ability to handle managed-care insurance claims and the general financial functions of the medical office. This diploma prepares the graduate to fill entry-level positions in all medical facilities and insurance companies.

The program is divided into eight learning units called modules. Student must complete modules A through G before starting Module X which is externship. A student can start with any module and continue in any sequence until all seven modules are successfully completed. Modules A through G stand alone as units of study and are not dependent upon previous training. If students do not complete any portion of one of these modules, the entire module must be repeated. Upon successful completion of modules A through G, students participate in a 160-clock hour externship (Module X). Completion of the Medical Administrative Assistant Program is acknowledged by the awarding of a diploma.

Module		Lecture	Lab	Extern	Total Clock	Total Quarter
Number	Module Title	Hours	Hours	Hours	Hours	Credits
Module A	Office Finance	40	40	0	80	6.0
Module B	Patient Processing and Assisting	40	40	0	80	6.0
Module C	Medical Insurance	40	40	0	80	6.0
Module D	Insurance Plans and Collections	40	40	0	80	6.0
Module E	Office Procedures	40	40	0	80	6.0

Module X	Medical Administrative Assistant Externship	0	0	160	160	5.0
	PROGRAM TOTAL	280	280	160	720	47.0

Major Equipment				
Autoclave	Patient Examination Table	Sphygmomanometer	Transcription Machine	
Calculators	Personal Computers	Stethoscopes		

Module A: Office Finance 6.0 Quarter Credit Hours

Module A introduces accounting functions essential to a medical environment. Students learn basic bookkeeping procedures and apply them to a bookkeeping project and accounting system. Students will also complete assignments writing payroll checks and keeping check registers. Patient billing is an integral portion of the module, including tracing delinquent claims and insurance problem solving. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self –directed job search process by learning how to cultivate the right on-the-job attitude, assembling a working wardrobe and identifying the strategies it takes to become the best in your new job so that you can advance in your career. They also become familiar with essential medical terminology. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0

Module B: Patient Processing and Assisting

6.0 Quarter Credit Hours

In Module B, students learn to set up patient records and maintain and organize them manually and electronically. Students become familiar with records management systems and develop skills in alphabetic filing and indexing, and appointment scheduling. The basics of health insurance are introduced, as well the basic of coding with CPT and ICD-9 codes. Students are trained in vital signs, and a cardiopulmonary resuscitation (CPR) course is taught. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by identifying their personal career objective. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0

Module C: Medical Insurance

6.0 Quarter Credit Hours

Module C develops student proficiency in preparing and processing insurance claims. Students study insurance programs, including HMOs, PPOs, and worker's compensation plans. National coding systems used for claims processing are studied. Students learn to obtain information from patient charts and ledgers to complete insurance forms accurately. Students are given hypothetical insurance billing situations and select appropriate forms, codes, and procedures to process insurance claims for optimal reimbursement. Office & insurance collection strategies are also included. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by developing career networking techniques that will assist you in being successful in the medical field. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0

Module D: Insurance Plans and Collections

6.0 Quarter Credit Hours

Module D develops student proficiency in preparing and processing insurance claims. The Medicaid, Medicare, TRICARE, and CHAMPVA programs are discussed. Students learn to obtain information from patient charts and ledgers to complete insurance forms accurately. They also focus on important aspects of the collection process including collection letters, telephone calls, and collection servicing agencies. They will also learn about Occupational Safety and Health Administration (OSHA) standards and the use of universal precautions in the medical office. Medical ethics and law are also included. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by identifying and demonstrating what a successful job interview contains and how to answer common interview questions accurately. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0

Module E: Office Procedures 6.0 Quarter Credit Hours

In Module E, students are introduced to dictation and transcription. Emphasis is also placed on correspondence and mail processing, health information management and the medical facility environment. Students will also become familiar with disability income insurance and legal issues affecting insurance claims. In addition, students learn about the Health Insurance Accountability and Portability Act (HIPAA). Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search by learning how to set their own career goals. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0

Module F: Patient Care and Computerized Practice Management

6.o Quarter Credit Hours

Module F emphasizes computerized practice management, including file maintenance, patient records, bookkeeping and insurance. Students will learn the health insurance claim form and managed care systems. Hospital billing is introduced this module. Students will also learn about the history of the healthcare industry and the Medical Assisting Profession. In addition, students learn basic techniques for taking patients vital signs. They learn OSHA standards and the use of universal precautions in the medical office. Students study essential medical terminology, build on keyboarding and word processing skills, and become familiar with the self-directed job search process by learning all about how to become and learn from mentoring. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0

Module G: Dental Administrative Procedures

6.0 Quarter Credit Hours

Module G focuses on basic administrative procedures performed in the dental office. Students are introduced to the dental health team with emphasis on the tasks performed by the administrative support staff. Specialized procedures including appointment scheduling, bookkeeping, dental charting, processing patients, insurance billing and coding, and law and ethics are presented. Students are also given an introduction to radiography and radiation safety. Students will do vital signs. They discuss interpersonal skills and human relations, telephone techniques, and patient reception techniques. Students build on keyboarding and word processing skills, become familiar with essential dental terminology, and become familiar with the self-directed job search process by learning how to dress for success. Lecture Hours: 40.0 Computer/Keyboarding Hours: 20.0 Spelling/Skillbuilding Hours: 20.0

Module X - Medical Administrative Assistant Externship

5.0 Quarter Credit Hours

Upon successful completion of modules A through G, students participate in a 160-hour externship at an approved facility. This course is 160 hours of supervised, practical, in-service experience in a medical office or clinic in which the student practices direct application of all administrative functions of the medical administrative assistant. Lecture Hours: o.o Computer/Keyboarding Hours: o.o Spelling/Skillbuilding Hours: o.o Other Hours: 160

MEDICAL	MEDICAL INSURANCE BILLING AND CODING				
Credential	Clock Hours	Credit Units	Length	Campuses	Version
Diploma	720	47	8 months (day)	Chelsea	2-0

Medical Insurance Billing and Coding professionals perform a variety of administrative health information functions, including those associated with organizing, analyzing, and technically evaluating health insurance claim forms and coding diseases, surgeries, medical procedures, and other therapies for billing and collection.

The objective of the Medical Billing and Coding Program is to provide the student with the appropriate didactic theory and hands-on skills necessary to prepare them for entry-level positions as medical insurance billers and coders in today's health care offices, clinics, and facilities. Students will study diagnostic and procedural terminology as it relates to the accurate completion of medical insurance claims. Utilizing a format of medical specialties, relevant terms will also be introduced and studied.

The Medical Insurance Billing and Coding Program is a 720 clock hour/47.0 credit unit course of study, consisting of seven individual learning units, called modules. Students are required to complete all modules, starting with Module MEDINTRO and continuing in any sequence until all seven modules have been completed. After the MEDINTRO Introductory Module is completed, the remaining six modules stand alone as units of study. If students do not complete any portion of one of these modules, the entire module must be repeated. Upon successful completion all modules, students participate in an externship. This consists of 160 clock hours of hands-on experience working either in a tutorial classroom setting called a practicum or in an outside facility in the field of medical insurance billing and coding.

Course Number	Course Title	Clock Hours	Credit Units
MEDINTRO	Introduction to Medical Terminology, Keyboarding, Word Processing, Basic Math, Insurance Coding, and Administrative Duties of Medical Personnel	80	6.0
MIBCL	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Cardiovascular and Lymphatic Systems	80	6.0
MIBGU	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Genitorurinary System	80	6.0
MIBIE	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Integumentary and Endocrine Systems, and Pathology	80	6.0
MIBMS	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Musculoskeletal System	80	6.0
MIBRG	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Respiratory and Gastrointestinal Systems	80	6.0
MIBSN	Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Sensory and Nervous Systems, and Psychology	80	6.0
MIBP	Practicum -OR-	160	5.0
MIBE	Externship	100	5.0
PROGRAM TO	ΓAL	720	47.0

Module MEDINTRO - Introduction to Medical Terminology, Keyboarding, Word Processing, Basic Math, Insurance Coding, and Administrative Duties of Medical Personnel

6.0 Quarter Credit Hours

This module presents basic prefixes, suffixes, word roots, combining forms, special endings, plural forms, abbreviations, and symbols. Also covered is medical jurisprudence and medical ethics. Legal aspects of office procedure are covered, including a discussion of various medical/ethical issues in today's medical environment. Students will learn basic computer skills and acquire knowledge of basic medical insurance billing and coding. Students are provided exposure to computer software applications used in the health care environment including basic keyboarding, Word and Excel. In addition, basic guidelines and coding conventions in ICD-9 and CPT are covered with focus on the professional (outpatient) guidelines, as well as an introduction to the use of the coding reference books. Basic math is introduced. Career skills and development of proper study and homework habits are introduced as well as professionalism needed in the healthcare environment. Prerequisite: None. Lec Hrs: 40 Lab Hrs: 40 Other Hrs: 0

Module MIBCL – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Cardiovascular and Lymphatic Systems

6.o Quarter Credit Hours

This module presents a study of basic medical terminology focused on the cardiovascular system and the lymphatic system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 40 Lab Hrs: 40 Other Hrs: 0

Module MIBGU – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Genitorurinary System

6.0 Quarter Credit Hours

This module presents a study of basic medical terminology focused on the genitourinary system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 40 Lab Hrs: 40 Other Hrs: 0

Module MIBIE – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Integumentary and Endocrine Systems, and Pathology

6.0 Quarter Credit Hours

This module presents a study of basic medical terminology focused on the integumentary system, the endocrine system, and pathology. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 40 Lab Hrs: 40 Other Hrs: 0

Module MIBMS – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Musculoskeletal System

6.o Quarter Credit Hours

This module presents a study of basic medical terminology focused on the musculoskeletal system. A word-building systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 40 Lab Hrs: 40 Other Hrs: 0

Module MIBRG – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Respiratory and Gastrointestinal Systems

6.0 Quarter Credit Hours

This module presents a study of basic medical terminology focused on the respiratory system and the gastrointestinal system. A wordbuilding systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 40 Lab Hrs: 40 Other Hrs: 0

Module MIBSN – Anatomy & Physiology, Medical Terminology, Diagnostic and Procedural Coding of the Sensory and Nervous Systems, and Psychology

6.0 Quarter Credit Hours

This module presents a study of basic medical terminology focused on the sensory system, the nervous system, and psychology. A wordbuilding systems approach is used to learn word parts for constructing or analyzing new terms. Emphasis is placed on spelling, definition, usage, and pronunciation. Abbreviations are introduced as related terms are presented within the module. A study of the human body's diseases and disorders, including signs, symptoms, etiology, diagnosis, and treatment, is accomplished following the modular subject areas. Students are provided exposure to computer software applications used in the health care environment, including medical billing software, Word and Excel. The major medical insurances and claims form processing is presented in an ongoing approach to build this skill set. It will include information on national and other common insurance plans as well as claim form completion and ICD and CPT coding. Problem solving and managed care systems will also be discussed. Daily financial practices to include patient fee determining, credit arrangements and bookkeeping and bank-keeping procedures will be discussed. Computer use in the ambulatory environment will also be taught. Basic and advanced guidelines and coding conventions in CPT will be taught with focus on the professional (outpatient) guidelines. The evaluation and management documentation guidelines will be discussed, as well as the proper use of modifiers. Basic guidelines and coding conventions in ICD-9-CM diagnosis coding and medical necessity with CPT pairing will be stressed, as well as the use of a natural language encoder program. Various aspects of pharmacology will be discussed including a study of the medications prescribed for the treatment of illnesses and diseases within the modular subject area. Included in this are drug actions and medication uses in relation to body systems and medical terminology. To prepare the student to comprehend the complexity of the health care system and the life cycle of a medical practice, areas that will be discussed include personnel management, compliance, technology, and the many roles of office management. Prerequisite: MEDINTRO Lec Hrs: 40 Lab Hrs: 40 Other Hrs: 0

Once a student has completed all modules, he or she will be placed in his or her final module of training, as chosen by the school administration, in an on-campus practicum experience or out in the field in an approved externship facility.

Module MIBP – Practicum 5.0 Quarter Credit Hours

Upon successful completion of Modules MIBINTRO. MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN, Medical Insurance Billing and Coding students participate in a 160 hour practicum on-campus. The practicum provides the student an opportunity to apply principles and practices learned in the program and utilize entry-level skills in working with insurance companies and processing claims. Medical insurance billing and coding students work under the direct supervision of the school staff. Students are evaluated by an instructor or Department Chair at 80 and 160 hour intervals. Completed evaluation forms are placed in the students permanent records. Students must successfully complete their practicum experience in order to fulfill requirements for graduation. Prerequisite: Successful completion of Modules MIBINTRO, MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN. Lec Hrs: 0 Lab Hrs: 0 Other Hrs; 160

Module MIBE – Externship 5.0 Quarter Credit Hours

Upon successful completion of Modules MIBINTRO. MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN, medical insurance billing/coding students participate in a 160-hour externship. Students are expected to work a full-time (40 hours per week) schedule if possible. Serving in an externship at an approved facility gives externs an opportunity to work with the principles and practices learned in the classroom. Externs work under the direct supervision of qualified personnel in participating institutions and under general supervision of the school staff. Supervisory personnel will evaluate externs at 80 and 160-hour intervals. Completed evaluation forms are placed in the students' permanent records. Students must successfully complete their externship training in order to fulfill requirements for graduation. Prerequisite: Successful completion of Modules MIBINTRO, MIBCL, MIBGU, MIBIE, MIBMS, MIBRG, and MIBSN. Lec Hrs: 0 Lab Hrs: 0 Other Hrs; 160
